HOUSE OF REPRESENTATIVES
150th GENERAL ASSEMBLY

HOUSE BILL NO. 220
AS AMENDED BY
HOUSE AMENDMENT NO. 1
AND
HOUSE AMENDMENT NO. 2

AN ACT TO AMEND TITLE 18 OF THE DELAWARE CODE RELATING TO INSURANCE COVERAGE FOR
DRUG AND ALCOHOL DEPENDENCY AND MEDICATION ASSISTED TREATMENT.

WHEREAS, the federal government has declared a state of emergency in response to the national opioid epidemic;
and

WHEREAS, the State of Delaware lost over 400 Delawareans to overdose deaths in 2018; and

WHEREAS, after losing 345 residents in 2017, Delaware was tied for the fifth highest overdose rate in the nation;
and

WHEREAS, after a lengthy evaluation of Delaware's response to the opioid epidemic, the Pew Charitable Trust determined that "less than half of Delawareans needing treatment for opioid use disorder receive it"; and

WHEREAS, Medication Assisted Treatment ("MAT") therapies are evidence-based modalities for treating substance use disorder ("SUD") and maintaining long term recovery; and

WHEREAS, people with SUD who incorporate MAT therapies into their long-term recovery plans are able to exit government assistance and entitlements and secure and maintain stable employment, allowing them to obtain private health insurance benefits from the marketplace; and

WHEREAS, MAT therapies are often not covered under private health insurance, jeopardizing the long-term recovery plans of individuals who can no longer afford MAT therapy; and

WHEREAS, federal and State parity legislation requires that insurers provide behavioral health coverage at a rate equal to that of their physical health coverage; and

WHEREAS, when MAT is prescribed to individuals with SUD, it is a medically necessary therapy for maintaining long-term recovery and therefore sustained employment; and

WHEREAS, true parity is achieved when those with behavioral health needs can seek out treatment without barriers, and only then does the stigma associated with substance use disorder and mental health issues decrease.
