3. **Legislative Council Director’s Report** – Mark Cutrona made the report in the absence of Lori Christiansen. Mr. Cutrona reported the Women’s Military Service Monument will be dedicated on Saturday November 3 at noon on the NW corner of Legislative Hall. A special license plate was designed for the event and on the day of the event DMV will have their mobile unit on site so women veterans can get their license plates. There is also a commemorative pin for women veterans as well. Pictures of the monument design and the license plate and pin were distributed to the members of Council. In addition, Mr. Cutrona shared the Division has been working on new versions of the tour packet. We have designed a booklet elementary and middle school students that contains Delaware historical facts and information on the legislative process. It is a coloring book and contains a crossword puzzle, a word scramble and a matching game. The Division is also working on a new booklet for adults. The goal is to have them both available for the start of the 150th General Assembly. Mr. Cutrona informed the members, the Wreaths Across America State House Kickoff will be held on Monday December 10. He also reported on the progress of the Joint Legislative Oversight and Sunset Committee. Nathan Poore, the new Graphics and Printing Technician was introduced to the members.

4. **Controller General Report** - Michael Morton reported there are new DEFAC numbers and he would soon be releasing a summary report. The numbers indicate a $40 million dollar increase over the next two years.

5. **Legislative Branch IT Update** - Steve Laskowski, Director of Customer Engagement, DTI reported the consolidation is almost complete. Janet Roberson, Director of LIS reviewed the status of the projects and their anticipated completion dates that have been discussed at the IT Governance Board meetings.
6. Old Business

a. **Print Policy** – Debbie Allen, Senate Majority Chief of Staff, proposed a change to the current Legislative Council print policy to allow the printing of letters to new residents, voters and high school graduates by the Print Shop going forward. Sen. Lavelle (I think) questioned the reason for the original policy. Mark Cutrona reviewed the Council minutes from the May 26, 1996 meeting which created the policy and advised the reasoning was unspecified. A discussion followed regarding possible reasons for the policy and its present validity. No reasons were determined to prohibit the printing of these letters by the print shop. **A motion was made by Sen. Poore and seconded by Rep. Short to approve the requested change. Motion carried.** Vote: 6 yes. Representatives Schwartzkopf and Short; Senators McBride, Poore, Simpson and Lavelle. It was suggested that all Legislative Council Policies be reviewed at a future meeting.

Portrait – Beau Biden Foundation for the Protection of Children – Joshua Alcorn, The Beau Biden Foundation made a brief presentation on the portrait the Biden Family would like to gift to the General Assembly that would be hung in Legislative Hall. There was a brief discussion and the Speaker asked that the decision be deferred until the next meeting when all of the members are present. **No action was taken.**

c. Building Issues – Michael Jackson, Director of OMB and Don Geradi, Deputy Director of Facilities Management lead the discussion regarding the mold in the building and issues with the leaking roof. The Speaker asked if the building was safe for staff and Mr. Jackson replied that the building is safe and that the results of Harvard Environmental were being verified by an independent contractor. Sen. Simpson asked if the air quality of the entire building had been tested and if the cause had been identified and addressed. Sen. McBride commended OMB and DFM for their expedient action addressing the building problems. Michal Jackson acknowledged Justin King for the many hours he spent working in Legislative Hall. Sen. Lavelle asked about the minor capital improvements to the building. Mr. Jackson reported the building will be painted before the start of session in January. OMB was asked to attend the next Legislative Council meeting to provide updates on the improvement projects in and around Legislative Hall, including the design proposal for the east side of the building’s landscaping (including removal of the holly bushes), the status of the HVAC system replacement, roof repairs,
