HOUSE OF REPRESENTATIVES  
149th GENERAL ASSEMBLY

HOUSE BILL NO. 409

AN ACT TO AMEND TITLE 19 OF THE DELAWARE CODE RELATING TO THE DELAWARE WORKER  
ADJUSTMENT AND RETRAINING NOTIFICATION ACT.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF DELAWARE:

1 Section 1. Amend Part I, Chapter 19, Title 19 of the Delaware Code by making deletions as shown by strike  
2 through and insertions as shown by underline as follows:

3 Chapter 19. Delaware Workplace Adjustment and Retraining Notification Act.

4 Subchapter I. General Provisions.

5 § 1901. Short title.

6 This chapter shall be known and may be cited as the “Delaware Worker Adjustment and Retraining Notification  
7 Act.”

8 § 1902. Statement of purpose.

9 This chapter is intended to direct employers that meet the qualifications of this chapter to provide at least 60 days  
10 advance notice to the Department of Labor Division of Employment and Training of mass layoffs, plant closings, or  
11 relocations. The intent is to provide dislocated workers the Rapid Response services and benefits that are due to them  
12 through the Department of Labor and other service providers. The desire of the Department is to assist dislocated workers  
13 to return to work as quickly as possible with minimal disruption to their economic well-being.

14 § 1903. Definitions.

15 (a) For purposes of this chapter:

16 (1) “Affected employees” means employees who may reasonably be expected to experience an employment  
17 loss as a consequence of a proposed mass layoff, plant closing or relocation by their employer.

18 (2) “Days” means calendar days.

19 (3) “Department” means the Delaware Department of Labor.

20 (4)a. “Employment loss” means any of the following:

21 1. An employment termination, other than a discharge for cause, voluntary departure, or retirement.

22 2. A mass layoff exceeding 6 months in duration.

23 3. A reduction in hours of work of more than 50% during each month of any consecutive 6-month  
24 period.

25 b. The term "Employment loss" shall not result under circumstances where a mass layoff or plant closing  
26 is the result of the relocation or consolidation of part or all of the employer's business and, before the mass layoff  
27 or plant closing, the employer offers to transfer the employee to a different site of employment within a reasonable  
28 commuting distance with no more than a 6-month break in employment, or the employer offers to transfer the  
29 employee to any other site of employment, regardless of distance, with no more than a 6-month break in  
30 employment, and the employee accepts within 30 days of the offer or of the mass layoff or plant closing,  
31 whichever is later.

32 (5) "Employer" means:

33 a. Any business enterprise that employs 50 or more employees, excluding part-time employees, or 50 or  
34 more employees that work in the aggregate at least 2,000 hours per week.

35 b. "Employer" does not include the federal or state government or any of their political subdivisions,  
36 including any unit of local government or any school district or charter school.

37 (6) "Mass layoff" means a reduction in force which includes all of the following:

38 a. Is not the result of a plant closing.

39 b. Results in an employment loss at a single site of employment during any 30-day period for any of the  
40 following:

41 1. At least 33% of the employees (including part-time employees).

42 2. At least 10 employees (excluding part-time employees).

43 3. At least 20 employees (including part-time employees).

44 (7) "Part-time employee" means an employee who is employed for an average of fewer than 20 hours per  
45 week or who has been employed for fewer than 6 of the 12 months preceding the date on which notice is required.

46 (8) "Plant closing" means the permanent or temporary shutdown of a single site of employment, or one or  
47 more facilities or operating units within a single site of employment, if the shutdown results in an employment loss at  
48 the single site of employment during any 30-day period for 10 or more employees (other than part-time employees).

49 (9) "Representative" means an exclusive representative within the meaning of § 9(a) or § 8(f) of the National  
50 Labor Relations Act (29 U.S.C. §§ 159(a), 158(f)) or § 2 of the Railway Labor Act (45 U.S.C. § 152).

51 (10) "Relocation" means the removal of all or substantially all of the industrial or commercial operations of an  
52 employer to a different location 50 miles or more away.

53 (11) "Secretary" shall mean the Secretary of the Delaware Department of Labor or a designated subordinate of  
54 the Secretary.

55 (12) "WARN Act" shall mean the federal Worker Adjustment and Retraining Notification Act (29 U.S.C. §§  
56 2101 et seq.).

57 § 1904. Notice.

58 (a) An employer may not order a mass layoff, plant closing or relocation if any of the above will cause an  
59 employment loss unless, at least 60 days before the order takes effect, the employer gives written notice of the order to all  
60 of the following:

61 (1) Affected employees and the representatives of affected employees.

62 (2) The Delaware Department of Labor Division of Employment and Training, WARN Act Administrator.

63 (3) The Delaware Workforce Development Board established pursuant to the federal Workforce Innovation  
64 Opportunity Act (P.L. 113-128) for the locality in which the mass layoff, plant closing or relocation will occur.

65 (b) An employer required to give notice of any mass layoff, plant closing or relocation under this chapter shall  
66 include in its notice the elements required by the federal Worker Adjustment and Retraining Notification Act (29 U.S.C. §§  
67 2101 et seq.). Notice shall include the name, job title, home address, telephone number, and email address of each planned  
68 dislocated worker. Notice shall also include general information regarding any payouts, severance packages, job relocation  
69 opportunities and retirement options that will be offered to the dislocated workers. Notice shall include whether the  
70 employer is self-insured for workers' compensation insurance pursuant to Chapter 23 of Title 19 of the Delaware Code.

71 (c) Notwithstanding the requirements of paragraph (a) of this section, an employer is not required to provide notice  
72 if a mass layoff, plant closing or relocation is necessitated by a physical calamity or an act of terrorism or war.

73 (d) The mailing of notice to an employee's last known address by either first class or certified mail or the inclusion  
74 of notice in an employee's paycheck shall be considered acceptable methods for fulfillment of the employer's obligation to  
75 give notice to each affected employee under this chapter.

76 (e) In the case of a sale of part or all of an employer's business, the seller shall be responsible for providing notice  
77 for any mass layoff, plant closing or relocation where any of the above will cause an employment loss, in accordance with  
78 this section, up to and including the effective date of the sale. After the effective date of the sale of part or all of an  
79 employer's business, the purchaser shall be responsible for providing notice for any mass layoff, plant closing or relocation  
80 where any of the above will cause an employment loss, in accordance with this section. Notwithstanding any other  
81 provision of this chapter, any person who is an employee of the seller as of the effective date of the sale shall be considered  
82 an employee of the purchaser immediately after the effective date of the sale.

83           (f) Nothing set forth herein shall be read to abridge, abrogate, or restrict the right of any state or local entity to  
84 require an employer that is receiving state or local economic development incentives for doing or continuing to do business  
85 in this state from being required to provide additional or earlier notice as a condition for the receipt of such incentives.

86           (g) Nothing set forth herein shall be read to prevent an employer who is not required to comply with the notice  
87 requirements of this section, to the extent possible, to provide notice to its employees about a proposal to close a plant or  
88 permanently reduce its workforce.

89           § 1905. Exceptions.

90           (a) In the case of a mass layoff, plant closing or relocation, an employer is not required to comply with the notice  
91 requirements of this chapter under any of the following circumstances:

92               (1)a. At the time the notice would have been required, the employer was actively seeking capital or business;

93               b. The capital or business sought, if obtained, would have enabled the employer to avoid or postpone the  
94 relocation or termination; and

95               c. The employer reasonably and in good faith believed that giving the notice required by this chapter  
96 would have precluded the employer from obtaining the needed capital or business.

97           (2) The mass layoff or plant closing is caused by business circumstances that were not reasonably foreseeable  
98 at the time the notice would have been required. A business circumstance that is not reasonably foreseeable may be  
99 established by the occurrence of some sudden, dramatic and unexpected action or condition outside of the employer's  
100 control. Examples include a principal client's sudden and unexpected termination of a major contract with the  
101 employer, a strike at a major supplier of the employer, an unanticipated and dramatic major economic downturn or a  
102 government-ordered closing of an employment site that occurs without prior notice. The employer shall exercise  
103 commercially reasonable business judgment in determining whether a business circumstance is reasonably foreseeable.

104           (3) The plant closing is of a temporary facility or the mass layoff or plant closing is the result of the  
105 completion of a particular project or undertaking, and the affected employees were hired with the understanding that  
106 their employment was limited to the duration of the facility or project or undertaking.

107           (4) The mass layoff or plant closing is due to any form of natural disaster, such as a flood, earthquake, or  
108 drought.

109           (5) The mass layoff or plant closing constitutes a strike or constitutes a lockout not intended to evade the  
110 requirements of this chapter. Nothing in this chapter shall require an employer to serve written notice when  
111 permanently replacing a person who is deemed to be an economic striker under the National Labor Relations Act (29

112 U.S.C. §§ 151 et seq.). Nothing in this chapter shall be deemed to validate or invalidate any judicial or administrative  
113 ruling relating to the hiring of permanent replacements for economic strikers under the National Labor Relations Act.

114 (b) An employer unable to provide the notice otherwise required by this chapter in a timely fashion as a result of  
115 circumstances described in paragraph (a) of this section shall provide as much notice as is practicable and at that time shall  
116 provide a brief statement of the basis for reducing the notification period. The failure to provide such notice in as timely a  
117 manner as possible shall constitute a violation of this chapter.

118 § 1906. Extension of Mass Layoff Period.

119 A mass layoff of more than 6 months which, at its outset, was announced to be a mass layoff of 6 months or less  
120 shall be treated as an employment loss under this chapter unless the following:

121 (a) The extension beyond 6 months is caused by business circumstances (including unforeseeable changes in price  
122 or cost) not reasonably foreseeable at the time of the initial mass layoff.

123 (b) Notice is given at the time it becomes reasonably foreseeable that the extension beyond 6 months will be  
124 required.

125 § 1907. Determinations with Respect to Employment Loss.

126 An employer must also give notice if the number of employment losses which occur during a 30 day period fails to  
127 meet the threshold requirement of a mass layoff or plant closing, but the number of employment losses of 2 or more groups  
128 of workers, each of which is less than the minimum number needed to trigger notice, reaches the threshold level during any  
129 90-day period of a mass layoff, plant closing or relocation. Job losses within any 90-day period will count toward WARN  
130 threshold levels unless the employer demonstrates that the employment losses during the 90-day period are the result of  
131 separate and distinct actions and causes.

132 § 1908. Powers of the Secretary.

133 (a) The Secretary shall prescribe such rules and regulations as may be necessary to carry out this chapter. The  
134 regulations shall, at a minimum, include provisions that allow the parties access to administrative hearings for any actions  
135 of the Department under this chapter.

136 (b) In any investigation or proceeding under this chapter, the Secretary has, in addition to all other powers granted  
137 by law, the authority to examine any information of an employer necessary to determine whether a violation of this chapter  
138 has occurred, including to determine the validity of any defense.

139 (c) Except as provided in this section, information obtained through administration of this chapter from an  
140 employer subject to this chapter and which is not otherwise obtainable by the Department under other chapters in this title  
141 shall be confidential and not be published or open to public inspection.

142           (1) Notwithstanding any other provisions of this section, the Secretary shall be entitled to use any information  
143           and documents received by any employer under this chapter in connection with any investigation or proceeding under  
144           this chapter, including in any administrative hearing under this chapter.

145           (2) Prior to public disclosure of any such information in connection with any court or administrative action or  
146           proceeding, the employer shall be given a reasonable opportunity to make application to protect the information's  
147           confidentiality during such action or proceeding.

148           (3) Notwithstanding any other provisions of this section, information obtained by the Department from any  
149           notice required by the federal WARN Act or this chapter shall not be considered confidential, except as set forth in  
150           subsection (4) of this section.

151           (4) Notwithstanding any other provisions of this section, names and personal information, including  
152           addresses, phone numbers, email addresses, contact information, and social security numbers, of planned dislocated  
153           workers contained in any notice required by the federal WARN Act or this chapter, or otherwise provided to the  
154           Department by an employer pursuant to this chapter, shall remain confidential and shall not be published or open to  
155           public inspection.

156           (5) Any information or documents regarding or relating to a potential mass layoff, plant closing, or relocation  
157           that is provided by an employer to the Department pursuant to this chapter prior to the Department's receipt of any  
158           notice required by the federal WARN Act or this chapter shall be confidential and shall not be published or open to  
159           public inspection.

160           (d) If, after an administrative hearing, it is determined that an employer has violated any of the requirements of this  
161           chapter or any rules or regulations promulgated hereunder, the Secretary shall issue an order which shall include any  
162           penalties assessed by the Secretary under this chapter. Upon the entry of such order, any party aggrieved thereby may  
163           commence a proceeding for the review thereof, which proceeding must be filed in the Superior Court for the county in  
164           which the employer's place of business is located within 30 days after the date the order was mailed to the employer's last  
165           known address. In any proceeding under this section the findings of the Secretary as to the facts, if supported by evidence  
166           and in the absence of fraud, shall be conclusive and the jurisdiction of the Court shall be confined to questions of law. If  
167           such order is not reviewed, or is so reviewed and the final decision is in favor of the Secretary, the Department may file the  
168           order of the Secretary containing the amount found to be due with the Prothonotary of the Superior Court in the county  
169           where the employer resides or has a place of business. The filing of such order shall have the full force and effect of a  
170           judgment duly docketed in the office of such Prothonotary. The order may be enforced by and in the name of the Secretary

171 in the same manner, and with like effect, as that prescribed by the civil practice law and rules for the enforcement of a  
172 money judgment.

173 (e) The Department shall distribute to all employees entitled to notice under this chapter any back pay and the  
174 value of the cost of any benefits recovered by the Department from an employer who did not provide such notice.

175 § 1909. Violation; Liability.

176 (a) An employer who fails to give notice as required by this chapter before ordering a mass layoff, plant closing, or  
177 relocation if any of the above will cause an employment loss is liable to each employee entitled to notice who lost his or her  
178 employment for the following:

179 (1) Back pay at the average regular rate of compensation received by the employee during the last three years  
180 of his or her employment, or the employee's final rate of compensation, whichever is higher.

181 (2) The value of the cost of any benefits to which the employee would have been entitled had his or her  
182 employment not been lost, including the cost of any medical expenses incurred by the employee that would have been  
183 covered under an employee benefit plan.

184 (b) Back pay and other liability under this section is calculated for the period of the employer's violation, up to a  
185 maximum of 60 days, or 1/2 the number of days that the employee was employed by the employer, whichever period is  
186 smaller.

187 (c) Payments to an employee under this chapter by an employer who has failed to provide the advance notice of a  
188 mass layoff, plant closing or relocation that is required by this chapter or the federal Worker Adjustment and Retraining  
189 Notification Act (29 U.S.C. §§ 2101 et seq.) shall not be construed as wages. Unemployment insurance benefits under this  
190 title may not be denied or reduced because of the receipt of payments related to an employer's violation of this chapter or  
191 the federal Worker Adjustment and Retraining Notification Act.

192 (d) The amount of an employer's liability under this chapter shall be reduced by the following:

193 (1) Any wages, except vacation moneys accrued before the period of the employer's violation, paid by the  
194 employer to the employee during the period of the employer's violation.

195 (2) Any voluntary and unconditional payments made by the employer to the employee that were not required  
196 to satisfy any legal obligation.

197 (3) Any payments by the employer to a third party or trustee, such as premiums for health benefits or  
198 payments to a defined contribution pension plan, on behalf of and attributable to the employee for the period of the  
199 violation.

200           (4) Any liability paid by the employer under any applicable federal law governing notification of mass  
201           layoffs, plant closings, or relocations.

202           (5) In an administrative proceeding by the Secretary, any liability paid by the employer prior to the Secretary's  
203           determination as the result of a civil action brought under this chapter.

204           (6) In a civil action brought under this chapter, any liability paid by the employer in an administrative  
205           proceeding by the Secretary prior to the adjudication of such civil action.

206           (e) Any liability incurred by an employer under paragraph (a) of this section with respect to a defined benefit  
207           pension plan may be reduced by crediting the employee with service for all purposes under such a plan for the period of the  
208           violation.

209           (f) If an employer proves to the satisfaction of the Secretary that the act or omission that violated this chapter was  
210           in good faith and that the employer had reasonable grounds for believing that the act or omission was not a violation of this  
211           chapter, the Secretary may, in his or her discretion, reduce the amount of liability provided for in this section. In  
212           determining the amount of such reduction, the Secretary shall consider the following:

213                   (1) The size of the employer.

214                   (2) The hardships imposed on employees by the violation.

215                   (3) Any efforts by the employer to mitigate the violation.

216                   (4) The grounds for the employer's belief.

217           (g) An aggrieved employee, local government, or an employee representative seeking to establish liability against  
218           an employer may bring a civil action on behalf of the person, other persons similarly situated, or both, in any court of  
219           competent jurisdiction, within 3 years of the alleged violation of this chapter. The court may award reasonable attorneys'  
220           fees as part of costs to any plaintiff who prevails in a civil action brought under this chapter. If the court determines that an  
221           employer conducted a reasonable investigation in good faith, and had reasonable grounds to believe that its conduct was not  
222           a violation of this chapter, the court may reduce the amount of any penalty it would otherwise impose against the employer  
223           under this chapter.

224           (h) Neither the Secretary nor any court shall have the authority to enjoin a mass layoff, plant closing, or relocation  
225           under this chapter.

226           § 1910. Civil Penalty.

227           (a) An employer who fails to give notice as required by this chapter is subject to a civil penalty of \$1,000 per day  
228           of violation or \$100 per day of violation per dislocated worker, whichever is greater. The employer is not subject to a civil  
229           penalty under this section if the employer pays to all applicable employees the amounts for which the employer is liable

230 under this chapter within 3 weeks from the date the employer orders the mass layoff, plant closing, or relocation if any of  
231 the above will cause an employment loss. Any penalty received will be deposited into the Employment and Training  
232 WARN Account.

233 (b) The total amount of penalties for which an employer may be liable under this section shall not exceed the  
234 maximum amount of penalties for which the employer may be liable under federal law for the same violation.

235 (c) Any penalty amount paid by the employer under federal law shall be considered a payment made under this  
236 chapter.

237 (d) If an employer proves to the satisfaction of the Secretary that the act or omission that violated this chapter was  
238 in good faith and that the employer had reasonable grounds for believing that the act or omission was not a violation of this  
239 chapter, the Secretary may in his or her discretion reduce the amount of the penalty provided for in this section. In  
240 determining the amount of such reduction, the Secretary shall consider the following:

241 (1) The size of the employer.

242 (2) The hardships imposed on employees by the violations.

243 (3) Any efforts by the employer to mitigate the violation.

244 (4) The grounds for the employer's belief.

245 § 1911. Other Rights.

246 The rights and remedies provided to employees by this chapter are in addition to, and not in lieu of, any other  
247 contractual or statutory rights and remedies of the employees, and are not intended to alter or affect such rights and  
248 remedies, except that the period of notification required by this chapter shall run concurrently with any period of  
249 notification required by contract or by any other state or federal statute.

250 Section 2. Amend § 3302, Chapter 33, Title 19 of the Delaware Code by making deletions as shown by strike  
251 through and insertions as shown by underline as follows:

252 § 3302. Definitions.

253 (19) "Wages" does not include:

254 (F) Payments to an employee under Chapter 19 of this title by an employer who has failed to provide the advance  
255 notice of a mass layoff, plant closing or relocation that is required by Chapter 19 of this title or the federal Worker  
256 Adjustment and Retraining Notification Act (29 U.S.C. §§ 2101 et seq.) shall not be construed as wages. Unemployment  
257 insurance benefits under this title may not be denied or reduced because of the receipt of payments related to an employer's  
258 violation of Chapter 19 of this title or the federal Worker Adjustment and Retraining Notification Act (29 U.S.C. §§ 2101 et  
259 seq.).

Section 3. This Act shall take effect 180 days after its enactment into law.

#### SYNOPSIS

This Act creates a state mass layoff and plant closing notice requirement law that requires certain larger employers to provide their employees with adequate notice when they plan to go out of business, close a plant, or lay off a large number of employees. This Act requires employers to also notify the Department of planned mass layoffs and plant closings, so the Department can provide dislocated workers with services to assist them in returning to work as soon as possible. This Act imposes greater notice requirements on employers than the federal Worker Adjustment and Retraining Notification Act (“WARN Act”). This Act authorizes the Department of Labor to investigate violations, conduct administrative hearings for employers who are alleged to have violated this Act, and pursue penalties for failure of an employer to comply with the notice requirements to its employees.
