SYNOPSIS

Current Delaware regulations provide that transportation benefits must be provided for students in grades K through 6 who live 1 or more miles from the schools to which district administrators would normally assign them. In grades 7 through 12, the same students are entitled to transportation benefits if they live 2 or more miles from their assigned public schools. See 14 Del. Admin. C. § 1150-12.1.

This Act expands transportation benefits to students in grades 7 and 8 who live 1 or more miles from the public schools to which district administrators would normally assign them.

This Act takes effect 1 year after enactment. It also and makes technical corrections to conform existing law to the standards of the Delaware Legislative Drafting Manual.
