A NOTE ABOUT THIS DRAFT REPORT
The information provided in this report is taken from the Joint Legislative Oversight and Sunset Committee (“Committee”) Performance Review Questionnaire, as it was completed by the agency under review. When appropriate, the Analyst who prepared this report made minor changes to grammar and the organization of information provided in the questionnaire, but no changes were made to the substance of what the agency reported. Any points of consideration which arose in analyzing the questionnaire and compiling this report are addressed in the section titled Additional Comment from the Committee Analyst. It is the intent of the Analyst to make any substantive changes which may be required, as the result of findings made through the review processes, in the final version of this report.

The statutes governing and applying to the agency under review are included as Appendices to this Draft Report. They are included only as a reference for Joint Legislative Oversight and Sunset Committee members, and may not be included in the Final Report.
AGENCY HISTORY

In 1963, the federal government adopted the Vocational Education Act providing federal funds for the redirection and expansion of vocational education programs. The Vocational Education Amendments of 1968 stipulated that each state establish a State Advisory Council on Vocational Education to be eligible to receive federal funds for vocational education. In 1969, Delaware complied and established the Delaware Advisory Council on Vocational Education.

In 1973, the Delaware General Assembly formally recognized the work of the Advisory Council and expanded its role to include career education programs. It established the Delaware Advisory Council on Career and Vocational Education (“DACCVE”) in Title 14, Chapter 86 of the Delaware Code.1 Volunteer representatives from business, industry, labor, and other special populations were responsible for evaluating and advising on matters pertaining to vocational education programs and the employment needs across the state.

In June 2005, House Bill 71 was enacted, amending the name to the Delaware Advisory Council on Career and Technical Education (“DACCTE”).2

The Carl D. Perkins Career and Technical Education Act of 2006 provides federal funding for career and technical education (“CTE”) to the states on an annual basis. In the last 5 years, through this grant program, Delaware has received:

- FY 15: $4,725,500
- FY 16: $4,725,040
- FY 17: $4,723,551
- FY 18: $5,114,664 *estimated
- FY 19: $5,458,959 *estimated

DACCTE is an independent agency composed of volunteer citizens appointed by the Governor from both the private and public sectors throughout the State. Membership includes representatives from business, industry, labor and trade organizations, the National Guard, and educators representing secondary and post-secondary institutions.

JUSTIFICATION AND NEED FOR EXISTENCE

Before DACCTE’s establishment in 1969, Delaware had few vocational-technical programs available, with limited financial resources and no independent advocacy group. Beginning in 1970, DACCTE aided in the development and passage of legislation and various policy initiatives that increased financial and other resources to vocational education programs and teachers across Delaware.3

---

1 See Appendix A for governing statute.
2 Unless otherwise noted, “DACCTE” is used throughout this report to refer to either DACCVE or DACCTE.
3 See the “Accomplishment” section on page 16 for bill numbers and additional information.
In 1982, the State Board of Education adopted a policy, drafted and recommended by DACCTE, which mandates for formation and utilization of advisory councils for local school vocational programs (“LACVE”). These local councils are composed of representatives from business, industry, and labor who provide expertise and involvement with vocational programs in Delaware schools. DACCTE has provided technical assistance while developing and disseminating printed and audio visual materials to local advisory councils to aid in maintaining their effectiveness and efficiency.

In 1986, DACCTE members from the private and public sectors served on Governor Castle’s Task Force on Vocational Education, while DACCTE staff provided technical assistance and support. The task force made policy recommendations to the Governor, General Assembly, and State Board of Education, including the elimination of the “general track,” state financial support for and expansion of career guidance and vocational counseling.

Subsequently, the State Board of Education officially impaneled DACCTE as the group responsible for monitoring progress on the implementation of the recommendations of the task force. DACCTE conducted independent research and submitted its findings and conclusions to the State Board of Education. Following the recommendations of the task force, DACCTE members and staff provided technical assistance to high schools throughout the state in eliminating the general track and implementing sequential programs in vocational-technical education.

Between 1988 and 1990, DACCTE recommended and supported the conversion of Kent and Sussex County Vocational-Technical School districts from shared-time to full-time, comprehensive vocational districts to the State Board of Education. DACCTE developed, funded, and conducted curriculum development and in-service activities for teachers, administrators, and counselors to develop and validate state standards for all major vocational program areas. DACCTE provided input, member representation, and supported the work of the State Framework Commissions for Career and Technical Education that developed state standards for program areas. DACCTE recommended and the State Board of Education adopted a policy to provide salary credit to vocational teachers for experience in directly-related employment.

In 1989 and 1990, DACCTE sponsored informational articles on vocational education student organizations and Delaware-specific career and technical education issues in EYE Magazine and Career Success Magazine. Additionally, DACCTE produced 10 30-second television messages discussing partnerships between business and CTE that were aired on cable television in all three counties. A follow-up print media campaign was established.

Since 1990, DACCTE has recognized excellence and outstanding contributions in the field of vocational education on an annual basis with its statewide awards and recognition program. DACCTE recognizes individuals and organizations who have made contributions to CTE in 3 categories: a business, agency, labor union, or trade association; an individual from the private or public sector; and 12th grade CTE students. Information and criteria are sent to various target groups including superintendents, high school and charter school principals, CTE staff at the Department of Education, DACCTE members, and teachers statewide. Recipients are honored at a ceremony in Dover each June.4

In 2006, DACCTE members served on the State Task Force to Increase Graduation Requirements. The State later adopted additional programs in CTE pathways.

4 See Appendix F for information materials on DACCTE’s annual awards program.
DACCTE continues to conduct on-site monitoring visits of CTE programs in the secondary schools on a regular basis as charged by the General Assembly. Information materials regarding the purpose and procedures are sent to district superintendents and school principals. These include an introductory letter and a program monitoring brochure. Department chairs and teachers are sent questionnaires regarding program rules and regulations to be discussed during the visit. According to DACCTE, these on-site monitoring visits provide vital information as programs of study and career pathways are created and expanded often with changes in curriculum, personnel, funding, and equipment.\(^5\)

DACCTE leads the review process if a district requests a waiver on the use of CTE funds. The Executive Director is one of three people required to approve any waiver requests after the review is conducted.

DACCTE sponsors 2 annual, statewide professional development workshops for all CTE teachers, counselors, and school administrators. Information, rules, guidelines, and resources are provided on educational issues including funding, curriculum, development, federal and state laws and mandates, and other relevant topics. Attendees receive state professional development credits. In 2016, there were 59 attendees at both the spring and fall workshop. In 2017, 54 attended the spring workshop with 51 attending the fall. The spring 2018 workshop had 58 in attendance.\(^6\)

DACCTE believes that CTE must be continuously evaluated by objective persons engaged in various occupational fields to ensure the instruction provided in schools is relevant, requiring constant review and revision of curriculum and standards. This assessment, from various segments of the community, assures all sectors are continuously served. With Delaware in the process of developing, refining, and implementing career pathways and programs of study in occupation areas, an independent advisory organization should continue to advocate for professional development for teachers, administrators, and counselors.\(^7\)

**JOINT LEGISLATIVE OVERSIGHT AND SUNSET COMMITTEE REVIEW HISTORY**

The Joint Legislative Oversight and Sunset Committee ("JLOSC") last reviewed DACCTE in 2002-2003.

Following JLOSC’s 2002-2003 review of DACCTE, then-named the Advisory Council on Career and Vocational Education, the subsequent recommendations were adopted:

1. The ACCVE will recommend to each school district that completion of the Senior Project should be a requirement for all students enrolled in vocational technical high schools.

2. The ACCVE must follow the requirements of the Freedom of Information Act when posting public meeting notices. This includes, advertising the meeting notice in two newspapers, and identifying the meeting place and agenda.

3. The ACCVE should post public meeting schedules on its website.

4. The ACCVE must develop annual reports for distribution to the Joint Sunset Committee and the House and Senate Education Committees.

---

\(^5\) See Appendix E for information materials on DACCTE’s on-site program monitoring.

\(^6\) See Appendix G for information materials on DACCTE’s professional development workshop.

\(^7\) See Appendix B for DACCTE’s organizational chart.
5. Legislation updating 14 Del. C. § 8603 to reflect that the ACCVE is not required to submit annual evaluation reports to the U.S. Commissioner of Education.\textsuperscript{8}

**MISSION, GOALS, OBJECTIVES, & AUTHORITY**
DACCTE’s mission and purpose is to strengthen and enhance CTE delivery system and recommend policies and initiatives to improve the quality of the CTE programs and services in the State.\textsuperscript{9}

DACCTE’s goals and objectives are:
- Recommend policies the State of Delaware should pursue to strengthen and expand CTE.
- Review and monitor CTE programs, services, and activities throughout the State.
- Advise the State Board of Education and the Department of Education on the development and amendments of the State Plan for CTE required by the federal Perkins Act.
- Provide technical assistance to local school districts and agencies to improve and enhance the CTE delivery system.
- Develop and sponsor professional development workshops and activities for teachers, administrators, and counselors.
- Provide support to improve and expand the services and activities of CTE student organizations.
- Conduct an annual awards program to recognize and promote business, agencies, students, and other individuals for excellence in CTE.
- Provide resources and assist in the development of career information for administrators, teachers, counselors, and the general public.

DACCTE’s Board members and staff monitor these goals and objectives at the end of the year to determine degrees of success. In addition, DACCTE approves and submits its strategic plan, including objectives and activities, in conjunction with the State’s Budget Office strategic planning process and the Joint Finance Committee’s process.

**DACCTE COMPOSITION & STAFFING**

**Composition:**
DACCTE’s governing statute establishes a minimum of 11 members, appointed by and serving at the pleasure of the Governor.\textsuperscript{10} Currently, 14 members serve on DACCTE and meet the qualifications under § 8602, Title 14, which requires at least 1 member to represent each of the following:

- Knowledgeable about the vocational needs and the problems of management and labor in the State.
- Industrial and economic development agencies.
- Institutions of higher education.
- Institutions which provide CTE programs and training.
- Knowledgeable about programs in CTE
- School boards.
- Knowledgeable about students with special needs.

\textsuperscript{8} Analyst’s Note: See Appendix H for DACCTE’s December 2003 memo to the JLOSC outlining compliance to the Committee’s recommendations. Further information regarding compliance to recommendations 2 and 3 can be found under the Freedom of Information Act Compliance section on page 14. As of this draft, recommendation 5 has not transpired.

\textsuperscript{9} See Appendix C for DACCTE’s Articles of Organization.

\textsuperscript{10} See 14 Del. C. § 8602 in Appendix A.
▪ Business and industry familiar with current and projected employment opportunities.
▪ CTE student organizations.
▪ The Delaware National Guard.
▪ The general public, with an interest in public education.
▪ Chair must represent the private sector and be selected by DACCTE members.

Potential members must complete the application form from the Governor’s office requiring confirmation that they have no conflicts of interest with the appointment. According to DACCTE, there has not been an issue with conflict of interest with any current or past members.

Two vacancies occurred in September of 2018, when the Governor rotated 2 members off DACCTE. As of April 2019, the process to fill those vacancies is underway. Currently, DACCTE is missing a qualifying member who is knowledgeable about students with special needs, a representative of a school board, and a representative of the Delaware National Guard.\(^{11}\)

**Compensation:**
Members are not compensated for related expenses or services provided.\(^{12}\)

**Member Trainings:**
Newly-appointed members received a mandatory orientation and training related to DACCTE’s mission and operations, and information related to CTE in Delaware.

**Staffing:**
DACCTE may obtain staffing necessary to carry out its duties and responsibilities. DACCTE employs 2 full-time exempt employees: an executive director and administrative assistant.\(^{13}\) DACCTE has 1 casual/seasonal employee. An additional full time position has remained vacant due to budget cuts and the temporary hiring freeze.

Training opportunities for the executive director and administrative assistant include the following: PHRST, FSF, pension, information technology and security, and classes provided through the Delaware Learning Center as required.

**DACCTE Staff:**

## ENACTED LEGISLATION IMPACTING DACCTE

### State Legislation

June 2000: [SB 385, 140th General Assembly](#) – Required specific allocation of funds to support State-approved occupational-vocational courses and programs.

June 2005: [HB 71, 143rd General Assembly](#) – Reformed and refocused DACCTE to include technical education in both its name and purpose.

### Federal Legislation

October 1968: [PL 90-576, Vocational Education Amendments of 1968](#) – Required state advisory councils; states participating in the program must meet certain requirements to qualify for federal funds that aide vocational education programs.

June 1972: [PL 92-318, Education Amendments of 1972](#) – Tasked states with the development of a plan for the expansion and improvement of postsecondary and vocational education.

October 1984: [PL 98-524, Carl D. Perkins Vocational Education Act](#) – Authorized appropriations to states for vocational education assistance, contingent on various organizational and planning responsibilities.

August 2006: PL 109-270, Carl D. Perkins Career and Technical Education Improvement Act of 2006 – Restructured the grant program by creating a state allocation formula that allocated funds based on population and per capita income while offering increased flexibility at the state and local levels.

July 2018: PL 115-224, Strengthening Career and Technical Education for the 21st Century Act (Perkins V) – Changed the state allocation formula to give each state a base amount equal to its FY18 allocation while allowing states to reserve up to an additional 5% of the grant funding for programs in rural areas or areas with a high number of CTE students.

**PENDING LEGISLATION**

At this time, there is no pending legislation that would affect DACCTE.

**ADMINISTRATIVE PROCEDURES ACT COMPLIANCE**

DACCTE does not promulgate rules or regulations and has no plans to develop any specific to DACCTE.

**FREEDOM OF INFORMATION ACT (“FOIA”) COMPLIANCE**

To date, there have been no FOIA requests made to DACCTE.

Based on JLOSC recommendations in 2003, DACCTE posts meeting agendas on its website at least 2 weeks prior to the meeting and on the State’s Public Meeting Calendar (“PMC”) within 7 days of an upcoming meeting. Meeting minutes are transcribed and posted on DACCTE’s website and the PMC once DACCTE has approved them at the next regularly-scheduled meeting. Meeting notices are also advertised in the News Journal and the Delaware State News.14

The following meeting agendas and minutes can be found on DACCTE’s website:

- October 11, 2017 – Council Meeting Minutes
- December 13, 2017 – Council Meeting Minutes
- March 28, 2018 – Council Meeting Minutes
- June 6, 2018 – Council Meeting Minutes and Annual Awards Ceremony
- October 10, 2018 – Council Meeting Agenda and Minutes
- December 12, 2018 – Council Meeting Agenda
- April 11, 2019 – Council Meeting Agenda
- April 17, 2019 – Agenda the Career and Technical Education Workshop.

Two meetings with the corresponding agendas were posted to the state’s Public Meeting Calendar:

- October 10, 2018
- December 12, 2018

---

14 Analyst’s Note: DACCTE submitted additional meeting notices, agendas, and proofs of advertisement dating back to April 2015, when its webpage was hosted on the Department of Education’s website.
DACCTE has gone into Executive Session one time to discuss personnel issues. This occurred in June 2018.

**TOTAL:** $278,817.64

Neither the State Auditor nor any other external organization has recently audited or evaluated DACCTE.  

**ACCOMPLISHMENTS**

DACCTE has promoted the development and implementation of the following legislation, policy, and programs in CTE in Delaware.

- **HB 509, 125th General Assembly (1970):** Established vocational education units of state funding.
- **HB 628, 134th General Assembly (1988):** Extended vocational education services on a year-round basis.
- **HB 764, 134th General Assembly (1988):** Delaware became the first state to legally recognize, endorse, and financially support CTE student organizations. The State Board of Education adopted a policy, drafted and recommended by DACCTE, mandating the availability of organized student activities for all students enrolled in CTE programs. It further absorbed the cost of student dues of such organizations.
- **CTE Student Organizations (1988):** Secured separate line-item state funding for the activities of these groups which are integral components of CTE programs.
- **Tech Prep Consortium (beginning in 1986):** Developed and implemented the statewide consortium to provide articulated CTE programs, whereby high school students can transition through a seamless curriculum to post-secondary education and training. DACCTE members and staff served on the Consortium’s board of directors.
- **Senate Bill 385, 140th General Assembly (2000):** Required 90% of the occupational-vocational unit Division II funds (all other costs for equipment supplies and materials) generated by

---

15 Analyst’s Note: DACCTE notes the Office of Management and Budget, the Division of Accounting, the Controller General’s Office, and the Joint Finance Committee monitor and review DACCTE’s activities.
vocational enrollments in middle and high schools, be allocated to those schools and expended on their approved CTE programs.

- Jobs for Delaware Graduates (beginning in 1979): A program to prepare at-risk high school students to successfully transition from school to work, incorporating student organizations as the motivational tool. The Delaware program model was replicated nationally through Jobs for America’s Graduates. DACCTE was involved in the design and implementation of the program, and serves on its board of directors.

- Educational Resources Association (“ERA”) and Business, Industry, and Education (“BIE”) Alliance (1989): Developed and supported the establishment of these career related activities and services involving the business community and schools. Several DACCTE members served on these boards.

- Articulation (mid-1980s): A program to improve communication, cooperation, and coordination of all education, training, and placement services in Delaware.

- Dislocated Worker Program (1987): DACCTE developed and piloted this training and placement program in cooperation with the Department of Labor.

- Delaware CAREER COMPASS (since 2005): Provides resources to develop a comprehensive, career-planning publication that is disseminated to approximately 60,000 middle and high school students and teachers each year free of charge. The Teacher’s Guide serves as an instructional tool with the CAREER COMPASS publication.

- State Task Force on High School Graduation Requirements (2005-2006): DACCTE members served on and provided input and policy recommendations to this task force.

- Career Pathways (beginning in 1995): Conducted in-service activities for middle and high school teachers, administrators, and counselors relating to the development and implementation of Career Pathways in all schools.

- Statewide Graduate Follow-Up System (1994): Assisted in the development and implementation of a statewide graduate follow-up system to track Delaware high school graduates. DACCTE was a charter member of the Graduate Follow-up Consortium and provided assistance gathering relevant data on the students graduating from Delaware’s public high schools.

- Local Advisory Councils on Vocational Education (“LACVE”) (1982): The State Board of Education adopted a policy, drafted and recommended by DACCTE, which mandates the formation and utilization of advisory councils on vocational education at the local level. In addition, the DACCTE provides technical assistance and has developed and disseminated related materials to aid LACVE in maintaining their effectiveness.
DACCTE supported the establishment of vocational teacher education programs at Delaware State University and the University of Delaware.

DACCTE successfully negotiated with Temple University to bring a graduate level program in vocational education to central Delaware.

CHALLENGES
DACCTE has experienced budget cuts, the state’s hiring freeze, and a zero growth mandate in the past decade. Because of this, a staff position remains vacant resulting in additional workloads for the staff of 2. Additionally, resources are limited to develop and expand services and activities to benefit CTE. Inflation and an increase in the cost of goods and services over the past 3 fiscal years exacerbate DACCTE’s budgetary challenges.

CTE involves a large and complex delivery system. It must maintain high standards and be rigorous, relevant, and current, and respond quickly to changes in schools and the workplace.

The CTE curriculum is in transition from career pathways to programs of study based on career clusters that will better prepare students to be career and college ready. These reforms are resulting in a more rigorous curriculum and new state and local programs of study. DACCTE must be flexible to adjust and adapt to these changes.

OPPORTUNITIES FOR IMPROVEMENT
Opportunities for improved operational efficiency include:

- Increase and enhance communications with stakeholders and the general public.
- Fill the existing staff vacancy with a full-time person to better DACCTE’s ability to deliver services.
- Strengthen coordination with the Department of Education to ensure local school districts are in compliance with current regulations when monitoring CTE programs.
- Explore opportunities to use other forms of social media to promote CTE and DACCTE’s mission and goals.

THIS SPACE IS INTENTIONALLY LEFT BLANK.
ADDITIONAL COMMENT FROM THE COMMITTEE ANALYST

The following additional information may be helpful in JLOSC’s review of DACCTE.

1. DACCTE was brought to JLOSC’s attention when HB 261 of the 149th General Assembly was introduced. The purpose of the bill was to delete Chapter 86, Title 14, DACCTE’s governing statute. The synopsis stated:

   The Delaware Advisory Council on Career and Technical Education received $331,700 out of the Delaware General Fund for the fiscal year ending June 30, 2017. Based upon a simple cost benefit analysis weighed against the budget issues Delaware is facing, it is clear these funds would produce greater benefits if utilized elsewhere. This bill will eliminate this annual expenditure by terminating this Committee via a total repeal of Chapter 86 of Title 14 of the Delaware Code.

   HB 261 was tabled in committee to allow JLOSC the opportunity to fully review the entity and determine whether DACCTE is “meeting a recognized State need and [is] accountable to and responsive to the public interests.”

2. On June 10, 2018, DACCTE created a special committee. The creation and purpose of the committee is explained in the following excerpt from DACCTE’s October 10, 2018 meeting minutes:

   At the June 10, 2018 Council meeting, Chairman Lathem appointed a Special Committee of the Council to be chaired by Vice Chairman Bob Suppe. The committee was to identify areas in which DACCTE can improve and be more effective in carrying out its mission and purpose to recommend policies that the State should pursue to strengthen Career and Technical Education (CTE). The Special Committee met on August 8, 2018 and decided to focus on two topics/issues to pursue at this time. Those recommendations included the need to expand and enhance the new website with more informational items and the possibility of producing an annual report which would feature a summary of the school monitoring visits and related issues. The committee also suggested that a Communications Committee be formed to monitor and recommend suggestions/improvements to the DACCTE website.

3. DACCTE’s updated website can be found at daccte.delaware.gov.

16 See 29 Del. C. § 10202(c), JLOSC’s declaration of policy.
APPENDIX A

Title 14 Chapter 86: Delaware Advisory Council on Career and Technical Education

§ 8601. Purpose.

(a) It is the purpose of the General Assembly of the State, through this chapter, to establish and maintain the Delaware Advisory Council on Career and Technical Education (DACCTE). DACCTE is established to advise the Governor, General Assembly, Secretary of Education and the State Board of Education on all matters pertaining to career and technical education with emphasis on recommending policies and initiatives that should be pursued to strengthen and modernize the career and technical education delivery system.

(b) Further, it is the intent and purpose of the General Assembly to provide an objective agency to conduct evaluations, program reviews and serve as a clearinghouse for state and national information on career and technical education, so that citizens have access to the experience and judgment of lay and professional groups from the fields of employment and education in the formation of public policies.

§ 8602. Membership.

(a) Members of the Delaware Advisory Council on Career and Technical Education (DACCTE) shall be appointed by the Governor and shall serve at the Governor's pleasure. Such membership shall include:

1. A person or persons knowledgeable about the vocational needs and the problems of management and labor in the State;
2. A person or persons representative of industrial and economic development agencies;
3. A person or persons representative of institutions of higher education;
4. A person or persons representative of institutions which provide programs of career and technical education and training;
5. A person or persons knowledgeable about programs in technical and career education;
6. A person or persons representative of school boards;
7. A person or persons knowledgeable about students with special needs;
8. A person or persons representative of business and industry familiar with current and projected employment opportunities;
9. A person or persons representative of career and technical student organizations;
10. A person or persons representative of the Delaware National Guard; and
11. A person or persons representative of the general public, interest in public education.

(b) The Chairperson of DACCTE shall be a representative of the private sector and shall be selected by the members of the Council.
§ 8603. Duties and responsibilities.

The Advisory Council on Career and Technical Education shall:

1. Advise policymakers on the development of the State Plan for Career and Technical Education and any amendments to the State Plan.
2. Recommend policies that the State should pursue to strengthen career and technical education and related initiatives.
3. Evaluate career and technical education programs, services, activities and career initiatives throughout the State.
4. Provide technical assistance to local school districts, agencies and other organizations to enhance and improve the career and technical education delivery system.
5. Analyze and report on the distribution of funds for career and technical education and on the availability of career and technical education activities and services within the State.
6. Promote coordination, collaboration and effective partnerships among business, industry, labor, education and employment and training programs to help meet the economic needs of the State.
7. Disseminate relevant career information to teachers, counselors, students and the general public.
8. Schedule and conduct at least 4 regular meetings each year at which the public is given opportunity to express views concerning career and technical education. The time, place and manner of meeting shall be determined by the Council.

§ 8604 Acceptance of and compliance with federal and state legislation and regulations.

(a) The Delaware Advisory Council on Career and Technical Education shall comply with the provisions of the federal Carl D. Perkins Career and Technical Education Act of 2006 (Perkins IV) [20 U.S.C. § 2301 et seq.], and any subsequent reauthorization thereof, and subject to its requirements and any implementing regulations thereto, and any state laws or regulations related to career and technical education. As used in this title, "career and technical education" shall have the same meaning as "vocational-technical education."

(b) The State Treasurer shall be the fiscal agent for the Delaware Advisory Council on Career and Technical Education and shall make disbursements upon the order of the Council to carry out its functions.

§ 8605 Member reimbursement.

Members shall serve without pay and may be reimbursed for travel in connection with their responsibilities.

§ 8606 Staff.

The Council is authorized to obtain the services of such professional, technical and clerical personnel and to contract for such services as may be necessary to enable it to carry out the duties and responsibilities of this chapter.

APPENDIX C

Delaware Advisory Council on Career and Technical Education
(DACCTE)

ARTICLES OF ORGANIZATION

ARTICLE I

Purpose

The Delaware Advisory Council on Career and Technical Education is an agency of the State of Delaware. DACCTE was established to advise the Governor, General Assembly, Secretary of Education and the State Board of Education on all matters pertaining to career and technical education with emphasis on recommending policies and initiatives that should be pursued to strengthen and modernize the career and technical education delivery system in Delaware.

ARTICLE II

Membership

Members of the Delaware Advisory Council on Career and Technical Education shall be appointed by the Governor. Such membership shall include:

(1) A person or persons knowledgeable about the vocational needs and the problems of management and labor in the State;
(2) A person or persons representative of industrial and economic development agencies;
(3) A person or persons representative of institutions of higher education;
(4) A person or persons representative of institutions which provide programs of career and technical education and training;
(5) A person or persons knowledgeable about programs in technical and career education;
(6) A person or persons representative of school boards;
(7) A person or persons knowledgeable about students with special needs;
(8) A person or persons representative of business and industry familiar with current and projected employment opportunities;
(9) A person or persons representative of career and technical student organizations;
(10) A person or persons representative of the Delaware National Guard; and
(11) A person or persons representative of the general public-interest in public education.
Delaware Advisory Council on Career and Technical Education

ARTICLES OF ORGANIZATION

ARTICLE III

Officers

The officers of DACCTE shall include a Chairperson, Vice Chairperson and Secretary. The officers shall be selected by the membership. The Chairperson shall be a representative of the private sector.

ARTICLE IV

Duties and Responsibilities

The Advisory Council on Career and Technical Education shall comply with Title 14, Sections 8601-8606 of the Delaware Code and any subsequent legislation related thereto:

The Advisory Council on Career and Technical Education shall:

(1) Advise policymakers on the development of the State Plan for Career and Technical Education.

(2) Recommend policies that the State should pursue to strengthen career and technical education and related initiatives.

(3) Evaluate career and technical education programs, services, activities and career initiatives throughout the state.

(4) Provide technical assistance to local school districts, agencies and other organizations to enhance and improve the career and technical education delivery system.

(5) Analyze and report on the distribution of funds for career and technical education and on the availability of career and technical education activities and services within the state.

(6) Promote coordination, collaboration and effective partnerships among business, industry, labor, education and employment and training programs to help meet the economic needs of the state.

(7) Disseminate relevant career information to teachers, counselors, students and the general public.

(8) Schedule and conduct at least four regular meetings each year at which the public is given opportunity to express views concerning career and technical education. The time, place and manner of meeting shall be determined by the Council.
ARTICLES OF ORGANIZATION

ARTICLE V

Committees

DACCTE may establish a committee structure to assist in carrying out its duties and responsibilities. Committees may include a Steering Committee, Policy and Assessment Committee and a Projects and Activities Committee. Committees may be added or deleted based on need. Committee recommendations must be adopted by a majority of DACCTE members present at a regular DACCTE meeting.

Steering Committee: The Steering Committee shall work with council staff in establishing council priorities and planning council meetings. This committee shall be composed of the DACCTE Chairperson, Vice Chairperson, Secretary and two members selected by the Chairperson.

Policy and Assessment Committee: The Policy and Assessment Committee shall assess and recommend action on matters relating to legislation, state regulations, the state plan, program evaluations and equity issues. The Committee chairperson and committee members shall be appointed by the DACCTE Chairperson.

Project and Activities Committee: The Project and Activities Committee shall assess and recommend action on matters relating to publications, workshops and seminars, technical assistance issues, student organizations and the awards program. The Committee chairperson and committee members shall be appointed by the DACCTE Chairperson.

ARTICLE VI

Meetings

The Advisory Council on Career and Technical Education shall meet at least four times per year. All meetings shall be open to the general public. Other special meetings may be called by the Chairperson or by a majority of the members of DACCTE. A majority of the members present at a meeting shall constitute a quorum to transact business.

ARTICLE VII

Rules of Order

All meetings and activities where parliamentary procedure is involved shall be governed by Robert’s Rules of Order.

ARTICLE VIII

Amendments

Amendments may be adopted or rejected at any meeting by a majority of the total DACCTE membership.

Revised and Approved 10/10/2007

WILMINGTON, DELAWARE 19804
(302) 398 - 5929
FAX: (302) 908 - 4894

September 24, 2018

Mr. Michael Williams, Principal
Indian River High School
29772 Armory Road
Dagsboro, DE 19939

Dear Mr. Williams:

The Delaware Advisory Council on Career and Technical Education (DACCTE) is composed of individuals appointed by the Governor, who represent the private and public sectors of the state. The Council is charged through the Delaware State Code, with the responsibility to conduct evaluations, review programs, services and plans, and make policy recommendations to the Governor, General Assembly and State Board of Education on matters pertaining to career and technical education in the State. The goal of the Council is to advise these policymakers on initiatives that should be pursued to strengthen and enhance the career and technical education delivery system and to assist the state in providing quality programs and expanded opportunities for all citizens.

In order to meet these mandates, DACCTE is scheduling visits at selected schools and program sites to meet with administrators, department chairs and/or lead teachers about the Career and Technical Education (CTE) programs and services offered. We would like to schedule a visit to your school for Tuesday, October 23, 2018.

Enclosed is our visitation schedule to be completed and faxed back to our office prior to our visit. Please fill-in the department chair or lead teacher’s name and the time/location of each thirty minute meeting for the program areas listed. We will contact you within the next several days to confirm the date and starting time.

We appreciate your continued cooperation and support.

Sincerely,

Samuel E. Lathem
Chairman
SL/MAC/JSN

Enclosure
The visiting team can arrive by 10:00 a.m. or after and would appreciate your scheduling a thirty minute individual appointment in a central meeting location with the department chair or lead teacher for each of the programs listed below. Please also indicate the time/location for each appointment. The team will also appreciate a thirty-minute appointment with you, the school principal following the visits with the teachers. Thank you in advance for your assistance and cooperation in scheduling this visit.

RE: SCHOOL VISIT

As you may know, we have arranged with your principal to meet with you on Tuesday, October 23, 2018. A member from our Council, a career and technical education staff person from the Department of Education and a Council staff member will meet with you at that time.

Attached is a copy of our questionnaire that we would like you to review and complete prior to our visit, if possible. We will review these items with you during our visit. We’re very interested in your input on these issues and any others you wish to discuss.

Please feel free to contact me if you have any questions prior to the visit. We look forward to meeting with you.

DACCTE 2018 Awards Program

Dear High School Principal:

Each year the Delaware Advisory Council on Career and Technical Education (DACCTE) sponsors an Awards Program that recognizes groups and individuals who have made outstanding contributions to Career and Technical Education (CTE) in Delaware. This year we invite you and your staff to submit nominations in the following three (3) categories:

- A business, industry, agency, labor union or trade association working with your district
- An individual from the private, public or education sector associated with your district
- An outstanding career and technical education 12th grade student (one per high school)

A Nomination Form is enclosed for each award category. Please distribute copies to all appropriate CTE personnel and encourage them to make nominations. The forms must be completed and received in the Council office by Friday, March 09, 2018.

Each High School may nominate one outstanding CTE Student selected by you and your staff. The Council Awards Committee will choose one student from each county to receive the DACCTE Award. One statewide recipient will be selected from each of the Business and Individual categories for a DACCTE Award.

Upon receipt of your nomination form(s), we will contact each nominee and request him/her to submit additional documentation to be reviewed by the awards committee. Winners will be announced in May and honored at a public awards ceremony and reception in June, where they will be joined by their nominators and guests.

The awards committee looks forward to receiving nominations from your school.

Samuel E. Lathem
Chairman

#### Question 2

Please describe any particular areas of strength of the DACCTE workshop. What was the most significant take-away that you learned during the workshop?

- I was pleasantly surprised to see the amount of work with grants and new initiatives. The work study program and college and career readiness were especially outstanding.
- I enjoyed meeting the work based learning coordinator and learning about the future plans of work based learning.
- Ability to network across LEAs
- The open-ended aspect of feedback and dialogue between presenters and audience. Helps with increasing the capacity for a stronger workshop.
- New initiatives that will be untaken by the state concerning CTE.
- The networking with the other CTE educators and being able to see the information presented from the perspective of others.
- Learning about the pathways and my role in guiding teachers.
- I learned about new initiatives that will benefit CTE students by supporting their ability to be college ready in order to qualify for dual enrollment and articulated credits. I will now be able to share that information with other colleagues.
Question 3

What, if anything would you change about the DACCCTE workshop?

- Not much can be improved except that I wish more representatives were there from each district. This valuable information can only change programs if everyone knows what is available. I also wish that there was more available to middle school levels.

- It seemed like a lot of the information was still in it’s BETA stages - These are scheduled ahead of time but maybe...

- If we had more time I would like to attend all the workshops...(:

- Most people wanted to know the status of current CTE programs and how they will fit into the new CTE standards.

- Move the workshop from December to November. December is such a busy month.

Question 4

What follow-up assistance is needed from the CTE & STEM workgroup?

- Please keep us updated on the status of the programs that were presented. I know that the work study program DE pathways was supposed to launch in March. Please let us know when it is available.

- Concern: The state has implemented all these wonderful POS in CTE and provided great instructional support. So, Kudos for all the hard work. However, many of the courses in these pathways, particularly those that involve learning technical skills have unrealistic expectations when it comes to class size. I can only speak directly to allied health but there is no way that in a class of 25 (this is the suggested class size...my largest was 34) an instructor can accurately ensure that every technical skill is taught to a level of proficiency. There is not enough time to accomplish this task when I see my students for an hour and a half every day for 17 weeks. The VoTech schools that teach similar content have their 15-17 students for 3 hours. I had double the students and half the time. Then I am expected to send these students out to work based learning facilities and they have not been given the time necessary to learn their skills because as an instructor, I am rushing through the skills in an attempt to get them done and teach the next one. If the state wants to implement these skill-laden courses into their POSs then they must give realistic class-sizes. As an instructor, I would be very hesitant to send my students out to a work-based learning site with their present skill set. This large class size is putting both my reputation and the reputation of my students at risk.

- The Delaware Pathways model seems like a great idea. How do local businesses get on board with this? Concerns were brought up about some schools “stealing” business connections from others. Is that still a gray zone?

- Another workshop in the spring.

- None that I can think of at this time.
Question 5

Question 6

Please provide topics or areas of interest that you would like to have presented or discussed at the DACCTE workshops during the 2017-2018 school year.

- Work Study programs, College readiness program and how to start collaboration between high school and middle school levels.
- more on work based learning
- Additional feedback on College Readiness for CTE, especially with targeted discussion from DTCC or other secondary institutions on school data. In order to make improvements on curriculum or instruction, we need to know which students are enrolled in the programming for remediation.
- Developing new CTE programs and update or reconfiguring current programs.
- Future updates on new programs Updates on work based learning progress
APPENDIX H

December 9, 2003

For:  Senator David B. McBride, Chair
      Joint Sunset Committee

      Representative Stephanie A. Ulbrich, Vice-Chair
      Joint Sunset Committee

From:  Manera A. Constantine, Ed.D.
        Executive Director

Subject:  DACCVE Final Compliance Report

Enclosed is the final report from the Delaware Advisory Council on Career and Vocational Education (DACCVE) evidencing compliance with the recommendations specified in the June 2003 Final Report of the Joint Sunset Committee.

We appreciate your support during this review process. Please contact me at (302) 995-8592 if you have any questions or need additional data.

Cc:  Samuel E. Latham, Chairman DACCVE
     Lisa Schieffert, Sunset Analyst

Enclosure
2003 Joint Sunset Committee Recommendations

Recommendation #1: The ACCVE will recommend to each school district that completion of the Senior Project should be a requirement for all students enrolled in vocational technical high schools.

December Update: DACCVE contacted each vocational-technical school district. Sussex Tech and Polytech in Kent County require the completion of the Senior Project by students for graduation. New Castle County Vocational-Technical School District has this requirement for two of its three high schools. The Executive Director of DACCVE met with the new Superintendent on August 11, 2003 and discussed this issue. The third high school in the New Castle County District has implemented transition academies in the 9th and 10th grades. The academy approach will be phased in for all incoming classes mandating specific requirements, with the projected capstone activity being a Senior Project.

Recommendation #2: The ACCVE must follow the requirements of the Freedom of Information Act when posting public meeting notices. This includes advertising the meeting notice in two newspapers, and identifying the meeting place and agenda.

December Update: DACCVE began advertising its meeting notices in two newspapers namely, the News Journal and the Delaware State News in June 2003. DACCVE will continue this procedure in the future to comply with the Freedom of Information Act.

Recommendation #3: The ACCVE should post public meeting schedules on its website.

December Update: DACCVE has been posting its public meeting dates on its website since August 2001, including the meeting place and agenda. DACCVE will continue this procedure in the future.
Recommendation #4: The ACCVE must develop annual reports for distribution to the Joint Sunset Committee and the House and Senate Education Committees.

December Update: The Chairman convened a committee of Council members and staff in October that identified priority issues, topics and data related to vocational-technical education in Delaware to be included in DACCVE’s annual report. This report will be completed and distributed to the Joint Sunset Committee and the House and Senate Education Committees in June 2004.

Recommendation #5: Legislation updating 14 Del. C. §3603 to reflect that the ACCVE is not required to submit annual evaluation reports to the U.S. Commissioner of Education.

December Update: DACCVE staff provided input to the staff of Legislative Counsel regarding the updating of 14 Del. C §3603 subsection 3 recommending that it be deleted in its entirety, since it references the requirements of expired federal legislation.

NOTE: In the process of reviewing this recommendation, DACCVE has identified several additional areas in Chapter 86 of the Delaware Code that require “Code Cleaning” and updating of language, references to other legislation and typographical errors.

Given the number of areas that need minor modification, and in an effort to accomplish this update in the most efficient manner, we have contacted the Chairs of the Sunset Committee to seek their advice and counsel.
