2	Section 2. Any previous act inconsistent with the provisions of this Act is hereby suspended to the extent
3	of such inconsistency.
4	Section 3. If any provision of this Act, or of any rule, regulation or order thereunder, or the application of
5	such provision to any person or circumstances, shall be invalid, the remainder of this Act and the application of such
6	provisions of this Act or of such rule, regulation or order to persons or circumstances other than those to which it is
7	held invalid shall not be affected thereby.
8	Section 4. The monies appropriated in Section 1 of this Act shall be paid by the State Treasurer from the

12	agencies, commissions or boards effective during the current fiscal year.
13	Section 6. Due to the budget format, the restructuring of divisions into programs within divisions has
14	created more exempt positions per division than allowed by law for the participating departments; therefore, all

23	(c) Notwithstanding the provisions of 29 Del. C. § 6340(a), Section 1 of this Act summarizes salary and
24	wage and other employment costs into a single line entitled Personnel Costs.
25	(d) For Fiscal Year 20222023, the payroll recovery rate for the Workers' Compensation Program shall be
26	1.55 percent unless a separate memorandum of agreement exists.

17 **Section 8.** MERIT SYSTEM AND MERIT COMPARABLE SALARY SCHEDULES.

(a) All provisions of subsections (a) (1), (b), (c) and (i) through (l) of this section shall not apply to those Merit System employees who are covered by a final collective bargaining agreement under 19 Del. C. § 1311A or 19 Del. C. c. 16. The effective dates of agreements pursuant to 19 Del. C. § 1311A or 19 Del. All pay changes shall become effective on the first day of a full pay cycle. Section 1 of this Act makes no appropriation, and no subsequent appropriation shall be made during the fiscal year, for any compensation items as defined in 19 Del. Where two or more districts procure items of similar nature, districts shall aggregate these purchasing efforts through the Office of Management and Budget.
 - Section 25. Notwithstanding the provisions of the Administrative Procedures Act, 29 Del. C. c. 101 or any other laws to the contrary, the State Employee Benefits Committee is authorized to amend the rules for Employees Eligible to Participate in the State Group Health Insurance Program and the State Disability Insurance Program by approving such amendments and causing the amendments to be published in the Register of Regulations with such amendments to be effective as of the date of such publication unless otherwise specified by the State Employee Benefits Committee.

Section 59. The General Assembly finds that the establishment of the federal Temporary Assistance for Needy Families (TANF) block grant has left the State vulnerable to deficits from caseload increases attributable to an economic downturn. In order to minimize such exposure, the funds within the Reserve Account for Children Services Cost Recovery Project (CSCRP) Disallowances (10-02-10-20268) shall be available to mitigate, to the extent possible, projected deficits in TANF supported programs within the Department of Health and Social Services. Except for Personnel Costs obligations, all requests for prior year funds to complete the payment of one-time items will require a reimbursement to the Prior Years'

Obligations appropriation by the requesting agency from any appropriation other than Personnel Costs. The

reimbursement shall be removed from the current fiscal year's budget. The reimbursement clause shall not apply to legal judgments against the agency or school district. A reimbursement under this section shall not be deemed to be prohibited by 10 Del. C. § 8111.

All non-cabinet agency hiring requests shall also require the review and approval of the Controller General prior to filling.

- (c) The Department of Education shall determine common data definitions and data collection methodologies for each program in this section. This information shall include but not be limited to the following: the number of students served; reasons for service; measures of behavioral improvement; measures of academic improvement as appropriate; rates of recidivism within programs; and number and types of referrals for additional services. The Department of Education shall prepare a statewide management report to identify needs for program improvement and best practice.
- (d) Based on the recommendations that resulted from House Joint Resolution 25 of the 139th General Assembly, a total of \$1,325.0 shall be allocated for the continued operation of the alternative school program. The program shall be developed utilizing research based best-practice models. The program shall provide year-round services as deemed appropriate and determined by the consortium board and the Department of Education within the prescribed state appropriation. This program shall be considered a special school for the purposes of charging tuition payments to be made by school districts of residence under the statutory provisions of 14 Del. The New Castle County Consortium and the Department of Education shall oversee administration of the program and may enter into contractual arrangements to operate the program. Teachers/supervisors shall have teaching responsibilities as defined by job responsibilities and duties developed by the Department of Education.

Students served under this program shall not be included in the calculation for unit count purposes as defined in 14 Del. C. c. 17. The Director of the Office of Management and Budget and the Controller General may transfer funds between lines and departments to pay for this program.

In the event the Director of the Office of Management and Budget proposes or implements a position attrition or complement reduction initiative, the Director shall clearly indicate to the Co-Chairs of the Joint Finance Committee when positions outlined in this section are included in said initiative(s).

Section 338. The functions previously performed through the Delaware Tech Prep Consortium were transitioned to the Department of Education effective July 1, 2017, along with existing personnel. With the consolidation of these functions into the Career and Technical Education workgroup, the department is responsible for expanding articulation agreements and dual enrollment coursework in career and technical education pathways across the State. This includes establishing early college credit and advanced standing agreements with in-state and out-of-state colleges and universities (both two- and four-year degree programs), apprenticeship programs, adult education programs and with the State's one-stop system for workforce development. Further, the department is responsible for expanding co-curricular activities such as career and technical student organizations and work-based learning programs in partnership with employers.

Section 339. Section 1 of this Act appropriates \$36,216.6 to Department of Education, Pass Through and Other Support Programs, Special Needs Programs (95-03-20) for Early Childhood Initiatives. These funds are to be used to support the Delaware Stars for Early Success, the State's quality rating improvement system for early care and education. Funding will also support strengthening the State's comprehensive early childhood system as outlined in Sustaining Early Success, compiled through the efforts of the Delaware Early Childhood Council and the Interagency Resource Management Committee managed through the Delaware Department of Education, Early

Childhood Support. Initiatives shall include, but not be limited to, tiered reimbursement and technical assistance and assessment of providers in the Stars program, professional development activities for professionals in the Stars program, professional development activities for practitioners in early care and education, early childhood mental health consultation, developmental screenings and surveys, and overall evaluation and awareness of the Delaware Stars for Early Success program. Notwithstanding 14 Del C. § 3001 or this Act to the contrary, program expenses may not exceed the appropriated amount. Upon approval by the Director of the Office of Management and Budget and the Controller General, the Secretary of Education may make program changes based on participation rates as reported by the Department of Health and Social Services.

Section 340. Notwithstanding the provisions of the Department of Education's Administrative Code, Delaware non-public school (private and home school) students shall not be subject to a tuition-based driver education program for the program's initial offering at rates approved by the Co-Chairs of the Joint Finance Committee. The fee for the current fiscal year shall be zero.

Section 341. (a) The Public School Transportation Committee, consisting of representatives from the Department of Education, the Office of the Controller General, the Office of Management and Budget and representatives for bus contractors and school district transportation supervisors shall make recommendations to the Director of the Office of Management and Budget and the Controller General for revisions to components of the transportation formula no later than April 1 of each fiscal year.

- (b) Public School Transportation funds are allocated in the amount of \$131,841.8\$156,214.7 in accordance with the transportation formula, as adopted by the State Board of Education on July 23, 1987, subject to the following amendments and procedural modifications:
 - (1) The per gallon price used to calculate the fuel allowance shall be based on the state contract bid price for fuel plus \$0.07 per gallon for districts and plus \$0.31 per gallon for contractors. For districts and contractors north of the Chesapeake and Delaware Canal, the per gallon price shall be based on delivery to a large-sized tank (5,000 or more gallons). In the case of contractors located south of the Chesapeake and Delaware Canal, the per gallon price shall be based on delivery to a small-sized tank (275 1,900 gallons). Upon determination by the Department of Education that a contractor located north of the Chesapeake and Delaware Canal and operating

five or fewer buses does not have existing storage capacity in the large tank range, the per gallon price shall be based on the smaller tank size.

The initial fuel rates shall be based on the state contract bid price as of June 1 of the preceding fiscal year. Funding adjustment will be made when the annual average price increases or decreases by at least \$0.05 per gallon. The first review will be based on the annual averages through December 31 of each year and additional reviews will be conducted each month thereafter until April 30. Timing and frequency of fuel adjustments shall be determined by the Department of Education, in collaboration with the Public School Transportation Committee. Reviews may also be conducted at any time upon the request of the Director of the Office of Management and Budget and the Controller General. Propane school buses will receive the same fuel allowances and be subject to the same adjustment as diesel school buses;

(2) For the current fiscal year, the allowable cost of a new unused bus that was purchased by a contractor and put on contract and that was produced between January 1, 20212022 and December 31, 20212022 (as noted on the school bus identification plate) shall begin its seven-year capital allowance schedule using the 20202021 state bid price for new school buses, minus 2 percent for salvage value, plus 11 percent to account for dealer charges and profits not reflected in the state bid price due to the higher number of buses being purchased and the lag time between ordering and delivery. Any bus produced on or after January 1, 20212022 must meet the current federal emissions requirements in order to receive a capital allowance. Any bus produced and placed in service after January 1, 20212022 shall be entitled to an allowance based on the 20212022 state bid price.

A used bus placed in service shall utilize the allowance schedule which would have been allowed had the bus been placed in service when new based on its production date. The bus shall receive the remaining years of capital allowance. The Department of Education shall continue to utilize the procedures developed in Fiscal Year 1989 for determining the allowable cost for any size bus that it did not bid in Fiscal Year 20212022. In addition to the procedure for establishing the allowable cost of a new bus specified above, the Department of Education is requested to structure its bids for buses in Fiscal Year 20222023 in such a manner that public school bus

contractors will be permitted to purchase buses from the successful lower bidder at the same price as the State of Delaware. If a contractor elects to purchase a bus at the bid price, the lowest base bid of an awarded contract minus 2 percent for salvage value will be the allowable cost in subsequent reimbursements to the contractor;

(3) For the current fiscal year, the school bus contractor insurance allowance shall remain the same;

- (4) For the current fiscal year, the fixed cost allowance for district and contractor buses shall include funding for the provision of emergency communication devices. The Department of Education is authorized to bring school districts or private contractors operating school buses equipped with cellular phone technology under a state negotiated cellular phone contract; and
- (5) For the current fiscal year, the operating allowance shall provide a one percent pay increase for bus drivers commensurate with the general salary increase enumerated in Section 8, which shall pass directly to district employed bus drivers as an increase in total compensation. For district operated pupil transportation services, bus driver and driver aide salaries shall receive an increase commensurate with the general salary increase enumerated in Section 8 of this Act in years in which one is provided.
- (c) Except as specified in this section, or for changes in the price of fuel, or for the adjustments of those items changed by state or federal laws, the Department of Education shall not change the transportation formula unless the change has been authorized by the General Assembly and an appropriation therefore has been made by the General Assembly.
- (d) The Department of Education shall calculate the formula amounts for each district as provided herein but shall only provide 90 percent of such calculation to each school district. The contract formula amount is the maximum funding that any public school transportation contractor is eligible to receive through a combination of state and local funds. Homeless transportation funding shall be provided to school districts and charter schools at 90 percent of the total cost for approved, eligible students. This excludes transportation for foster children.
- (e) Of the appropriation allocated for public school districts, funding is allocated to purchase air-conditioned buses to transport special need students. The Department of Education is authorized to allow the purchase of air-conditioned buses required to transport special education students that have a medical need for air conditioning (specified by a physician).

27	before-school services and support from paid high school aged mentors from the same communities as participating
28	students will receive additional credit in a competitive RFA process. The Department of Education shall provide a

1 written report to the Office of Management and Budget and the Controller General on February 1, 2023, with 2 respect to implementation of the program funded by this Section. Further, it is the intent of the General Assembly to 3 phase in additional appropriated funding in subsequent years to expand this program. 4 (b) The Department of Education shall make available unused funds appropriated for the Delaware 5 Wraparound Services Initiative in Fiscal Year 2022 for use by applicants for Fiscal Year 2023 funds who seek to 6 make one-time expenditures to allow them to otherwise qualify for this program, such as physical modifications 7 needed to accommodate school-based health centers. 8 (c) Of the funds appropriated for the Redding Consortium/Wilmington School Initiative, \$156.0 shall be 9 provided to the University of Delaware, Biden School of Public Policy and \$84.0 shall be provided to Delaware 10 State University to provide for staff support and administrative needs of the Redding Consortium. No portion of 11 these amounts shall be used to fund overhead or student tuition expenses. 12 Section 386. Section 1 of this Act makes an appropriation to Department of Education, for the Redding 13 Consortium/Wilmington Learning Collaborative. Of that amount, \$3,700.0 shall be dedicated to the 14 recommendations of the Redding Consortium for Education Equity in December 2020, including additional quality 15 measures. These funds shall be used to provide free, quality, full-day services for at least 200 children ages 3 and 4 16 facing the most serious barriers of race and poverty. The Department of Education will work with the Department of 17 Health and Social Services to identify and notify eligible families living in the feeder patterns for elementary schools 18 with high percentages of students classified by the Department of Education on its public web site as low income. 19 These children shall be identified no later than October 1, 2022, and their families shall be notified by the 20 Department of Education of their eligibility no later than November 1, 2022. Further, it is the intent of the General 21 Assembly to phase in additional appropriated funding in subsequent years. 22 The Department of Education is authorized to administer a competitive bid process in accordance with 29 Del. C. c. 69, 19 soliciting applications from school districts, charter schools, and non-public providers to provide 23 24 the services funded through this Section. The RFP for programming funded by this Section shall award funds for a 25 three year period of time, subject to continued appropriation. Through that process, the Department shall establish a 26 per slot/child rate that will increase favorable outcomes for children facing barriers of race and poverty by providing 27 full-day services to children, ensuring competitive staff salaries and benefits and proper certification requirements 28 for educators supporting this program, and allowing for appropriate staff-child ratios. Staff salaries and staff-child

1	ratios should be established consistent with the standards and assumptions used in the Redding Consortium's
2	recommendations. The RFP and per slot/child rate for programming funded by this Section shall specifically allow
3	for applicants to apply for funds for professional development, technical assistance, expansion planning, curriculum,
4	supplies, non-capital equipment, staff recruitment and retention incentives, family/parent engagement, family
5	services staffing, student follow-up, and tracking of outcomes. The RFP for programming funded by this Section
6	should, if feasible, allow applicants to apply for funds in the same application in which they apply for Early
7	Childhood Assistance Program (ECAP) funds, and make explicit that application for programming funded by this
8	Section does not affect an applicant's eligibility for the ECAP program. However, funds appropriated pursuant to
9	this Section shall not be used for any purposes not explicitly authorized by this Section.
10	Each provider will offer a comprehensive program, based on Head Start Program Performance Standards,
11	and implement:
12	(a) Interpersonal interactions with well-trained and highly skilled teachers that tailor their interactions to fit
13	the needs of the child—using responsive language, engaging all children in classroom activities, fostering
14	independence, and creating a language rich environment, and use an appropriate curriculum to structure the
15	learning experience.
16	(b) Physical environment, both indoors and outdoors, where children can play, explore, and learn safely and
17	include engaging and developmentally appropriate materials and be arranged to promote independence and
18	exploration based on children's different stages of development.
19	(c) Program support structure that includes effective leaders who can provide instructional support to
20	teachers as well as sound business management to the overall program to implement a high-functioning
21	operating environment.
22	Any provider meeting Head Start Program Performance Standards and otherwise meeting the requirements
23	of this Section should be permitted to apply for funds appropriated pursuant to this Section, regardless of that
24	provider's participation in other state programs.
25	The Department must prioritize applicants who can meet higher standards including full-day programming
26	at a minimum of six hours per day and at a minimum of 180 days per year and teachers who are early childhood
27	certified. The Department of Education shall provide a written report to the Office of Management and Budget and
28	the Controller General on January 1, 2023, with respect to implementation of the program funded by this Section.

Section 387. Section 1 of this Act provides funding to the Department of Education, Academic Support (95-01-02) for contractual services. This funding includes an allocation to Jobs for Delaware Graduates, Inc. to support school-to-work transitional services for middle and high school students in Delaware.

Section 388. Section 1 of this Act makes an appropriation to Department of Education, District and Charter Operations, Other Items (95-02-02) of \$1,000.0 for Mid-Year Unit Count. These funds are intended to provide additional state funding for enrollment growth that occurs after the September 30 unit count each school year. The Department of Education is authorized to conduct a mid-year unit count on the last school day of January in each fiscal year for all school districts and charter schools. The mid-year unit count shall be conducted in the same manner as the annual September 30 unit count. Upon certification of the mid-year unit count, the Department shall allocate this funding to each school district and charter school that experienced net enrollment growth on a prorated basis, weighted for needs-based funding as defined in 14 Del. C. \$1703, as a percentage of the statewide net enrollment growth. School districts and charter schools receiving funding through this allocation shall have flexibility in the use of these funds to support costs associated with the increased enrollment. Any school district or charter school that experienced a decrease in enrollment after the September 30 unit count shall be held harmless and are not required to return any funds earned prior to the mid-year unit count. The Department shall explore the necessary programming, including costs, to include changes in needs-based funding categories for existing students to be incorporated within enrollment growth calculations in the future.

Section 389. Amend 14 Del C. § 3123 by making deletions as shown by strikethrough and insertions as shown by underline as follows:

(a) Any school district administering a program for children with autism may provide from its own personnel or contract with another state agency or a private service provider if necessary for appropriate supportive services, including, but not limited to, respite care, physical, art and music education, psychological services, language and speech therapy, physical and occupational therapy. The supportive services to be provided shall be based upon a program for each child as approved by the Department of Education; provided, that the State Board may review any objection to the Department's decision. The school district designated by the Department with State Board approval as the administering agency for a statewide program for autistic pupils shall annually submit in its budget a request for funds for such services.

1	(b) Community-based residential units for children with autism may be operated by a school district
2	designated and approved by the Department with State Board approval as the administering agency for a
3	statewide program for autistic pupils. When the school district operates a community-based residential
4	program, that program shall meet the following minimum standards:
5	(1) Pre-puberty and post-puberty children shall be housed separately. In no case shall a child under
6	age 12 be housed with a child over age 16 except as approved by the Human Rights and Peer
7	Review committees of the statewide autistic program.
8	(2) Residential units shall be provided at the rate of 1 residential unit for each 4 residential pupils
9	except that a maximum of 5 pupils may be housed in 1 residential unit. Pupils housed for the
10	purpose of respite care, additionally defined to mean a period not to exceed 12 months, shall not
11	be counted with respect to this provision. At no time shall the total number of pupils exceed 6
12	including respite placements.
13	Section 390. Section 1 of this Act provides an appropriation for Skills, Knowledge and Responsibility Pay
14	Supplements in the Department of Education, District and Charter Operations, Other Items (95-02-02). Of this
15	amount, funding shall be provided for salary supplements for occupational therapists, physical therapists,
16	occupational therapist assistants, and physical therapist assistants who have achieved national certification,
17	contingent upon the passage of House Bill 348 or similar legislation of the 151st General Assembly.
18	Section 391. Section 1 of this Act appropriates \$2,000.0 to Department of Education, District and Charter
19	Operations, Education Block Grants (95-02-05) for Substitute Teacher Block Grant. These funds shall be used to
20	employ full-time, 10-month substitute teachers to provide temporary teaching to pupils when a regular classroom
21	teacher is unavailable. Allocation of funds shall be targeted to high needs elementary, middle and high schools, with
22	populations of 50 percent or more low-income students. The Department of Education, Office of Management and
23	Budget and Controller General's Office shall develop the allocation methodology of these funds by July 1st.
24	Individuals employed using these funds shall be paid for 10 months at a starting salary equitable to no
25	degree, step 1 in accordance with 14 Del. C. §1305. Individuals hired under this subsection must possess a
26	bachelor's degree from an accredited institute of higher education. Notwithstanding any provision of the Delaware
27	Code or this Act to the contrary, all school districts shall be authorized to assess a local match to provide for the
28	local contribution of personnel costs associated with this appropriation.

- To ensure success of these individuals, each school district and charter school shall develop and implement
- 2 a professional development program specifically designed for these substitute teachers that, at a minimum, includes
- 3 <u>all of the following:</u>
- 4 (a) <u>Implementing lesson plans.</u>
- 5 (b) <u>Classroom management.</u>
- 6 (c) Student behavior, including disability awareness and behaviors that may manifest as a result of disabilities.
- 7 (d) <u>Basic understanding of Individualized Education Plans and 504 Plans.</u>
- 8 (e) All individuals hired under this section are subject to the provisions of 14 Del. C. c. 41 and, at the
- 9 <u>discretion of each LEA, subject to district and building level professional development requirements.</u>
