§ 4186A. Ice and snow on certain exposed surfaces of a moving vehicle.

(a)(1) Each driver of a moving vehicle operated on a highway in this State shall have an affirmative duty to make all reasonable efforts to remove accumulated ice and snow from certain exposed surfaces of the vehicle prior to operation. The surfaces shall be the hood, trunk, windshield, windows, and roof of a motor vehicle, the cab of a truck, the top of a trailer or semitrailer being drawn by a motor vehicle, and the top of an intermodal freight container being carried by an intermodal chassis. A person who violates the provisions of this subsection may be stopped on a highway by a law enforcement officer who believes the accumulated ice and/or snow may pose a threat to persons or property and shall be subject to a civil penalty of not less than \$25 or more than \$75 for each offense regardless of whether any snow or ice is dislodged from the motor vehicle. Every day upon which a violation occurs shall be considered a separate violation, but no person shall be subject to more than one fine for a violation of this subsection in a period of 24 consecutive hours.

(2) This section shall not apply to any driver of a vehicle operated during a snow or ice storm that began and continued for the duration of the vehicle's operation or to any operator of a vehicle while it is parked.

(b) When ice and/or snow is dislodged from a moving vehicle and strikes another vehicle or pedestrian causing physical injury or property damage, the following penalties shall apply:

(1) The operator of a non-commercial motor vehicle shall be subject to a civil penalty of not less than \$200 or more than \$1,000 for each offense.

(2) The operator, owner, lessee, bailee or any one of the aforesaid of a commercial motor vehicle shall be subject to a civil penalty of not less than \$500 or more than \$1,500 for each offense.

(c) No motor vehicle points shall be assessed for a violation of this section.
