DELAWARE STATE SENATE  
151st GENERAL ASSEMBLY

SENATE SUBSTITUTE NO. 1  
FOR  
SENATE BILL NO. 24

AN ACT TO AMEND TITLE 16 OF THE DELAWARE CODE RELATING TO THE DELAWARE LITTER CONTROL LAW.

1 WHEREAS, the General Assembly finds and declares that the release of balloons inflated with lighter-than-air  
2 gases poses a danger and nuisance to the environment, particularly to wildlife and marine animals; and

3 WHEREAS, many animals are attracted to the bright colors of balloons and mistake them for food which can  
4 cause an animal severe injury or death; and

5 WHEREAS, many more animals become entangled in balloon strings and are injured or strangled to death as a  
6 result; and

7 WHEREAS, thousands of balloons are found each year littering our beaches, public spaces, and marine  
8 environments; and

9 WHEREAS, other states have restricted the release of balloons inflated with lighter-than-air gases; and

10 WHEREAS, balloons have also been known to cause power outages; and

11 WHEREAS, balloons contribute to the depletion of our limited supply of helium, which is derived from extraction  
12 industries; and

13 WHEREAS, it is the intent of the General Assembly not to fine a person who negligently or unintentionally  
14 releases a balloon, but rather to raise awareness of the harmful nature of releasing balloons and prevent the dangers posed  
15 by releasing them.

### SYNOPSIS

The intent of this Act is to reduce the amount of waste that ends up in the environment and to raise awareness of the need to properly dispose of balloons. To that end, this Act imposes a civil penalty for the violation of intentionally releasing 5 or more balloons filled with air or lighter-than-air gases, to prevent litter which blights our communities and environment and causes harm to wildlife and marine animals. The release of multiple balloons at 1 time is a single offense under this Act. This Act also establishes that intentionally releasing 1 to 4 balloons at 1 time is littering.

Exceptions are provided for the following:

- A balloon that is released for scientific or meteorological purposes, on behalf of a governmental agency, or under a governmental contract.
- A hot air balloon that is recovered after launching.
- A balloon that is released and remains indoors.
- A balloon that is filled with water for recreational purposes and recovered after recreation.
- A balloon that is negligently or unintentionally released.

Under this Act, the intentional release of 1 or more balloons is a civil violation, penalized as follows:

- The first violation is subject to a civil penalty of at least \$25.
- A second or subsequent violation within 2 years of the first is subject to a civil penalty of \$75 and up to 8 hours of community service for a second violation within 2 years of the first violation.

The mass release of balloons is penalized as follows:

- A first violation is subject to a civil penalty of at least \$250 and up to 8 hours of community service.
- A second or subsequent violation within 2 years of the first is subject to a civil penalty of at least \$350 and up to 25 hours of community service.

Under this Act, a retail or wholesale establishment that sells balloons must post a notice for customers that the intentional release of balloons is unlawful.

All law enforcement agencies in Delaware have the authority to enforce this chapter. The Justice of the Peace Court has jurisdiction over violations of this chapter.

This Act also makes a technical correction to conform existing law to the standards of the Delaware Legislative Drafting Manual.

This Substitute differs from the original Senate Bill No. 24 by doing the following:

- Making clarifications to the synopsis and the notice to be posted by retail or wholesale establishments.
- Providing delayed enforcement for individuals who violate the prohibition of littering with 1 to 4 balloons or the mass release of balloons on or before April 30, 2022. Persons who are not individuals, such as organizations, are subject to the penalties under this Act immediately upon the effective date of this Act. This Substitute also makes technical corrections that were missed in the original Senate Bill No. 24.
