DELAWARE STATE SENATE  
149th GENERAL ASSEMBLY

SENATE BILL NO. 59

AN ACT TO AMEND TITLE 24 OF THE DELAWARE CODE RELATING TO A MULTISTATE NURSE LICENSURE COMPACT.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF DELAWARE:

1 Section 1. Amend Chapter 19A, Title 24 of the Delaware Code by deleting Chapter 19A in its entirety and by  
2 making deletions as shown by strike through and insertions as shown by underline as follows:

3 Chapter 19A. Nurse Multistate Licensure Compact.

4 § 1901A. Nurse Multistate Licensure Compact.

5 The State hereby enters into the Nurse Multistate Licensure Compact (“Compact”) as set forth in this chapter. The  
6 text of the Compact is as set forth in this chapter.

7 § 1902A. Findings and declaration of purpose.

8 (a) The party states find the following:

9 (1) The health and safety of the public are affected by the degree of compliance with and the effectiveness of  
10 enforcement activities related to state nurse licensure laws.

11 (2) Violations of nurse licensure and other laws regulating the practice of nursing may result in injury or  
12 harm to the public.

13 (3) The expanded mobility of nurses and the use of advanced communication technologies as part of our  
14 nation’s health care delivery system require greater coordination and cooperation among states in the areas of nurse  
15 licensure and regulation.

16 (4) New practice modalities and technology make compliance with individual state nurse licensure laws  
17 difficult and complex.

18 (5) The current system of duplicative licensure for nurses practicing in multiple states is cumbersome and  
19 redundant for both nurses and states.

20 (6) Uniformity of nurse licensure requirements throughout the states promotes public safety and public health  
21 benefits.

22 (b) The general purposes of this Compact are to do the following:

- 23 (1) Facilitate the states' responsibility to protect the public's health and safety.
- 24 (2) Ensure and encourage the cooperation of party states in the areas of nurse licensure and regulation.
- 25 (3) Facilitate the exchange of information between party states in the areas of nurse regulation, investigation,
- 26 and adverse actions.
- 27 (4) Promote compliance with the laws governing the practice of nursing in each jurisdiction.
- 28 (5) Invest all party states with the authority to hold a nurse accountable for meeting all state practice laws in
- 29 the state in which the patient is located at the time care is rendered through the mutual recognition of party state
- 30 licenses.
- 31 (6) Decrease redundancies in the consideration and issuance of nurse licenses.
- 32 (7) Provide opportunities for interstate practice by nurses who meet uniform licensure requirements.

33 § 1903A. Definitions.

34 As used in this Compact:

35 (a) "Adverse action" means any administrative, civil, equitable, or criminal action permitted by a state's laws which is

36 imposed by a licensing board or other authority against a nurse, including actions against an individual's license or multistate

37 licensure privilege such as revocation, suspension, probation, monitoring of the licensee, limitation on the licensee's practice, or

38 any other encumbrance on licensure affecting a nurse's authorization to practice, including issuance of a cease and desist

39 action.

40 (b) "Alternative program" means a non-disciplinary monitoring program approved by a licensing board.

41 (c) "Coordinated licensure information system" means an integrated process for collecting, storing, and sharing

42 information on nurse licensure and enforcement activities related to nurse licensure laws that is administered by a nonprofit

43 organization composed of and controlled by licensing boards.

44 (d) "Current significant investigative information" means one of the following:

45 (1) Investigative information that a licensing board, after a preliminary inquiry that includes notification and

46 an opportunity for the nurse to respond, if required by state law, has reason to believe is not groundless and, if proved

47 true, would indicate more than a minor infraction.

48 (2) Investigative information that indicates that the nurse represents an immediate threat to public health

49 and safety regardless of whether the nurse has been notified and had an opportunity to respond.

50 (e) "Encumbrance" means a revocation or suspension of, or any limitation on, the full and unrestricted practice of

51 nursing imposed by a licensing board.

52 (f) "Home state" means the party state that is the nurse's primary state of residence.

53           (g) “Licensing board” means a party state’s regulatory body responsible for issuing nurse licenses.

54           (h) “Multistate license” means a license to practice as a registered or a licensed practical/vocational nurse (LPN/VN)  
55 issued by a home state licensing board that authorizes the licensed nurse to practice in all party states under a multistate  
56 licensure privilege.

57           (i) “Multistate licensure privilege” means a legal authorization associated with a multistate license permitting the  
58 practice of nursing as either a registered nurse (RN) or LPN/VN in a remote state.

59           (j) “Nurse” means RN or LPN/VN, as those terms are defined by each party state’s practice laws.

60           (k) “Party state” means any state that has adopted this Compact.

61           (l) “Remote state” means a party state, other than the home state.

62           (m) “Single-state license” means a nurse license issued by a party state that authorizes practice only within the issuing  
63 state and does not include a multistate licensure privilege to practice in any other party state.

64           (n) “State” means a state, territory, or possession of the United States and the District of Columbia.

65           (o) “State practice laws” means a party state’s laws, rules, and regulations that govern the practice of nursing, define  
66 the scope of nursing practice, and create the methods and grounds for imposing discipline. “State practice laws” do not include  
67 requirements necessary to obtain and retain a license, except for qualifications or requirements of the home state.

68           § 1904A. General provisions and jurisdiction.

69           (a) A multistate license to practice registered or licensed practical/vocational nursing issued by a home state to a  
70 resident in that state will be recognized by each party state as authorizing a nurse to practice as a registered nurse (RN) or as a  
71 licensed practical/vocational nurse (LPN/VN), under a multistate licensure privilege, in each party state.

72           (b) A state must implement procedures for considering the criminal history records of applicants for initial multistate  
73 license or licensure by endorsement. Such procedures shall include the submission of fingerprints or other biometric-based  
74 information by applicants for the purpose of obtaining an applicant’s criminal history record information from the Federal  
75 Bureau of Investigation and the agency responsible for retaining that state’s criminal records.

76           (c) Each party state shall require all of the following for an applicant to obtain or retain a multistate license in the  
77 home state:

78                   (1) Meets the home state’s qualifications for licensure or renewal of licensure, as well as, all other  
79 applicable state laws.

80                   (2) Has (a) graduated or is eligible to graduate from a licensing board-approved RN or LPN/VN  
81 prelicensure education program; or (b) graduated from a foreign RN or LPN/VN prelicensure education program that  
82 (a) has been approved by the authorized accrediting body in the applicable country and (b) has been verified by an

83 independent credentials review agency to be comparable to a licensing board-approved prelicensure education  
84 program.

85 (3) Has, if a graduate of a foreign prelicensure education program not taught in English or if English is not  
86 the individual's native language, successfully passed an English proficiency examination that includes the  
87 components of reading, speaking, writing, and listening.

88 (4) Has successfully passed an NCLEX Examination or recognized predecessor, as applicable.

89 (5) Is eligible for or holds an active, unencumbered license.

90 (6) Has submitted, in connection with an application for initial licensure or licensure by endorsement,  
91 fingerprints or other biometric data for the purpose of obtaining criminal history record information from the Federal  
92 Bureau of Investigation and the agency responsible for retaining that state's criminal records.

93 (7) Has not been convicted or found guilty, or has entered into an agreed disposition, of a felony offense  
94 under applicable state or federal criminal law.

95 (8) Has not been convicted or found guilty, or has entered into an agreed disposition, of a misdemeanor  
96 offense related to the practice of nursing as determined on a case-by-case basis.

97 (9) Is not currently enrolled in an alternative program.

98 (10) Is subject to self-disclosure requirements regarding current participation in an alternative program.

99 (11) Has a valid United States Social Security number.

100 (d) All party states shall be authorized, in accordance with existing state due process law, to take adverse action  
101 against a nurse's multistate licensure privilege such as revocation, suspension, probation, or any other action that affects a  
102 nurse's authorization to practice under a multistate licensure privilege, including cease and desist actions. If a party state takes  
103 such action, it shall promptly notify the administrator of the coordinated licensure information system. The administrator of the  
104 coordinated licensure information system shall promptly notify the home state of any such actions by remote states.

105 (e) A nurse practicing in a party state must comply with the state practice laws of the state in which the client is  
106 located at the time service is provided. The practice of nursing is not limited to patient care, but shall include all nursing  
107 practice as defined by the state practice laws of the party state in which the client is located. The practice of nursing in a party  
108 state under a multistate licensure privilege subjects a nurse to the jurisdiction of the licensing board, the courts, and the laws of  
109 the party state in which the client is located at the time service is provided.

110 (f) Individuals not residing in a party state shall continue to be able to apply for a party state's single-state license as  
111 provided under the laws of each party state. However, the single-state license granted to these individuals will not be  
112 recognized as granting the privilege to practice nursing in any other party state. Nothing in this Compact shall affect the

113 requirements established by a party state for the issuance of a single-state license.

114 (g) Any nurse holding a home state multistate license, on the effective date of this Compact, may retain and renew the  
115 multistate license issued by the nurse's then-current home state, provided that:

116 (1) A nurse, who changes primary state of residence after this Compact's effective date, must meet all  
117 applicable requirements under § 1904A(c) of this title to obtain a multistate license from a new home state.

118 (2) A nurse who fails to satisfy the multistate licensure requirements in § 1904A(c) of this title due to a  
119 disqualifying event occurring after this Compact's effective date shall be ineligible to retain or renew a multistate  
120 license, and the nurse's multistate license shall be revoked or deactivated in accordance with applicable rules adopted  
121 by the Interstate Commission of Nurse Licensure Compact Administrators ("Commission").

122 § 1905A. Applications for licensure in a party state.

123 (a) Upon application for a multistate license, the licensing board in the issuing party state shall ascertain, through the  
124 coordinated licensure information system, whether the applicant has ever held, or is the holder of, a license issued by any other  
125 state, whether there are any encumbrances on any license or multistate licensure privilege held by the applicant, whether any  
126 adverse action has been taken against any license or multistate licensure privilege held by the applicant, and whether the  
127 applicant is currently participating in an alternative program.

128 (b) A nurse may hold a multistate license, issued by the home state, in only one party state at a time.

129 (c) If a nurse changes primary state of residence by moving between two party states, the nurse must apply for  
130 licensure in the new home state, and the multistate license issued by the prior home state will be deactivated in accordance with  
131 applicable rules adopted by the Commission.

132 (1) The nurse may apply for licensure in advance of a change in primary state of residence.

133 (2) A multistate license shall not be issued by the new home state until the nurse provides satisfactory  
134 evidence of a change in primary state of residence to the new home state and satisfies all applicable requirements to  
135 obtain a multistate license from the new home state.

136 (d) If a nurse changes primary state of residence by moving from a party state to a non-party state, the multistate  
137 license issued by the prior home state will convert to a single-state license, valid only in the former home state.

138 § 1906A. Additional authorities invested in party state licensing boards.

139 (a) In addition to the other powers conferred by state law, a licensing board shall have the authority to:

140 (1) Take adverse action against a nurse's multistate licensure privilege to practice within that party state.

141 a. Only the home state shall have the power to take adverse action against a nurse's license issued by the  
142 home state.

143 b. For purposes of taking adverse action, the home state licensing board shall give the same priority and  
144 effect to reported conduct received from a remote state as it would if such conduct had occurred within the  
145 home state. In so doing, the home state shall apply its own state laws to determine appropriate action.

146 (2) Issue cease and desist orders or impose an encumbrance on a nurse's authority to practice within that  
147 party state.

148 (3) Complete any pending investigations of a nurse who changes primary state of residence during the course  
149 of such investigations. The licensing board shall also have the authority to take appropriate action and shall promptly  
150 report the conclusions of such investigations to the administrator of the coordinated licensure information system.  
151 The administrator of the coordinated licensure information system shall promptly notify the new home state of any  
152 such actions.

153 (4) Issue subpoenas for both hearings and investigations that require the attendance and testimony of  
154 witnesses, as well as, the production of evidence. Subpoenas issued by a licensing board in a party state for the  
155 attendance and testimony of witnesses or the production of evidence from another party state shall be enforced in the  
156 latter state by any court of competent jurisdiction according to the practice and procedure of that court applicable to  
157 subpoenas issued in proceedings pending before it. The issuing authority shall pay any witness fees, travel expenses,  
158 mileage, and other fees required by the service statutes of the state in which the witnesses or evidence are located.

159 (5) Obtain and submit, for each nurse licensure applicant, fingerprint or other biometric-based information to  
160 the Federal Bureau of Investigation for criminal background checks, receive the results of the Federal Bureau of  
161 Investigation record search on criminal background checks, and use the results in making licensure decisions.

162 (6) If otherwise permitted by state law, recover from the affected nurse the costs of investigations and  
163 disposition of cases resulting from any adverse action taken against that nurse.

164 (7) Take adverse action based on the factual findings of the remote state, provided that the licensing board  
165 follows its own procedures for taking such adverse action.

166 (b) If adverse action is taken by the home state against a nurse's multistate license, the nurse's multistate licensure  
167 privilege to practice in all other party states shall be deactivated until all encumbrances have been removed from the multistate  
168 license. All home state disciplinary orders that impose adverse action against a nurse's multistate license shall include a  
169 statement that the nurse's multistate licensure privilege is deactivated in all party states during the pendency of the order.

170 (c) Nothing in this Compact shall override a party state's decision that participation in an alternative program may be  
171 used in lieu of adverse action. The home state licensing board shall deactivate the multistate licensure privilege under the  
172 multistate license of any nurse for the duration of the nurse's participation in an alternative program.

173           § 1907A. Coordinated licensure information system and exchange of information.

174           (a) All party states shall participate in a coordinated licensure information system of all licensed registered nurses  
175 (RNs) and licensed practical/vocational nurses (LPNs/VNs). This system will include information on the licensure and  
176 disciplinary history of each nurse, as submitted by party states, to assist in the coordination of nurse licensure and  
177 enforcement efforts.

178           (b) The Commission, in consultation with the administrator of the coordinated licensure information system, shall  
179 formulate necessary and proper procedures for the identification, collection, and exchange of information under this  
180 Compact.

181           (c) All licensing boards shall promptly report to the coordinated licensure information system any adverse action;  
182 any current significant investigative information; denials of applications, with the reasons for such denials; and nurse  
183 participation in alternative programs known to the licensing board regardless of whether such participation is deemed  
184 nonpublic or confidential under state law.

185           (d) Current significant investigative information and participation in nonpublic or confidential alternative  
186 programs shall be transmitted through the coordinated licensure information system only to party state licensing boards.

187           (e) Notwithstanding any other provision of law, all party state licensing boards contributing information to the  
188 coordinated licensure information system may designate information that may not be shared with non-party states or  
189 disclosed to other entities or individuals without the express permission of the contributing state.

190           (f) Any personally identifiable information obtained from the coordinated licensure information system by a party  
191 state licensing board shall not be shared with non-party states or disclosed to other entities or individuals except to the  
192 extent permitted by the laws of the party state contributing the information.

193           (g) Any information contributed to the coordinated licensure information system that is subsequently required to  
194 be expunged by the laws of the party state contributing that information shall also be expunged from the coordinated  
195 licensure information system.

196           (h) The Compact administrator of each party state shall furnish a uniform data set to the Compact administrator of  
197 each other party state, which shall include, at a minimum all of the following:

198                   (1) Identifying information.

199                   (2) Licensure data.

200                   (3) Information related to alternative program participation.

201                   (4) Other information that may facilitate the administration of this Compact, as determined by  
202 Commission rules.

203 (i) The Compact administrator of a party state shall provide all investigative documents and information requested  
204 by another party state.

205 § 1908A. Establishment of the Interstate Commission of Nurse Licensure Compact Administrators.

206 (a) The party states hereby create and establish a joint public entity known as the Interstate Commission of Nurse  
207 Licensure Compact Administrators (“Commission”).

208 (1) The Commission is an instrumentality of the party states.

209 (2) Venue is proper, and judicial proceedings by or against the Commission shall be brought solely and  
210 exclusively, in a court of competent jurisdiction where the principal office of the Commission is located. The  
211 Commission may waive venue and jurisdictional defenses to the extent it adopts or consents to participate in  
212 alternative dispute resolution proceedings.

213 (3) Nothing in this Compact shall be construed to be a waiver of sovereign immunity.

214 (b) Membership, voting, and meetings.

215 (1) Each party state shall have and be limited to one administrator. The head of the state licensing board  
216 or designee shall be the administrator of this Compact for each party state. Any administrator may be removed or  
217 suspended from office as provided by the law of the state from which the administrator is appointed. Any vacancy  
218 occurring in the Commission shall be filled in accordance with the laws of the party state in which the vacancy  
219 exists.

220 (2) Each administrator shall be entitled to 1 vote with regard to the promulgation of rules and creation of  
221 bylaws and shall otherwise have an opportunity to participate in the business and affairs of the Commission. An  
222 administrator shall vote in person or by such other means as provided in the bylaws. The bylaws may provide for  
223 an administrator’s participation in meetings by telephone or other means of communication.

224 (3) The Commission shall meet at least once during each calendar year. Additional meetings shall be held  
225 as set forth in the bylaws or rules of the Commission.

226 (4) All meetings shall be open to the public and public notice of meetings shall be given in the same  
227 manner as required under the rulemaking provisions in § 1909A of this title.

228 (5) The Commission may convene in a closed, nonpublic meeting if the Commission must discuss any of  
229 the following:

230 a. Noncompliance of a party state with its obligations under this Compact.

- 231 b. The employment, compensation, discipline, or other personnel matters, practices, or procedures  
232 related to specific employees or other matters related to the Commission's internal personnel practices  
233 and procedures.
- 234 c. Current, threatened, or reasonably anticipated litigation.
- 235 d. Negotiation of contracts for the purchase or sale of goods, services, or real estate.
- 236 e. Accusing any person of a crime or formally censuring any person.
- 237 f. Disclosure of trade secrets or commercial or financial information that is privileged or confidential.
- 238 g. Disclosure of information of a personal nature where disclosure would constitute a clearly  
239 unwarranted invasion of personal privacy.
- 240 h. Disclosure of investigatory records compiled for law enforcement purposes.
- 241 i. Disclosure of information related to any reports prepared by or on behalf of the Commission for the  
242 purpose of investigation of compliance with this Compact.
- 243 j. Matters specifically exempted from disclosure by federal or state statute.

244 (6) If a meeting, or portion of a meeting, is closed pursuant to this provision, the Commission's legal  
245 counsel or designee shall certify that the meeting may be closed and shall reference each relevant exempting  
246 provision. The Commission shall keep minutes that fully and clearly describe all matters discussed in a meeting  
247 and shall provide a full and accurate summary of actions taken, and the reasons therefor, including a description of  
248 the views expressed. All documents considered in connection with an action shall be identified in such minutes.  
249 All minutes and documents of a closed meeting shall remain under seal, subject to release by a majority vote of the  
250 Commission or order of a court of competent jurisdiction.

251 (c) The Commission shall, by a majority vote of the administrators, prescribe bylaws or rules to govern its conduct  
252 as may be necessary or appropriate to carry out the purposes and exercise the powers of this Compact, including all of the  
253 following:

- 254 (1) Establishing the fiscal year of the Commission.
- 255 (2) Providing reasonable standards and procedures for the following:
- 256 a. The establishment and meetings of other committees.
- 257 b. Governing any general or specific delegation of any authority or function of the Commission.
- 258 (3) Providing reasonable procedures for calling and conducting meetings of the Commission, ensuring  
259 reasonable advance notice of all meetings, and providing an opportunity for attendance of such meetings by  
260 interested parties, with enumerated exceptions designed to protect the public's interest, the privacy of individuals,

261 and proprietary information, including trade secrets. The Commission may meet in closed session only after a  
262 majority of the administrators vote to close a meeting in whole or in part. As soon as practicable, the Commission  
263 must make public a copy of the vote to close the meeting revealing the vote of each administrator, with no proxy  
264 votes allowed.

265 (4) Establishing the titles, duties, and authority, and reasonable procedures for the election of the officers  
266 of the Commission.

267 (5) Providing reasonable standards and procedures for the establishment of the personnel policies and  
268 programs of the Commission. Notwithstanding any civil service or other similar laws of any party state, the bylaws  
269 shall exclusively govern the personnel policies and programs of the Commission.

270 (6) Providing a mechanism for winding up the operations of the Commission and the equitable  
271 disposition of any surplus funds that may exist after the termination of this Compact after the payment or reserving  
272 of all of its debts and obligations.

273 (d) The Commission shall publish its bylaws and rules, and any amendments thereto, in a convenient form on the  
274 website of the Commission.

275 (e) The Commission shall maintain its financial records in accordance with the bylaws.

276 (f) The Commission shall meet and take such actions as are consistent with the provisions of this Compact and the  
277 bylaws.

278 (g) The Commission shall have the following powers:

279 (1) To promulgate uniform rules to facilitate and coordinate implementation and administration of this  
280 Compact. The rules shall have the force and effect of law and shall be binding in all party states.

281 (2) To bring and prosecute legal proceedings or actions in the name of the Commission, provided that the  
282 standing of any licensing board to sue or be sued under applicable law shall not be affected.

283 (3) To purchase and maintain insurance and bonds.

284 (4) To borrow, accept, or contract for services of personnel, including employees of a party state or  
285 nonprofit organizations.

286 (5) To cooperate with other organizations that administer state compacts related to the regulation of  
287 nursing, including sharing administrative or staff expenses, office space, or other resources.

288 (6) To hire employees, elect or appoint officers, fix compensation, define duties, grant such individuals  
289 appropriate authority to carry out the purposes of this Compact, and to establish the Commission's personnel

290 policies and programs relating to conflicts of interest, qualifications of personnel, and other related personnel  
291 matters.

292 (7) To accept any and all appropriate donations, grants, and gifts of money, equipment, supplies,  
293 materials, and services and to receive, utilize, and dispose of the same; provided that at all times the Commission  
294 shall avoid any appearance of impropriety or conflict of interest.

295 (8) To lease, purchase, accept appropriate gifts, or donations of, or otherwise to own, hold, improve, or  
296 use any property, whether real, personal, or mixed; provided that at all times the Commission shall avoid any  
297 appearance of impropriety.

298 (9) To sell, convey, mortgage, pledge, lease, exchange, abandon, or otherwise dispose of any property,  
299 whether real, personal, or mixed.

300 (10) To establish a budget and make expenditures.

301 (11) To borrow money.

302 (12) To appoint committees, including advisory committees comprised of administrators, state nursing  
303 regulators, state legislators or their representatives, and consumer representatives, and other such interested  
304 persons.

305 (13) To provide and receive information from, and to cooperate with, law enforcement agencies.

306 (14) To adopt and use an official seal.

307 (15) To perform such other functions as may be necessary or appropriate to achieve the purposes of this  
308 Compact consistent with the state regulation of nurse licensure and practice.

309 (h) Financing of the Commission.

310 (1) The Commission shall pay, or provide for the payment of, the reasonable expenses of its  
311 establishment, organization, and ongoing activities.

312 (2) The Commission may also levy on and collect an annual assessment from each party state to cover the  
313 cost of its operations, activities, and staff in its annual budget as approved each year. The aggregate annual  
314 assessment amount, if any, shall be allocated based upon a formula to be determined by the Commission, which  
315 shall promulgate a rule that is binding upon all party states.

316 (3) The Commission shall not incur obligations of any kind prior to securing the funds adequate to meet  
317 the same; nor shall the Commission pledge the credit of any of the party states, except by, and with the authority  
318 of, such party state.

319                   (4) The Commission shall keep accurate accounts of all receipts and disbursements. The receipts and  
320                   disbursements of the Commission shall be subject to the audit and accounting procedures established under its  
321                   bylaws. However, all receipts and disbursements of funds handled by the Commission shall be audited yearly by a  
322                   certified or licensed public accountant, and the report of the audit shall be included in and become part of the  
323                   annual report of the Commission.

324                   (i) Qualified Immunity, defense, and indemnification.

325                   (1) The administrators, officers, executive director, employees, and representatives of the Commission  
326                   shall be immune from suit and liability, either personally or in their official capacity, for any claim for damage to  
327                   or loss of property or personal injury or other civil liability caused by or arising out of any actual or alleged act,  
328                   error, or omission that occurred, or that the person against whom the claim is made had a reasonable basis for  
329                   believing occurred, within the scope of Commission employment, duties, or responsibilities; provided that nothing  
330                   in this paragraph shall be construed to protect any such person from suit or liability for any damage, loss, injury, or  
331                   liability caused by the intentional, willful, or wanton misconduct of that person.

332                   (2) The Commission shall defend any administrator, officer, executive director, employee, or  
333                   representative of the Commission in any civil action seeking to impose liability arising out of any actual or alleged  
334                   act, error, or omission that occurred within the scope of Commission employment, duties, or responsibilities, or  
335                   that the person against whom the claim is made had a reasonable basis for believing occurred within the scope of  
336                   Commission employment, duties, or responsibilities; provided that nothing herein shall be construed to prohibit  
337                   that person from retaining his or her own counsel; and provided further that the actual or alleged act, error, or  
338                   omission did not result from that person's intentional, willful or wanton misconduct.

339                   (3) The Commission shall indemnify and hold harmless any administrator, officer, executive director,  
340                   employee, or representative of the Commission for the amount of any settlement or judgment obtained against that  
341                   person arising out of any actual or alleged act, error, or omission that occurred within the scope of Commission  
342                   employment, duties, or responsibilities, or that such person had a reasonable basis for believing occurred within  
343                   the scope of Commission employment, duties, or responsibilities, provided that the actual or alleged act, error, or  
344                   omission did not result from the intentional, willful, or wanton misconduct of that person.

345                   § 1909A. Rulemaking.

346                   (a) The Commission shall exercise its rulemaking powers pursuant to the criteria set forth in this section and the  
347                   rules adopted thereunder. Rules and amendments shall become binding as of the date specified in each rule or amendment  
348                   and shall have the same force and effect as provisions of this Compact.

349 (b) Rules or amendments to the rules shall be adopted at a regular or special meeting of the Commission.

350 (c) Prior to promulgation and adoption of a final rule or rules by the Commission, and at least 60 days in advance  
351 of the meeting at which the rule will be considered and voted upon, the Commission shall file a notice of proposed  
352 rulemaking as follows:

353 (1) On the website of the Commission.

354 (2) On the website of each licensing board or the publication in which each state would otherwise publish  
355 proposed rules.

356 (d) The notice of proposed rulemaking shall include the following:

357 (1) The proposed time, date, and location of the meeting in which the rule will be considered and voted  
358 upon.

359 (2) The text of the proposed rule or amendment, and the reason for the proposed rule.

360 (3) A request for comments on the proposed rule from any interested person.

361 (4) The manner in which interested persons may submit notice to the Commission of their intention to  
362 attend the public hearing and any written comments.

363 (e) Prior to adoption of a proposed rule, the Commission shall allow persons to submit written data, facts,  
364 opinions, and arguments, which shall be made available to the public.

365 (f) The Commission shall grant an opportunity for a public hearing before it adopts a rule or amendment.

366 (g) The Commission shall publish the place, time, and date of the scheduled public hearing.

367 (1) Hearings shall be conducted in a manner providing each person who wishes to comment a fair and  
368 reasonable opportunity to comment orally or in writing. All hearings will be recorded, and a copy will be made  
369 available upon request.

370 (2) Nothing in this section shall be construed as requiring a separate hearing on each rule. Rules may be  
371 grouped for the convenience of the Commission at hearings required by this section.

372 (h) If no one appears at the public hearing, the Commission may proceed with promulgation of the proposed rule.

373 (i) Following the scheduled hearing date, or by the close of business on the scheduled hearing date if the hearing  
374 was not held, the Commission shall consider all written and oral comments received.

375 (j) The Commission shall, by majority vote of all administrators, take final action on the proposed rule and shall  
376 determine the effective date of the rule, if any, based on the rulemaking record and the full text of the rule.

377 (k) Upon determination that an emergency exists, the Commission may consider and adopt an emergency rule  
378 without prior notice, opportunity for comment, or hearing, provided that the usual rulemaking procedures provided in this

379 Compact and in this section shall be retroactively applied to the rule as soon as reasonably possible, in no event later than  
380 90 days after the effective date of the rule. For the purposes of this provision, an emergency rule is one that must be adopted  
381 immediately in order to do any of the following:

382 (1) Meet an imminent threat to public health, safety, or welfare.

383 (2) Prevent a loss of Commission or party state funds.

384 (3) Meet a deadline for the promulgation of an administrative rule that is required by federal law or rule.

385 (1) The Commission may direct revisions to a previously adopted rule or amendment for purposes of correcting  
386 typographical errors, errors in format, errors in consistency, or grammatical errors. Public notice of any revisions shall be  
387 posted on the website of the Commission. The revision shall be subject to challenge by any person for a period of 30 days  
388 after posting. The revision may be challenged only on grounds that the revision results in a material change to a rule. A  
389 challenge shall be made in writing, and delivered to the Commission, prior to the end of the notice period. If no challenge is  
390 made, the revision will take effect without further action. If the revision is challenged, the revision may not take effect  
391 without the approval of the Commission.

392 § 1910A. Oversight, dispute resolution, and enforcement.

393 (a) Oversight.

394 (1) Each party state shall enforce this Compact and take all actions necessary and appropriate to  
395 effectuate this Compact's purposes and intent.

396 (2) The Commission shall be entitled to receive service of process in any proceeding that may affect the  
397 powers, responsibilities, or actions of the Commission, and shall have standing to intervene in such a proceeding  
398 for all purposes. Failure to provide service of process in such proceeding to the Commission shall render a  
399 judgment or order void as to the Commission, this Compact, or promulgated rules.

400 (b) Default, technical assistance, and termination.

401 (1) If the Commission determines that a party state has defaulted in the performance of its obligations or  
402 responsibilities under this Compact or the promulgated rules, the Commission shall do all of the following:

403 a. Provide written notice to the defaulting state and other party states of the nature of the default, the  
404 proposed means of curing the default, or any other action to be taken by the Commission.

405 b. Provide remedial training and specific technical assistance regarding the default.

406 (2) If a state in default fails to cure the default, the defaulting state's membership in this Compact may be  
407 terminated upon an affirmative vote of a majority of the administrators, and all rights, privileges, and benefits

408 conferred by this Compact may be terminated on the effective date of termination. A cure of the default does not  
409 relieve the offending state of obligations or liabilities incurred during the period of default.

410 (3) Termination of membership in this Compact shall be imposed only after all other means of securing  
411 compliance have been exhausted. Notice of intent to suspend or terminate shall be given by the Commission to the  
412 governor of the defaulting state and to the executive officer of the defaulting state's licensing board and each of  
413 the party states.

414 (4) A state whose membership in this Compact has been terminated is responsible for all assessments,  
415 obligations, and liabilities incurred through the effective date of termination, including obligations that extend  
416 beyond the effective date of termination.

417 (5) The Commission shall not bear any costs related to a state that is found to be in default or whose  
418 membership in this Compact has been terminated unless agreed upon in writing between the Commission and the  
419 defaulting state.

420 (6) The defaulting state may appeal the action of the Commission by petitioning the U.S. District Court  
421 for the District of Columbia or the federal district in which the Commission has its principal offices. The  
422 prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees.

423 (c) Dispute resolution.

424 (1) Upon request by a party state, the Commission shall attempt to resolve disputes related to the  
425 Compact that arise among party states and between party and non-party states.

426 (2) The Commission shall promulgate a rule providing for both mediation and binding dispute resolution  
427 for disputes, as appropriate.

428 (3) In the event the Commission cannot resolve disputes among party states arising under this Compact:

429 a. The party states may submit the issues in dispute to an arbitration panel, which will be comprised  
430 of individuals appointed by the Compact administrator in each of the affected party states and an  
431 individual mutually agreed upon by the Compact administrators of all the party states involved in the  
432 dispute.

433 b. The decision of a majority of the arbitrators shall be final and binding.

434 (d) Enforcement.

435 (1) The Commission, in the reasonable exercise of its discretion, shall enforce the provisions and rules of  
436 this Compact.

437                   (2) By majority vote, the Commission may initiate legal action in the U.S. District Court for the District  
438                   of Columbia or the federal district in which the Commission has its principal offices against a party state that is in  
439                   default to enforce compliance with the provisions of this Compact and its promulgated rules and bylaws. The relief  
440                   sought may include both injunctive relief and damages. In the event judicial enforcement is necessary, the  
441                   prevailing party shall be awarded all costs of such litigation, including reasonable attorneys' fees.

442                   (3) The remedies in this section are not the exclusive remedies of the Commission. The Commission may  
443                   pursue any other remedies available under federal or state law.

444                   § 1911A. Effective date, withdrawal, and amendment.

445                   (a) This Compact shall become effective and binding on the earlier of the date of legislative enactment of this  
446                   Compact into law by no less than 26 states or December 31, 2018. All party states to this Compact, that also were parties to  
447                   the prior Nurse Licensure Compact, superseded by this Compact, ("Prior Compact"), are deemed to have withdrawn from  
448                   said Prior Compact within 6 months after the effective date of this Compact.

449                   (b) Each party state to this Compact shall continue to recognize a nurse's multistate licensure privilege to practice  
450                   in that party state issued under the Prior Compact until such party state has withdrawn from the Prior Compact.

451                   (c) Any party state may withdraw from this Compact by enacting a statute repealing the same. A party state's  
452                   withdrawal shall not take effect until 6 months after enactment of the repealing statute.

453                   (d) A party state's withdrawal or termination shall not affect the continuing requirement of the withdrawing or  
454                   terminated state's licensing board to report adverse actions and significant investigations occurring prior to the effective  
455                   date of such withdrawal or termination.

456                   (e) Nothing contained in this Compact shall be construed to invalidate or prevent any nurse licensure agreement or  
457                   other cooperative arrangement between a party state and a non-party state that is made in accordance with the other  
458                   provisions of this Compact.

459                   (f) This Compact may be amended by the party states. No amendment to this Compact shall become effective and  
460                   binding upon the party states unless and until it is enacted into the laws of all party states.

461                   (g) Representatives of non-party states to this Compact shall be invited to participate in the activities of the  
462                   Commission, on a nonvoting basis, prior to the adoption of this Compact by all states.

463                   § 1912A. Construction and severability.

464                   This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact  
465                   shall be severable, and if any phrase, clause, sentence, or provision of this Compact is declared to be contrary to the  
466                   constitution of any party state or of the United States, or if the applicability thereof to any government, agency, person, or

467 circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government,  
468 agency, person, or circumstance shall not be affected thereby. If this Compact shall be held to be contrary to the  
469 constitution of any party state, this Compact shall remain in full force and effect as to the remaining party states and in full  
470 force and effect as to the party state affected as to all severable matters.

#### SYNOPSIS

This Act replaces the current multistate nurse licensure compact with an enhanced version. The enhanced Nurse Licensure Compact allows for registered nurses and licensed practical nurses to have one multistate license, with the privilege to practice in their home state and other compact states. Under the enhanced version, all nurses practicing under a multistate license must meet a minimum set of licensure requirements, including a fingerprint federal criminal background check. Nurses who fail to meet these requirements will not be eligible for a multistate license, and multistate privileges will be removed from nurses when disciplinary actions are taken against a home state multistate license. If Delaware fails to enact the enhanced nurse multistate licensure compact, Delaware nurses with current multistate licenses will no longer be permitted to practice in states that have enacted the enhanced version. Currently, 13 states have adopted this enhanced Compact and legislation to adopt it is pending in 15 other states.
