Section 2. Amend § 4512, Title 21 of the Delaware Code by making deletions as shown by strike through and insertions as shown by underline as follows:

§ 4512. Oversized motor vehicle and trailer parking.

(e) The Department of Transportation may place signs prohibiting or restricting the stopping, standing or parking of any truck tractor without trailer attached, truck tractor with trailer attached, trailer, semitrailer, or recreational trailer unattached to a motor vehicle on any highway where, in its opinion, such stopping, standing, or parking is dangerous to those using the highways or where the stopping, standing, or parking of vehicles would unduly interfere with the free movement of traffic thereon. Such prohibitions or restrictions may be declared to be effective either part or all of the time, and differing limits may be established for different times of the day, for different types of vehicles, for different weather conditions and when other significant factors differ. One sign located at the beginning of the roadway is sufficient to prohibit or restrict stopping, standing, or parking for the length of the roadway. The Department shall provide a list of roadways or sections of roadways for which it has placed signs prohibiting or

restricting the stopping, standing, or parking to the Division of Safety and Homeland Security and law-enforcement agencies across the state.
