4 (a) It shall be unlawful for any person who has not attained the age of 18 years to purchase a tobacco product or
5 tobacco substitute, to accept receipt of a sample, to exchange a coupon for a tobacco product or tobacco substitute, or to
6 present or offer to another person a purported proof of age which is false, fraudulent or not actually that person's own proof

15 (d) A person who violates subsection (c) of this section for a first violation shall be ordered to attend an
16 educational course relating to the health issues and dangers associated with the consumption and use of tobacco products or
17 tobacco substitutes, for a second violation be ordered to perform 25 hours of community service work, and for all
18 subsequent violations be ordered to perform 50 hours of community service work.

SYNOPSIS

Although minors are prohibited from purchasing tobacco, it is not technically wrong for a minor to possess or consume tobacco. This bill will make the possession, use, or consumption of tobacco by a minor subject to penalties relating to education and community service.
