2 Act.

3 **Section 19. Escheat - Special Funds.** For Fiscal Year ~~2020~~ 2021, in which General Fund deposits equal the
4 threshold established in 29 Del. C. § 6102(s) and the Fiscal Year ~~2020~~ 2021 Operating Budget Act, the Secretary of
5 Finance shall transfer all additional receipts received to a holding account entitled “Escheat - Special Fund”. The Joint
6 Legislative Committee on the Capital Improvement Program shall allocate these additional receipts as part of the
7 Fiscal Year ~~2021~~ 2022 Joint Legislative Committee on the Capital Improvement Act among the following funds:

- 8 (a) The K-12 Construction Fund;

11 **Section 20. Higher Education Research and Education.** The Section 1 Addendum of this Act makes
12 appropriations to the Department of Transportation and the Department of Natural Resources and Environmental
13 Control. In an effort to best utilize resources available to the State, including federal funding, to the State’s benefit and,
14 notwithstanding 29 Del. C. c. 69 or any other statutory provision to the contrary, the General Assembly hereby permits
15 the departments, within the limits of funding provided to support research and education efforts to enter into
16 agreements directly with the University of Delaware, Delaware State University and Delaware Technical Community
17 College. This authorization is limited to conducting basic or applied research; transferring knowledge regarding
18 scientific and technological advancements; and providing practical training to the state and local governments in the
19 application of science or technology, and encourages the departments to consider these three institutions as the
20 resource of first resort in meeting any of their research and/or educational needs.

21 **Section 21. Open Space Funding.** Notwithstanding the provisions of 30 Del. C. § 5423(b)(2) and §

2 **Section 24. Court Facilities Improvement Working Group.** Recognizing that there are critical unmet
3 court space needs statewide, including addressing operational deficiencies of the Family Court facilities in Sussex and
4 Kent Counties, and other downstate court facilities, as identified in the Southern Court Facilities Space Study (October
5 31, 2006), a court facilities improvement working group shall be established, consisting of representatives from the
6 Judicial Branch, the Office of the Governor, the Office of Management and Budget, including Facilities Management,
7 and the Office of the Controller General, to develop a plan for implementing flexible, cost-effective and potentially
8 innovative solutions to these and other court facility space issues. The working group shall engage with the Delaware
9 State Bar Association to obtain input from practitioners who practice in the affected courts regarding the best manner
10 to ensure that litigants have access to high-quality, dignified, and safe courthouses within reasonable proximity to their
11 residences, and what combination of courthouses will accomplish that goal in the manner most cost-effective to
12 taxpayers in the long term. For the same reason, the working group will obtain input from other state agencies that
13 provide services related to litigants in the affected courts, to consider whether the co-location of offices would be
14 helpful to those receiving services and be more efficient for state taxpayers in the long term.

15 **Section 25. Kent and Sussex County Judicial Court Facilities.** ~~Section 1 Addendum of this Act includes~~
16 ~~an appropriation of \$6,850,000 for Kent and Sussex Family Court Facilities.~~ The Section 1 Addendum of 80 Del. Laws

18 Del. Laws c. 59 provided spending authority to be used toward preliminary costs, including planning and design, ~~and~~
19 architectural and engineering work, and construction costs. Efficiencies shall be achieved in this process through the
20 combining of planning, design, architectural and engineering work for both facilities, in all circumstances where
21 combined efforts are appropriate and will likely achieve cost savings to the overall project.

1 **OFFICE OF MANAGEMENT AND BUDGET**

2 **Section 26. Construction Management.** Notwithstanding any other state law, the Office of Management
3 and Budget shall be responsible for the design and construction of all the projects listed under Office of Management
4 and Budget in the Section 1 Addendum of this Act. For those projects that are solely for the purchase of equipment,
5 including projects that are funded in any Minor Capital Improvement (MCI) and Equipment line, the Office of
6 Management and Budget shall transfer the appropriate funding necessary to purchase the equipment to the agency for
7 which the equipment is being purchased. The appropriate amount of funding shall be determined and agreed to by the
8 Office of Management and Budget and the agency for which the equipment is being purchased by September 1 of each
9 fiscal year. For those projects for which the appropriation is passed to an entity and for which the State is not a party
10 to the construction contract, the Office of Management and Budget shall provide technical assistance.

11 (a) Notwithstanding any other state law, there is hereby created an Appeals Board, to be composed of the
12 Lieutenant Governor, the Director of the Office of Management and Budget and the Controller General. The Appeals
13 Board shall approve the use of all unencumbered monies after that project is deemed substantially complete. A project
14 shall be deemed substantially complete when the project is occupied by 75 percent of the planned tenants or when
15 deemed complete by the Appeals Board. One year after a project is deemed substantially complete, any unencumbered
16 authorization balance shall revert. In no case shall this section empower the Appeals Board to allow for the
17 expenditure of funds for uses other than for the funds authorized purpose(s). The Controller General shall notify the
18 Co-Chairs of the Joint Legislative Committee on the Capital Improvement Program of any decisions of the Appeals
19 Board.

20 (b) The use of MCI and Equipment funds in order to ensure completion of a Major Capital Improvement
21 project involving construction of a new facility is prohibited unless the use of such funds are necessary due to a legal
22 settlement or emergency or unforeseen conditions as determined by the Director of the Office of Management and
23 Budget, the Controller General and the Co-Chairs of the Joint Legislative Committee on the Capital Improvement
24 Program.

25 (c) A quarterly status report shall be submitted to the Controller General on all incomplete projects.

26 (d) No project's budget should be increased beyond what is appropriated in any Bond and Capital
27 Improvements Act, either with special funds or private funds, unless the use of those funds is approved by the

1 appropriate cabinet secretary, the Director of the Office of Management and Budget, the Controller General and the
2 Co-Chairs of the Joint Legislative Committee on the Capital Improvement Program.

3 **Section 27. Craft Training.** The Office of Management and Budget may, in its discretion, engage in one
4 public works procurement utilizing a craft training program. The Office of Management and Budget may determine
5 the parameters and processes for any such procurement process and contract. Should the Office of Management and
6 Budget engage in such a public works procurement as set forth herein, upon its completion, the Office of Management
7 and Budget shall report to the Joint Legislative Committee on the Capital Improvement Program with an assessment of
8 said procurement including, but not limited to, cost-savings, project quality and worker safety.

9 **Section 28. Construction Manager.** It is the intent of the General Assembly that all public works projects,
10 including all public school projects, that utilize a construction manager on the project, utilize the delivery methodology
11 which requires the construction manager to secure a performance and payment bond for their portion of the work. All
12 subcontractors shall be listed at the start of the project and shall provide a performance and payment bond which
13 names the construction manager and the State of Delaware as additional insureds. All provisions of 29 Del. C. c. 69
14 are in effect for projects which utilize a construction manager.

15 **Section 29. Judicial Construction Oversight.** It is the intent of the General Assembly that a nine-member
16 Executive Committee be created to oversee construction of new or major renovation of judicial facilities. The
17 Executive Committee shall include two members of the legislature appointed by the Co-Chairs of the Joint Legislative
18 Committee on the Capital Improvement Program; the respective Chairs of the House and Senate Judiciary
19 Committees; two members of the Judiciary as appointed by the Chief Justice; and three members of the Executive
20 Department to include the Director of Facilities Management, the Director of the Office of Management and Budget
21 and their designee. The Executive Committee shall work in conformation with existing construction oversight
22 guidelines as written in the Construction Management section of this Act. The Executive Committee is hereby
23 empowered to:

24 (a) Select appropriate professionals necessary to program, site, design, construct, furnish and equip the
25 facility;

26 (b) Provide such oversight to ensure that the final facility provides optimal security and incorporates
27 maximum operational efficiencies both within the Judiciary and in conjunction with other criminal justice agencies;

28 (c) Ensure that new construction and/or renovations are completed on schedule; and

1 (d) Ensure that the cost of new construction and/or renovations does not exceed the authorized budget.

2 This section shall apply to the following projects: Kent County Courthouse/O'Brien Building; Sussex County Family
3 Court; Kent County Family Court; and any Judicial construction or renovation project requested by either the Judicial
4 Branch or recommended by the Office of Management and Budget for the Judicial Branch where the total project cost
5 estimate exceeds \$10,000,000.

6 **Section 30. Minor Capital Improvement and Equipment Supplement - Office of Management and**
7 **Budget.** Notwithstanding the provisions of any other state law to the contrary, not more than 5 percent of the total
8 amount allocated to the Office of Management and Budget's MCI annual budget may be expended to enter into
9 contractual agreements for project representatives and associated administrative support to ensure adequate oversight
10 of state construction projects. The Director of the Office of Management and Budget is directed to provide an
11 itemized budget for this amount to the Controller General by August 1 of each fiscal year and expenditure reports to
12 the Controller General by December 1 and June 1 of each fiscal year.

13 **Section 31. New Castle County Courthouse.** Notwithstanding any law or local government ordinance,
14 resolution or any deed restrictions to the contrary, the Director of the Office of Management and Budget shall
15 designate the name of any state-owned or state-operated courthouse or other judicial building or facility in New Castle
16 County purchased, constructed or improved by funds appropriated pursuant to an act of the General Assembly and
17 shall have the sole authority to approve or disapprove the placement of any statues or memorials in or on the grounds
18 of such courthouse or judicial building or facility.

19 **Section 32. Card Access Security Systems.** Notwithstanding the provisions of any law to the contrary, the
20 Office of Management and Budget, the Department of Safety and Homeland Security (DSHS) and the Department of
21 Technology and Information (DTI) shall jointly develop and maintain specifications and standards for card access
22 security systems for all state facilities. Security system communications using state infrastructure will observe
23 enterprise standards and policies as defined by DTI pursuant to 29 Del. C. c. 90C. The specifications and standards
24 shall enable a single-card security solution for all state-owned facilities, require the ability for concurrent central and
25 local administration of card access functions and shall include a registry of approved card readers and associated
26 hardware required to implement card access security systems. It is the intent of this section to authorize the Office of
27 Management and Budget, DSHS and DTI to jointly select a single supplier, manufacturer or technology of access
28 cards and security management software for use by all state agencies. The Office of Management and Budget, DSHS

1 and DTI shall develop procedures and standards required for the evaluation and approval of agency requests for new or
2 modified security systems of any type. Before a state agency may install a new security system or modify an existing
3 system, the agency shall obtain the approval of the Office of Management and Budget, DSHS and DTI.

4 **Section 33. Design-Build Contracts.** The Office of Management and Budget is hereby authorized to utilize
5 or approve the design-build contract mechanism for up to twelve construction projects that are deemed necessary by
6 the Director for the efficient construction and improvement of state facilities. Design-build is a project delivery method
7 under which a project owner, having defined its initial expectations to a certain extent, executes a single contract for
8 both architectural/engineering services and construction. The selection processes and other terms of such contracts
9 may vary considerably from project to project. The design-build entity may be a single firm, a consortium, joint
10 venture or other organization. However, the fundamental element of design-build delivery remains that one entity
11 assumes primary responsibility for design and construction of the project. The Office of Management and Budget is
12 authorized to use this approach in completing its projects, subject to the following conditions:

13 (a) The contract terms shall include provisions to pay the prevailing wage rates determined by the
14 Department of Labor, as provided in 29 Del. C. § 6960, in conjunction with federal prevailing wage rates for such
15 work; ~~and~~

16 (b) The following additional provisions of 29 Del. C. c. 69 shall also be incorporated into these design-build
17 contracts: § 6962(d)(4)a. (anti-pollution, conservation environmental measures or Energy Star Equipment not covered
18 by contract specifications); § 6962(d)(7) (equality of employment opportunity); and § 6962(d)(8)(9) (bonding
19 requirements); and

20 (c) Any such contracts using federal funding shall conform to all applicable federal laws and regulations
21 concerning design-build contracting.

22 All other provisions of 29 Del. C. c. 69 shall not be applicable to these projects.

23 **Section 34. Carvel State Office Building.** As office space becomes available on the 11th floor of the Carvel
24 State Office Building, the Director of the Office of Management and Budget shall consider Legislative space needs
25 when reallocating available space.

26 **Section 35. 312 Cherry Lane.** The use of 312 Cherry Lane, New Castle, located in Riveredge Industrial
27 Park, being tax parcel 10-015.40-371, as it relates to zoning, subdivision, parking approvals, land development,
28 construction, permitting and code enforcement, shall not be subject to the jurisdiction of New Castle County or any

1 other municipality, provided that it or a portion thereof is leased by the State of Delaware or an agency thereof,
2 including if it is thereafter subleased to a private provider, as a medically assisted treatment facility for drug and other
3 addiction services, including any ancillary related uses such as offices or other treatment programs.

4 **Section 36. Disparity Study.** The Director of the Office of Management and Budget, in collaboration

13 other waterway management services that may be identified to preserve, maintain and enhance recreational use of the
14 State's waters, as well as improve environmental conditions as warranted or directed by the Governor or Secretary of
15 DNREC. DNREC is further directed to undertake a study of the sediment sources and patterns of sediment movement
16 that result in deposition within state waterways to determine if there are methods to reduce the dependency on
17 dredging to remove deposited sediments. DNREC shall provide a report of the projects, priority rankings, and

19 the Joint Legislative Committee on the Capital Improvement Program by September 1st of each year.

4 percent of the total project cost for any project.

5 (c) Approved projects remain on the approved project list until completed or discontinued by the Division of
6 Watershed Stewardship or Conservation District(s) because of engineering, landowner consent or other issues that
7 render a cost-effective solution to drainage or flooding problem unlikely. The projects recommended to be
8 discontinued will be identified on the annual report submitted to the Joint Legislative Committee on the Capital
9 Improvement Program.

10 (d) In December and May of each year, the Division of Watershed Stewardship shall submit a financial
11 report of fund activity including expenditures by fiscal year appropriated for each county to the Office of Management

16 on the Capital Improvement Program at the Resource, Conservation and Development hearing detailing project status
17 including those projects recommended for discontinuation. The annual report will also include a request for funding

23 in both counties.

24 (g) Subject to the approval of the Co-Chairs of the Joint Legislative Committee on the Capital Improvement
25 Program, a project funded entirely from Community Transportation Funds may be added to the Twenty-First Century
26 Fund project list during the course of a fiscal year when said project is deemed to be an emergency project affecting
27 the health and safety of residents.

1 **Section 89. Revenues.** DNREC, following adequate opportunity for public comment and the approval of the
2 appropriate public advisory council(s) and the Secretary, may establish, for activities and services administered by the
3 department, such appropriate fees as shall approximate and reasonably reflect costs necessary to defray the expenses of
4 each such activity or service. There may be a separate fee charged for each service or activity, but no fee shall be
5 charged for a purpose not specified in the appropriate chapter of the Delaware Code. At the beginning of each calendar
6 year, the Department shall compute the appropriate fees for each separate activity or service and provide such
7 information to the General Assembly. All revenue generated by any of the activities or services performed by the
8 Department shall be deposited in the appropriated special fund account. These funds shall be used to defray the
9 expenses of the department but may not exceed the budget authority for any fiscal year. Any fee or fee increase

22 communities.

24 appropriation of ~~\$1,000,000~~ \$500,000 to the Department of Natural Resources and Environmental Control for Debris
25 Pits. Remediation will be provided for cost-share assistance to landowners with buried debris on their properties. New
26 Castle County is encouraged to match the state appropriation. It is the intent of the General Assembly that any future
27 appropriations for Buried Debris Pit Remediation shall require a 1:1 match by New Castle County.

1 **Section 93. Ogletown Trail.** For purposes of creating and maintaining public-use trails in the Ogletown
2 area, the Secretary of the Department of Natural Resources and Environmental Control is hereby directed to enter into
3 an easement agreement with the property owners of parcels with Tax IDs 11-003.30-049 and 09-028.00-009 located on

16 review will be established to determine the status of the federal overlay. The department shall work with members of
17 the General Assembly to determine a permanent solution to ensure New Castle County residents have safe and
18 accessible yard waste drop sites, including in the vicinity of the current Polly Drummond Yard Waste site. The
19 department shall provide a report on the progress and potential solutions to the Co-Chairs of the Joint Legislative
20 Committee on the Capital Improvement Program, the Director of the Office of Management and Budget and the

20 documents necessary or convenient to consummate the issuance of the GARVEE bonds. A fifteen-year amortization
21 schedule shall be made available for the review and approval of the Director of Office of Management & Budget and
22 Controller General annually.

25 system and are used to assist in the operational and maintenance activities for all roads, shall not be subject to zoning,
26 subdivision or building code ordinances or regulations by any political subdivision of the State. Types of structures
27 may include equipment sheds, crew quarters, equipment maintenance, equipment washing, material storage sheds (i.e.
28 salt, sand and other bulk materials), fuel centers and other maintenance structures required to maintain the highway

1 system such as security (cameras and fences) including necessary maintenance and replacement items such as
2 upgrades to existing facilities. The Department shall not construct any such facility without first conducting a public
3 workshop to describe such plans and gather public input into the effect of such plans.

4 **Section 99. Grants and Allocations.** Section 1 Addendum of this Act makes an appropriation for projects
5 within the Grants and Allocations classification. The General Assembly further defines its intent with response to
6 those appropriations as follows:

7 (a) The sum of ~~\$27,330,000~~ \$24,230,000 (State), of which \$630,000 is categorized as Drainage Funds, shall

15 existing road rating criteria as a basis to determine the priority of paving and rehabilitating community streets. The
16 department will provide a monthly report to the Co-Chairs of the Joint Legislative Committee on the Capital
17 Improvement Program on the progress of the pilot program.

19 \$1,200,245 (State portion ~~\$741,657~~ \$741,649, Federal portion ~~\$458,595~~ \$458,596) from the Transit System
20 classification (97301) appropriated in this Act for the 5310 Program, administered by the Federal Transit
21 Administration.

22 **Section 101. Department Work Impacts on Private Property and its Owners.** When the Department
23 and/or any of its contractors determines that it would be in the best interests of the State to undertake
24 construction/reconstruction work past 9:00 p.m. or before 7:00 a.m., and such work is to be conducted immediately
25 adjacent to a residential neighborhood:

26 (a) The Department shall first ensure that residents of the neighborhood are notified in a timely fashion of
27 the Department's desire to undertake such work. It must explain the benefits and costs to the State and the
28 neighborhood of working under regular hours and the proposed extended hour schedule. Such notifications shall

1 include a description of the proposed work to be conducted, the proposed use of any equipment that may cause noise,
2 vibration or odor disruptions to the neighborhood and an estimate of the time required to complete the project. The
3 Department may proceed with its extended hours of work if it does not receive a significant number of objections from
4 the notified residents. Pursuant to the provisions of the Delaware Code, it shall offer temporary relocation to any
5 residents who request such relocation.

6 (b) The Department may proceed with its extended hours of work, so long as jack hammering or other high
7 noise activities do not impose an excessive nuisance to residents within the designated work zone.

8 (c) If the Department determines that the proposed work (regardless of its scheduled time) will produce
9 noise that exceeds the applicable noise ordinances of the appropriate jurisdiction, the Department shall ensure that it
10 seeks and receives a waiver from that jurisdiction before commencing the work.

11 (d) If the Department determines that the proposed work may cause any vibration or other damage to
12 neighboring property, it shall complete a pre-work survey of the potentially affected properties to determine the base-
13 line condition of those properties. It shall monitor the properties during construction to ensure that any vibration or
14 other damage is minimized. If any damage does occur, the Department must reimburse the private property owners
15 pursuant to the provisions of the Delaware Code. The Secretary of the Department (Secretary) may waive the
16 provisions of this section if he/she determines that any such work is necessary in order to respond effectively to an
17 emergency caused by a natural disaster, an accident or a failure of a transportation investment.

18 **Section 102. City of Wilmington Beautification.** In order to maintain the urban tree canopy available in the
19 City of Wilmington, and those properties that directly abut City limits, the General Assembly authorizes and directs
20 the Department to establish, and maintain a program of tree maintenance and replacement in cooperation with the
21 Delaware Center for Horticulture and/or Urban Forestry in the Department of Agriculture. It is the intent of the
22 General Assembly that such program shall be funded exclusively by allocations made from time to time by members
23 of the General Assembly from their CTF. The Department shall make payments to the center and/or Urban Forestry in
24 the Department of Agriculture for work accomplished, and appropriately vouchered, from the CTF funds herein
25 identified.

26 **Section 103. Supplies of Road Materials.** 74 Del. Laws, c. 308 § 109 is suspended until such time as the
27 Department of Transportation shall suggest its re-institution and such suspension has been overridden by an Act of the
28 General Assembly.

1 **Section 104. System Capacity Preservation.** The General Assembly hereby determines that it is in the
2 public interest to limit future residential, commercial or industrial growth along certain portions of the State's highway
3 network. Such potential growth would produce unsafe driving conditions as increased traffic seeks access to, and
4 movements along, a number of local roads and collectors in critical locations through the State. The General
5 Assembly further determines that it would be infeasible or imprudent for the Department to attempt to design and
6 construct modifications to the State's highway network adjacent to these locations because such improvements would
7 irrevocably destroy the important scenic and historic nature of the view sheds and other environmental attributes
8 associated with these locations. Accordingly, the Secretary of ~~the Department of~~ Transportation is authorized and
9 directed to use state funds appropriated to the Transportation Enhancements program authorized and funded in the
10 Section 1 Addendum of 74 Del. Laws, c. 308, together with such other funds from any public or private source as may
11 be available and appropriate, to purchase land, or such rights in land, as the Secretary deems necessary to protect the
12 following properties, pursuant to the stipulations stated herein. Expenditures of these funds for these purposes shall be
13 with the review and approval of the Director of the Office of Management and Budget and Controller General. The
14 provisions of 17 Del. C. c. 1 and 29 Del. C. c. 93 and 95 shall govern such purchases, and any other purchase by the
15 Department authorized by this Act.

16 Millcreek Farm (Yearsley) Property - Four parcels totaling approximately 35 +/- acres adjacent to Mill Creek
17 (SR 282) and Stoney Batter (SR 283) Roads in New Castle County. The Department shall work with members of the
18 surrounding community, plus state and local officials, to develop a master plan for the permanent protection of the site
19 as community recreation and education and open space. Notwithstanding 17 Del. C. § 137, the Department of
20 Transportation, upon completion of plans to reconfigure the intersection of Stony Batter Road and Mill Creek Road, is
21 authorized to transfer said property to the Red Clay Consolidated School District.

22 **Section 105. Denny Road/Route 896 Alignment Completion.** Upon completion and final inspection of the
23 Denny Road/Route 896 Realignment Project, the frontage property consisting of two parcels (0.93 and 0.929 acres)
24 along Route 896, currently landscaped and maintained by the community of Meadow Glen, shall revert back to the
25 community which had owned said parcels prior to 1994. Notwithstanding the provisions of 17 Del. C. § 137, the
26 Department shall deed these parcels to the community and remain in their possession in perpetuity.

27 **Section 106. Wakefield Drive.** The Department shall be prohibited from reopening Wakefield Drive in
28 Newark through Old Baltimore Pike.

1 **Section 107. Community Transportation Funding Levels.** The Department is directed to account for the
2 Community Transportation Program funds as cash, which shall be equal to the amounts authorized in Appendix A of
3 this Act. The funds authorized within the Community Transportation Program shall not be subject to deauthorization
4 or reallocation by the Department under any circumstances.

5 **Section 108. New Development Road Widening.** When planning and/or permitting additional road
6 widening directly related to new residential development, the Department of Transportation, Division of Planning,
7 shall make every attempt to require the necessary right-of-way land be acquired from the developer owned land.

8 **Section 109. Buck Road.** The Department is requested to refrain from issuing any entrance permit,
9 authorization or approval for use of any entrance way from New Castle County Tax Parcel Number 07-026.00-094
10 onto Buck Road, until such time as it also certifies by letter to the New Castle County Department of Land Use that the
11 developer's proposed entrance design conforms with the Department's subdivision requirements, pursuant to its
12 authority under 17 Del. C. § 146 and its related regulations, intended to protect public safety and maintain smooth
13 traffic flow. The government of New Castle County is also requested to solicit comments from and work with the
14 residents of surrounding communities, community organizations and state and local officials to address traffic safety
15 and other legitimate land use concerns about the proposed development, after the receipt of the Department's letter.
16 The design of the entrance on Buck Road for Greenville Center will include a sidewalk from the entrance to the
17 surrounding Greenville Manor Community on Ardleigh Drive.

18 **Section 110. Routes 141 and 48.** The Department is requested to refrain from issuing any permit,
19 authorization or approval for use of any new, additional, revised or modified entrances for New Castle County Tax
20 Parcel Numbers 07-032.20-003, 07-032.20-048 through and including 07-032.20-055, 07-032.20-057 and
21 07-032.30-072 onto or from Route 141 or Route 48, until such time as the Department obtains, reviews and comments
22 upon a traffic operations analysis for the area, which among other elements addresses (1) the predicted levels of
23 service on intersections, roadways or the Tyler McConnell Bridge affected by the proposed development of these
24 parcels, and (2) the roadway improvements necessary to accommodate the development of these parcels, based upon
25 the exploratory development plans submitted to the New Castle County Department of Land Use by the developer, as
26 required by the County's Unified Development Code. To the extent that any submission of proposed development
27 plans is substantially different than the original exploratory development plans submitted to the County, the

1 Department is further requested to assess the impact of the new submission's traffic generation upon the local
2 transportation network. The scope of the assessment shall be at the reasonable discretion of the Department.

3 **Section 111. Red Light Safety Enforcement.** (a) The program shall continue to use recognized safety and
4 accident criteria in determining whether and where to add any new enforcement locations to this program. Prior to any
5 new locations, the incumbent state senator and representative for the districts in which such locations are proposed,
6 shall be notified prior to installation.

7 (b) To assure integrity and propriety, no person involved in the administration or enforcement of this program
8 shall own any interest or equity in the vendor used by the Department to support the administrative elements of the
9 program. Any such person with an ownership or equity interest in such vendor must divest from this ownership or
10 investment no later than 90 days after the effective date of this Act. This restriction applies to anyone with either
11 direct involvement in administering or enforcing this program and those in any supervisory capacity above such
12 persons.

13 **Section 112. Craft Training.** The Department is authorized to engage in up to two project procurements
14 (one in New Castle County and one in Kent County) utilizing the craft training and apprentice program called for in 29
15 Del. C. § 6962(c), on an experimental basis. Any contractor that performs work in multiple trades on a road
16 construction project under the craft training experiment will have an apprenticeship in at least one, not all of the trades
17 on the project to comply with this experiment. Upon the completion of these experiments, the Department shall report
18 to the Joint Legislative Committee on the Capital Improvement Program with its assessment of the program including,
19 but not limited to, cost savings, project quality and worker safety.

20 **Section 113. Chestnut Hill Road Parcel.** The provisions of 17 Del. C. § 137 notwithstanding, the
21 Department is authorized to enter into agreements with other governmental agencies, either directly or in concert with
22 a private entity, regarding a Department-owned parcel known as NC227, Tax Parcel Number 11-003.30-027, on terms
23 the Secretary deems appropriate, for purposes of evaluating the costs and benefits of fuel cell technology from
24 environmental and economic development perspectives, which the General Assembly hereby finds is an appropriate
25 public purpose.

26 **Section 114. Rehabilitation of Public Streets, Industrial Parks.** In order to maintain a safe, attractive and
27 efficient network of public streets serving the State's growing inventory of industrial parks, the Department shall be
28 authorized to spend sums not exceeding \$1,000,000 on the program first established by 78 Del. Laws c. 76, § 123 to

1 address this issue. The Department shall prepare an inventory of all public streets within the State's industrial parks.
2 It shall further rank all of these streets in the same manner that it prepares the annual program of roads eligible for the
3 Paving and Rehabilitation Program authorized elsewhere in this Act. The Secretary shall then distribute this list to all
4 members of the General Assembly, together with an estimate of the amounts necessary to address those public streets
5 in this inventory most in need of repair. If a member of the General Assembly elects to allocate funds from his/her
6 CTF to repair any of these public streets, the Secretary may draw on this appropriation to match those individual CTF
7 dollars on the basis of three dollar from this special account for every one dollar allocated by the member. The
8 Secretary shall notify all members of his intent to make such matching allocations and shall require any member
9 interested in participating to notify the Department of his/her interest within 30 days from the date of such
10 announcement. In the event that the sum of all individual member requests exceeds the amounts authorized by this
11 section, the Department shall prioritize the industrial park streets to be improved on the basis of the ranking required
12 by this section, and shall share its decisions with all members of the General Assembly. For purposes of preparing this
13 inventory and ranking, the Department is authorized and directed to expend such sums as may be necessary from the
14 accounts established for statewide paving and rehabilitation activities. For purposes of eligibility, the industrial park
15 public streets shall be limited to those streets which meet department standards and are currently maintained by the
16 Department.

17 **Section 115. Community Transportation Fund.** The Department will provide an annual financial report
18 regarding projects funded through CTF and will report to the Co-Chairs of the Joint Legislative Committee on the
19 Capital Improvement Program by June 30 of each fiscal year.

20 **Section 116. Route 1 Widening.** The Department is encouraged to consider all feasible and prudent options
21 with respect to access issues for the proposed widening of State Route 1 between State Route 273 and the Senator
22 William V. Roth Bridge, including but not limited to, the provision of new ramps in the vicinity of Newtown Road.

23 **Section 117. Community Transportation Fund.** The Department shall continue to allow the funding of
24 state historical markers through the CTF. Said CTF-funded markers shall be placed either within the right-of-way, or
25 as close thereto as safety conditions will permit and shall be positioned to be as visible as possible from the roadway
26 consistent with applicable highway safety standards. State historical markers, regardless of placement, shall be exempt
27 from all county or local signage regulations, ordinances, fees or licenses. Existing historical markers shall be brought
28 into compliance with current standards only as they require replacement, in which case CTF funding may be used for

1 said replacement and, if necessary, repositioning consistent with current safety standards. If a marker must be relocated
2 or replaced as the result of a transportation road project, the cost of said relocation or replacement, as well as the cost
3 of upgrading of the marker to current safety standards shall be borne by the Department as an expense of the project.

4 **Section 118. Research Programs.** Section 1 Addendum of this Act makes various appropriations to the

11 the Secretary.

12 **Section 119. Governor Printz Boulevard Private Utility Line.** (a) The General Assembly acknowledges
13 that the private utility facilities, owned by Linde LLC and installed in 1963 under permit by the then-Delaware
14 Highway Department, which previously supplied the EdgeMoor Plant with such gases, may enable future economic
15 development to the benefit of the citizens of the State of Delaware if permitted to remain in the Governor Printz
16 Boulevard right-of-way for another 10 year term. Under 26 Del. C. c. 13, utility corporations regulated by the Public
17 Service Commission are entitled to the free, regulated use of the State's rights-of-way for the placement of gas, water,
18 wastewater and oil transmission pipelines. However, independent providers who are not so regulated may not use these
19 rights-of-way for the longitudinal placement of their facilities or transmission lines or similar underground conduits.
20 These entities may only enter into use and occupancy agreements to cross such rights-of-way. The General Assembly
21 notes that such independent providers are often unable to make any reasonable private arrangement for locating their
22 facilities on private easements or arrangement for location on public lands, unless a specific exception is created for
23 this limited purpose within the State's rights-of-way.

24 (b) Notwithstanding any other provision of Delaware law, regulation, rule, or policy to the contrary, the
25 Department is authorized to contract for the use of the State's rights-of-way with Linde LLC, a private independent
26 purveyor of industrial gases, or its successors or assigns, subject at all times to the following terms and conditions:

- 27 (i) provisions for review and approval by the Department of the location and placement of all such
28 privately owned facilities in the State's rights-of-way, including but not limited to assuring compliance

1 with the Department's Utility Manual Regulation and the Underground Utility Damage Prevention and
2 Safety Act (26 Del. C. c. 8);

3 (ii) provisions to reflect the fact that all other necessary approvals and agreements for such purposes have
4 been or will be obtained from the appropriate State agencies, as well as any relevant municipality or
5 other political subdivision of the State;

6 (iii) provisions for an appropriate initial length of time for which the State's right-of-way will be used for
7 this purpose, similar to the franchise agreements the Department enters into with public utility
8 corporations, including any renewal terms thereof;

9 (iv) provisions to address the cost of future relocations of such privately owned facilities, if the right-of-
10 way is required for roadway purposes or by a public utility to be reconstructed, widened, or altered
11 during the term of the contract if efforts to find a reasonable and industry accepted alternative that does
12 not involve a relocation of the privately owned facilities cannot be found;

13 (v) provisions as needed to accommodate the New Castle County Sewer Interceptor project including (A)
14 provisions for the relocation of such privately owned facilities, within the State's rights-of-way, if
15 efforts to find a reasonable and industry accepted alternative that does not involve a relocation of the
16 privately owned facilities cannot be found and (B) provisions for the prompt determination of a
17 reasonable and industry accepted alternative, including cost allocation and liability acknowledgement,
18 through an agreement between New Castle County and Linde LLC that is acceptable to the Department
19 of Transportation;

20 (vi) provisions for bonding or other acceptable forms of security for the eventual removal of such
21 facilities;

22 (vii) provisions for the conversion of the contract to a standard franchise agreement with a utility
23 corporation regulated by the Public Service Commission, if these privately owned facilities are ever
24 acquired by such entity; and

25 (viii) provisions for compensating the State for the use of these rights-of-way, based on a fair market value
26 assessment. This compensation shall be calculated and expressed as a property lease payment. Any
27 such payments shall be deposited to the credit of the Transportation Trust Fund created in 2 Del. C.

1 **Section 120. Construction Manager/General Contractor Pilot.** The U.S. Department of Transportation is
2 encouraging states to explore procurement alternatives for transportation project delivery, through its Every Day

4 costs, while still providing quality assurance for the results. Therefore, the Department is hereby authorized to utilize
5 Construction Manager/General Contractor (“CM/GC”) procurement mechanisms, for up to ten transportation
6 construction projects. “Construction Manager/General Contractor” is a project delivery method under which an owner
7 selects a General Contractor to provide consultation during the design of the project. After the project design is
8 completed, the General Contractor may submit a bid to perform the construction work. The owner evaluates the bid
9 and may decide to award the construction contract to the General Contractor, or advertise the construction contract to
10 be bid. CM/GC entities may be a single firm, a consortium, a joint venture, or a combination of entities. The use of
11 these experimental procurement approaches is further subject to the following conditions:

12 (a) The construction contract terms shall include provisions to pay prevailing wage rates as provided in 29 Del.
13 C. § 6960, or the applicable Federal prevailing wage rate, whichever is higher.

16 assurances); and (3) § 6962(d)(8) (performance bonding requirements).

17 (c) Any such contracts shall conform to all applicable Federal laws and regulations concerning CM/GC
18 contracting, without regard to the source of funds.

19 (d) Any such contracts shall also be subject to the provisions of 17 Del. C. c. 8 (construction payments held in
20 trust for protection of subcontractors and suppliers).

21 (e) All other provisions of 29 Del. C. c. 69 shall not be applicable to these projects, except as referenced in this
22 section.

23 (f) The Co-Chairs of the Joint Legislative Committee on the Capital Improvement Program and the Director of
24 the Office of Management and Budget shall approve all projects subject to this section.

28 Interchange (the “C-D Road”), including but not limited to (1) a feasibility study designed to evaluate and assess

1 viability and implications of the C-D Road, (2) a toll study designed to ascertain the volume of traffic likely to utilize
2 the C-D Road and the prospects for generating toll revenues therefrom, and (3) a wetlands delineation to determine
3 whether or not any wetlands mitigation may be required in order to construct the C-D Road; provided, however, that
4 (a) the owner of the property occupied by The Dover Mall (the “Developer”) shall pay all of the costs to conduct the
5 aforesaid study, not to exceed \$250,000; (b) the Department shall conduct the feasibility study in consultation with the
6 Developer; and (c) upon completion of the aforesaid feasibility study, the Department shall report back to the Joint

9 (a) The lighted football field at Dickinson High School may be used at night only for Dickinson home games
10 and Dickinson band practice; and

11 (b) The district is required to maintain the fencing between Dickinson High School and the community of
12 Montclare, keep the gate between the properties locked at all times (except by mutual agreement between the district
13 and the Montclare Civic Association), and provide, maintain and replace, if necessary, the Leland Cypress trees along
14 the fence line bordering the homes on Salem Drive.

15 **Section 145. School Construction Fund Transfers.** Notwithstanding any law or other provision to the
16 contrary, the Department, with the approval of the Director of the Office of Management and Budget and Controller
17 General, may transfer funding between major capital construction projects within the respective school districts. These
18 transfers shall not authorize any changes in conditions or incur any obligations in excess of the approved Certificate(s)
19 of Necessity.

20 **Section 146. School District Financial Reviews.** It is the intent of the General Assembly that, for school
21 districts receiving funds appropriated in the Section 1 Addendum of this Act, should a school district financial position
22 report as required under 14 Del. C. § 1507 demonstrate less than one month of carryover, or if at any time during the
23 course of the fiscal year a school district is projected to not be able to satisfy its local payroll obligations, the Director
24 of the Office of Management and Budget, in coordination with the Secretary of Education and Controller General, is
25 authorized to conduct a comprehensive review of the school district’s capital construction program.

26 **Section 147. School Construction Contractual Documents.** Effective January 1, 2007, all school
27 districts that receive state funds for major capital construction projects shall use standard bid and contract
28 documents developed by the Office of Management and Budget, Facilities Management. School districts may
29 enhance the standard bid and contract documents with additional contractual or project-specific requirements, as

1 long as the enhancements do not diminish and are not in conflict with the provisions of the standard documents.
2 The Department, in consultation with the Office of Management and Budget, Facilities Management, shall
3 approve any modifications or changes to the provisions of the standard bid and contract documents before a
4 school district may use or enhance the modified documents.

5 **Section 148. Milford School District - Access Road.** To ensure that property owned by the Milford
6 School District is used in accordance with the priorities established by the Milford School District Board of
7 Education, no state agency or municipality shall use said district property for any type of additional access road
8 without the approval of the Milford School District Board of Education. If the Milford School District Board of
9 Education does not publicly endorse, by affirmative vote, the placement of an additional access road on district
10 property, no state agency or municipality shall be authorized to condemn such district property for said use.

11 **Section 149. Brandywine School District Conveyances.** The General Assembly hereby determines
12 that it is in the public interest to reclaim a portion of the 26.25 acre parcel of land at 3301 Green Street,
13 Claymont, DE 19703 (New Castle County Tax Parcel ID Number 06-071.00-106) held by the Brandywine
14 School District in order for the State of Delaware to convey to the Brandywine Community Resource Council,
15 Inc. (BCRC), a not for profit corporation of the State of Delaware that operates the Claymont Community
16 Center, a portion of said parcel (the CCC Parcel). The General Assembly also hereby determines that it is in the
17 public interest to reclaim the 0.38 acre parcel, also at 3301 Green Street, Claymont, DE 19703 (New Castle
18 County Tax Parcel ID Number 06-084.00-009) (the Second CCC Parcel), in order for the State of Delaware to
19 convey such parcel to BCRC. BCRC provides vital services to the citizens of Delaware and occupies the CCC
20 Parcel and the Second CCC Parcel exclusively. The General Assembly recognizes that as a titled owner of the
21 CCC Parcel and the Second CCC Parcel, BCRC will be better able to serve the citizens of Delaware and be
22 better positioned to receive grants, including facilities improvement grants.

23 Brandywine School District is hereby authorized and directed to convey the CCC Parcel and the
24 Second CCC Parcel to BCRC for the combined consideration of one dollar. The deed to the aforesaid real
25 property shall contain a provision whereby the Brandywine School District shall have the right of first refusal to
26 the property in the event that the BCRC wishes to vacate the property. If the BCRC vacates the property and
27 the Brandywine School District does not exercise its right of first refusal, proceeds from the sale of said
28 property shall be governed by the provisions 14 Del. C. § 1057(a)(15).

1 These conveyances shall be "as is" in that BCRC shall accept any buildings erected on the parcels in
2 their present condition as of the time of conveyance, and shall be subject to all other covenants, conditions,
3 restrictions and easements of record, this reference to which shall not be construed to reimpose the same. The
4 Brandywine School District and BCRC shall also negotiate in good faith to agree on mutually acceptable
5 easements and agreements to address issues including cross access, maintenance, and shared use of property
6 that BCRC and Brandywine School District deem necessary or appropriate.

7 **Section 150. Claymont Community Center.** In connection with the transfer of property directed
8 pursuant to 77 Del. Laws, c. 329, § 135(b), the BCRC shall be liable for the payment of survey(s) and/or related
9 transaction costs necessary to determine whether any portion of the land that was conveyed pursuant to the
10 above authority are portions of land originally acquired by the Department of Transportation (DOT) for right-
11 of-way purposes for the construction of Interstate 95. To the extent any survey confirms that any portion of
12 such lands are, in fact, owned by the DOT, and notwithstanding any provisions of 17 Del. C. § 137 to the
13 contrary, the DOT, after receiving any and all necessary approvals from the federal government or any agent
14 thereof for transfer of such land, is further authorized to execute any and all necessary deeds to convey said
15 portions of land to the BCRC and/or the Brandywine School District on the same terms and conditions as the

1 purpose of upgrading the HVAC system for the gym, keyless access control and installing security cameras in

3 Technical School District to obligate more funds than were originally appropriated for the original Howard
4 High School/1927 Building Renovation project under CN 1638 A.

5 **Section 153. Caesar Rodney School District Land.** Notwithstanding the provisions of 14 Del. C.
6 §1057 and 29 Del. C. § 7525(b), the Caesar Rodney School District is authorized to acquire land by in-kind

18 of construction of a new Howard T. Ennis School for the consideration of one dollar (\$1.00). The transfer shall
19 only be completed upon successful subdivision of the land, upon the mutual agreement in writing between the
20 Department of Health and Social Services and the Indian River School District on which of the newly
21 subdivided parcels shall be transferred, and upon approval by the Director of the Office of Management and
22 Budget. Any and all fees for the subdivision of the land shall be borne by the entity who is to execute the
23 Howard T. Ennis school project. If the project has not begun within three (3) years of a successful agreement on

6 is meeting the objectives set in the Memorandum of Understanding (MOU), and sufficiently working with the
7 parties of the MOU to support students, families, and educators. The Secretary of Education, upon approval
8 from the Director of the Office of Management and Budget and the Controller General, may use a portion of
9 said funding for a district-wide operational, capital and/or program assessment of the Christina School District,
10 to be submitted to the Governor and the General Assembly. The Secretary of Education shall certify the overall
11 renovation costs in which any remaining balances may be used to support subsection (b) of this section.
12 Notwithstanding the provisions of 29 Del. C. c. 75, the maximum local share for the renovations shall be 20
13 percent of the full cost of the renovations. The Christina School District may elect, subject to the approval of the
14 Director of the Office of Management and Budget and the Controller General, to exercise its local share of the
15 renovation projects through the withholding of state funding earned through 14 Del. C. and/or the provisions of
16 the Annual Appropriations Act, for a period to be determined by the Christina School District, the Director of
17 the Office of Management and Budget and the Controller General.

28 projects within the 1972 building and/or for the construction of multi-purpose fields for athletics in Kirkwood

1 Park. Any projects within Kirkwood Park shall not be commenced, and no state capital funds shall be expended
 2 without an agreed upon Memorandum of Understanding (MOU) between the district and the City of
 3 Wilmington. The MOU shall grant ownership rights to the State of Delaware or the district over any equipment
 4 purchased in relation to the project and shall stipulate access rights of the district, including the term of the
 5 agreement, times and dates when access is permitted, and the party responsible for maintenance costs related to

 19 Proposal (“RFP”) soliciting responses. Such aquatics complex shall be made available to the District for its use
 20 in connection with the District’s aquatics programs at such times and upon such terms and conditions as
 21 provided in an agreement between the District and the third-party chosen by the District in its discretion.

22 **Section 160. Market Pressure Fund.** The Section 1 Addendum of this Act allocates ~~\$11,172,283~~
