SYNOPSIS

House Bill 373, passed by the 151st General Assembly, clarified that persons 14 and 15 years of age can be employed in such places where alcoholic beverages are served, but cannot be involved in the sale or service of alcoholic beverages. Currently, the Department of Labor (DOL) has a robust process for youth (those not yet 18) to apply for a work permit. Youth may not work in the state unless they have a DOL-issued work permit which is required to be kept on file with the employer. The OABCC statute requires an additional work permit. Youth must obtain two, separate work permits after going through two separate processes to obtain one job. This legislation will streamline that process for our youth, requiring them to obtain just one work permit from the Department of Labor.

Additionally, this legislation will permit employees in the Office of the Alcoholic Beverage and Control Commissioner ("OABCC") to work in any of the three counties. Sussex County is experiencing an increase in growth. The OABCC has just one licensing inspector who is responsible for performing licensing inspections for the entire state. With this change, the OABCC could create a more efficient operation to serve all three counties for those who are licensed to sell and serve alcoholic beverages in the state.
