#### SYNOPSIS

This bill provides COVID-19 related relief to both claimants receiving unemployment benefits and employers who are assessed unemployment taxes, and extends the end date of the Secretary of Labor's COVID-19 related rulemaking authority. Section 1 waives the 13-week waiting period for the state to "trigger on" to pay extended unemployment benefits in periods of high unemployment. Section 2 establishes the 2021 new employer assessment rate, average industry assessment rate, and average construction industry assessment rate at the same rate as 2020 in order to avoid an increase in these rates as a result of the increase in unemployment claims due to COVID-19. Section 3 extends the provisions in H.B. 352 from the 150th General Assembly authorizing the Delaware Secretary of Labor to issue emergency rules amending the Delaware Unemployment Insurance Code to deal with the effects of COVID-19 and implement federal programs providing unemployment benefits to respond to COVID-19. Section 4 exempts unemployment compensation benefits received in 2020 from the calculation of Delaware adjusted gross income so that unemployment claimants will not have to pay state taxes on the benefits they received during the pandemic.
