§ 313. Transfers; eligibility; periods of ineligibility.

(a) Immediate eligibility.

(1) A student who transfers schools is immediately eligible to participate in an interscholastic athletic sport in which the student has not previously participated, upon enrollment at the student's receiving school.

(2) A student who transfers schools is immediately eligible to participate in an interscholastic athletic sport in which the student has previously participated, upon enrollment at the student's receiving school, if all of the following apply:

a. The student did not participate in the interscholastic athletic sport during the previous 180 school days.

b. The student is released from the student's sending school.

c. The student has completed the enrollment process into the student's receiving school.

d. The student is pursuing an approved course of study at the student's receiving school.

e. The student meets all other Association eligibility requirements.

(3) A student who is placed with the Department of Children, Youth and their Families is immediately eligible to participate in an interscholastic athletic sport upon enrollment at the student's receiving school.

(4) First transfer; immediate eligibility. A student who has participated in interscholastic athletics at the high school level during the previous 180 school days may transfer 1 time to an Association member school and be immediately eligible to participate in interscholastic athletics at the student's receiving school, if both of the following criteria are met:

a. The student's transfer is before the earliest allowable start date of the fall interscholastic athletic sport season of the student's third year of eligibility at the high school level.

b. The student does not participate in a contest in the same interscholastic athletic sport for different schools during the same school year.

(b) Subsequent transfers; period of ineligibility.

(1) A student is subject to a period of ineligibility of 30 days or ½ of the maximum number of contests, whichever is less, for each interscholastic athletic sport in which the student participated during the previous 180 school days, if either of the following apply:

a. The student has already transferred schools at least 1 time. A student under this paragraph is not eligible to participate in the interscholastic athletic sport's post-season.

b. The student transfers after the earliest allowable start date of the fall interscholastic athletic sport season of the student's third year of eligibility at the high school level.

(2) A period of ineligibility under this subsection begins on the receiving school's first day of competition for the relevant interscholastic athletic sport.

(3) To calculate the maximum number of contests under paragraph (b)(1) of this section, the Association shall round down to the nearest whole number if the number of contests is not divided evenly.

(c) Applicability. Section 313, § 314, § 315, and § 316 of this title apply to all of the following:

(1) A student enrolled in grades 9 through 12.

(2) Each student at each level of participation in an interscholastic athletic sport, not only the varsity level.

(3) Each Association-sanctioned sport in which a student who transfers schools participated during the 180 school days preceding the transfer.

(d) Tracking form. The receiving school of a student seeking eligibility to participate in interscholastic athletics must submit to the student's sending school a tracking form to initiate the eligibility process. The sending school shall complete the tracking form and submit the completed form to the receiving school and the Executive Director. The tracking form must indicate whether immediate eligibility applies or which, if any, of the exceptions under § 314 of this title apply.

Section 5. Amend Chapter 3, Title 14 of the Delaware Code by making deletions as shown by strike through and insertions as shown by underline as follows:

§ 314. Exceptions to ineligibility.

(a) A period of ineligibility under § 313 of this title does not apply and a student is not required to seek a waiver of ineligibility if any of the following apply:

(1) McKinney-Vento Education for Homeless Children and Youth Act. The student's transfer is the result of the student becoming homeless, as "homeless children and youths" is defined under the McKinney-Vento Education for Homeless Children and Youths Act, 42 U.S.C. § 11434a(2).

(2) Court action. The student’s transfer is the result of court action. “Court action” means an order from a court that affects a legally committed student. A copy of the court order signed by a judge, commissioner, or master of a court of competent jurisdiction is required to meet this exception. A petition for the transfer of custody or guardianship, an affidavit, or a notarized statement signed by the affected parties is not sufficient to meet this exception.

(3) Caregivers School Authorization. The student’s transfer is under § 202(f) of this title.

(4) Unsafe School Choice Option Policy. The student’s transfer is based on the student attending a sending school that is a persistently dangerous school or the student is the victim of a violent felony while in or on the grounds of the sending school, and the student opts to transfer to safe school in the same school district under the Unsafe School Choice Option Policy under Regulation 608 of Title 14 of the Delaware Administrative Code.

(5) HIB transfer. The student’s transfer is because the student experienced harassment, intimidation, or bullying at the student’s sending school that resulted in the implementation of a process or policy under Chapter 41 of this title. This exception is established through documentation from the student’s sending school that the sending school investigated a complaint under Chapter 41 of this title and determined that the proper action to remediate the complaint is an alternative placement or school transfer. Neither the Board nor the Executive Director may hold a hearing or investigate whether the student was harassed, intimidated, or bullied.

(6) Change at sending school. The student’s sending school has closed or discontinued all of the school’s interscholastic athletics sports programs. To establish that the sending school discontinued all of the school’s interscholastic athletics sports programs, the student or sending school must submit to the receiving school and Executive Director documentation demonstrating that the sending school’s interscholastic athletics sports programs have been discontinued.

(7) Change in residence. The student’s transfer follows a change in the student’s primary residence, and the change in residence was made with the intent that it is permanent and not primarily for athletic purposes. A student is eligible if any of the following apply:

a. Military assignment. The student’s change in residence is directly related to an order from a branch of the United State military service, including a reserve component.

b. In-state change of residence. The student’s change in residence is due to the student’s family changing legal residence.

1. “Legal residence” means the family’s legal habitation is fixed and the student’s parent or guardian has the present intention to reside permanently at that habitation.

2. The family must have sold, rented, or disposed of the family’s previous residence, and no member of the family continues to reside in the previous residence.

3. The student may not maintain dual residency for the purpose of athletic eligibility.

4. A change in residence under paragraph (a)(7)b. of this section includes enrollment in a new school district or attendance zone. A student's move within the student's current school district does not apply if the student is not required to transfer schools.

5. Proof of the change in residence must be provided. Methods to prove a change in residence include a utility bill, closing documents, voter registration, or other legal documentation. A change in address on a drivers license, without more, is insufficient to prove a change in residence.

c. Out-of-state change in residence. The student changes residences from out-of-state and into this state, and is attending a high school in this state for the first time. Paragraphs (a)(7)b.1. through 5. of this section apply to meet this exception.

(b) A student or the student's parent, guardian, or relative caretaker shall submit to the Executive Director the documentation required for the exception under this section that applies to the student.

(c) An exception under this section does not apply if the student transferred for athletic advantage.

Section 6. Amend Chapter 3, Title 14 of the Delaware Code by making deletions as shown by strike through and insertions as shown by underline as follows:

§ 315. Waivers of ineligibility.

(a) Waiver. The Executive Director shall waive ineligibility under § 313 of this title if the Executive Director determines that all of the following criteria have been established:

(1) Strict enforcement of ineligibility does not serve to accomplish the purpose of this chapter.

(2) The spirit of ineligibility under this chapter is not offended or compromised by waiving ineligibility.

(3) The principle of educational balance over athletics is not offended or compromised by waiving ineligibility.

(4) Waiving ineligibility does not result in a safety risk to a teammate or competitor.

(b) Written decision. The Executive Director shall issue in writing the Executive Director's decision regarding a request to waive ineligibility under this chapter. The Executive Director must issue the written decision no later than 15 days after the application for a waiver is submitted. A notice of the right to appeal under § 316 of this title must be included in the written decision.

(c) Burden of proof. The student who has applied for a waiver under this section has the burden of proof in establishing that the criteria under subsection (a) of this section are met.

(d) Application requirements. An application for a waiver under this section must include all facts relevant to the request, including sufficient information for the Executive Director to reach a determination. If an application does not include all the required documentation under subsection (e) of this section, the Executive Director may request the missing documentation. If the student does not provide the missing documentation, the Executive Director may refuse to process the application or may accept the student's reason for not providing the missing documentation.

(e) Documentation required. An application for a waiver under this section must include all of the following documentation:

(1) The student's official transcripts from eighth grade through the current school year and most recent report card or grade report, if the student's most recent grades are not included in the transcripts.

(2) The student's attendance records for the previous 2 years.

(3) A letter from the principal or headmaster of the student's sending school, either supporting or not supporting the waiver request.

(4) A letter from the student's parent, guardian, or relative caregiver, explaining in detail the circumstances for requesting a waiver. If the student is 18 years or older, the student or the student's parent, guardian, or relative caregiver may provide the letter.

(5) Documentation of withdrawal from the student's sending school, if applicable.

(6) Documentation of acceptance into the student's receiving school, such as an acceptance letter from the receiving school.

(7) School district choice enrollment program documents that show the date of withdrawal and the date of enrollment, if applicable.

(8) The school calendar for the student's receiving school.

(9) The student's medical records, if applicable.

(10) The student's legal documentation, if applicable.

(11) The student's individualized education plan, if applicable.

(12) Certification from the student's sending school and receiving school that the student is transferring for the reasons indicated on the student's application for a waiver, and that the student's transfer is not motivated by an athletic advantage, except as under subsection (g) of this section. If the student is unable to obtain the certification from either school, the student may submit a written statement explaining why the student is unable to obtain the certification.

(f) Date of filing. An application for a waiver under this section must be filed at least 30 days prior to the start of the interscholastic athletic sport season in which the student wishes to participate.

(g) Transfer for athletic advantage. A student who transfers from the student's sending school to receiving school for athletic advantage may apply for a waiver under this section.

Section 7. Amend Chapter 3, Title 14 of the Delaware Code by making deletions as shown by strike through and insertions as shown by underline as follows:

§ 316. Appeal of Executive Director's decision.

(a) A party to a controversy may appeal the Executive Director's decision under § 315 of this title to an appeals panel comprised of 3 Board members. The Board's chair shall select the 3 members of the appeals panel on a per case basis.

(b) To request an appeal, a party to a controversy must do all of the following:

(1) State the party's grievance in a petition.

(2) Ensure that the petition is served on the Executive Director by certified or registered mail within 15 days after receiving notice of the Executive Director's decision.

(c) In considering an appeal, the appeals panel shall do all of the following:

(1) Review the documents that the Executive Director considered in making the decision on the waiver.

(2) Overturn the Executive Director's decision only if the Board finds that the decision is not supported by substantial evidence or is arbitrary or capricious.

(3) Issue a decision affirming or overturning the Executive Director's decision not later than 30 days after receiving a petition under subsection (b) of this section.

(d) The appeals panel may not do either of the following:

(1) Consider evidence or documents that were not part of the information that the Executive Director considered in making the Executive Director's decision.

(2) Hold a hearing on the appeal or ask questions of the student who is the subject of the appeal.

Section 8. Amend Chapter 3, Title 14 of the Delaware Code by making deletions as shown by strike through and insertions as shown by underline as follows:

§ 317 Forms.

The Executive Director shall develop or approve forms necessary to implement § 313, § 314, § 315, and § 316 of this title. The Executive Director may develop or approve other forms as needed to implement this chapter.

Section 9. Amend § 410, Title 14 of the Delaware Code by making deletions as shown by strike through and insertions as shown by underline as follows:

§ 410. Interscholastic sports. [Repealed.]

~~(a) A student enrolled in grades 10 through 12, inclusive, in a receiving local education agency shall not be eligible to participate in interscholastic athletic contests or competitions during the first year of enrollment in any receiving local education agency if the student was enrolled in a different receiving local education agency during the preceding school year unless the interscholastic sport in which the student wishes to participate is not offered in the receiving local education agency in which the student was enrolled in the previous school year.~~
