SYNOPSIS

This amendment requires the Marijuana Oversight Committee to publish data in its annual report concerning the number of applicants who have reported that they have been convicted of or adjudicated delinquent or are married to or the child of a person who has been convicted of or adjudicated delinquent of a marijuana-related offense. This amendment also requires an applicant for any license to provide a statement whether the applicant has been or the applicant is married to or the child of a person who has been convicted of or adjudicated delinquent of a marijuana-related offense. The Commissioner cannot use the applicant’s statement into consideration, but will provide that information to the Marijuana

Oversight Committee so that it can include that data in its annual report. Finally, this amendment changes the criteria for a social equity applicant.
