Section 1. Amend Title 24 of the Delaware Code, by creating a new chapter, by making deletions as shown by strike through and insertions as shown by underline as follows:

CHAPTER 61. ELEVATOR MECHANICS

§ 6101. Purpose.

(a) The primary purpose of this chapter is to protect the general public and persons working in the elevator industry, specifically those persons who are the direct recipients of services regulated by this chapter, from unsafe practices and from occupational practices which tend to reduce competition or fix the price of services rendered.

(b) The secondary purposes are to maintain minimum standards of competency and to maintain certain standards in the delivery of services to the public. In meeting its objectives, the Board will develop standards assuring professional competence, will monitor complaints brought against mechanics regulated by the Board, will adjudicate at formal hearings, will promulgate rules and regulations, and will impose sanctions where necessary against licensed mechanics.

§ 6102. Definitions.

As used in this chapter:

(1) “Board” means the Board of Elevator Mechanics established in this chapter.

(2) “Division” means the Division of Professional Regulation.

(3) “License” means the certificate issued by the Board.

(4) “Master elevator mechanic” means an individual, licensed by the Board, to plan, estimate, layout, perform, or supervise the installation, erection, replacement, service, and repair of any elevator in any structure.

(5) “Substantially related” means the nature of the criminal conduct for which the person was convicted has a direct bearing on the fitness or ability to perform 1 or more of the duties or responsibilities necessarily related to the work of a master elevator mechanic.

(6) “Unlicensed practitioner” means any person who engages in the occupational practice of a master elevator mechanic and has not been granted a license by the Board.

(c) Except for the public member, each member shall serve a term of 3 years, and may succeed himself or herself for 1 additional term. Each term of office shall expire on the date specified in the appointment; however, the Board member will remain eligible to participate in Board proceedings unless and until replaced by the Governor.

(d) Only an individual who has never served on the Board may be appointed to the Board for 2 consecutive terms. No individual who has been twice appointed to the Board or who has served on the Board for 6 years within a 9-year period, may be re-appointed to the Board until an interim period of at least 1 term has expired since the individual last served.

(e) Any act or vote by an individual appointed in violation of this section shall be invalid. An amendment or revision of this chapter is not sufficient cause for any appointment or attempted appointment in violation of subsection (d) of this section, unless such an amendment or revision amends this section to permit such an appointment.

(f) A member of the Board shall be suspended or removed by the Governor for misfeasance, nonfeasance, malfeasance, misconduct, incompetency or neglect of duty. (3) Designate the written standardized examination, as approved by the Division and administered and graded by the testing service, to be taken by all persons applying for licensure.

(4) Evaluate the credentials of all individuals applying for a license in order to determine whether such individuals meet the qualifications for licensing set forth in this chapter.

(5) Grant licenses and renew licenses of all individuals who meet the qualifications for licensure.

(6) Establish rules and regulations concerning continuing education standards required for license renewal.

(7) Evaluate certified records to determine whether an applicant for licensure, who previously has been licensed, certified or registered in another jurisdiction as an elevator mechanic, has engaged in any act or offense that would be grounds for disciplinary action under this chapter, and whether there are disciplinary proceedings or unresolved complaints pending against such applicant for such acts or offenses.

(8) Refer all complaints from licensees and the public concerning a licensed elevator mechanic, or concerning practices of the Board, or of the profession, to the Division for investigation under § 8735 of Title 29 and assign a member of the Board to assist the Division in an advisory capacity with the investigation of the technical aspects of the complaint.

§ 6107. License required.

(a) No individual may engage in the practice of providing elevator services or hold himself or herself out to the public in this State as being qualified to act as a licensed elevator mechanic, or otherwise assume or use any title or description conveying or tending to convey the impression that the individual is qualified to act as a licensed elevator mechanic, unless such individual has been duly licensed under this chapter.

(b) Whenever a State license to practice as an elevator mechanic has expired or been suspended or revoked, it shall be unlawful for the individual to act as an elevator mechanic in this State.

§ 6108. Qualifications of applicant

(a) An applicant, who is applying for licensure as an elevator mechanic under this chapter, shall submit evidence, verified by oath and satisfactory to the Board, that such individual:

(5) Does not have a criminal conviction record for an offense substantially related to providing elevator mechanical services. Applicants who have criminal conviction records must request appropriate authorization to provide information about the conviction directly to the Board. If, after considering the factors set forth under § 8735 (x)(3) of Title 29, through a hearing or review of documentation, the Board determines that granting a waiver would not create an unreasonable risk to public safety, the Board shall waive the requirements of this paragraph.

An order temporarily suspending a license may not be issued

unless the individual or the individual's attorney received at least 24 hours' written or oral notice before the temporary suspension so that the individual or the individual's attorney may file a written response to the proposed suspension. The decision as to whether to issue the temporary order of suspension will be decided on the written submissions. An order of temporary suspension pending a hearing may remain in effect for no longer than 60 days from the date of the issuance of the order unless the temporarily suspended individual requests a continuance of the hearing date. (a) An owner, operator, manager, or supervisor of a business performing elevator mechanical services shall have a duty to report to the Board, if such owner, operator, manager, or supervisor has knowledge that an individual working for or under his or her supervision is performing elevator work and does not have the proper license under this chapter.

(b) The report required pursuant to this section must be made in writing to the Board within 10 days of the owner, operator, manager, or supervisor having the required knowledge and must contain the name of the person performing the electrical work without a license.

(c) An owner, operator, manager, or supervisor of a business performing elevator mechanical services must check to see if an employee or independent contractor has the proper license under this chapter before allowing such employee or independent contractor to perform work for such owner, operator, manager or supervisor.
