## SYNOPSIS

This Act restricts access to tobacco products and tobacco substitutes to individuals under age 21 by doing all of the following:

1. Prohibits sales of tobacco products or tobacco substitutes to individuals who are under 21.
2. Imposes a civil penalty for sales to individuals between the ages of 18 and 21.
3. Repeals the ability of a parent or guardian to purchase tobacco products or tobacco substitutes for a minor.
4. Revises the framework by which an employer may use an affirmative defense to the improper sale of tobacco products or tobacco substitutes, aligning the affirmative defense with the minimum age increase.
5. Adopts best practices for enforcement measures by modifying the prohibition against the purchase of tobacco products by minors.
6. Prohibits individuals under age 21 from entering vapor establishments.

This Substitute Bill differs from Senate Bill No. 25 as follows:

1. Revises the definitions of "tobacco product" and tobacco substitute" for clarity and makes corresponding changes to related statutes.
2. Allows employees under age 21 who are employed by a vapor establishment on the effective date of this Act to continue working at the vapor establishment if the vapor establishment provides the required documentation to the Division of Alcohol and Tobacco Enforcement.
3. Makes this Act effective 90 days after enactment.

This Act also makes technical corrections to conform existing law to the standards of the Delaware Legislative Drafting Manual.
