Subchapter IV. Effectuation

§ 841. Filing of maps.

Maps of the several representative and senatorial districts shall be prepared by the respective departments of elections of each county. The maps shall be certified as to correctness by the president and administrative director of the respective departments of elections and recorded in the offices of the recorder of deeds for the respective counties. Two true and correct copies of these maps shall also be filed, not later than January 1, 2002, in the respective county

departments of elections with the State Election Commissioner, the respective state chairpersons of the 2 major political parties and the State Archivist and Records Administrator.

§ 842. Evidence.

When the maps referred to in this chapter are so recorded in the respective recorder of deeds' offices, they shall be prima facie evidence in all judicial proceedings as to the correctness of the boundaries shown thereon.

§ 843. Copies of Maps.

The State Election Commissioner and the separate departments of elections shall cause such additional copies of the maps to be prepared and distributed as they deem necessary to properly advise the public.

§ 844. Designation of roadways.

The term avenue, boulevard, drive, highway, lane, parkway, place, road, route, street, turnpike or any abbreviations thereof shall be used interchangeably so as to make the descriptions used in this chapter conform to maps currently in existence.

§ 845. House district descriptions.

In the descriptions of the various House of Representatives districts, all references to a road, highway, street, drive, place, parkway, lane, avenue, boulevard, route, turnpike, river, stream, branch, gut, boundary line or other physical feature shall refer to the center line thereof unless otherwise specified."

Section 2. Severability. If any district described in this Act, or any provision of this Act, or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other districts, other provisions, or applications of the Act which can be given effect without the invalid district, provision or application, and to that end the descriptions and provisions of this Act are declared to be severable.

Section 3. Notwithstanding any law to the contrary, for purposes of approving the election district lines by the respective county Boards of Elections for the 2002 Primary and General Elections, in the event a vacancy exists or occurs on the Board of Elections in Kent, New Castle or Sussex Counties, the Board of Elections may still meet and approve said election district lines as long as Section 209 of Title 15 has been met.

SYNOPSIS

This Act reapportions the General Assembly into 21 Senate Districts and 41 House Districts.

This legislation would also allow the Board of Elections in Kent, New Castle or Sussex County to approve

proposed election district lines for the 2002 Primary and General Election even if a vacancy occurs on the board at that time as long as a majority of the board members agree. Presently, when a vacancy exists on the Board of Elections, the Board can only meet to certify elections and cannot meet to transact any other business.
