JLOSC Final Report 2021

Summary of work completed, 151st General Assembly, Session 1

Holdover Reports and Recommendations

In 2020, the COVID-19 pandemic shortened the public meeting schedule and work of Joint Legislative Oversight and Sunset Committee (“JLOSC” or “Committee”) during the 2nd legislative session of the 150th General Assembly. As a result, the 2019 and 2020 reviews were left in various stages of review completion. In 2021, JLOSC held public presentations for the remaining two 2020 review entities and a holdover meeting for the Division for the Visually Impaired (“DVI”), a 2019 review entity. DVI was the only 2019 review entity to report back to the Committee in February 2020 and February 2021. The remaining 2019 entities were held over to 2021 due to needed legislation delayed by the COVID-19 pandemic. In 2021, the Committee held a total of 13 meetings and adopted a total of 39 recommendations for 2020 review entities.

Legislation

In 2021, JLOSC embarked on an ambitious legislative effort. The COVID-19 pandemic stalled the legislative process in 2020 and the work carried over into 2021, resulting in the largest number of recommended bills in the Committee’s history. This session JLOSC reviewed and approved 9 draft bills, with 5 completing the legislative process. Because legislation stemming from reviews often requires collaboration between the entity under review and Committee staff, additional legislation is planned for 2022 with the intention of drafting at least 11 more bills in conjunction with the 2019 and 2020 reviews.

2022 Reviews

During the fall of 2021, JLOSC staff reviewed and revamped the process of completing reports and research for the Committee. JLOSC staff presented improvements to the Committee during its January 25, 2021 orientation meeting. Staff requested that the Committee expand review selections from 4 to 7 entities for 2022 since the streamlined processes would allow staff to undertake additional review work. Staff prepared a list of entities never reviewed by JLOSC and the Committee selected the following 7 entities for 2022 sunset and legislative oversight review:

- Advisory Council on Pedestrian Awareness and Walkability (DelDOT).
- Medical Marijuana Act Oversight Committee (DHSS).
- Governor’s Commission on Community and Volunteer Service (DHSS).
- Water Infrastructure Advisory Council (DNREC).
- Technology Investment Council (DTI).
- Family Law Commission (LEG).
- Council on Libraries (DOS).

JLOSC also selected the following 2 entities for a more focused and preliminary review to determine current operating status:

- Delaware Motion Picture and Television Development Commission (DOS).
- Interagency Council on Adult Literacy (DOE).

A Note About This Report

The Committee approved this final report on June 22, 2021. The following pages summarize the work of the Committee during the first session of the 151st General Assembly, including all applicable recommendations and updated information from entities held over from 2019 and 2020. The Committee's website provides full reports and additional information.

Due to the COVID-19 pandemic and state of emergency, the General Assembly announced the postponement of its legislative session and closed Legislative Hall to the public amid the spread of COVID-19 in March 2020. Prior to the closure of Legislative Hall, JLOSC held meetings in February and March 2020 for entities held over from 2019 and public presentation hearings for 2 of the 4 entities under 2020 review. The JLOSC chairs issued a statement on May 22, 2020, explaining that the 2020 review process would continue in 2021 and that all entities under review were considered held over.

Due to the shortened JLOSC review cycle and modified legislative session, review work continued for 2020 review entities and the Committee did not select additional entities for review in 2021.

About the Committee

Delaware's Legislative Oversight and Sunset Law, enacted in 1979 in Chapter 102 of Title 29, provides for the periodic legislative review of state agencies, boards, councils, and commissions. The purpose of review is to determine if there is a public need for an entity and, if so, to determine if it is effectively performing to meet that need. Generally, the Committee will not review an entity more than once every six years.

The Joint Legislative Oversight and Sunset Committee is responsible for guiding the review process. The Committee is a bipartisan committee comprised of ten legislators. The Senate President Pro Tempore appoints five senators and the Speaker of the House appoints five representatives to serve on the Committee.

In general, the conduction of reviews spans a ten- to twelve-month time period commencing in July. The Committee's analysts compile a comprehensive review of each entity, based on the responses each entity provides on a questionnaire designed to meet statutory criteria, and then prepares a preliminary report for the use of committee members during public hearings held each year. The entity under review has the burden of showing that there is a genuine public need and that the entity is meeting that need. Public hearings serve as a critical component of the review process because they provide an opportunity for JLOSC to assess and question the entity under review regarding public need and performance.

At the conclusion of a review, JLOSC may recommend the continuance, consolidation, reorganization, transfer, or termination (sunset) of an entity. Although the Committee has "sunset" a small number of entities since its first reviews in 1980, the more common approach has been for the Committee to work with an entity under review to formalize specific statutory and non-statutory recommendations with an end goal of improving the entity's overall performance and accountability.

- Senate Bill 129: Council on Corrections – Provide Staffing Support under Criminal Justice Council.
 - Released from the House Sunset Committee on June 15, 2021.

Legislation Introduced

- Senate Bill 118: DE Health Information Network – Long-term Care Facilities.
 - Requires a fiscal note, process will not complete by June 30, 2021.
- Senate Bill 119: DE Health Information Network – Dental Insurers.
 - Requires fiscal note research, process will not complete by June 30, 2021.
- Senate Bill 121: DE Health Information Network – Dept. of Corrections.
 - Requires a fiscal note, process will not complete by June 30, 2021.
- Senate Bill 130: DE Interscholastic Athletic Association – Out of Season Coaching.
 - After SB 130 was released, misinformation was published regarding the bill’s policy and legislative process. A detailed history of SB 130 is provided for clarification:
 - March 23, 2021: JLOSC DIAA recommendations meeting; DIAA explained historical issues with out of season coaching efforts and expressed interest in legislation to enable a public school coach to coach their returning students out of season on a team with a private organization for pay.
 - March 30, 2021: JLOSC staff attended a meeting of DIAA’s Rules and Regulations Committee, where proposed regulations were reviewed and approved for full Board consideration. Among the sections removed by the Committee was 6.9.3. Removing the language would allow out of season coaching returning student athletes for pay.
 - April 8, 2021: JLOSC staff attended a meeting of the DIAA Board, where section 6.9.3 was added back into the proposed regulations, due to the statutory limitations that PIC noted in its opinions and the inequity it would create between public and private school coaches.
 - April 29, 2021: JLOSC’s legislative attorney drafted a bill which was sent to DIAA for review.
 - May 4, 2021: Draft bill presented to JLOSC at its third DIAA recommendations meeting; additional revisions requested.
 - May 6, 2021: JLOSC reviewed revised bill, which included revisions DIAA requested, and voted to release legislation. Bill released and numbered Senate Bill No. 130.
 - May 10, 2021: Introduced and assigned to Senate Legislative Oversight & Sunset Committee.
 - May 13, 2021: JLOSC staff emailed a copy of the legislation to the Public Integrity Commission’s (“PIC”) legal counsel, Deborah Moreau.

- May 13, 2021: Senate Legislative Oversight and Sunset Committee Meeting noticed; agenda posted included SB 130. This date appears on the General Assembly website and cannot be modified.
- May 14, 2021: Senate Legislative Oversight and Sunset Committee meeting agenda amended to include an unrelated bill; SB 130 remained on the agenda.
- May 18, 2021: Senate Legislative Oversight and Sunset Committee meeting held at 10:00am.
- May 19, 2021: Reported out of Senate Legislative Oversight & Sunset Committee with 3 on its merits.
- May 21, 2021: PIC emailed statement regarding SB 130 to the entire General Assembly, incorrectly stating the May 18 Senate committee meeting notice and agenda were not posted on the General Assembly's website until one hour prior to the meeting.
- June 9, 2021: Opinion piece written by PIC Chair Andrew T. Manus is published by the News Journal, again incorrectly stating the May 18 Senate committee meeting notice and agenda were not posted on the General Assembly's website until one hour prior to the meeting.
- Based on advice provided by DIAA's state-appointed Deputy Attorney General and PIC's legal counsel at DIAA's June 10, 2021, meeting, the DIAA Board adopted a position that SB 130 was not necessary in developing out of season coaching requirements. Additionally, PIC and the DIAA Board will work collaboratively to address the issue of out of season coaching returning student athletes. It is unclear if the regulations will address the pay restriction, which was the intent behind SB 130. DIAA will present a resolution to JLOSC in January 2022.

The following is a summary of legislation planned for JLOSC review in 2022.

- **Advisory Council on Pedestrian Awareness and Walkability (DelDOT).**
- **Medical Marijuana Act Oversight Committee (DHSS).**
- **Governor’s Commission on Community and Volunteer Service (DHSS).**
- **Water Infrastructure Advisory Council (DNREC).**

In addition, JLOSC selected the following 2 entities for a more focused and preliminary review on determining current operating status:

- **Delaware Motion Picture and Television Development Commission (DOS).**
- **Interagency Council on Adult Literacy (DOE).**

Overview of 2022 Review Process

JLOSC staff noticed all 2022 entities for legislative oversight and sunset review (“full review”) on June 11, 2021. Entities will submit a completed Self-Report by August 18, 2021. This will be the first presentation to JLOSC regarding the entity’s purpose, mission, and performance. JLOSC staff will review for completeness and compliance with instructions. JLOSC staff will not edit received Self-Reports and entities under review are responsible for report contents. Committee staff will send completed Self-Reports to JLOSC members and post copies on the Committee’s website for the public.

The Self-Report is new to the 2022 review cycle and contains JLOSC performance review questionnaire contents carried over from the prior reviews. Completed Self-Reports should look like the Draft Reports for prior reviews found on the Committee’s website. The implementation of the Self-Report is a process enhancement developed and implemented by JLOSC staff to streamline the review process.

JLOSC staff will complete a performance evaluation of each entity under full review and prepare a Staff Findings and Recommendations Report (“Staff Report”). This report will include key findings, conclusions, and recommendations for JLOSC consideration. Recommendations are not finalized until reviewed, discussed, and adopted by JLOSC with an affirmative vote of 7 members.

Each entity under full review will receive a draft copy of the Staff Report and will submit a written response. The Committee will receive the Staff Report with each entity’s response included. After the Committee receives a draft copy, it will be published online for the public. In February 2022, JLOSC staff will schedule an in person public hearing for each entity under review to present to the Committee. The public is encouraged to contact JLOSC staff at sunset@delaware.gov will comments concerning any entity under review.

RECOMMENDATIONS

April 27, 2021 JLOSC Adopted Recommendations HRB

Joint Legislative Oversight
& Sunset Committee

Recommendation #1, Option 1 – continue HRB

After review and analysis, JLOSC staff recommends option 1, continue the Delaware Health Resources Board, subject to any further recommendations that JLOSC adopts.

Continue or Terminate (standard JLOSC recommendation)

Option 1: The Delaware Health Resources Board shall continue, subject to any further recommendations that JLOSC adopts.

- OR -

Option 2: The Delaware Health Resources Board is terminated, and the Committee will sponsor legislation to implement this recommendation.

4/27/2021 Update: Recommendation #1, Option 1 adopted by JLOSC.

Recommendation #2 – Restructure HRB to Advisory Capacity

Restructure the Health Resources Board as an advisory board assisting the applicable department charged with review of Certificate of Public Review applications.

Under this recommendation, JLOSC will sponsor legislation restructuring HRB to an advisory capacity. JLOSC staff recognizes this would be a large change and note that an advisory HRB may fit better in another department within DHSS such as the Office of Health Facilities Licensing and Certification. To draft the required legislation, JLOSC staff would work closely with HRB and DHSS staff to ensure proper composition and placement. Any draft legislation formed from the adoption of this recommendation would be presented to JLOSC for review, discussion, and approval.

4/27/2021 Update: Recommendation #2 adopted by JLOSC.

Recommendation #3 – Statute Revisions

JLOSC should consider sponsoring a bill to apply technical corrections to the governing statute of HRB, Chapter 93, Title 16, and using this review as a guide, applying revisions to sections covering topics such as:

- Board composition.
- Quorum requirements.
- Activities subject to review.¹
- Procedures for review.
- Review considerations.
- Charity Care.

JLOSC and HRB administrative staff will work together to develop statutory revisions. JLOSC staff will engage stakeholders as necessary.

4/27/2021 Update: Recommendation #3 adopted by JLOSC.

¹ Includes revision under 16 Del. C. § 9304 (1) adopted by JLOSC in recommendation 6 from previous 2012 review.

Revised Recommendation #4 – Utilization Survey, Utilization Survey Form Requirements.

JLOSC should consider sponsoring a bill to require HRB to collect utilization information from approved projects on an annual basis to build and maintain utilization statistics. HRB will work with the Office of Health Facilities Licensing and Certification (OHFLC) to collect annual utilization information. HRB will compile a summary and make it available to the public on their website.

Other states have similar requirements for the purpose of maintaining accurate utilization statistics to review CON applications. HRB currently requires former CPR applicants to submit annual charity care reports. Utilization information is just as important to the CPR process as charity care reporting. All applicants that receive approval through the CPR process with HRB must then go through licensing and certification with OHFLC to meet state and federal facility requirements such as Facility Guidelines Institute (“FGI”) standards. OHFLC currently requires utilization information from their licensees. To avoid process duplication, HRB could work with OHFLC to obtain this information.

4/27/2021 Update: Revised Recommendation #4 adopted by JLOSC.

Revised Recommendation #4, Option 1 – Conducting a State-wide Health Care Facility Utilization and Cost Study.

Using annual utilization information in Recommendation #4, HRB will conduct or contract a state-wide health care facility utilization study every 5 years. To avoid process duplication, HRB will work with appropriate stakeholders and OHFLC. The study will be published on the board’s website and a copy sent to the General Assembly and Division of Research Librarian. Such study will include an assessment of:

- Current cost, availability, and utilization of acute hospital care.
- Hospital emergency care.
- Specialty hospital care.
- Outpatient surgical care.
- Primary care and clinic care; geographic areas and subpopulations that may be underserved or have reduced access to specific types of health care services.
- Other factors that the agency deems pertinent to health care facility utilization.
- Unmet needs of persons at risk and vulnerable populations as determined by the executive director.
- Projection of future demand for health care services and the impact that technology may have on the demand, capacity or need for such services, and recommendations for the expansion, reduction or modification of health care facilities or services.

4/27/2021 Update: Revised Recommendation #4, Option 1 adopted by JLOSC.

Revised Recommendation #5 – Release from Review.

HRB is held over and shall report to the Committee in January 2022 and shall submit progress reporting to JLOSC staff regarding the progress and implementation of all adopted recommendations on the following schedule: ²

- Progress Report #1 – September 1, 2021
- Progress Report #2 – December 1, 2021

4/27/2021 Update: Revised Recommendation #5 adopted by JLOSC.

² JLOSC staff will contact HRB administrative staff with a report template and guidelines no later than June 30, 2021.

Adopted Recommendation 3: Out-of-Season Coaching

JLOSC will sponsor legislation amending Chapter 3, Title 14 clarifying that interscholastic coaches who privately coach out-of-season are not in violation of the State Employees', Officers', and Officials' Code of Conduct so long as the criteria DIAA promulgates through regulations are met.

- ~~a. A coach will neither require nor coerce a DIAA student athlete to participate in any out-of-season activities.~~
- ~~b. A DIAA student athlete will not be rewarded or penalized in any way due to their participation or nonparticipation in out-of-season activities.~~
- ~~c. A coach's DIAA student athletes will not constitute more than 50% of said coach's out-of-season team or program.~~

MEMORANDUM

TO: The Joint Legislative Oversight and Sunset Committee
FROM: Mark Brainard Jr. & Amanda McAtee, JLOSC Analysts
DATE: April 16, 2021
RE: Response to DNHRQAC Letter Sent April 15, 2021

The Joint Legislative Oversight and Sunset Committee (“JLOSC” or “Committee”) directs staff to prepare a draft report and conduct a performance evaluation of the entity under review. JLOSC staff completed both items during the review of DNHRQAC. As referenced in the Commission’s [April 15, 2021 letter](#), the COVID-19 pandemic did extend the review process by postponing meetings to 2021. This occurred with the other 2020 reviews as well. DNHRQAC’s public presentation to JLOSC, originally scheduled for [March 17, 2020](#), was postponed and held on February 16, 2021. This schedule was not “rushed” and, unlike 2 other entities under review, allowed DNHRQAC an additional 11 months to prepare its JLOSC presentation. Additionally, all entities under 2020 review, including DNHRQAC, were required to submit holdover reporting directly to JLOSC staff as outlined in the May 22, 2020 [letter](#) from JLOSC’s Chair and Vice Chair. This presented each entity an opportunity to submit updated information to JLOSC and its staff. DNHRQAC submitted July, September, and December holdover [updates](#) to JLOSC staff and a summary was presented to JLOSC at the February 16, 2021 meeting.

During the review process, JLOSC staff held a [workshop](#) for all 2020 review entities, which DNHRQAC attended. Additionally, JLOSC holds an annual [orientation](#) meeting in January where overview information, like information presented in the workshop, is provided to the Committee and public. The workshop and annual orientations provide an overview of the review process and explain the recommendations phase. The recommendations drafted by JLOSC staff represent the improvement areas identified during the research and analysis of the entity’s performance review. JLOSC staff recommendations are not final until adopted by JLOSC, which is free to modify or reject any staff recommendation presented.

Since the review process highlights areas of performance improvement, the ability to achieve entity agreement on all recommendations is not always possible. When an entity under review disagrees with recommendations, it does not mean that the recommendations or review process is flawed. This is a common experience throughout similar review processes across the country and shared through organizations that JLOSC staff are professional members of, such as the National Legislative Program Evaluation Society (“NLPES”), which is a professional staff association connected with the National Conference of State Legislatures (“NCSL”). As professionals in the field of program evaluation and policy analysis, DNHRQAC presented no evidence presented that would change the intent of the recommendations.

Additionally, the allegations made in the April 15, 2021 letter regarding JLOSC staff conduct are without merit. Specifically, [emails to DNHRQAC](#) dated May 22, 2020, July 1, 2020, and July 10, 2020 outline the holdover process and the mechanism facilitating the submission of all necessary updates. To reiterate, not only was DNHRQAC offered multiple opportunities to provide necessary updates, including any COVID-related information, Commission staff submitted those updates as well as additional supplemental information on the following [11 dates](#):

- July 27, 2020
- September 28, 2020
- October 22, 2020
- November 19, 2020
- December 11, 2020
- February 15, 2021
- February 16, 2021
- February 17, 2021
- February 22, 2021
- March 17, 2021
- March 26, 2021

Similarly, [emails to DNHRQAC](#) dated September 5, 2019, January 22, 2020, January 25, 2021, and February 12, 2021 outline in great detail the presentation process as well as the information to be included in the presentation.

Lastly, the commentary by JLOSC staff at [minute 28](#) of the April 1, 2021 meeting specifically mention our outreach to DSHS and DHSS regarding Recommendation 3. The [response letter](#) from DNHRQAC dated March 26, 2021 contradicts the April 15, 2021 letter in that it stated agreement with the Option 1 of Recommendation 3.

Despite the suggestion that there has not been any mention of the proposal to move non-judicial agencies, the Government Efficiency and Accountability Review Board (“GEAR”) report mentioned in DNHRQAC’s recent correspondence has not “quickly dismissed” this notion. In fact, as recently as January 14, 2020, the [GEAR Criminal Justice Team Progress Report](#) states:

There are numerous advocacy and monitoring agencies within the Judicial Branch and the Department of Safety and Homeland Security which are not necessarily cohesive with their core missions (e.g., Non-Judicial agencies within the Courts, and disability organizations within DSHS)... Initiative: Finding appropriate homes for Non-Judicial agencies, where they can strongly advocate for their clients and their own operations. The Judicial Branch has no ability to provide proper oversight of these agencies with the current level of staffing, or without creating additional conflicts.

On April 1, 2021, JLOSC staff recommendations for DNHRQAC were reviewed and adopted by JLOSC. As members of JLOSC, you are free to rescind or modify any recommendation by an affirmative vote of 7 members. JLOSC staff is on record that the recommendations presented and adopted by JLOSC are in the best interest of the public to modify entity performance to fully accomplish and satisfy its statutory mission.
