6 District. "Red Clay Consolidated School District personnel" does not include the following:

7 a. A law-enforcement officer as defined in § 9200(b) of Title 11; or

8 b. An employee or contractor providing educational services within a Department of Correction or

13 (3) "School District" means, for this chapter only, Red Clay Consolidated School District.

14 § 8002. Purpose.

15 (a) The purpose of this program is to implement a pilot program that utilizes school bus safety cameras to issue
16 violations to individuals driving in the School District that illegally overtake and pass a school bus. If this program is
17 successful in helping to protect students, this may become a program that it utilized statewide. This program further funds
18 itself with revenue from the violations and will create additional funds to spread public awareness of the dangers of illegally
19 overtaking and passing school buses.

20 § 8003. School Bus Safety Camera Systems.

21 (a) The School District may enter into an agreement with a private vendor or manufacturer to provide a school bus
22 safety camera system on each bus utilized by the School District, whether the bus is owned, contracted, or leased, up to and
23 including the installation, operation, and maintenance of the systems.

24 (1) Any school bus utilizing the school bus safety camera system must display at a minimum, a strip of 6-inch,
25 red and white, high-intensity, reflective conspicuity adhesive tape on the front and the back of school bus stating,
26 “Violation for Passing When Red Lights Flashing”.

27 (2) While utilizing the school bus safety camera systems, the School District must make at least one public
28 service announcement each year warning the public in the School District that the school bus safety camera system is
29 being utilized by the School District and that there is at least a \$100 fine associated with illegally overtaking and
30 passing a school bus utilizing the school bus safety camera system.

31 (b) Reimbursement — The fines collected through the implementation of school bus safety camera systems shall
32 be used to reimburse the private vendor or manufacturer and the School District for the cost of installation, operation, and
33 maintenance of the systems, requirements as listed in § 8002(a) of this section, to cover additional costs related to the
34 administration of the program, and transportation safety related costs.

35 (c) Liability — The owner or operator of a vehicle who has failed to comply with § 4166(d)(1) of Title 21, as
36 evidenced by information obtained from a school bus safety camera system, shall be subject to a civil or administrative
37 assessment of \$100 for a first offense, which shall increase to \$500 for each subsequent offense within 10 years of the prior
38 offense or offenses; provided, however, that the School District may provide for an additional assessment not to exceed \$10
39 if the civil or administrative assessment is not paid within 20 days, which assessment may be increased to an amount not to
40 exceed \$20 if the assessment is not paid within 45 days, and may be increased to an amount not to exceed \$30 if the
41 assessment is not paid within 90 days. Court costs or similar administrative fees not to exceed \$35 may also be assessed
42 against an owner or operator who requests a hearing to contest the violation and is ultimately found or pleads responsible
43 for the violation or who fails to pay or contest the violation in a timely manner. No assessments and court costs other than
44 those specified in this subsection may be imposed. A violation for which a civil assessment is imposed under this
45 subsection shall not be classified as a criminal offense and shall not be made a part of the operating record of the person
46 upon whom such liability is imposed, nor shall it be used for insurance purposes in the provision of motor vehicle
47 insurance. Assessments collected as a result of a traffic control signal monitoring system shall be paid to the School
48 District, after first being applied to reimburse the private vendor or manufacturer and the School District for their costs of
49 administering such systems.

(d) Summons and notice of violation — Any nonresident owner or operator of any motor vehicle which is operated or driven on the public streets, roads, turnpikes, or highways of the School District is deemed to have submitted to the jurisdiction of the Delaware courts for purposes of this section. Notwithstanding any other provision of the Delaware Code, a summons for a violation of this section may be executed by mailing to any Delaware resident or nonresident by first class mail a copy thereof to the address of the owner of the vehicle as shown on the records of the Division of Motor Vehicles of this or any other state, as appropriate. Collection actions, including default judgment and execution, may proceed based upon jurisdiction obtained through the mailing by first class mail of a summons and subsequent court notices pursuant to this subsection. Every initial mailing shall include the:

(9) Notice of the summonsed person's ability to rebut the presumption that the summonsed person was the operator of the vehicle at the time of the alleged violation and the means for rebutting such presumption.

(e) Payment by voluntary assessment — Persons electing to pay by voluntary assessment shall make payments to the School District. Procedures for payment under this subsection shall be as provided by the School District.

(f) Procedures to contest the violation — A person receiving the summons pursuant to this subsection may request a hearing to contest the violation by notifying, in writing, the School District within 20 days of the date on the summons. Upon receipt of a timely request for a hearing a civil hearing shall be scheduled and the defendant notified of the hearing date by first class mail. A civil hearing shall be held by the Justice of the Peace Court servicing the School District. The hearing may be informal and shall be held in accordance with Justice of the Peace Court rules. Additional administrative collection processes may be established by court rule, policy directive, regulation, code, or ordinance, as applicable. Costs

for such hearing shall not be assessed against the prevailing party. There shall be no right of transfer to the Court of Common Pleas.

(g) Failure to pay or successfully contest the violation — If the owner or an operator identified by the owner fails to pay the civil penalty by voluntary assessment, request a hearing within the required time, or submit an affidavit stating that the owner or operator identified was not the driver, or if the owner or operator identified by the owner is found responsible at a hearing and fails to pay as ordered by the Court, or requests a hearing and fails to appear they will be considered in non-compliance. Upon receiving a record of non-compliance, the Clerk may enter a civil traffic judgment against the owner or operator in the amount of the civil penalty, costs, and any applicable penalty amounts, giving credit for any amount paid. Such judgment may, upon motion, be transferred by the Court to the civil docket. Any judgment so transferred may be executed and enforced or transferred in the same manner as other judgments of the Court and the School District shall have authority to seek such execution, enforcement or transfer.

(h) Proof of violation — Proof of a violation of this subsection shall be evidenced by information obtained from a school bus signal violation monitoring system authorized pursuant to this subsection. A certificate, or facsimile thereof, based upon inspection of photographs, microphotographs, videotape or other recorded images produced by a school bus signal violation monitoring system shall constitute prima facie evidence of the facts contained therein, if the certificate, or facsimile thereof, is sworn to or affirmed by a technician that is Red Clay Consolidated School District personnel authorized to impose assessments pursuant to this section. Any photographs, microphotographs, videotape or other recorded images evidencing such a violation shall be available for inspection in any proceeding to adjudicate the liability for such violation pursuant to regulation, ordinance, or other law adopted pursuant to this section.

(i) Presumptions — The owner of any vehicle found to be in violation of this section shall be held prima facie responsible for such violation in the same manner as provided for under § 7003 of Title 21, unless the owner can furnish evidence that the vehicle was, at the time of the violation, in the care, custody or control of another person. Such presumption shall be rebutted if the owner does any of the following:

(1) Furnishes an affidavit by regular mail to the entity indicated on the summons that the owner was not the operator of the vehicle at the time of the alleged violation and provides the name and address of the person or company who leased, rented or otherwise had the care, custody or control of the vehicle, or attaches a certified copy of a police report showing that the vehicle or license plate or plates thereof had been reported to the police as stolen prior to the time of the alleged violation of this section.

the vehicle shown to have violated the school bus signal. There shall be a presumption that the person so identified was the driver. The presumption may be rebutted as described in subsection (i).

(j) Notwithstanding any other provision in this section, if the motor vehicle which is found by the school bus safety camera system to have failed to comply with a school bus signal is commercially licensed, then the owner of that vehicle shall be sent notice of the date, time, and location of the violation with 2 photographs thereof. Within 10 days of the receipt of said notice, the owner of the vehicle shall provide the School District with the name and address of the driver of the vehicle at the date, time, and location of the violation and, within the same time period, shall provide the driver of the vehicle with the photographs of the violation. Failure of the owner of the vehicle found to be in violation of subsection (d) to provide the name and address of the driver at the time of the violation within the period prescribed shall cause the owner to be held responsible as set forth in paragraph (d)(5) of this section.

(k) Any person found responsible for a bus safety camera violation shall have a right of appeal only in those cases in which the civil penalty imposed exceeds \$100, upon giving bond with surety satisfactory to the judge before whom such person was found responsible, such appeal to be taken and bond given within 15 days from the time of the finding of responsible. Such appeal shall operate as a stay or supersedes all proceedings in the court below in the same manner that a certiorari from the Superior Court operates. The taking of such appeal shall constitute a waiver by the appellant of the appellant's right to a writ of certiorari in the Superior Court. Additional penalty assessments for late payment/response shall be included.

Section 2: This Act shall take effect 6 months after enactment.

Section 3: This Act is known as "Laura's Act."

SYNOPSIS

This bill creates a pilot program for the Red Clay School District to utilize external camera systems on their school buses to catch motorists that illegally pass school buses and to punish these motorists by issuing them a civil penalty. The purpose of this bill is to protect children as they are in the process of boarding and exiting the school bus and to spread awareness of school bus traffic safety. At least 16 states have implemented similar legislation, including Pennsylvania in 2018. As Red Clay School District already has these cameras in operation, this program grants the authority to begin issuing violations to motorist that illegally pass school buses in their district.
