ABOUT JLOSC AND THE REVIEW PROCESS
The Joint Legislative Oversight and Sunset Committee (“JLOSC” or “Committee”) is a bipartisan body comprised of 5 members of the Senate appointed by the President Pro Tempore and 5 members of the House of Representatives appointed by the Speaker of the House.

JLOSC completes periodic reviews of state supported entities such as agencies, commissions, and boards following statutory criteria under 29 Del. Code, Chapter 102. The review’s purpose is to determine the public need for the entity and whether the entity is effectively performing to meet the need. The goal of the review is to provide strength and support to entities that are providing a State recognized need.

JLOSC performs its duties with support provided by the Division of Research’s dedicated and nonpartisan staff. JLOSC staff completes a performance evaluation of the entity under review and submits a Staff Report to JLOSC which includes analysis, key findings, and recommendations. Recommendations are not finalized until reviewed, discussed, and adopted by JLOSC with an affirmative vote of 7 members. In February 2022, JLOSC staff will schedule an in person public hearing for each entity under review to present to the Committee. For additional review information, please visit the Committee’s website at https://legis.delaware.gov/Committee/Sunset.

ABOUT THIS SELF-REPORT
The JLOSC statute requires the entity under review to supply information and materials to facilitate a legislative oversight and sunset review. Additionally, the entity under review has the burden of showing, through the statutory review criteria, that there is a genuine public need and that the entity is meeting that need.

JLOSC staff supplies each entity under review with a Self-Report template and instructions. All questions appearing in this Self-Report are from the JLOSC staff created JLOSC Performance Review Questionnaire (“questionnaire”) and are the same for each entity under review. All questions appearing in the questionnaire use statutory review criteria. Throughout the questionnaire, the use of the broad term “board” refers to the entity under review, which may be a board, committee, commission, or council. The entity under review supplies review information by completing this Self-Report and is responsible for its contents and for forwarding all updates or corrections to JLOSC staff in a timely manner during the entire review period.

JLOSC staff will not edit or modify the information received in this Self-Report and only check for completeness and adherence to instructions. JLOSC members will receive completed Self-Reports and updates directly from their staff. The Committee’s website will include electronic copies of all Self-Reports and any updates received from entities under review.
SECTION 1: AGENCY HISTORY, PURPOSE, AND FUNCTIONS
Section 1-A. Please provide a summary of your board’s history. Highlight any key events.

The Council On Libraries (COL), first established in 1901 as the Delaware State Library Commission, achieved their 120th anniversary milestone during 2021 in the midst of the COVID-19 pandemic!

According to the Delaware Code, under the Department of State, Title 29, Section 8732, The Council on Libraries shall serve in an advisory capacity to the Department and shall consider matters relating to libraries and library standards throughout the State and such other matters as may be referred to it by the Governor, the Secretary of the Department or the General Assembly. The Council on Libraries may study, research, plan and make advisory recommendations to the Governor, the Secretary of the Department or the General Assembly on matters it deems appropriate to provide the best possible library service in Delaware.

COL is advisory to the Department of State / Delaware Division of Libraries (DDL), and the charge is to develop library services as they evolve:

CHAPTER 87. DEPARTMENT OF STATE § 8731 Division of Libraries.
(a) In addition to any other power granted or duties imposed under this title, the Division of Libraries shall exercise general direction and control over the furnishing of library services within this State. The Director of the Division shall be the State Librarian, who shall be a graduate of a school accredited by the American Library Association. The Division of Libraries shall have the following functions and duties:

(1) To provide information, resource materials and library services to state agencies, state and local governmental units and their subdivisions and, in the Department's discretion, to organizations in need of library services;
(2) To coordinate library services statewide in order to assure to every Delaware citizen free and equal access to services, resources and guidance in the use of such for lifelong learning, continuing self-educational, political, cultural, economic, recreational and intellectual enrichment;
(3) To receive, accept, administer and expend any money, materials or other aid granted, appropriated or otherwise provided by local, state or federal governments, or by any source, public or private, in accordance with the terms thereof, and for the purposes provided hereinafter;
(4) To foster the recruitment, development and maximum utilization of library personnel throughout the State;
(5) To encourage broad community participation in library development, program planning and the implementation of such plans;
(6) To establish and promote cooperation among all types of libraries (including but not limited to public, academic, school, and special) at all service levels;
(7) To ensure the State's compatibility to and reciprocity within an international information resources network;
(8) To administer the Statewide Delaware Library Network and the Statewide Delaware Library Consortium;
(9) To provide online access at each public library in state government to local, state, and federal documents and resources;
(10) To coordinate the provision of accessible library and information services for individuals with disabilities and to serve as the Delaware Regional Library for the Library of Congress Network of Libraries for the Blind and Physically Handicapped;
(11) To stimulate every Delaware library patron to fully utilize the State's cultural resource materials and technologies, and to maintain the individual's privacy, acceptable use, and right of access to those materials, and technologies;
(12) To offer resources which supplement and reinforce local libraries;
(13) To collect, compile, research, publish and disseminate information, including statistics, affecting the efficient operation of the State's library system;
(14) To recommend legislation to achieve meaningful statewide library development and use;
(15) To establish, interpret and administer standards of effective library services;
(16) To enter into contracts and agreements to provide or to obtain library services and materials; and
(17) To perform all other activities pertinent to the organizational function of library services.

(b) Every state agency shall provide the Department with access to electronic copies of all publications issued by such agencies for the purpose of making accessible to Delaware and other citizens resource materials published at the expense of the State.

The Delaware State Library Commission, now known as the Council On Libraries, was established in 1901. *Delaware Libraries 1901 to 2001: Celebrating 100 Years Serving Our Community* was published in honor of the centennial, highlighting the first 100 years of development of library services in Delaware. During the past 20 years (2001 to 2021), the Delaware Library Consortium was formed and a strong statewide library facility and technology infrastructure was established! The libraries and their partners continue to capitalize on this infrastructure with equitable services to ensure Delawareans and their communities achieve their full potential. The dream of Delaware libraries is to help our state become an even more vibrant and prosperous place where all dreams are realized.

The Council On Libraries’ *Guiding Principles* in advising DDL and carrying out their functions are:

- Ensure state-of-the-art library facilities and services
- Establish and implement overarching policies and guidelines and protect Intellectual Freedom
- Represent and anticipate the needs of the public
- Assure parity in representation among libraries across the state
  - Safeguard nonpartisan equity in support for libraries
  - Provide a Forum where libraries throughout the state have a common ground and equal voice to address concerns and ensure excellence in library service statewide
  - Act as arbitrator and adjudicate decisions that can’t be resolved in other levels
There are advantages and disadvantages of being a small state, and no single library ever can afford all the resources it needs to serve its community. Early this century Delaware libraries banded together to develop a single statewide catalog, sharing 2.5 million books and more for the benefit of Delawareans. A shared catalog enables collections with broader and deeper information, to support Delawareans’ brainpower! The Delaware Library Consortium was officially established in the Delaware Code under Governor Carney.

COL provides leadership and vision for this theme of unifying seamless collaboration, continuously expanded by DDL, and which benefits libraries in many ways to support equity, economy of scale savings, state-of-the-art technologies, and the best possible library services. Achieving and sustaining this united consortium of libraries requires ongoing negotiation among a potpourri of library governance. COL also represents the diversity of perspectives within the overarching collective vision for the good of all.

The Delaware Library Consortium statewide facilities ecosystem and technology infrastructure proved itself invaluable during the pandemic. One of the first emergency initiatives was installing wireless in library parking lots throughout the state, which enabled internet access for the public even while libraries, and all other public spaces, were closed. Other library “pandemic pivots” are featured in the FY2021 Annual Report. As the pandemic subsides, librarians serve as Second Responders and will be critical in recovery as well.

**Section 1-B. What are the main functions of this board? Does this board issue any advisory or policy opinions? If so, where can they be found?**

The main function of the Council On Libraries (COL) is advisory to the Delaware Division of Libraries (DDL). COL also advises the Secretary of State, the Governor, and the Legislature. The COL webpage is [https://libraries.delaware.gov/col](https://libraries.delaware.gov/col)

The roles and responsibilities of COL are advisory to DDL and include these primary areas:

- **Primary Legislative Directives / Main Functions (detailed below)**
  1. Library Standards / Library Service Areas  
  2. Library Construction  
  3. Federal Library Services & Technology Act (LSTA)  
  4. Delaware Library Consortium / Library Technologies  
  5. Intellectual Freedom

  1. **Library Standards Formula / Library Service Area (Title 29, Section 6602 Contracting for Library Services)** – COL reviews and approves the annual Library Standards allocations to public libraries. COL is responsible for establishing Library Service Areas, which will be under review once the new 2020 Census population numbers are released.

  2. **Library Construction (Title 29, Section 6604A Library Construction, Review of Proposals)** – COL annually reviews Library Construction applications and makes Recommendations and Prioritizations to DOS. COL review ensures library capacity to operate the facility and services, to raise the required match, and is one way of ensuring equity among the counties for library services.

  3. **Delaware Library Consortium / Library Technologies (Title 29, Section 6601B Delaware Public Library Technology Assistance Act)** – COL ensures consistent and equitable...
services statewide and is noted as an arbiter among unique member types (public, academic, school, and special libraries) in the Delaware Library Consortium. To date negotiations have been amicable. This act should be updated to be in alignment with the establishment of the Delaware Library Consortium (Title 29, 8731(8))

Grants to States Manual | Institute of Museum and Library Services (imls.gov)
Under the Grants to States program, the LSTA authorizes the Director of the Institute of Museum and Library Services (IMLS) to provide funds to a State Library Administrative Agency (SLAA). 20 U.S.C. § 9133(a). The statute defines an SLAA as “the official agency of a State charged by the law of the State with the extension and development of public library services throughout the State.” 20 U.S.C. § 9122(4). Each State must certify that its designated SLAA has the fiscal and legal authority and capacity to administer all aspects of the LSTA. 20 U.S.C. § 9122(5). In addition, each State must identify the State’s library needs, describe activities to be supported with the assistance of Federal funds, and assure IMLS that the State will establish policies, priorities, criteria and procedures to implement the LSTA Grants to States program. Id.

To assist it in carrying out the LSTA program, each State may establish a State advisory council that is broadly representative of the library entities in the State, including public, tribal, school, academic, special, and institutional libraries, and libraries serving people of diverse geographic, cultural, and socioeconomic backgrounds, individuals with disabilities, residents of rural and urban areas, Native Americans, military families, veterans, and caregivers. 20 U.S.C. § 9151.

Also in the Grants to States manual, under the “Five Year Plan and Evaluation” section, is the 2023-2027 Five Year Plan Guidelines. Pages 5 and 6 discuss stakeholder involvement and communication/public availability requirements.

5. Intellectual Freedom
DE CIPA (Children’s Internet Protection Act) Title 29, Chapter 66C, Internet Acceptable Use Policy (AUP) https://lib.de.us/files/2015/12/DLCAcceptableUse.pdf

Section 1-C. What condition(s), situation(s), and/or problem(s) existed prior to the creation of this board that directly led to its creation? Please provide specific examples.

The Delaware State Library Commission, now known as the Council On Libraries, was established in 1901. Delaware Libraries 1901 to 2001: Celebrating 100 Years Serving Our
Community was published in honor of the centennial, highlighting the first 100 years of development of library services in Delaware. Libraries are a legacy organization, and support achievement and heritage in every stage of life and across generations.

Public libraries are, fundamentally, about equity. Public libraries ensure that everyone has access to information regardless of economic circumstances. Public libraries are societies’ great equalizers, between the haves and have nots, so that all may be informed. The ongoing role of the Council On Libraries is to ensure libraries continue the collaboration and bold progress for generations, and centuries, to come.

When libraries were first formed, information was contained in books; books is the format for which libraries are best known. Literacy is still today a foundational equity issue that libraries support. As information formats evolve, libraries continuously evolve to support the public’s use of continuously evolving information for education, health, work, and throughout life.

Today the challenges of ensuring equity, overcoming misinformation, and protecting democracy are more critical now than ever --

- Libraries are essential in a democracy to ensure that residents have equal access to information they need to form sound opinions and make informed decisions about their government
- Libraries provide materials and programs to improve literacy, educational achievement, healthy living, and lifelong learning
- Libraries provide materials and programs to support individuals and communities in achieving their full potential

Section 1-D. To what extent has the existence and functioning of this board alleviated each of these condition(s), situation(s), and/or problem(s)? Please provide specific examples.

In Delaware, equity is not solved. Library staff see an increase in the diverse needs on the frontline each time there is a crisis or downturn in the economy.

Libraries and library systems continue to evolve, and the Council On Libraries unifies decision-making, ensuring quality business practices across the state. Progress has been made in library development, particularly for public libraries, over the past 120 years, and more is possible today. A next step is capitalizing on the statewide library infrastructure with partner organizations to provide holistic services to get to the solutions and impact needed. The next frontier is to develop more seamless and holistic services across all types of libraries.

Public libraries are:
- Driven by a cadre of 500 professional librarians and library staff
- Designed for state-of-the-art community services
- Located strategically within approximately 7 miles of every Delawarean
- Providers of standardized technology with fast and reliable internet access
- Partners with hundreds of organizations for community services
Section 1-E. Would the condition(s), situation(s), and/or problem(s) described in question “1-C” above recur or worsen, in the absence of the board?

Yes, COL plays a critical role in Delaware to ensure parity for libraries and equity and quality for Delawareans. Parity for libraries must be sustained to support libraries’ work on equity.

Section 1-F. Are there any recent condition(s), situation(s), and/or problem(s) that further justify the need for the board’s existence?

Yes, COL will continue to support parity among libraries as they serve Delaware’s equity work.

COL will advise on current conditions, situations, and problems including:

• Libraries’ Second Responder role, providing services to help individuals and communities to recover from the pandemic and future crises and challenges.

• COL will be reviewing Library Service Areas to address the new Census population numbers. The Library Service Areas and population numbers are used in the formula to distribute Library Standards funding.

• COL is advisory to the new Delaware Communities of Excellence Collaborative, a national Baldrige and collective impact initiative with Delaware Libraries as the backbone and initially focused on Equity through Literacy. Key charter partners include Literacy Delaware and the Sussex County Health Coalition. DNREC is involved with interest in Environmental Literacy. Digital Literacy, Financial Literacy, Health Literacy, and other literacies will also be addressed. Kids Count is preparing a report regarding a proposed Literacy Dashboard.

• COL will advise and be involved in solutions for the lack of coordination and opportunity for improvement of library services across state departments (such as Department of Education school libraries, Department of Correction, additional academic libraries). The next frontier is to develop more seamless and holistic services across all types of libraries.

Example: Delaware public libraries have made great strides in the past 120 years. However, Delaware school libraries have been in crisis for decades and they continue to decline. DOS funded the Delaware School Libraries Master Plan in 2016 that contains 10 recommendations for improving school libraries. Although it’s obvious to librarians, it seems not so obvious to others that the condition of school libraries has negatively impacted the educational Reading Scores to date. Delaware is not effectively raising readers, however this situation can be solved with authority and support!

As librarians see a need, they present it to COL. COL reviews, questions, and provides an impartial assessment of the need from the public perspective. COL also raises issues for consideration by the library community. If COL endorses the need, COL’s role is to support the Delaware library community in bringing it to fruition. COL facilitates the conversation between the professionals, the public, state government, and more.
Section 1-G. Are there any functions of this board that are outdated and no longer needed? If so, please explain and provide examples.

No, however there are areas of the Delaware Code that need to be updated.

- Update Delaware Code Public Library Technology Assistance Act, 29 Del. C. Ch. 66B, to reflect the Delaware Library Consortium.
- Update and move library references under Department of Education to Department of State

SECTION 2: MISSION, GOALS, OBJECTIVES, & AUTHORITY

Section 2-A. What is the mission of this board? Does the enabling legislation accurately reflect the mission?

According to Title 29, Section 8732 of the Delaware Code, under the Department of State, The Council on Libraries shall serve in an advisory capacity to the Department and shall consider matters relating to libraries and library standards throughout the State and such other matters as may be referred to it by the Governor, the Secretary of the Department or the General Assembly. The Council on Libraries may study, research, plan and make advisory recommendations to the Governor, the Secretary of the Department or the General Assembly on matters it deems appropriate to provide the best possible library service in Delaware.

COL believes that the mission in the legislation is sufficiently broad and reflects the mission in general. COL would also appreciate receiving recommendations for their consideration.

Section 2-B. Please identify and explain the board’s goals and objectives, in order of priority.

The primary goals and objectives of COL are ensuring parity for libraries and equity and quality for Delawareans. The shared strategic objectives of Delaware libraries are included in the LSTA Strategy Map, currently under review for the LSTA 5 Year Evaluation and Planning. A priority is for the progress in unified collaboration to continue while addressing changes in the environment due to COVID, etc.

The roles and responsibilities of COL are advisory to DDL and include these primary areas:

Primary Legislative Directives / Main Functions (detailed above)
- Library Standards / Library Service Areas
- Library Construction
- Federal Library Services & Technology Act (LSTA)
- Delaware Library Consortium / Library Technologies
- Intellectual Freedom

Section 2-C. Please describe the internal performance evaluation system that the board uses to measure the attainment of its goals and objectives.

DDL, COL, and the library community use the required federal 5 Year LSTA Evaluation and Planning processes to encompass all of library development planning and evaluation. The evaluations are conducted by external consultants and include input from the public and the library community.
Section 2-D. Does the board collect any data sets? If so, please identify and explain.

COL uses library data which is collected and managed by DDL. Several library data sets are included in Open Data Delaware and Kids Count repositories, as well as the federal IMLS.gov. Shared data is used to make collective decisions. More expertise and support for data analysis would be helpful.

Section 2-E. Does the board conduct any research? If so, please explain and provide the location of research reports (if produced).

DDL conducts or arranges for research as needed or requested. Discussions with COL for vital feedback occur throughout the process. Reports are posted on the Planning for the Future section on DDL’s website https://libraries.delaware.gov/planning-future/

Examples:
• The most recent report was conducted by the Institute for Public Administration at the University of Delaware, *Mapping Delawarean’s Basic Needs: Asset Mapping Shows Need and Opportunity for Streamlined Service Provision*, June 2020.

• The current research project underway is conducted by Kids Count at the University of Delaware for the Delaware Communities of Excellence Collaborative. Kids Count is developing a white paper on a proposed Literacy Dashboard to support collective impact among organizations that are supporting early literacy. The initial dashboard will be expanded to include the entire literacy continuum from birth to adult.

• The UD Institute for Public Administration also conducted the Delaware School Libraries Master Plan which was presented to DOE in 2016. No action has been taken on the recommendations to date.

Section 2-F. Has the State Auditor or any other external organization recently audited and/or evaluated the board or any of its programs? Please identify some of the major conclusions and/or recommendations. Provide links to all reports.

N/A

Section 2-G. In general, how do other states carry out similar functions?

Other states have similar functions. Some boards are governing and some are advisory to the State Library Agency (SLA). All states are required to have an SLA in order to receive federal LSTA funding, with an advisory board of stakeholders to be involved in planning and development.

Section 2-H. Are your board’s functions similar or overlapping of other state or federal entities? If so, discuss how the board coordinates its services with other state or federal entities sharing similar objectives. Please explain why the functions are best placed within this board or why you feel they should be placed elsewhere.

COL plays a critical role within the Delaware library community. The four statewide entities that oversee and/or advocate for libraries include:
• COL – provides leadership for advisory, policy, funding, and service recommendations and ensures equity in library services statewide
• Delaware Division of Libraries – provides oversite for trends in library development
• Delaware Library Association – is the professional organization for library staff
• Friends of Delaware Libraries – advocates for libraries

All four entities provide an essential perspective that enables libraries to evolve effectively on behalf of Delawerians.

SECTION 3: ACCOMPLISHMENTS
Section 3-A. List and briefly explain the board’s most significant accomplishments.

Libraries and library systems continue to evolve, and the Council On Libraries unifies decision-making, ensuring quality business practices across the state. Here are highlights from the past 20 years:

• The COL Statewide Master Plan for Library Services & Construction gave Delaware a roadmap for public library construction. The Master Plan identified in general systematic terms how many libraries Delaware should have, where they should be located, and how large they should be within a Tier of library sizes. Library square footage more than doubled toward the goal of 1SF per capita, and facilities were updated to support maker and other technologies. Most recently, Delaware is first in the nation to develop plans for Outdoor Library Spaces, in response to COVID.
• The Delaware Library Consortium was established with COL support, including the Delaware Library Network for internet access, the Delaware Library Catalog, universal library card, statewide transit, shared library program calendar, shared online databases and eMedia collection, the public library PC Replacement program, statewide library data collection, and so on.
• The annual Summer Library Reading Program, now in its 43rd year, is the longest running statewide summer library reading program in the nation. The newest program for preschoolers is Dolly Parton’s Imagination Library; all Delawareans under age 5 are eligible.
• The Ada Leigh Soles Librarian Archivist Scholarship Loan Program was expanded from Master’s Degrees in Library Science to include the on-ramp through Bachelor’s degrees as well as beyond, to Doctoral degrees. The Scholarship Loan program enables Delaware to “grow our own” library professionals.

SECTION 4: CHALLENGES
Section 4-A. List and briefly explain 3 to 4 challenges the board is currently facing.

As noted earlier, COL will advise on current conditions, situations, and problems including:

• Libraries’ Second Responder role, providing services to help individuals and communities to recover from the pandemic and future crises and challenges.
• COL will be reviewing Library Service Areas to address the new Census population numbers. The Library Service Areas and population numbers are used in the formula to distribute Library Standards funding.
• COL will advise and be involved in solutions for the lack of coordination and opportunity for improvement of library services across state departments (such as Department of Education school libraries, Department of Correction, additional academic libraries). The next frontier is to develop more seamless and holistic services across all types of libraries.
Example: Delaware public libraries have made great strides in the past 120 years. However, Delaware school libraries have been in crisis for decades and they continue to decline. DOS funded the Delaware School Libraries Master Plan in 2016 that contains 10 recommendations for improving school libraries. Although it’s obvious to librarians, it seems not so obvious to others that the condition of school libraries has negatively impacted the educational Reading Scores to date. Delaware is not effectively raising readers, however this situation can be solved with authority and support!

SECTION 5: OPPORTUNITIES FOR IMPROVEMENT
Section 5-A. List and briefly explain several opportunities for improvements. Please prioritize.

In recent years, the Office of Boards & Commissions approached DDL/COL about changes to authorization regarding board membership, which should be revisited. For county representation, COL would like the County Librarians to be listed as COL members, and would like equal representation by county.

COL would appreciate expert assistance with updates to the Delaware Code, to achieve consensus in updating library references under Department of Education and moving them under DOS.

Section 5-B. In the past 5 years, have you recommended any changes to the Legislature, Governor’s Office, or other State entity to improve the board’s operations? If so, please explain and provide the outcome or current status?

Discussion with the Office of Boards & Commissions about changes to authorization regarding board membership, currently on hold.

SECTION 6: COMPOSITION & STAFFING
Membership:
Section 6-A. How is board membership defined? Please explain and provide the section(s). Examples include statute, regulations, or by-laws.

No member shall be appointed for more than 2 consecutive terms. The Chairperson of the Council shall be chosen by the members of the Council from among its members and shall serve in that capacity for a term of 1 year and shall be eligible for reelection.
Section 6-B. Are there special qualifications for board membership?

See section 6-A

Section 6-E. How many members currently serve on this board? Are there any vacancies? If so, indicate the length of time each vacancy has existed and the reasons why. Has the board or support staff advised the Governor’s Office or appointing authority of the vacancies?

Currently 9 members serve on COL and there are 4 Governor vacancies which need to be filled. The Boards & Commissions Office met with COL in 2018 to recommend changes to the appointments; COL was not in favor of all of the recommendations.
Met with Lori James, Director of Boards and Commissions 7/7/2021, who will discuss with JLOSC

Section 6-F. Can this board create subcommittees or task forces? If “yes” please address the following questions:

1. Describe the process and site the board document (statute, regulations, or by-laws) that permits this.

   COL creates temporary subcommittees under Roberts Rules of Order. The most recent subcommittee was reviewing Delaware Code to update and move outdated items that are listed under Department of Education to DOS. Consensus has not been reached on all of the updates.

2. Provide a brief history on how many have been created in the past 5 years, and indicate where meeting documents can be found.

   The most recent subcommittee was reviewing Delaware Code to update and move outdated items that are listed under Department of Education to DOS. Consensus has not been reached on all of the updates.
   A draft document was distributed for input, documents are not posted for general public review and input until a consensus draft is reached.

3. If final reports were issued, please provide their location.

   n/a
4. If there are current subcommittees or task forces currently meeting and conducting business; include information on membership, duties, and where meeting documents can be found.

The current subcommittee is drafting the Self-Report for Overview and Sunset Review, and consists of COL members who are available to attend, DDL staff, and Kevin Swed, Appoquinimink Library Manager. Draft documents are posted at https://guides.lib.de.us/col

Section 6-G. Include a current membership roster with this Self-Report. This is a separate request from the list of supporting documents included in the Self-Report instructions. This current membership roster must indicate the following for each member:
