DELAWARE STATE SENATE  
150th GENERAL ASSEMBLY

SENATE RESOLUTION NO. 11

DIRECTING THE DEPARTMENT OF CORRECTION TO FURTHER EXPAND TRANSITIONAL SERVICES TO JUSTICE-INVOLVED INDIVIDUALS WITH SUBSTANCE USE DISORDER.

1 WHEREAS, the majority of people in Delaware correctional facilities return to the community;

2 WHEREAS, people in the criminal justice system are disproportionately affected by opioid use disorder and other  
3 health conditions;

4 WHEREAS, people with opioid use disorder are at a high risk for a reoccurrence of use, overdose, and potential  
5 death upon reentry;

6 WHEREAS, Delaware does not currently have a systematic approach to ensuring that people with opioid use  
7 disorder and other health conditions are systematically connected to care upon release;

8 NOW THEREFORE:

9 BE IT RESOLVED by the Senate of the 150<sup>th</sup> General Assembly of the State of Delaware that the Division of  
10 Medicaid and Medical Assistance and the Department of Correction are encouraged to further their work to ensure  
11 Delaware becomes a suspension versus termination state.

12 BE IT FURTHER RESOLVED that the Division of Medicaid and Medical Assistance and the Department of  
13 Correction should collaborate in developing a reentry process that facilitates seamless connections to opioid use disorder  
14 treatment and other necessary services upon release.

15 BE IT FURTHER RESOLVED that the Division of Medicaid and Medical Assistance and the Department of  
16 Correction ensure that all eligible individuals without coverage apply for benefits prior to release, which include applying  
17 for coverage, selecting a specific managed care organization, and signing a consent form to allow medical information to be  
18 shared amongst the Department of Correction, Division of Medicaid and Medical Assistance, the selected managed care  
19 organization, and future clinicians.

20 BE IT FURTHER RESOLVED that the Department of Correction should develop a definition for and a process of  
21 identifying people with high health needs, including people with opioid use disorder and other substance use disorders.

22 BE IT FURTHER RESOLVED that the Division of Medicaid and Medical Assistance and the Department of  
23 Correction amend state contracts with managed care organizations to include a process of notifying managed care

24 organizations that an individual who is about to enroll in their plan is to be released from incarceration and identifying  
25 those enrollees with high health needs.

26 BE IT FURTHER RESOLVED that the managed care organization, in concert with the Department of Correction,  
27 be required to contact high needs individuals, prior to release, to develop a personalized care plan, which includes any  
28 necessary evidence-based treatment for opioid use disorder and other health conditions and referrals for any other  
29 community and support services that individuals may need.

30 BE IT FURTHER RESOLVED that quarterly reports be submitted by the Department of Correction to the  
31 Division of Medicaid and Medical Assistance regarding the health utilization of high needs individuals and other such  
32 critical indicators determined by the Department of Correction.

#### SYNOPSIS

This resolution encourages the Division of Medicaid and Medical Assistance and the Department of Correction to facilitate continuous health coverage for individuals with opioid use disorder, other substance use disorders, or high health needs upon release.
