SYNOPSIS

This bill eliminates the use of an enrollment preference for students living within a 5-mile radius of a charter school. This change was supported by a majority vote of the Enrollment Preferences Task Force established by House Bill No. 90 of the 147th General Assembly. The Act will take effect immediately. For any charter school using the 5-mile preference at the time of enactment, the school is required to eliminate the preference through notification to the authorizer prior to the 2018-2019 school year. The bill allows a new preference for students located in the portion of the regular school district that is geographically contiguous with the location of the charter school.
