#### SYNOPSIS

This Act increases the amount of the annual appropriation to prefund future State employee retiree health insurance as recommended by the Retiree Healthcare Benefits Advisory Subcommittee of the State Employee Benefits Committee. Like other required contributions to the Other Post-Employment Benefits Fund (OPEB) Fund, this appropriation must be included in the review of and plan for proposed expenditures that the Director of the Office of Management and Budget submits to the Governor and in the Governor's Budget Appropriation Bill.

This Act also revises existing law to allow the current practice of making the annual payment to the OPEB Fund of 1% of the operating budget appropriations for the prior fiscal year in a Supplementary Appropriation Bill and makes technical corrections to conform existing law to the standards of the Delaware Legislative Drafting Manual.
