FISCAL NOTE**

BILL:	HOUSE BILL NO. 477
SPONSOR:	Representative Lynn
DESCRIPTION:	AN ACT TO AMEND TITLE 29 RELATING TO THE STATE EMPLOYEES' PENSION PLAN.

Assumptions:

1. This Act becomes effective upon signature by the Governor.
2. This Act is effective until January 1, 2019.
3. This Act changes the reduced service pension eligibility to allow for a post-2011 state employee with five (5) years of credited service and has attained age 62.

 - b. While employed by the non-state employer, the employee vested in a pension plan and the amount payable to the employee was projected to be greater than the amount projected to be payable to the employee as a post-2011 employee, based on the employment under which the employee first became a post-2011 employee; and
 - c. The employee would not have resigned from employment with the non-state employer, but for the employee's reasonable understanding that the employee would qualify for a vested right to a pension as a pre-2011 employee.
5. The reduced service pension amount payable to an employee is reduced by 4/10 percent of each month the employee has less than 15 years.
6. Based on an average annual salary of \$50,000 per employee, the Office of Management and Budget, Pensions Office estimates the present value cost for lifetime of benefits at \$28,300 per eligible employee.

Cost:

Fiscal Year 2019:	\$28,300 per eligible employee
