DELAWARE STATE SENATE 149th GENERAL ASSEMBLY

SENATE JOINT RESOLUTION NO. 1

OPPOSING THE ARTIFICIAL ISLAND PROJECT COST ALLOCATION AND URGING PJM TO JOIN DELAWARE AND OTHER PARTIES CONTESTING THE COST ALLOCATION IN PROCEEDINGS CURRENTLY PENDING BEFORE FEDERAL ENERGY REGULATORY COMMISSION.

1	WHEREAS, PJM Interconnection ("PJM") is the regional transmission organization that coordinates the
2	movement of wholesale electricity in all or parts of Delaware, Illinois, Indiana, Kentucky, Maryland, Michigan, New
3	Jersey, North Carolina, Ohio, Pennsylvania, Tennessee, Virginia, West Virginia, and the District of Columbia; and
4	WHEREAS, PJM has identified the need for a new transmission line across the Delaware River connecting
5	Artificial Island to Delaware with the goal of improving reliability throughout PJM's region; and
6	WHEREAS, the Artificial Island project is being developed to address reliability and stability issues at the Salem
7	and Hope Creek nuclear power facilities, not to address supply deficiencies within the Delmarva Peninsula; and
8	WHEREAS, the estimated total cost of the project is \$280 million; and
9	WHEREAS, a recent ruling by the U.S. Federal Energy Regulatory Commission ("FERC") requires Delaware, and
10	other residential and commercial customers on the Delmarva Peninsula, to pay for the overwhelming majority of the costs
11	of this project despite receiving only a small portion of the benefits it creates; and
12	WHEREAS, the majority of the load savings of this project are allocated regionally outside the Delmarva Zone;
13	and
14	WHEREAS, Delaware's Congressional delegation, the Delaware and Maryland Public Service Commissions, the
15	Delaware Office of the Public Advocate, the Maryland Office of the People's Counsel, Old Dominion Electric Cooperative,
16	LS Power, and other stakeholders have challenged the current cost allocation for the Artificial Island project in proceedings
17	pending before the FERC in Docket No. EL15-95-000; and

LC: DIG: RAY 1901490056

18	WHEREAS, the FERC decided in an April 22, 2016 order not to modify the cost allocation formula for the
19	project, despite evidence presented by the Delaware Public Service Commission ("PSC") showing that the formula places
20	an undue burden on Delaware consumers and businesses; and
21	WHEREAS, the Delaware and Maryland Public Service Commissions, the Delaware Office of the Public
22	Advocate, the Maryland Office of the People's Counsel, Old Dominion Electric Cooperative, LS Power, and other
23	stakeholders have filed requests for rehearing, which FERC granted on June 21, 2016; and
24	WHEREAS, under this formula as it stands, the average residential customer in Delaware would be forced to pay
25	an additional \$2 to \$4 on their monthly electric bills; and
26	NOW, THEREFORE:
27	BE IT RESOLVED by the Senate and the House of Representatives of the 149th General Assembly of the State of
28	Delaware, with the approval of the Governor, that the State of Delaware opposes the cost allocation of the Artificial Island
29	project as unfair and unduly burdensome to the residential and commercial end users of our State.
30	BE IT FURTHER RESOLVED by the Senate and the House of Representatives of the 149th General Assembly of
31	the State of Delaware, with the approval of the Governor, that the State of Delaware urges PJM to join Delaware and other
32	stakeholders in contesting the current cost allocation for the Artificial Island project in the proceedings already pending
33	before FERC in Docket No. EL15-95-000.
34	BE IT FURTHER RESOLVED that suitable copies of this resolution be sent to PSC, the Public Advocate, FERC,
35	and PJM.

SYNOPSIS

This Joint Resolution opposes the cost allocation of the Artificial Island Transmission Project as unfair and unduly burdensome to the ratepayers of Delaware and urges PJM to join with Delaware in contesting the cost allocation in the proceedings pending before FERC.
