- 11 documentation to verify satisfactory completion; and
- 12 ii. submit to the Director of the Criminal Justice Council or the Director's designee
- 13 within 30 days after completing a class or course of instruction proof of:
- 14 (1) the course title and grade received;
- 15 (2) the amount of tuition paid for the course; and
- 16 (3) the name of the post-secondary institution where the course was taken.
- 17 7. The Director of the Criminal Justice Council or the designee shall adopt rules and
- 18 regulations as deemed necessary and proper for the efficient administration of this Section.
- 19 The rules and regulations must contain appeal procedures.
- 20 8. An officer who receives tuition reimbursement pursuant to this Section but is terminated
- 21 from law enforcement employment for cause, or who otherwise fails to comply with any
- 22 requirement of this Section shall immediately become ineligible to receive education
- 23 benefits pursuant to this Section and shall repay all tuition reimbursement previously

1 extended to the employee, including interest on a pro rata basis from the time of termination
2 or noncompliance. The Director of the Criminal Justice Council or the Director's designee
3 shall determine the amount of repayment due by the employee pursuant to this Subsection.
4 If law enforcement employment is terminated for other than just cause, the officer will not
5 be required to repay previously reimbursed tuition.

6 9. Nothing in this Section is intended to inhibit or deny officer promotion or transfer to other
7 law enforcement agencies within this State.

8 10. The Director of the Criminal Justice Council shall include in the agency's annual report:

- 9 i. the number of officers who participated at each post-secondary educational

13 iii. the total amount required to be repaid to the State by defaulting officers during the
14 year; and

2 Section 42. Bond Proceeds Reimbursement. Unless not permitted by the Internal Revenue

4 General Obligation bonds or the Delaware Transportation Authority's (the "Authority") revenue
5 bonds to finance the costs of specific capital projects, it is the intent of the General Assembly that
6 the interest on such bonds shall not be included in gross income for federal income tax purposes
7 under Section 103 of the Internal Revenue Code of 1986, as amended, and the United States
8 Treasury Regulations (the "Regulations") thereunder as they may be promulgated from time to time.

11 bonds, are or are reasonably expected to be, reserved, allocated on a long-term basis, or otherwise
12 set aside by the state to pay the costs of such specific capital projects. Pursuant to the Authority's

14 projects shall be funded on a long-term basis from the proceeds of such bonds. However, after the
15 authorization of such bonds but prior to their issuance, non-bond funds from the state's General
16 Fund or the Authority's Transportation Trust fund or other funds may be advanced on a temporary
17 basis to pay a portion of the costs of such specific capital projects. In that event, it is expected that
18 these non-bond funds will be reimbursed from the proceeds of such bonds when they are issued.
19 This reimbursement may cause a portion of such bonds to become "reimbursement" bonds within
20 the meaning of Section 1.150-2 of the Regulations. Under those Regulations, to preserve the
21 exclusion of the interest on such bonds from gross income for federal income tax purposes, it may be
22 necessary to make a declaration of official intent. The Secretary of Finance is hereby designated as
23 the appropriate representative of the State and the Secretary of Transportation is hereby designated

1 as the appropriate representative of the Authority, and each is authorized to declare official intent on

6 authorized under this Act for a school construction project may be issued in the form of “Qualified
7 Zone Academy Bonds” within the meaning of the federal Taxpayer Relief Act of 1997 (the QZAB’s).
8 Such portion shall be equal to the maximum amount of QZAB’s which may be issued under such act.
9 Preference for use of the authorization shall be given to eligible special schools that are funded with
10 100 percent state funds and subsequently, schools authorized under this Act with the highest
11 percentage of free and reduced lunch counts for the 2001-2002 school year that elect to participate in

15 complete." A project shall be deemed "substantially complete" when the project is occupied by 75
16 percent of the planned tenants or when deemed complete by the Appeals Board. One year after a
17 project is deemed "substantially complete," any unencumbered authorization balance shall revert. In
18 no case shall this Section empower the Appeals Board to allow for the expenditure of funds for uses

4 out the following legislative mandates:

5 (a) Transportation Trust Fund Authorizations. Sums not to exceed \$425,922,500 (State
6 \$307,687,000; Federal \$117,085,500; Other \$1,150,000) are authorized to be withdrawn
7 from the Transportation Trust Fund to carry out the projects and programs as set forth in
8 the Section 1 Addendum of this Act.

9 Section 68. AstraZeneca Project. The Department of Transportation is authorized to
10 reimburse DEDO for the cost of such lands needed solely for such transportation improvements,
11 subject to compliance with all necessary federal regulations that limit the timing of such expenditures
12 by the department. The per acre cost to DEDO for all the lands DEDO acquires for the AstraZeneca
13 Project shall be used as the per acre charge to the department for such reimbursement. Other acreage
14 acquired by DEDO for the AstraZeneca Project needed for area-wide stormwater management
15 improvements, wetlands mitigation, and/or historic preservation regulatory compliance, shall be made
16 available to the Department without cost for its use in constructing such improvements, facilities, and
17 or complying with historic preservation regulations.

- 18 1. The roadway concept plan developed by the joint public process and approved by the
19 Governor and the County Executive will be designed and constructed, as proposed. All
20 roadway alignments and connections shown in the concept plan will be maintained in the
21 final project design. Only modifications to ensure safety or to minimize or avoid impacts
22 to environmentally sensitive areas will be permitted in the final design. However, no
23 change will be made to the concept that will result in a degradation of the Level of Service

1 as committed by New Castle County and as defined in the Department of Transportation's
2 response to the AstraZeneca Traffic Impact Study; and

3 2. To accommodate the growth projected by AstraZeneca, the Department of Transportation
4 will complete Phase 1 ITMS improvements and Phase 1 transit improvements by the end
5 of Fiscal Year 2002. All roadway construction improvements will be complete by the end
6 of Fiscal Year 2007. The Department will prepare construction contracts and advance
7 them to construction in the most efficient manner possible. Contracts should be prepared
8 and staged to minimize disruption to the existing traffic flow; and

9 3. The construction schedule will be as follows:

 - 14 c. Completion of utility relocations with appropriate private and public companies in a
 - 15 series of roadway projects.
- 16 5. Periodic workshops will be held to present status reports on project design.
- 17 6. It is the intent of the General Assembly that the State will authorize the funding for the
- 18 entire project in the Fiscal Year 2001 Bond and Capital Improvements Act. These funds
- 19 will remain committed to this project. Federal Funds may be substituted for the State
- 20 Funds, if the project becomes eligible for Federal Funds without jeopardizing the
- 21 construction schedule outlined in #3 above.

22 Section 69. Maintenance and Operations Facilities. The following building structures and

23 facilities constructed or to be constructed within the Department of Transportation's operating rights-

1 of-way for the Interstate Highway System and State Route 1, that are used to assist in the operational
2 and maintenance activities for such roads, shall not be subject to zoning, subdivision, or building
3 code ordinances or regulations by any political subdivision of the State: a) North District, Chapman
4 Road Facility (equipment shed, roof replacement, and HVAC); b) Canal District, Tybouts Corner
5 Maintenance Area (equipment sheds, salt storage facility, and one-story area office building); c)
6 North District, Talley Road Maintenance Area or its replacement (equipment sheds, storage facility,
7 salt storage facility and security/privacy barrier); d) Canal District, SR 1 North of North Smyrna
8 Interchange (equipment shed, salt storage facility, and one-story area office building); and e) Canal
9 District, SR 1 at SR299 Interchange (equipment shed and one-story area office building). The
10 Department shall not construct any such facility or make improvements in any such existing facility
11 without first conducting a public workshop to describe such plans and gather public input into the
12 effect of such plans.

13 Section 70. Transit Bus Shelter Advertising. The General Assembly acknowledges the work
14 of the Delaware Transit Corporation (“DTC”) in developing and implementing a transit shelter
15 improvement program. Part of the program involves the use of contractual advertising on the
16 downstream panel of such shelters, to offset the capital and maintenance costs of such shelters, as
17 contemplated in 17 Del. C. c. 11. The General Assembly finds that such advertising is appropriate
18 when located in most areas, but is inappropriate in certain areas. Notwithstanding any other state or
19 local law to the contrary, contractual advertising under the DTC program shall be permitted, except in
20 the following locations: (a) within a residential subdivision, except at its entrance; (b) within 50 feet
21 of a residence; (c) within 100 feet of any property designated as an historic resource under federal,
22 state, or local law; or (d) within 150 feet of areas experiencing continually high incident rates of drug

1 offenses or crimes against persons, measured on a calendar-year basis, as designated by the State
2 Bureau of Identification or the applicable local police agency.

3 Section 71. Route 7 and Valley Road Project. Pursuant to previous legislation directing the
4 Department to design and construct certain permanent drainage improvements, as well as certain
5 other transportation, recreational, cultural, educational and open space improvements in the area of
6 the newly completed intersection of Route 7 and Valley Road in New Castle County, the Department
7 has developed a master plan for the implementation of such improvements, hereafter referred to as
8 the ("Project"). Notwithstanding the provisions of any state laws or regulations to the contrary, the
9 Department is now authorized and directed to:

10 (a) Enter into such contracts for the purchase of any lands necessary to complete the Project;

11 (b) Negotiate with private entities pursuant to the provisions of Subsection (a) of this Section, so
12 as to complete the Project on a timely basis, provided that the drainage portions of the Project
13 shall meet the following conditions:

14 1. Flows of water onto Lantana Square from areas north of Valley Road (including the
15 impact of highway and intersection improvements to Route 7 and Valley Road and
16 future improvements to SR7 within the relevant drainage area tributary (the
17 "Improvements")) shall not exceed the maximum stream flow (250 cfs +/-) of the
18 culvert near the intersection of SR7 and Valley Road as it existed prior to the
19 Improvements.

20 2. Plugging of culverts installed in connection with the Improvements shall remain and
21 continue, and a weir gate system or other appropriate technology shall be used to limit
22 the stream flow to 250 cfs +/- during construction of the Project and until satisfactory
23 completion of the Project; and

1 (c) Make such other improvements to the adjacent land so as to maximize the recreational,
2 cultural, educational and open space potential of the Project, consistent with improving the
3 safety of pedestrians, bicyclists, and motorists traveling through the area of the Project. The
4 Department may, at its discretion, and on such terms as it deems advisable, dispose of any
5 undeveloped land in the vicinity of the Project to public and/or private entities for the
6 permanent protection of open space, and to enter into such agreements with public and/or
7 private entities as may be necessary to insure that the portions of the Project developed for
8 recreational, educational, or cultural enjoyment are most effectively managed for the benefit
9 of the citizens of the State.

10 Section 72. Road System. Section 1 Addendum of this Act appropriates the sum of
11 \$323,890,200 (State \$226,010,500; Federal \$96,729,700; Other \$1,150,000) for projects within the
12 Road System classification. Notwithstanding the provisions of any state law to the contrary, the
13 General Assembly further defines its intent with respect to those appropriations as follows:

14 (a) Surface Treatment Pavement Conversion Program. The Department is authorized to
15 continue operating its Surface Treatment Pavement Conversion Program, under the following
16 provisions:

17 (1) Of the amounts appropriated for Road System (77/00) as set forth in the Section 1
18 Addendum to this Act, the department is authorized to expend up to \$2,000,000 (State) for this
19 program.

20 (2) The program shall be limited to the conversion of surface treated roads in the State's
21 road inventory as of July 1, 1999 to new surfaces using hot mix pavement.

22 (3) The department shall develop a priority list for hot mix paving under this program.
23 The department shall consider the following factors: average annual daily traffic; school bus

1 routes; safety considerations; ease of construction, taking into consideration sub-base quality,
2 minimal utility or right-of-way impacts, and minimal drainage problems; and using the current
3 geographic distribution ratios of such roads for planning and scheduling projects under this
4 program, if economically feasible. The department shall use this priority list in determining the
5 sequence of projects undertaken within this program.

6 (b) Wilmington Riverfront. The State acknowledges that the lands on and near the Christina
7 Riverfront (the “Riverfront”) constitute an area of critical importance to the vitality of the State, New
8 Castle County and the City of Wilmington. The State also acknowledges that this is a shared vision
9 and responsibility of the State, its subdivisions and instrumentalities, and that it is clearly in the
10 public interest to maximize both the private and public employment, as well as the public
11 recreational, cultural, and economic development opportunities available at the Riverfront. The State,
12 with and through the Department and other departments of government, must work creatively and
13 cooperatively with other public entities and private interests, including employers located at or near
14 the Riverfront, to increase and expedite employment, economic development, transportation, cultural
15 and recreational opportunities.

16 In furtherance of these recognized public interests and public purposes, and notwithstanding
17 the provisions of any State or local law, ordinance or regulation to the contrary, the Department is
18 hereby authorized and directed to take such actions and enter into such contracts, with public and
19 private (whether for profit or not-for-profit) entities as it deems necessary and appropriate for the
20 planning, design, acquisition, renovation, construction, or disposal of such assets as may be required
21 to enhance the transportation, employment, economic development, educational, recreational, and
22 cultural use and development of properties on or near the Riverfront. In pursuing these objectives, the
23 Department shall pay special heed to the needs of all forms of transportation, by means including but

1 not limited to automobiles, and shall insure that adequate facilities are designed and located at such
2 points so as to maximize the use of transit, pedestrian, bicycle and such other modes as may be
3 appropriate for the area. The Department shall report to the Governor and the General Assembly by
4 May 1, 2004 on its progress toward reducing overall traffic congestion and improving access to and
5 use of the Wilmington Amtrak Station; increasing availability of public parking for visitors,
6 commuters, and employers in and around the Riverfront (including, without limitation, the expedited
7 construction, repair, and overall continued operation, management and maintenance of any such
8 facilities); and locating, relocating, constructing, renting or disposing of Department facilities in and
9 around the Riverfront in connection with any of the foregoing. In this regard, the State specifically
10 recognizes all such actions, expenditures, agreements, projects, uses, and activities to be public
11 purposes and public uses, in furtherance of the public interest.

12 (c) Bicycle, Pedestrian and Other Improvements. The department may work in conjunction
13 with any political subdivision of the state and with any private organization to plan and construct
14 such bicycle and pedestrian traffic as may be appropriate. In carrying out this program, the
15 department may take into consideration in scheduling its projects, those in which the affected local
16 community is willing to contribute a matching share (whether in cash, rights of way, or other in-kind
17 services) in order to accomplish the project.

18 (d) Transportation Enhancements. It is the intent of the General Assembly that the
19 Department provide notice to all state agencies, political sub-divisions within the state, and other
20 parties of the availability of, and rules governing, the Transportation Enhancements program. Such
21 notice shall include, but not be limited to, the definitions of eligible projects, the requirements for
22 matching funds, and such other requirements as may be necessary to insure that any interested entity
23 may work to become a participating recipient under the program.

1 Section 73. Grants and Allocations. The Section 1 Addendum of this Act appropriates the
2 sum of \$26,100,000 (State) for projects within the Grants and Allocations classification.
3 Notwithstanding the provisions of any state law to the contrary, the General Assembly further defines
4 its intent with respect to those appropriations as follows:

5 (a) The sum of \$20,100,000 (State) shall be used for the Community Transportation Fund, in
6 accordance with the rules and regulations as adopted by the Joint Legislative Committee on the
7 Capital Improvements Program, as amended from time to time.

8 (b) The sum of \$6,000,000 (State) shall be used for the Municipal Street Aid program,
9 pursuant to the provisions of 30 Del. C. § 51.

10 Section 74. Transit System. The Section 1 Addendum of this Act appropriates the sum of
11 \$12,007,900 (State \$7,326,400 and Federal \$4,681,500) for projects within the Transit System
12 classification. Notwithstanding provision of any state law to the contrary, the General Assembly
13 further defines its intent with respect to those appropriations as follows:

14 (a) 5310 Program. The Delaware Transit Corporation is authorized to expend up to
15 \$1,266,000 (State \$999,600; Federal \$266,400) from the Transit System classification (73/00)
16 appropriated in this Act for the 5310 Program, administered by the Federal Transit Authority.

17 Section 75. Support System. The Section 1 Addendum of this Act appropriates the sum of
18 \$63,924,400 (State \$48,250,100, Federal \$15,674,300) for projects within the Support System
19 classification. Notwithstanding the provisions of any state law to the contrary, the General Assembly
20 further defines its intent with respect to those appropriations as follows:

21 (a) Transportation Facilities. The Section 1 Addendum of this Act appropriates \$8,516,000
22 (State) for the improvement and adaptation of Departmental facilities.

1 (i) In administering this appropriation, the Secretary shall insure that the Department's
2 Maintenance Yards, especially those in the Central District are properly upgraded to provide
3 necessary facilities for the welfare and comfort of the Department's personnel, and the
4 safekeeping of all equipment.

5 (ii) In order to expedite improvements to the Rock Manor golf course on Route 202
6 (such improvements being required by highway and storm water retention pond construction
7 for the Blue Ball project), the Department shall immediately begin to design and construct
8 replacement facilities for the Talley Road Maintenance Yard in the North District, on land
9 currently owned by the Department proximate to the existing Talley Yard, and to transfer the
10 property as soon as possible. The Secretary shall report to the Governor and the General
11 Assembly by May 30, 2004 on the Department's progress toward this goal.

12 (b) E-ZPass. The General Assembly finds that it is in the State's best interest to improve the
13 overall level of availability of *E-ZPass* technology to the traveling public in Delaware, and to
14 improve the level of customer service provided to *E-ZPass* users. In this regard, the General
15 Assembly hereby establishes an *E-ZPass* Reserve Account, which shall be maintained within the
16 Transportation Trust Fund as a separate account. These funds may only be used by the Department in
17 furtherance of its efforts to improve the availability and quality of the *E-ZPass* assets and services.
18 In March 2003, the Regional Consortium, of which Delaware was a founding member in 1995, was
19 dissolved. The funds appropriated in the Section 1 Addendum, and others as may be appropriated by
20 the General Assembly, may be used to satisfy any and all claims resulting from Delaware's
21 membership in the Regional Consortium.

1 (c) Port of Wilmington. The sum of \$5,015,000 appropriated in the Section 1 Addendum to
2 this Act shall be transferred from the General Fund to the Transportation Trust Fund and shall be used
3 only for the following investments at the Port of Wilmington:

4 (i) \$15,000 for ergonomically approved cushions and other devices to be added to such
5 equipment at the Port as the Executive Director may find necessary in order to provide
6 continuing employment opportunities to individuals suffering from physical injuries, and
7 without such devices, would be unable to continue serving as active members of the Port's
8 workforce.

9 (ii) \$5,000,000 for various improvements deemed necessary to provide a long-term
10 benefit to the Port and to the State of Delaware by retaining existing customers and/or
11 attracting new revenue paying customers to the Port. No funds may be expended from this
12 appropriation without a duly adopted Resolution of the Board of the Diamond State Port
13 Corporation. Any funds authorized, but not encumbered or spent, from this appropriation by
14 June 30, 2005, shall revert from the Transportation Trust Fund to the General Fund of the
15 State.

16 Section 76. DelDOT Work Impacts on Private Property and its Owners.

17 (a) When the Department and/or any of its contractors determines that it would be in the best
18 interests of the State to undertake construction/reconstruction work past 9:00 pm or before 7:00 am,
19 and such work is to be conducted immediately adjacent to a residential neighborhood, the Department
20 shall first ensure that residents of the neighborhood are notified in a timely fashion of the
21 Department's desire to undertake such work. It must explain the benefits and costs to the State and
22 the neighborhood of working under regular hours and the proposed extended hour schedule. Such
23 notification shall include a description of the proposed work to be conducted, the proposed use of any

1 equipment that may cause noise, vibration or odor disruptions to the neighborhood, and an estimate of
2 the time required to complete the project. The Department may proceed with its extended hours work
3 if it secures approval from a majority of the residents of the affected neighborhood, and, pursuant to
4 the provisions of the Delaware Code, it shall offer temporary relocation to any residents who request
5 such relocation.

6 (b) If the Department determines that the proposed work (regardless of its scheduled time) will
7 produce noise that exceeds the applicable noise ordinances of the appropriate jurisdiction, the
8 Department shall ensure that it seeks and receives a waiver from that jurisdiction before commencing
9 the work.

10 (c) If the Department determines that the proposed work may cause any vibration or other
11 damage to neighboring property, it shall complete a pre-work survey of the potentially affected
12 properties to determine the base-line condition of those properties. It shall monitor the properties
13 during construction to insure that any vibration or other damage is minimized. If any damage does
14 occur, the Department must reimburse the private property owners pursuant to the provisions of the
15 Delaware Code.

16 The Secretary of the Department may waive the provisions of this section if he/she determines
17 that any such work is necessary in order to respond effectively to an emergency caused by a natural
18 disaster, an accident, or a failure of a transportation investment.

19 Section 77. Subdivision Signage . The Department has adopted as its standard for newly
20 constructed sub-divisions a decorative sign that includes the name of the subdivision and a logo of the
21 State's famous patriot, Caesar Rodney. These new signs shall be installed at each newly approved
22 sub-division and shall be paid for by the developer(s) of such sub-division. Existing sub-divisions
23 may request the Department to install these new signs (in place of the green and white signs currently

1 used by the Department). Such requested replacement signs shall be paid for by the sub-division or
2 from Community Transportation Funds allocated by a legislator requesting such signs. The
3 Department shall replace existing standard signs damaged by vandalism, accident, or the ravages of
4 time with standard signs under its regular maintenance program, unless the decorative alternative has
5 been requested under the provisions of this section.

6 Section 78. Eden Hill Farm. The State acknowledges that the lands in the City of Dover
7 known as the Eden Hill Farm, and adjacent undeveloped lands in the City of Dover and Kent County,
8 (all collectively referred to herein as the “Farm”) constitute an area of critical importance to the
9 vitality of the State, Kent County, and the City of Dover. The State also acknowledges that this is a
10 shared vision and responsibility of the State, its subdivisions and instrumentalities, and that it is
11 clearly in the public interest to maximize both the private and public employment, as well as the
12 public educational, recreational, cultural, and economic development opportunities available at the
13 Farm. The State, with and through the Department of Transportation (the “Department”) and other
14 departments of government, must work creatively and cooperatively with other public entities and
15 private interests, including employers located at or near the Farm, to increase and expedite
16 employment, economic development, transportation, cultural, and recreational opportunities.

17 In furtherance of these recognized public interests and public purposes, and notwithstanding
18 the provisions of any State or local law, ordinance or regulation to the contrary, the Department is
19 hereby authorized and directed to take such actions and enter into such contracts, with public and
20 private (whether for profit or not-for-profit) entities as it deems necessary and appropriate for the
21 planning, design, acquisition, renovation, construction, or disposal of such assets as may be required
22 to enhance the transportation, employment, economic development, educational, historic and open
23 space preservation, recreational, and cultural use and development of properties on or near the Farm.

1 In pursuing these objectives, the Department shall pay special heed to the needs of all forms of
2 transportation, by means including but not limited to automobiles, and shall insure that adequate
3 facilities are designed and located at such points so as to maximize the use of transit, pedestrian,
4 bicycle, and such other modes as may be appropriate for the area. The Department shall report to the
5 Governor and the General Assembly by May 1, 2004 on its progress toward reducing overall traffic
6 congestion and improving access to and use of North Street, Saulsbury Road, and the West Dover
7 Development District; increasing availability of all transportation assets for visitors, commuters, and
8 employers in and around the Farm (including, without limitation, the expedited construction, repair,
9 and overall continued operation, management, and maintenance of any such assets); and the
10 preservation of important historic and open space assets. In this regard, the State specifically
11 recognizes all such actions, expenditures, agreements, projects, uses, and activities to be public
12 purposes and public uses, in furtherance of the public interest.

13 Section 79. Safety Programs. Amend 73 Delaware Laws Chapter 350, Section 91 by adding
14 the following after the last sentence thereof: “As used in this section, local law enforcement agencies
15 shall include counties, municipalities, towns, and cities within the State. Funds shall be distributed
16 based upon the local law enforcement agencies' actual strength of full-time sworn officers as reported
17 to the State of Delaware as of July 2002. The Department of Transportation shall provide a report of
18 the distribution of these funds to the Budget Director and the Controller General on a quarterly basis
19 until such funds have been completely distributed.”

20 Section 80. McMullen Farm and City of Wilmington Property, Governor Printz Boulevard.

21 The General Assembly finds that it is in the State’s best interest for the Department of
22 Transportation (“DelDOT”) to enter into certain agreements in order to promote the prompt and
23 efficient development of the McMullen Farm (“Farm”), located adjacent to State Routes 1, 7, and

1 U.S. Route 40, and the former Delaware Oldsmobile property (“Oldsmobile”), now owned by the
2 City of Wilmington, on Governor Printz Boulevard, for use by the Bank One Corporation and other
3 potential employers, and to promote the planning and securing of community open space and
4 parkland. Accordingly, DelDOT is authorized and directed to:

- 5 • Acquire from Bank One sufficient right-of-way at the southern end of the Farm in
6 order to construct new access to the development owned by the Delle Donne
7 Corporation and located south of the Farm and north of Route 40;
 - 8 • Immediately commence:
 - 9 ○ the widening of State Route 7, from U.S. Route 40 to Newtown Road, pursuant
10 to previously approved plans;
 - 11 ○ the improvement of the intersection of State Route 7 and U.S. Route 40, pursuant
12 to previously approved plans;
 - 13 ○ the planning and design for the widening of State Route 7, from Newtown Road
14 north to State Route 273,
- 15 all from such funds as may already have been appropriated for the proposed
16 improvements to the highway infrastructure serving the Farm;
- 17 • Cease all further work on the design or construction of proposed new ramps from State
18 Route 1 to the Farm;
 - 19 • Enter into joint development agreements with the Delaware Economic Development
20 Office, Department of Natural Resources and Environmental Control, New Castle
21 County, and such other public or private entities as may be appropriate for the
22 planning and securing of community open space and parkland on the 50 +/- acres to be

1 acquired by the state from Bank One at the Farm site, and to be deeded to the
2 Department of Natural Resources and Environmental Control;

- 3 • Enter into joint development agreements with Bank One, and such other private or
4 public entities as may be appropriate for the construction, shared use, and maintenance
5 of storm water retention and dispersion structures on or adjacent to the Farm site;
- 6 • Enter into such agreements with the City of Wilmington, Bank One, and other public
7 or private entities to expedite the documentation, removal, storage, and restoration of
8 the historic tiles currently on the exterior of the former Oldsmobile building on
9 Governor Printz Boulevard;

10 DelDOT shall pursue these agreements on the conditions that:

- 11 • At its February 12, 2003 meeting (or such subsequent meeting as may be mutually
12 agreeable to Bank One and New Castle County), the New Castle County Historic
13 Review Board recommends to the New Castle County Land Use Department (“Land
14 Use”) that Land Use issue a demolition permit for the former Oldsmobile building;
- 15 • Bank One donates at no cost to the state of Delaware sufficient right-of-way along the
16 west side of the Farm, adjoining State Route 7, to construct the widened highway,
17 storm water structures, and such other improvements as may be necessary to complete
18 in a timely manner the transportation infrastructure necessary to support further
19 development of the Farm;
- 20 • Bank One shares any Excess Net Proceeds from the sale of its property at the Farm
21 with the State of Delaware. For purposes of this provision, the term “Excess Net
22 Proceeds” shall be deemed to be those proceeds, net of all closing costs, received by
23 Bank One, minus its adjusted cost basis in the Farm, after adjusting from the basis, the

1 use by Bank One of a portion of the Farm for one of its data centers. Any such Excess
2 Net Proceeds shall be divided equally by Bank One and the Delaware Economic
3 Development Office and shall be deposited in the Delaware Strategic Fund.

4 The agreements authorized by this section shall be submitted to the Co-Chairs of the Joint
5 Committee on Capital Improvements Program for their approval. The Secretary of DelDOT and the
6 Director of the Delaware Economic Development Office shall report to the Governor and the General
7 Assembly no later than January 15, 2004 on the progress of public and private developments on both
8 parcels, and by January 31 of each succeeding year until all transportation and other improvements
9 undertaken have been successfully completed.

10 Section 81. Laurel Redevelopment Corporation. Notwithstanding any other provisions of the
11 Delaware Code to the contrary, the Department of Transportation may enter into contractual
12 agreements with the Laurel Redevelopment Corporation ("Corporation") with respect to the use of
13 Community Transportation Funds on those properties owned or managed by the Corporation. The
14 terms of such contractual agreements shall be reviewed and approved prior to execution by a board
15 consisting of four legislative representatives to be appointed by the Co-Chairs of the Joint Legislative
16 Committee on the Capital Improvement Program, two Department of Transportation representatives
17 and two Corporation representatives. The board shall also provide oversight of any Community
18 Transportation Funds allocated to Corporation projects pursuant to these agreements, but any use of
19 such funds shall be limited to the support of projects and/or land uses that will be kept open and
20 available for public access.

21 Section 82. Amend 2 Del. C. c. 20 of the Delaware Code by deleting the word
22 “demonstration” and “Demonstration” wherever it shall appear therein;

23 Section 83. Amend 2 Del. C. §2001(e) by deleting the words “up to four” on line 4;

1 Section 84. Amend 2 Del. C. § 2001(f) by deleting the section in its entirety and substituting
2 in lieu thereof the following:

3 “(f) The Department is encouraged and authorized to take full
4 advantage of every financing opportunity and mechanism provided by
5 federal legislation, including transportation legislation facilitating
6 federal financing or grants for construction, improvement, leasing,
7 operation or related functions as to roads, bridges, tunnels or other
8 transportation systems.”

9 Section 85. Amend 2 Del. C. §2002(c) by deleting the words “Demonstration
10 Project or” as they appear therein.
