SYNOPSIS

This Act consolidates Delaware law related to child abuse and child sexual abuse training and detection, suicide prevention, bullying, criminal youth gang detection, and teen dating violence and sexual assault into one subchapter of Chapter 41, Title 14 of the Delaware Code and develops a non-academic training program that coordinates the trainings school district and charter school employees are required to receive. In addition to streamlining non-academic trainings, this Act provides school districts and charter schools with flexibility to meet current and future non-academic training needs of school district and charter school employees, students, and parents. This Act applies to all public schools, including charter schools and vocational technical schools.

This Act also makes technical corrections to conform existing law to the standards of the Delaware Legislative Drafting Manual, ensure consistency within the new subchapter, and make references throughout the Code consistent based changes to certain Code designations made by this Act.
