155 (a) If a licensed transporter is a partnership or corporation, it is sufficient cause for the denial, suspension, or  
156 revocation of the license if any officer, director, or trustee of the partnership or corporation, or any member in the case of a  
157 partnership, has committed any act or omitted any duty that would be cause for the denial, suspension, or revocation of a  
158 license issued to the officer, director, trustee, or member as an individual under this chapter.

196 years to operate a vehicle in the transporter's business.

197           (10) The applicant or licensee, while under the age of 21, has operated a motor vehicle or towed a trailer or

210 any other state.

211 (16) The applicant or licensee has used a transporter plate on any OHV or on any mobile equipment or  
212 motorized apparatus that is not eligible to be registered in this State.

213 (b) The Division must defer any original application for licensure or renewal application if the applicant has  
214 pending criminal charges that would be grounds for denying an application or suspending or revoking a license if convicted  
215 under subparagraphs (a)(5), (a)(6), or (a)(7) of this section.

216 § 8708. Notification of intent to suspend or revoke a license or deny an original or renewal application.

217 (a) No transporter license issued under this title may be suspended or revoked, nor may an application for licensure

230           (4) The right of the applicant or licensee to request a hearing to dispute the intended action. The hearing must  
231 be requested within 10 days of the earlier of the date the applicant or licensee received the notice or the Division  
232 received the return receipt.

233           (5) The right of the applicant or licensee to present evidence, be represented by counsel, and appear personally  
234 or by representative at any hearing requested under this section.

236 provided to the applicant or licensee in the same manner as the written notice under this section.

237           (e) Any hearing requested by a transporter under this section must follow the procedures set forth in § 8710 of this  
238 chapter.

239           § 8709. Effect of denial of original or renewal application or revocation on applicant or licensee.

240           (a) A transporter whose application for licensure or renewal has been denied, or whose license has been revoked,

245 denying the application, or any other time period set forth in the decision.

246           (b) When issuing a decision that revokes or suspends a transporter license, or that denies an original or renewal  
247 application, the Division must provide the applicant or licensee with notice of the following:

248                 (1) The transporter must return all documentation and transporter plates required under § 8711 of this chapter.

249                 (2) If the transporter does not return the documentation or plates as required by this section within 30 days  
250 from the date the Division provides the required notification, the time periods set forth in subsection (a) of this section  
251 are extended by 1 day for each day the documentation and transporter plates remain outstanding.

252                 (3) If the documentation and transporter plates are not provided within 6 months of the deadline, the time  
253 periods set forth in subsection (b) of this section may be extended indefinitely.

254           (c) If a transporter is or is found to have been employed in violation of this section, the time periods set forth in  
255 subsection (a) are extended by 6 months for every month the transporter is employed in violation of this section.

257 licensee is a partnership, the prohibitions set forth in this section apply to each individual partner listed on the application.

258 If the applicant or licensee is a corporation, the prohibitions set forth in this section apply to the individual or individuals  
259 who signed the application.

260 (e) The Division must notify any transporter found to be in violation of this section of its intent to extend the  
261 suspension of the license or any time periods set forth under subsection (a) of this section. The notice may be provided in

#### SYNOPSIS

This Act establishes an application process, policies, procedures, operational instructions, and requirements for licensed transporters to obtain and use transporter license plates when transporting vehicles.

This Act requires a greater-than-majority vote for passage because Article VIII, § 11 of the Delaware Constitution requires the affirmative vote of 3/5 of the members elected to each house of the General Assembly when a new tax or license fee is imposed.
