Section 3. If any provision of this Act, or of any rule, regulation or order thereunder, or the application of such provision to any person or circumstances, shall be invalid, the remainder of this Act and the application of such provisions of this Act or of such rule, regulation or order to persons or circumstances other than those to which it is held invalid shall not be affected thereby.

Section 4. The monies appropriated in Section 1 of this Act shall be paid by the State Treasurer from the General Fund, except as otherwise referenced in Section 1.

Section 5. The provisions of this Act to the contrary notwithstanding, any section, chapter or title of the Delaware Code and any Laws of Delaware providing for the application of "Sunset" shall be operative for those agencies, commissions or boards effective during the current fiscal year.

Section 6. Due to the pilot budget format, the restructuring of divisions into programs within divisions has created more exempt positions per division than allowed by law for the participating departments; therefore, all exempt positions authorized by Title 29, Section 5903, Delaware Code, prior to July 1, 1987, shall remain exempt for this current fiscal year, except as otherwise specified in this Act.

Section 7. The abbreviations set forth in this Act for special fund authorized positions or funding mean funding from the following:

- ASF - Appropriated Special Funds
- NSF - Non-appropriated Special Funds
- TFO - Trust Fund Operations
- TFC - Trust Fund Capital
Section 8. MERIT SYSTEM AND MERIT COMPARABLE SALARY SCHEDULES

(a) The General Assembly of the State of Delaware supports the statewide policy that the pay plan for Merit System employees be developed in accordance with the results of valid surveys of salaries provided by a defined labor market. The Director of State Personnel shall conduct such surveys on a yearly basis and report the findings of such surveys by December 15 to the Governor and members of the General Assembly who will be responsible for recommending and approving yearly adjustments as are necessary to maintain the competitive posture of the plan. As the Director of State Personnel has conducted the required surveys for the fiscal year ending June 30, 2000, and as the Governor and members of the General Assembly have reviewed the findings of such surveys, effective July 1, 1999, the following pay plans are established for state merit system employees:

(ii) The findings of the survey in Section 8(a) for Fiscal Year 2000 shall be calculated in the same manner as Fiscal Year 1999, using a comparable weighting formula and other components.

(c) SELECTIVE MARKET VARIATIONS.

Recognizing the need for flexibility to respond to critical external market pressures, selective market variations are permitted to the uniform pay plan structure for job classes that are key to the performance of state functions.

(1) The appointing authority shall identify job classes or job families to be considered for selective market variations according to turnover rates, recruitment problems, vacancy rates, feasibility for the work to be performed on a contractual basis and other criteria established by the State Personnel Director.

(2) Upon receipt of the identified classes, the State Personnel Director shall survey the appropriate labor market to determine the state's position in this labor market.

(3) The Budget Director, the State Personnel Director and the Controller General shall review the information provided in Sections 8(c)(1) and (2) and shall recommend approval or disapproval for the classes for selective market compensation variations.

(4) Any such selective market variations which the State Personnel Director, the Budget Director and the Controller General have determined to be warranted and have been approved by the Joint Finance Committee, shall be designated to become effective July 1, 1999, provided that such variations have been processed as part of the regular budgetary process and the funds for such changes shall be appropriated.

(5) The State Personnel Director shall establish criteria with the State Budget Director and the Controller General to allow for selective market to be effective January 1, 2000. An appointing authority may apply for selective market variation for job classes or job families that are experiencing severe recruitment and retention issues for January 1, 2000. Funds must be available within the agency budget to fund the selective market variation until such time as the General Assembly appropriates such funds.

(6) Upon approval, the minimum, mid-point and maximum salary values shall be raised according to the results of the labor market surveys for the job class. For the purposes of this section, the minimum value of the salary scale shall remain at 75 percent of midpoint and the maximum value shall remain at 125 percent unless the minimum value under the selective market range for a class is less than the minimum value of the merit system pay range. The minimum for the class on selective market shall be no less than the merit system pay range minimum value. No further increases shall be applied to the scale and/or the midpoints.

(7) Employees assigned to job classifications approved under the selective market variation program shall have their salaries adjusted in accordance with the following:
(i) The salary of employees in positions added to the selective market variation program on or after July 1, 1999, prior to application of the general increase outlined in Section 8(d)(1), whose salary in effect as of June 30, 1999, is below the adjusted minimum salary for the assigned job classification shall be increased to the adjusted minimum salary or an advanced starting salary recommended by the State Personnel Director and the salary of employees whose current salary falls within the adjusted salary range shall not be increased.

(ii) The salary of employees in positions added to the selective market variation program before June 30, 1999, after the application of the general increase outlined in Section 8(d)(1), whose salary in effect as of June 30, 1999, is below the adjusted minimum salary for the assigned job classification shall be increased to the adjusted minimum salary or an advanced starting salary recommended by the State Personnel Director and the salary of employees whose current salary falls within the adjusted salary range shall not be increased.

(8) All classes assigned to selective market variation who have not met the criteria to qualify for an adjustment for two consecutive years, shall have their midpoints reduced by seven percent effective July 1, 1999. All classes whose selective market midpoint is not seven percent higher than the midpoint of the regular merit State of Delaware payscale once the general increase has been applied shall move back on to the State of Delaware Pay Plan. The process by which job classes are removed from selective market variation to the regular merit State of Delaware Pay Plan will not result in a reduction in salary for current incumbents who will move from selective market variation to the regular merit State of Delaware Pay Plan.

(9) Effective July 1, 1999, the shift differential rates paid to registered nurses in accordance with the provisions of Merit Rule 5.1425 shall be the same amount in effect as of June 30, 1998.

(d) SALARY INCREASES FOR FISCAL YEAR 2000.

The amount appropriated by Section 1 of this Act for salaries includes the estimated amount needed to provide for a general salary increase for each state employee, unless as otherwise excepted by subsections of this Section. This increase is to be provided as follows:

(1) Salary Adjustments for departments 01 through 77 and Delaware Tech Plan B:

   (i) Effective July 1, 1999, the salary of each employee shall be increased by 2.0 percent of the midpoint as reflected in 8(a).
(ii) The salary of an employee whose salary in effect as of June 30, 1999, is above the maximum salary of the assigned pay range of the pay plan in effect on July 1, 1999, will be increased by 2.0 percent of the midpoint as reflected in 8(a).

(iii) Effective July 1, 1999, and after the application of the general increase contained in (i) and (ii) of this Section, the salary of each Merit System employee whose salary is below the maximum of the assigned paygrade shall be increased by $1,250.00 or by the amount that would increase the employee’s salary to the maximum of the assigned paygrade, whichever is less.

(iv) Notwithstanding the salary adjustments in 8(d)(1)(i) and (ii), the minimum amount any Merit System employee shall receive as an adjustment under 8(d)(1)(iii) is $625, regardless as to whether that employee is above or below the maximum.

(v) Salaries of employees employed in accordance with Title 29, Section 5903(17), Delaware Code, shall be excluded from Subsection (d)(1)(i) of this Section and may receive a salary increase at the discretion of the agency.

(2) (i) The provisions of Subsection (d) of this Section shall not apply to the employees of the General Assembly - House or the General Assembly - Senate. Salaries for those employees will be established by the Speaker of the House of Representatives and the President Pro-Tempore of the Senate, respectively.

(ii) The provisions of Subsection (d) of this Section shall not apply to the Governor, members of the General Assembly, Deputy Attorneys General covered by the pay plan adopted for FY 2000, Uniformed State Police, all full-time and regular part-time non-merit Telecommunications Specialists, Senior Telecommunications Specialist, Telecommunication Shift Supervisors, Telecommunications Central Control Specialists, Senior Telecommunications Central Control Specialists and Telecommunications Central Control Shift Supervisors employed in the Communications Section of the Division of State Police in the Department of Public Safety, employees of the University of Delaware, Delaware State University and members and employees of the Delaware National Guard, excluding the Adjutant General. Funds have been appropriated in Section 1 of this Act for Delaware State University to provide for an increase in salaries paid from General Funds.

(iii) Any Merit System employee who is denied the general salary increase referred to in Section 8(d)(1)(i)(ii)(iii) due to an unsatisfactory performance rating in accordance with Merit Rule 5.1000,
shall become eligible for the salary increase upon meeting job requirements as defined by their supervisor, but the salary increase shall not be retroactive.

(iv) Notwithstanding Chapters 5.0 and 6.0 of the Merit rules, any Merit System employee who is covered by the Competency Based Pay Plan provided to the Controller General’s Office on June 8, 1998 shall only receive an increase based on the competency based matrix included therein. This plan shall continue as it was established in 71 Laws of Delaware, Chapter 354, Section 247 in Fiscal Year 2000. However, employees covered by this subsection will receive all salary increases provided by 8(d)(1)(i) or (ii).

(e) MAINTENANCE REVIEWS.

Any such reclassifications/regrades which the State Personnel Director determines to be warranted as a result of the classification maintenance reviews regularly scheduled by the State Personnel Office shall be designated to become effective July 1, 2000, provided that such reclassifications/regrades have been processed as part of the regular budgetary process and the funds for such reclassifications/regrades shall be appropriated. Maintenance Review classification determination may be appealed to the Merit Employee Relations Board in accordance with Title 29, Section 5915 Delaware Code. Paygrade determinations shall not be appealed.

(f) CRITICAL RECLASSIFICATIONS.

The classification of any position whose salary is covered by the appropriations in Section 1 of this Act, may be changed to be effective January 1, 2000, or July 1, 2000, if the requested change is certified critical by the appointing authority; and approved by the State Personnel Director, Budget Director and Controller General prior to the effective date. Critical reclassification requests and paygrade determinations shall not be appealed to the Merit Employee Relations Board.

(g) OTHER RECLASSIFICATIONS.

Other than those reclassifications/regrades approved in accordance with Section 8(e) or 8(f), no position shall be reclassified or regraded during the fiscal year ending June 30, 2000.

(h) STATE AGENCY TEACHERS AND ADMINISTRATORS.

The salaries of teachers and administrators employed by state agencies and who are paid based on the Basic Schedule contained in Title 14, Section 1305, of the Delaware Code, as amended by this Act, shall receive as salary an amount equal to the index value specified in the appropriate training and experience cell multiplied by the base salary amount defined in Section 1305(b), Title 14, Delaware Code, divided by .7 for ten months employment. If employed on an 11 or 12 month basis, the ten-month amount shall be multiplied by 1.1 or 1.2, respectively.
(i) **ADMINISTRATIVE REGULATIONS.**

(1) The administrative regulation and procedures necessary to implement this Section shall be promulgated by the State Personnel Director, Budget Director and Controller General.

(2) During the fiscal year ending June 30, 2000, paragraph 5.1100 of the Merit Rules for a Merit System of Personnel Administration shall be null and void.

(3) Consistent with Chapter 16 of the Merit Rules, all state agencies shall implement the performance review prescribed by Office of State Personnel after applicable training by the Office of State Personnel. A performance review shall be completed for employees between January 1 and December 31, 2000.

(4) Employees who retain salary upon voluntary demotion in accordance with Merit Rule 13.0340 shall be ineligible for a promotional increase upon promotion to a paygrade lower than their original paygrade prior to voluntary demotion for a one year period from the date of their voluntary demotion.

(j) **HOLIDAY PAY - DEPARTMENT OF TRANSPORTATION TOLL COLLECTION AND TRANSPORTATION MANAGEMENT CENTER EMPLOYEES.**

(1) Merit Rules 5.1410 and 5.1411 notwithstanding, all Department of Transportation employees directly engaged in toll collection operations, or directly engaged in the Transportation Management Center’s 24-hour operation, shall be entitled to receive compensation at their normal rate of pay for holidays in lieu of compensatory time, and they shall also be entitled to receive compensation in accordance with the Fair Labor Standards Act.

(k) **OVERTIME FOR WEATHER RELATED EMERGENCIES - DEPARTMENT OF TRANSPORTATION EMPLOYEES.**

(1) Department of Transportation personnel responding to weather related emergencies, who are not subject to the Fair Labor Standards Act, shall be entitled to receive compensation at one and one half times their normal rate of pay for all overtime services performed beyond the normal work week. This shall apply to employees classified through the Area Supervisor level. All additional personnel assigned to assist the area yards during weather related emergencies, who are above the level of Area Supervisor, shall be entitled to receive compensation at their straight time rate of pay for all overtime services performed beyond the normal work week.

(l) **CALL BACK PAY - HIGHWAY EMERGENCY RESPONSE TEAM.**

(1) The Merit Rules notwithstanding, employees designated as Highway Emergency Response Team members shall be eligible for call back pay regardless of their classification.
(m) STANDBY PAY - HIGHWAY EMERGENCY RESPONSE TEAM.

(1) The Merit Rules notwithstanding, employees designated as Highway Emergency Response Team members shall be eligible for standby pay regardless of their classification.

(n) SALARY PLAN - PUBLIC EDUCATION.

Salary schedules and staffing formulas contained in Title 14, Chapter 13, Delaware Code, shall be revised as specified in this Subsection.

(1) Amend Title 14, Subsection 1305(a), Delaware Code, by deleting said subsection and inserting in lieu thereof a new Subsection 1305(a) to read as follows:

(a) The annual salaries of employees paid under this Section and who are employed on a ten-month contract, shall be based on the following indexed schedule:

### INDEX DERIVATION

**Base = 1.00**

The base salary for 10-month Plan A employees of Delaware Technical and Community College shall be calculated by using the salary amount specified for the Bachelor’s Degree, 0 years experience amount from §1305(b) of this title divided by .7 to account for 100% State funding.
Section 9. (a) Except as specifically authorized to the contrary by the Delaware Code, no state employee whose title is
designated in this Act shall receive total compensation whether in wages, salary, wages-in-kind or food allotment bonus or
overtime from agencies of this State in excess of the total amount specified in such line item regardless of the source of funds
involved. No full-time, part-time or casual/seasonal employee of the State of Delaware shall receive any additional stipend for
the purchase of food or be supplied with food or be reimbursed for food that was consumed during normal working hours within
the State; except as provided in Title 29, Chapter 51, Section 5112 (b), Delaware Code; or unless approval has been granted by
the Budget Director and the Controller General; provided, however that this Section shall not apply to State Police recruits
during the period of their training. In the event that an employee shall receive excessive compensation, the amount of the
appropriation from the General Fund shall be reduced by the amount of such excessive compensation and the Attorney General
shall take such steps as are necessary to recover from such employee any such excessive amount as has actually been paid. In
the event the "All Other" part of the salary is made up entirely of federal funds, and such federal funds are terminated or reduced,
the state appropriation is hereby increased to provide the "Total Salary" indicated. An agency may provide housing for such
employee without reduction in the salary provided such housing is on the site of the principal location of employment and further
provided that the head of the department or agency has determined that such location of the employee is necessary to the
operation of the agency and that the employee has no other employment. No agency shall provide an employee with a housing
allowance or compensation for housing.

(b) A state employee whose salary is designated in this Act may perform additional duties for a state agency other than
his/her principal employing agency, with the consent of his/her principal employing agency, and may be paid additional
compensation therefore, provided such additional duties are not a part of his/her regular duties for the principal employing
agency and not rendered during time paid for by the principal employing agency. All wage payments resulting from the
performance of such additional duties, including FLSA overtime, shall be the responsibility of the secondary employing agency
unless otherwise authorized by the Budget Director and the State Personnel Director.
Section 10. (a) For the fiscal year ending June 30, 2000, the salaries displayed below represent the salary effective on July 1, 1999.

(b) (i) Salaries of designated positions in Section 10(a) of this Act shall have no further increase applied by any other section of this Act, except as provided in Section 10(b)(ii), (iii), (iv), (vii) and (viii).

(ii) If a position in Section 10(a) becomes vacant during the fiscal year, the appointing authority shall submit a request with appropriate justification to the State Personnel Director to establish the salary commensurate with the qualifications of the proposed incumbent and within the position’s evaluated pay range. In reviewing requests made pursuant to this paragraph, the State Personnel Director shall provide an analysis of the request and shall solicit the advice and written consent of the Budget Director and the Controller General.

(iii) Regardless of the provisions of this Act, any state employee who is offered a promotional opportunity to become a division level manager shall be eligible for a five percent promotional salary increase. This eligibility shall be conditioned on a determination that the duties and responsibilities of the division level manager position are at least one paygrade higher than the position proposed to be vacated based on a comparison of equivalent value. For the purpose of this subsection, the equivalent value of one paygrade is defined as seven percent difference in the constant fiscal year dollar value of the evaluated pay range midpoint of the division level manager position compared to the position that the employee is vacating. The appointing authority may request a promotional increase in excess of five percent based upon the qualifications of the selected candidate. The request and appropriate justification shall be submitted to the State Personnel Director. In reviewing requests made pursuant to this paragraph, the State Personnel Director shall provide an analysis of the request and shall solicit the advice and written consent of the Budget Director and the Controller General.

If an employee is offered an appointment to a division level manager position that has an equivalent value equal to or less than the pay grade assigned to the position the employee is vacating, the employee may retain his/her current salary provided it does not exceed the midpoint of the evaluated pay range for the division level manager position. The appointing authority may request the retention of salary in excess of the midpoint of the evaluated pay range for the division level manager position by submitting appropriate justification to the State Personnel Director. In reviewing requests made pursuant to this paragraph, the State Personnel Director shall provide an analysis of the request and shall solicit the advice and written consent of the Budget Director and the Controller General.

(iv) Positions designated in Section 10(a) of this Act may be paid a salary which is less than the designated salary if the position is filled in an "acting" basis.
(v) An agency may request a dual incumbency for a division director or equivalent position in Section 10(a) for a maximum period of six months for cases involving extended disability or terminal leave, provided that the State Budget Director and the Controller General determine that the position is essential to fill during the interim period it would otherwise be vacant. The agency shall submit a request to the Office of State Personnel. The State Personnel Director shall review this request and seek the advice and written consent of the Budget Director and the Controller General.

(vi) If the incumbent in the position of Secretary - Health and Social Services holds a State Medical license, the salary listed in Section 10(a) of this Act for that position shall be increased by $12.0. Additionally, if the incumbent in the position of Secretary - Health and Social Services is a Board Certified physician, a $3.0 supplement shall be added to the annual salary listed in Section 10(a) of this Act.

(vii) If the highest paid Major receives an additional salary increase during the fiscal year, the salary of the Superintendent and the Assistant Superintendent of the State Police shall be increased in accordance with Title 11, Section 8303.

(c) Effective May 1, 2000, the Office of State Personnel shall submit to the Joint Finance Committee a listing of employees designated in Section 10(a). The listing shall indicate for each position the number of points applicable for Fiscal Year 2000 and the number of points of any recommended changes for any position for Fiscal Year 2001.

(d) For this fiscal year, the following represent the maximum salaries appropriated within Section 1 of this Act. These maximum salaries may be increased upon approval of the Budget Director and the Controller General to accommodate changes in statutory requirements.

On or before August 15, 1999, the State Personnel Director shall publish a list of exempt positions and the comparable Merit System class and/or paygrade for each position. In addition, such listing shall show the name of the incumbent, if the position is filled, and shall show the statutory citation which authorizes the establishment of the exempt position(s). The State Personnel Director shall provide copies of such listing to members of the Joint Finance Committee and the Controller General. No exempt employee shall be hired until an approved comparability has been assigned to the position. No reclassification/regrading, change in paygrade comparability of a filled or vacant exempt position, or change of a Merit System position to an exempt position otherwise permitted under Delaware Law shall become effective unless approved by the State Budget Director, State Personnel Director and the Controller General. In order to permit the development of the comparability list, state agencies shall provide to the State Personnel Director job descriptions of all exempt positions and position classification questionnaires describing the duties and responsibilities of each of the positions.
The certification of comparability by the State Personnel Director shall not be withheld unreasonably. Those positions assigned on a list of comparability that are assigned a comparable class and/or paygrade in the Merit System shall be paid in accordance with Sections 8(c) and (d) of this Act and Merit System Rules 13.0110 and 5.0900 through 5.0931; no other salary increases shall be given to such employees unless specifically authorized in this Act.

(b) The salary of employees whose salary in effect as of June 30, 1999, is below the minimum salary of the assigned paygrade of the pay plan shall be raised to the minimum salary. This adjustment shall be made in accordance with the general increase contained in Section 8(d)(1).

Section 12. Any employee eligible for termination pay, whose regular pay was from special funds, shall have termination pay paid from special funds. If the employee's regular pay is from both General Funds and special funds, termination pay shall be on a pro rata basis. Exceptions to this method of payment must have the approval of the Budget Director and the Controller General. All agencies shall absorb termination pay within the appropriations set forth in Section 1 of this Act.

Section 13. All agencies or schools receiving federal funds subject to the federal Single Audit Act shall:

Section 16. Any internal program unit/budget unit having energy funding (electricity, natural or propane gas and heating oils) for the purpose of reimbursing a host internal program unit/budget unit must release the remaining sums to the host internal program unit/budget unit in the event that the tenant internal program unit/budget unit vacates the premises. It is the responsibility of the host internal program unit/budget unit to initiate the transfer request. Those agencies which are budgeted energy as a result of occupying a portion of a host facility’s property, and do not directly pay energy bills, may not transfer energy funds other than to the host agency.

Section 17. No agency shall engage a consultant or authorize expenditure of any General or special funds for the purpose of studying personnel policies and/or the wage and salary classification of employees without the written authorization of the Personnel Director, the Budget Director and the concurrence of the Controller General.

The estimated payment is due within five working days of the beginning of each month. The estimated payment should equal the average of the last three months of actual reconciled payments; or payments based on a schedule.
established by the department. The department will continue to be responsible for the actual payments to the telephone
companies and the reconciliation of accounts with the user agencies and school districts.

Section 21. With the exception of the custodial work associated with Legislative Hall and the Governor's Office, the
Department of Administrative Services (30-00-00) may not hire any permanent, full-time custodial employees in any fiscal year
without the approval of the Budget Director and the Controller General.

Section 22. It is hereby directed that the Indirect Cost Recovery Program, Office of the Budget, may recover indirect
costs from non-federal special funded regulatory and service agencies. Costs that are allocated to a state agency under this
authority shall be billed to the state agency, and the cost is payable to the General Fund of the State. The source of payment for
the billed indirect cost shall be any revenue source except the General Fund. If the billed agency is authorized to bill and recover
direct expenses, the agency shall recover indirect costs in the same manner. The effort initiated in Fiscal Year 1993 covering
State Banking Commission, Professional Regulation and Public Service Commission shall continue in Fiscal Year 2000.

accordance with the Budget Director and the Controller General, shall have the authority to designate and approve pilot projects
within specified agencies. Such pilot projects shall accrue to the mutual benefit of the State as an employer and its affected
employees in the Department of Health and Social Services, the Department of Services for Children Youth and Their Families,
the Department of Correction, and the Department of Transportation. These pilot projects may include employee incentives
which have the impact of reducing overtime usage in these departments, and which are designed to achieve a net reduction in
costs to the State. Such projects may include elimination of pre-employment testing for certain classifications, eliminating the
cap on vacation carry-over, gain sharing, and the substitution of certain fixed state holidays by floating holidays. Such pilot
projects shall not exceed a period of two years duration, subject to renewal on a six month basis, and shall include a written
assessment to the Budget Director and the Controller General of their effectiveness at the end of each period.

Section 25. For Fiscal Year 2000, the provisions of Section 6502(a), Title 29, Delaware Code, shall be waived for
school districts. In its place, school districts shall be required to provide to the Budget Director and Controller General a signed
copy of its approved district budget for expenditures, including positions to be funded from all funds, as well as any other
information required by the Budget Director (provided the Budget Director furnishes official blank forms for such data).

Section 26. Notwithstanding the provisions of Title 29, Section 6334(c), Delaware Code, for Fiscal Year 2001, the
proposed budget plan, as prepared by the Budget Director, shall be in such a format that it can readily be analyzed and
comprehensive in nature.

Section 27. Section 229 of Volume 66 Laws of Delaware, Chapter 303, classified internal affairs investigator positions
as exempt positions. To clarify the status of those employees, any and all Merit System employees who were internal affairs
investigators and lost Merit System status as a result of the enactment of Section 229 and who have remained internal affairs

Section 28. All agencies receiving an Energy appropriation in Section 1 of this Act must work through the Division of
Purchasing, Department of Administrative Services, and the State Budget Office, Executive Department, to attain any contract(s)
dealing with the retail wheeling of natural gas or electricity. This includes agencies 01 through 95 with the exception of the
University of Delaware.

Section 29. Members of the Board overseeing the Delaware Qualified Tuition Savings Program may be reimbursed for
mileage expenses incident to their duties.

Section 30. Increased use of videophones and related technologies by agencies comprising the criminal justice system
is beginning to have a positive impact on the operations of these agencies. One such positive impact is the reduction in the
number of trips Department of Correction personnel need to make to transport offenders from the secure facilities in the prisons
to the courts for various hearings and other procedural matters. To help quantify these positive impacts, agencies with
videophones obtained through the Videophone Committee of the Criminal Justice Council shall submit to the Budget Director
and Controller General an annual report on their use of their videophone(s). This report shall be submitted no later than
December 1, 1999, and shall contain information such as but not limited to 1) the number of videophones used; 2) what types of
activities the videophone(s) are used for; 3) the number of times the videophone(s) was used for each activity; 4) any savings or
defered costs resulting from the use of the videophone(s); 5) any costs directly associated with the use of the videophone(s); and
6) future plans for the use of the videophone(s).
Section 31. In an effort to improve the statewide availability and usage of the Criminal Justice Videophone System, an evaluation of that system, associated technologies and the movement of the currently separate videophone budget into the regular State fiscal year budget process shall be conducted by the Office of the Controller General and the Office of the Budget in consultation with the Criminal Justice Council’s Videophone Committee. The results of said evaluation shall be presented to the co-chairs of the Joint Finance Committee on or before September 15, 1999.

Section 32. Amend the Classified Service Merit Rule No. 5.1453 to reflect the rate of pay per month for Level A to be $140 and Level B to be $70.

Section 33. Notwithstanding any other provision of the Delaware Code or this Act to the contrary, the State Budget Office, subject to the approval of the Controller General, is authorized to make technical adjustments to the personnel complement of any agency as appropriated in Section 1 of this Act in those situations where, due to the rounding of split-funded positions, such an adjustment is necessary so that an agency may establish its authorized complement. The provisions of this section are retroactive to January 1, 1999.

Section 34. Chapters 5.0000 and 6.0000 of the Merit Rules notwithstanding, the State Personnel Director in accordance with the Budget Director and the Controller General shall have the authority to approve statewide pilot projects including compensation for the purpose of attracting and retaining information technology personnel to State government. These pilot projects shall include, but are not limited to; the development of a competency based pay structure for information technology personnel, job rotation opportunities across various agencies, the development of technology resource groups, training opportunities and coordinating with the University of Delaware, Delaware State University and the Delaware Technical and Community College to develop formal cooperative education programs in information technology.

Section 35. For FY 2000, Merit Rule 5.0711 shall be amended to authorize the appointing authority to approve a starting rate or promotional rate up to 85 percent of midpoint where the applicant’s qualifications are clearly over and above those required by the minimum for the class specification.

Section 36. Effective July 1, 1999 all employee benefit deductions shall be made on a pre-tax basis. Employees who have currently designated employee deductions on a post-tax basis shall continue to have those deductions on a post-tax basis as long as the employee remains in a benefit program or the employee makes a change to pre-tax employee benefit deductions.
Section 37. Amend Title 29, Delaware Code, Section 5201(c) by adding the phrase “or the age of 24 if a full time student” after the word “years” in the second sentence.

Section 38. In an effort to reduce the financial impact of worker’s compensation and property losses to the State, the agencies and school districts shall work with the Insurance Coverage Office to implement safety and return to work policies. Any employee who has been on Worker’s Compensation shall be a preferential hire for any position for which the employee is qualified. In accordance with State law, the employee shall receive a salary supplement based on that employee’s prior earnings in the event the new salary is less than their current salary.

Section 39. State Personnel Office shall work with the Public Defender’s Office to formulate a reorganization plan to be presented to the Office of the Controller General and the Office of the Budget on or before October 1, 1999. The reorganization plan shall include recommendations on the establishment of a new organizational structure. Implementation of a reorganization plan shall be effective upon the approval of the Co-Chairs of the Joint Finance Committee.

Section 40. Amend Title 29, Section 5209 of the Delaware Code by adding the following sentence to subsection (e): “Participation by any county or municipality shall be subject to approval of the Group Health Insurance Committee.”

Section 41. Amend Section 5201(a), Title 29 of the Delaware Code by deleting the “the 3” as it appears on the second line and replacing it with “3”.

Section 42. Amend Delaware Code, Section 3201, Title 18 as follows: strike “a 3-month period” in the second sentence and replace with “3 full calendar months”.

Section 43. (a) For the fiscal year ending June 30, 1999 any sums in the following accounts shall remain as continuing appropriations and shall not be subject to a reversion until June 30, 2000.

(vi) estimated costs of such project shall include a three-year projection, i.e., current fiscal year and two succeeding fiscal years.

(c) No project is to be undertaken which is beyond the scope of work approved by the department/agency head and the Budget Director. This requirement applies to all computer or computer-programming related systems development performed by the Office of Information Services and approved by the Office of the Budget, department/agency itself or an outside consultant or contractor. Further, this requirement applies to new computer programs or systems purchased or otherwise acquired and placed in use.

(d) Status reports, sufficiently descriptive in nature of each project, shall be prepared by each department/agency and provided quarterly to the Budget Director and the Controller General.

(e) In support of all projects executed between the Office of Information Services and the Office of the Budget and the concerned department/agency, Information Services shall maintain staff support to the benefit of department/agency at the projected level of effort (subject to recruitment delays) until the project work has been accomplished.

(f) No funds appropriated in Section 1 of this Act may be used to employ data or word processing professionals in support of current or proposed data or word processing systems without prior written approval of the Budget Director.

Section 60. The General Assembly finds that the establishment of the federal TANF block grant has left the state vulnerable to deficits from caseload increases attributable to an economic downturn. In order to minimize such exposure, the funds within the Reserve Account for CSCRP Disallowances (10-02-01-80-51), and any funds which may become available from a one-time federal surplus resulting from the old AFDC (Title IV-A) and JOBS (Title IV-F) Programs, shall be available to mitigate to the extent possible, projected deficits in TANF supported programs within the Division of Social Services,
Department of Health and Social Services. The use of such funds for such purposes shall require the approval of the Budget Director and Controller General.

Section 61. Section 1 of the Act contains an appropriation in Office of the Budget, One-Time Items and Contingencies (10-02-04) for Contingency - Salary. The Budget Director with the concurrence of the Controller General is authorized to transfer agency salary funds through transfers in order to adjust for salary savings, the general salary increase contained in Section 8 of this Act.

Section 62. The amount appropriated to the Office of the Budget, Contingency and One-Time Items, Prior Years' Obligations, shall be used to pay personnel costs, reimbursement of overpayment of fringe benefits, and other obligations except coding errors by a school district which require adjustment of the state's accounts. Any use of the Prior Years' Obligations account by any agency receiving funds in Section 1 of this Act, in excess of the amount reverted from the applicable line code on June 30 of the fiscal year in which the expense was incurred, will require the requesting agency or school district to reimburse the Prior Years' Obligations account by the amount equal to the excess requested. A line code reversion sum does not negate the necessity of encumbering sufficient funds to cover known expenses, proof of circumstances beyond an agency's ability to encumber must be documented on the request for transfer to be excluded from the reimbursement clause. All requests for prior year funds to complete the payment of one-time items will require a reimbursement to the Prior Years' Obligations account by the requesting agency from any appropriation other than personnel costs. The reimbursement can be removed from the current fiscal year's budget. The reimbursement clause shall not apply to legal judgments against the agency or school district. A reimbursement under this Section shall not be deemed to be prohibited by Title 10, Section 8111, Delaware Code.

Section 63. For Fiscal Year 2000, Title 29, Chapter 65, Section 6529, Delaware Code is interpreted to include the ability to implement a hiring review process. All State agencies with the exception of Legislative, Judicial, Higher Education and School Districts shall be subject to the provisions of Section 6529 as interpreted by this section. Implementation of a hiring review process shall require all positions to be reviewed and approved by the Budget Director and the State Personnel Director prior to filling. All non-cabinet agency hiring requests shall also require the review and approval of the Controller General prior to filling.

Section 64. The appropriation in Section 1 of this Act to the Office of the Budget, Contingency and One-Time Items (10-02-04) for Contingency, Appropriated Special Funds for $20,000.0 shall be used to make adjustments in the amount of state
special fund appropriations in the event additional state special funds are received which were not previously anticipated. Such adjustments shall be made in accordance with the approval of the Budget Director and the Controller General.

Section 65. Section 1 of this Act provides an appropriation to Office of the Budget, Contingency and One-Time Items (10-02-04). It is the intent that the appropriation for One-Time Appropriations in the amount of $5,732.8 shall be non-recurring expenditure items. The Budget Director shall transfer the appropriations as itemized to the departments. Each receiving department shall identify the line item, object code and, for all practical purposes, complete and separate accountability for each appropriation amount transferred. No appropriation shall be transferred without the Budget Director and the Controller General approvals. Any one-time appropriation for computer/word processing hardware, software and telecommunications, which contemplates the development of computer-related systems, shall be transferred into the line Computer One-Time Projects in Office of the Budget Administration (10-02-01). The expenditure of computer or computer related funds shall be subject to the restrictions of the Development Fund.

Further, it is the legislative intent that none of the appropriations for One-Time Appropriations be included, or be considered, as a part of the budget request for the FY 2001 Appropriation Bill.

Where applicable, the appropriations to Office of the Budget, Contingency, One-Time Appropriations (10-02-04), are subject to the following terms and conditions:

Districts shall submit applications to the Department of Education detailing the district’s plan for the utilization of these funds. The Department of Education shall review and approve plans and allocate an amount not to exceed $331.00 per certified employee, based on a district's personnel complement for the 1998-99 school year. Grants are to be used for developing and implementing curriculum based on the content standards established by the Curriculum Frameworks Commission, as approved by the State Board of Education or for other professional development activities, including, but not limited to: Discipline, Special Education/Inclusion Collaboration/Consensus Building, Conflict Resolution, Shared Decision Making, local school board member training, and Educational Technology. principles. Grants may be utilized for training, planning, in-service programs and contractual services. The Department of Education is authorized to transfer 50 percent of the estimated district grant amount on July 30, 1999. The remaining 50 percent shall be transferred within 30 days of the final approval of the district application for funding.

In the application, districts shall detail the proposed utilization of funds as well as the incorporation of the following criteria:

(a) Integration of the proposal with existing resources and programs such as the Comprehensive Discipline Act, Goals 2000, Delaware Principals Academy, Delaware Teachers Center, Drug Free Schools, Title 1 and 2, Special Education and local funds dedicated to Standards and Assessment.

(b) Inclusion of local staff in planning of the grant proposal, with representation from all involved in student learning, including all professional employees by category. The plan(s) should focus on overall improved student performance, with a built in level of accountability to determine effectiveness.

(4) $140.0 for Delaware Principals Academy activities. The Department of Education shall determine, in coordination with the agency (or agencies) operating this program, the goals and objectives of this program, including how it will further the objectives of Standards and Assessment and integrate Shared Decision Making training into the program focus. The Controller General and the Budget Director shall ensure that the proposed program is cost efficient and meets the objectives outlined in this section before agreeing to transfer the appropriation from the Department of Education to the operating agency. All expenditures from this allocation shall serve principals from the State of Delaware only.

(5) $600.0 for Professional Mentoring. The intent of this appropriation is for exemplary teachers to assist new teachers through leadership and guidance, and includes a training component in order for teachers to become better mentors. This funding level allows for a statewide program.

(6) $600.0 for Tuition Reimbursement of which $50.0 shall be used exclusively for tuition reimbursement for Early Childhood Education courses and $50.0 for summer school courses. This allocation provides, at the discretion of the Department of Education, for the possible operation of a tuition reimbursement program for the purpose of reimbursing public school employees and teachers employed by state agencies for tuition payments for graduate college courses or courses in an Education Technology Certificate Program. Funds may only be used to reimburse certificated non-administrative employees. No payment shall be made unless the course taken relates to the employee’s job assignment and is taken with the prior approval of the employing
district board, superintendent or state agency. Local school district boards of education are required to prioritize the allocation of the funds they receive to support the educational advancement efforts of regular education teachers taking special education and/or mainstreaming related courses and other educational priorities established by the local boards of education based on staff development goals or to ameliorate identified deficiencies. This allocation may be used by local school districts to defray the costs for teachers seeking application for National Board Certification from the National Board for Professional Teaching Standards.

Reimbursement for tuition may be made for courses taken during summer school or during the academic year for which a passing grade of B or better is obtained. No reimbursement shall be in excess of the tuition charged a Delaware resident taking a course with an equal number of credit hours at the University of Delaware. Of the total allocation made by Department of Education, a minimum of .75 percent shall be allocated to state agencies and the balance shall be allocated to the several school districts in amounts equal to each school district’s proportion of Division I units to the total number of Division I units statewide on September 30, 1999. Any funds not expended by a school district or a state agency shall be transferred to other districts or agencies. In the event that any district’s allocation is not sufficient to provide total reimbursement to all eligible employees, the district shall pro-rate the funds so that each eligible employee receives a share of the total district allocation equal to the individual employee’s reimbursable expenditure divided by the total reimbursable expenditure of all employees in the district multiplied by the district allocation. Funding for each school district shall be divided into two equal parts. The first one-half shall be prorated as described above among eligible employees who complete their courses prior to February 1, 2000. The second one-half shall be prorated as described above among eligible employees who complete their courses prior to June 15, 2000. In the event that funds remain in either half year, the district shall be authorized to reallocate those funds to reimburse eligible employees in the other portion of the year who did not receive full reimbursement. This Section shall supersede collective bargaining agreements to the contrary.

(7) $628.4 for the Department of Education for the Teacher to Teacher Instructional Cadre which provides for the purchase of release time of exemplary teachers in the content areas in which the State Board of Education has adopted content standards, who will provide assistance to districts on a statewide basis in designing, demonstrating and implementing best teaching practices in the development of curriculum to meet the established standards. 5011400334

final approval of the district application for funding.

(8) $744.5 for the Summer School for Teachers Program. Of this appropriation, $578.7 will be allocated to the
University of Delaware and $165.8 to Delaware State University to fund summer programs for the
professional development of teachers. It is intended that curriculum of the summer classes offered through
this program, to teachers and aides, be consistent with the curriculum standards which are currently under
development or have previously been adopted by the State Board of Education. Both the University of
Delaware and Delaware State University shall incorporate into their Summer School for Teachers course
structure, the appropriate and necessary elements that will enable participants to develop relevant classroom
curriculum as well as to gain additional exposure to best teaching practices in the standardized content areas.
The Department of Education shall continue to make staff available to assist each institution in the
preparation of the summer coursework. Future budget requests for this program will be made by the
Department of Education in their annual budget request, following consultation with the University of
Delaware and Delaware State University.

(b) Any funds remaining subsequent to these allocations may be disbursed at the discretion of the Department of
Education for professional accountability and instructional advancement activities.

Section 340. (a) Section 43 of this Act continues appropriations to Public Education, Block Grants and Pass
Through Programs, Professional Accountability and Instructional Advancement Fund (95-03-10) for Shared Decision Making.
Based on the current level of activity in the program, such funds are sufficient to meet the needs of the Shared Decision
Making program in FY 2000. The Governor and General Assembly recognize the importance of increased local board and
school building level authority as a means toward improving student achievement and increasing accountability. This
recognition is consistent with the requirements contained within the Federal Improve America’s Schools Act (IASA) for any
school receiving funds under said Act. Pursuant to Chapter 8, Title 14, Delaware Code, individual school buildings within
local school districts that have adopted a district transition plan as specified in Section 803(d), Chapter 8, Title 14, Delaware
Code, may apply for a school level grant to conduct structured conversations at the school building level, and subsequently
develop a school transition plan. These grants shall be funded in the amount of $7.5 per school building and shall be provided
to the local school district. As stipulated in Chapter 8, Title 14, Delaware Code, one-third of the amount ($2.5) shall be made
available for the school level structured conversation, and the remaining two-thirds ($5.0) will be used to design a transition
plan at the school building level. Funding for these grants will be provided through a combination of prior year appropriations
within the Professional Accountability and Instructional Advancement Fund (95-03-10) for this purpose, and Federal Goals 2000 funds, if a local district decides to prioritize its Goals 2000 application in favor of Shared Decision Making.

(b) Local School Districts that applied for a district level grant pursuant to Section 807(b), Chapter 8, Title 14, Delaware Code, by April 1, 1999, shall receive a district level grant from prior year funds. Districts are eligible for grants in the amount of $20.0 per district, provided they meet the criteria established in the Delaware Code. Approximately one-third of that award (or $6,667) shall be available for the district level conversations, and the remaining two-thirds (or $13,333) will be used to design a transition plan at the district level.

(c) Local school districts shall address the district’s progress or intentions pursuant to the provisions of Chapter 8, Title 14, Delaware Code in the IASA consolidated application in a format specified by the Department of Education. Local school districts that did not make application for the school level grants specified in Chapter 8, Title 14, Delaware Code, on or before May 1, 2000, shall prioritize the use of Goals 2000 funding based on the competitive criteria developed by the State of Delaware. Any local school district that opts to prioritize the use of Goals 2000 funding in a manner so as to use the funds for the purposes other than Shared Decision Making shall not be eligible for funds for the purposes described in this Section from any source during FY 2000. The Federal Goals 2000 funding for this purpose shall be made available at such time that a local school district meets the requirements contained in Chapter 8, Title 14, Delaware Code. Local school districts that do apply for school level grants as specified in Chapter 8, Title 14, Delaware Code shall make the full amount of the grants available to school buildings for the purposes specified in Chapter 8, Title 14, Delaware Code, regardless of the source of such funding, in the amounts specified in subsection (a) of this Section. Sufficient funding shall be made available to each local school district to provide for these grants and to cover indirect costs and audit fees. Pursuant to the Federal Goals 2000 requirements, each local school district must insure that 50 percent of the total district grant is provided to schools with special needs as defined by the local district. Special needs may be indicated by a high number or percentage of students from low-income families, low student achievement, or other similar criteria developed by the local school district.

(d) It is anticipated that individual school buildings that are successful in developing a school transition plan, and subsequently desire to develop a school improvement plan as specified in Section 806, Chapter 8, Title 14, Delaware Code, will be provided school improvement grants pursuant to said Chapter. It is anticipated that these grants will be composed of the conversion of certain discretionary state resources.

Section 341. Section 1 of this Act makes an appropriation to the State Board of Education Block Grant and Pass Through Programs, Academic Excellence Block Grant (95-03-10). Of the amount appropriated, $21,665.4 shall be used to fund units for academic excellence in the school districts in accordance with Section 1716, Title 14, Delaware Code. The balance of
$3,982.5 shall be allocated to school districts in proportion to the number of Division I Units each district enrolls on the last school day in September 1999. School districts may use the funds to: purchase computer hardware, software or services; calculators; library resources; fund homebound instruction costs; provide substitute teachers; provide additional nurses so long as the district is entitled to less than one nurse per school; provide a student work-study program; provide conflict resolution training; provide extended day or extended year programs for students performing below the standard level; provide stipends for professionals engaged in curriculum or professional development activities sponsored by a local school district or the Department of Education, outside of the regular school day. Included in this amount are sufficient funds to increase the daily rate for Class A Substitutes to $75.00, Class B Substitutes to $61.00 and Class C Substitutes to $47.00. School districts may form consortia, utilizing homebound funds, to purchase or provide services. No homebound funds may be spent to provide services to students who have been suspended or expelled from school, except for special education students. The State Board of Education shall provide an annual summary of school district plans for use of Academic Excellence funds to the Budget Director and Controller General no later than December 1 of each year.

Section 342. For the fiscal year beginning July 1, 1999, any local school district that has had two consecutive failed current expense tax referendums during the time period July 1, 1997 to January 1, 2000, is authorized to exercise the cash option on Academic Excellence units up to the total number of units provided under that program. This provision will apply for Fiscal Year 2000 only. In addition, districts meeting this criteria are authorized to utilize funds derived from this cash option to pay local salary supplements. Any district that has had a successful current expense tax referendum subsequent to two consecutive failed current expense tax referendums is ineligible for the provisions of this section.

Section 343. Section 1 of this Act appropriates $135.2 within Public Education, Block Grants and Pass Through Programs, Professional Accountability and Instructional Advancement Fund (95-03-10). This appropriation is to be used in FY 1999, along with any local school district and privately donated funding, to defray costs for teachers seeking national board certification from the National Board for Professional Teaching Standards (NBPTS). Recognizing the effort involved in pursuing such certification as well as the value it will bring to Delaware teachers and students, commencing January 1, 1998, a certification obtained under this program by a teacher paid under Title 14, Section 1305, Delaware Code, shall result in an additional $1,500.00 in pay for each year such certification is maintained. The Department of Education shall report annually to the Budget Director and Controller General the number of certificates obtained under this program. This section shall be null and void should legislation be enacted, which includes recommendations of the Education Salary Schedule Improvement Committee as constituted by Executive Order No. 50.

effective way to prepare them for learning. The monies passed through to READ-ALOUD Delaware shall be used to provide
programs in each county, focused on the more disadvantaged segment of the population of preschool-aged children.

the University of Delaware, which acts as the fiscal agent for this statewide program.

appropriated to develop a pilot program to test a professional development model for systematically training teachers in
content and pedagogy and provide them with ongoing support in the classroom.

Section 349. In order that the children for whom the learning disability and socially or emotionally maladjusted units
were devised shall be the sole beneficiaries of all funds available for such children, the State Board of Education shall require
strict adherence to approved guidelines before release of any funds designated for such children. The State Board of Education
shall particularly ascertain that no educable mentally handicapped are being classified as learning disabled; and that strict
guidelines are developed to determine eligibility of socially or emotionally maladjusted children so that this category does not
become a catch-all for low-achieving, unmotivated or disruptive pupils without serious physiological or neurological disorders.
All pupils classified learning disabled or socially or emotionally maladjusted must be reevaluated at least every two years, except
psychological evaluation shall be made at least every three years. The State Board shall report annually to the Budget Director

operational project costs, be divided on a 70/30 basis between the State General Fund and the local school district’s operating
funds. Any funds returned to a local school district that were generated through recovery on non-transportation services
provided by a tuition-based special school must be made available to the special school for expenditure at the special school.

Audit exceptions, including any penalties and fees, will be covered from drawdowns on future recoveries on a 70/30
basis between the State General Fund and the local school district operating funds where the exception occurred.

Of the amount set aside for LEP services, up to 50 percent may be used within the normal school day provided the services are in the form of specialized instruction designed to help LEP students succeed in regular classroom settings. Of the amount appropriated, $400.0 may be used for the Early Intervention Reading Program as specified in this section. Code.

(6) Local school districts may use funds appropriated pursuant to this Section to contract with private or non-profit
instruction or tutoring services provided that there is evidence of building level conversations regarding
contracted services.

the full amount to which they are entitled, the Department of Education may allocate any remaining amount
through a competitive RFP process.

(c) The following criteria shall apply to the component of the program that serves students in any grade levels:

(1) This funding shall serve students in kindergarten through grade 3 who are identified during their kindergarten and first grade years as being inadequately prepared to succeed in reading or are performing below grade level.

(2) This funding shall be utilized exclusively to provide supplemental services or teaching methods designed to improve the reading abilities of students with the goal being that they achieve and maintain their appropriate grade level reading ability. These services shall utilize intensive systematic multi-sensory phonics as the instructional methodology.

(3) The funding for this component may provide services outside of the normal school operation timeframe as specified in subsections (c) and (d) of this Section, or may be used during the regular school day, provided however that the services being offered are supplemental to the reading instruction the student would otherwise normally receive.

The goal of this provision of resources shall be to have the child function at grade level and to avoid the need for state-mandated academic improvement activities. The Department of Education shall survey local school districts to determine their level of local support for these purposes and their use of state Extra Time for Students funding to help K-3 students function at grade level.

Section 364. Any provisions of the Delaware Code to the contrary notwithstanding, the Department of Education is authorized and directed to provide aides for the purpose of providing mainstreaming services to deaf students as follows: four in the Capital School District, three in the Lake Forest School District, two each for the Seaford School District and the Woodbridge School District, and one in the Brandywine School District, the Caesar Rodney School District, and the Milford School District.

(b) Transportation funds for public school districts during the fiscal year ending June 30, 2000, shall be allocated and shall not exceed $48,616.5 (of which $500.0 is designated as a transportation contingency for the Charter and Choice initiatives), according to bus contract or district transportation formula, as adopted by the State Board of Education on July 23, 1987, subject to the following amendments and procedural modifications:

(1) The per gallon price used to calculate the gasoline allowance shall be based on the state contract bid price for unleaded gasoline plus $.07 per gallon for districts and plus $.28 per gallon for contractors. For districts and
contractors north of the Chesapeake and Delaware Canal, the per gallon price shall be based on delivery to a large-sized tank (5,000 or more gallons). In the case of contractors located south of the Chesapeake and Delaware Canal, the per gallon price shall be based on delivery to a small-sized tank (275 - 1,900 gallons). Upon determination by the Department of Education that a contractor located North of the Chesapeake and Delaware Canal and operating five or fewer buses does not have existing storage capacity in the large tank range, the per gallon price shall be based on the smaller tank size.

(2) The Fiscal Year 2000 operating allowance will be adjusted for inflation by a rate of three percent.

(3) For the fiscal year ending June 30, 2000, the allowable cost of a new bus purchased by a contractor shall be the Fiscal Year 1999 state bid price for new buses minus two percent for salvage value, plus eleven percent to account for dealer charges and profits not reflected in the state bid price due to the higher number of buses being purchased and the lag time between the ordering and delivery. The Department of Education shall continue to utilize the procedures developed in Fiscal Year 1989 for determining the allowable cost for any size bus that it did not bid in Fiscal Year 1999. In addition to the procedure for establishing the allowable cost of a new bus specified above, the Department of Education is requested to structure its bids for buses in the fiscal year ending June 30, 2000, in such a manner that public school bus contractors will be permitted to purchase buses from the successful lower bidder at the same price as the State of Delaware. If a contractor elects to purchase a bus at the bid price, that bid price minus two percent for salvage value will be the allowable cost in subsequent reimbursements to the contractor.

(4) The formula rate for reimbursing public school bus contractors for the cost of liability insurance shall be determined by the Department of Education in consultation with the Insurance Commissioner based on the data available on April 30 of the previous fiscal year.

(c) The Department of Education shall amend its transportation formula to permit replacement of a vehicle which has operated 100,000 school-related miles and is seven model-years old or a vehicle which has operated 150,000 school-related miles regardless of the age of the vehicle.

(d) The Department of Education is authorized to amend its formula to allow the purchase of diesel-powered buses as the minimum standard in those sizes where gasoline-powered buses are no longer available.

(e) Except as specified in this Section, or for changes in the price of gasoline, or for the adjustments of those items changed by state or federal laws, the Department of Education shall not change the transportation formula unless the change has been authorized by the General Assembly and an appropriation therefore has been made by the General Assembly.
(f) The Department of Education is authorized to amend its formula such that automatic transmission shall be considered standard equipment on contractor and school district bus purchases.

(g) The Department of Education is authorized to amend its transportation formula to change the miles-per-gallon allotment for 66/72 passenger diesel buses from 9.1 miles-per-gallon to 6.7 miles-per-gallon.

(h) Of the appropriation allocated for public school districts, $64.0 is allocated to purchase a maximum of eight air conditioned buses to transport special need students. The Department of Education is authorized to amend its formula to allow the purchase of air conditioned buses which may be required to transport special education students that have a medical need for air conditioning (specified by a physician), and that go to a special education school.
