(1) The right to hunt, fish, and harvest wildlife is a valued part of Delaware's natural heritage and is forever  
preserved for the public good.

(2) The right to hunt, fish, and harvest wildlife in this State includes the right to use traditional methods to do  
so, subject only to the laws prescribed by the General Assembly and rules prescribed by virtue of the authority of the

water body.

d. Lead to a diminution or abrogation of a public or private right or of the State's power to regulate  
commercial activities.

e. Prevent the suspension or revocation, under a law enacted by the General Assembly, of an individual's  
hunting, fishing, or trapping license.

f. Alter a burden of proof requirement otherwise established by law for a challenge to a law or regulation  
pertaining to hunting, fishing, or trapping the wildlife of this State.

Section 2. Amend Article I of the Delaware Constitution by making deletions as shown by strike through and  
insertions as shown by underline as follows:

§ 22. Hunting, fishing, and trapping.

An individual has the right to hunt, fish, or trap wildlife in this State.

#### SYNOPSIS

This Act is the first leg of a constitutional amendment to establish the right to hunt and fish in Delaware. Twenty-one other states have preserved the rights of their citizens to hunt, fish, or trap wildlife. This Act is modeled after the constitutional provisions of Idaho, Indiana, Kentucky, Louisiana, and Tennessee.

This Act specifically acknowledges Delaware's valued, natural heritage of hunting, fishing, and trapping, and declares hunting, fishing, and trapping as the preferred methods of managing and controlling wildlife in this State.

This Act may not be applied to do any of the following:

1. Affect rights to divert, appropriate, or use water, or to establish a minimum amount of water in any water body.
2. Lead to a diminution or abrogation of a public or private right or of the State's power to regulate commercial activities.
3. Prevent the suspension or revocation, under a law enacted by the General Assembly, of an individual's hunting, fishing, or trapping license.
4. Alter a burden of proof requirement otherwise established by law for a challenge to a law or regulation pertaining to hunting, fishing, or trapping the wildlife of this State.
