#### SYNOPSIS

The Joint Legislative Oversight and Sunset Committee approved a project to work with the Governor's Office throughout 2018 and 2019 to identify antiquated boards, commissions, and councils that need statutory updates or outright repeals. The Common Interest Community Advisory Council was identified as needing a modification to provide that the Governor's appointments are Delaware residents, rather than members of the executive board, of a common interest community. This change will make it easier to fill Council vacancies.

This Act also makes technical corrections to conform existing law to the standards of the Delaware Legislative Drafting Manual.
