19 WHEREAS, more than 161 million United States adults are registered donors; and

20 WHEREAS, in Delaware, 49 percent have placed the organ donor designation on their driver's license or
21 state identification card and the number continues to grow thanks to the support of the Division of Motor Vehicles,
22 Department of Health and Social Services, and other state agencies; and

23 WHEREAS, the most effective way to address this health crisis is to educate and to encourage citizens to
24 commit to the following actions: register your decision to be an organ, eye and tissue donor in the National Donate Life
25 Registry at www.registerme.org or at the local DelDOT center, and learn more about living donation at DonateLife.net; and

26 WHEREAS, National Donate Life Month is celebrated each year during April to encourage Americans to
27 register as organ, eye, and tissue donors and to celebrate those who have saved lives through the gift of donation; and
