DELAWARE STATE SENATE
152nd GENERAL ASSEMBLY

SENATE CONCURRENT RESOLUTION NO. 52

DESIGNATING THE MONTH OF MAY 2023 AS "LUPUS AWARENESS MONTH" IN THE STATE OF
DELAWARE.

1 WHEREAS, lupus (systemic lupus erythematosus) is a chronic autoimmune disease that causes the immune
2 system to attack its own tissues, and affects the skin, joints, heart, lung, kidneys, blood cells, and brain; and

3 WHEREAS, an estimated 1.5 million Americans, and 5 million individuals worldwide, have a form of lupus; and

4 WHEREAS, females are nine times more likely to have lupus than males, and lupus is more prevalent among
5 people of color than white individuals; and

6 WHEREAS, 1 in 3 lupus patients suffer from multiple autoimmune diseases; and

7 WHEREAS, the cause of lupus is unknown, and there is no known cure; and

8 WHEREAS, it is believed that between 10 and 15 percent of people with lupus will die prematurely due to
9 complications of lupus, but, due to improved diagnosis and disease management, most people with the disease will go on to
10 live a normal lifespan; and

11 WHEREAS, the month of May has been recognized as National Lupus Awareness Month.

12 NOW, THEREFORE:

13 BE IT RESOLVED by the Senate of the 152nd General Assembly of the State of Delaware, the House of
14 Representatives concurring therein, that the Legislature affirms the importance of Lupus awareness, and hereby designates
15 May 2023 as "Lupus Awareness Month" in the State of Delaware.

16 BE IT FURTHER RESOLVED that the General Assembly encourages expanded efforts to keep Delaware
17 residents properly informed about Lupus symptom recognition and treatment.

SYNOPSIS

This concurrent resolution designates May 2023 as "Lupus Awareness Month" in the State of Delaware and encourages expanded efforts to keep Delaware residents properly informed about Lupus symptom recognition and treatment.
