72 Section 12. Amend §6932, Title 18 of the Delaware Code by deleting §6932 and by substituting in lieu thereof the

75 As used in this subchapter, unless the context requires otherwise:

76 (1) 'Participant' means any person, including any counterparty as defined in §6952(1) of this title, that  
77 is insured by a sponsored captive insurance company, where the losses of the participant are limited through a participant  
78 contract to the participant's pro rata share of the assets of 1 or more protected cells identified in the participant contract.

79 (2) 'Participant contract' means a contract by which a sponsored captive insurance company insures  
80 the risks of 1 or more participants, and limits the losses of each participant to its pro rata share of the assets of 1 or more  
81 protected cells identified in the participant contract, including an SPFC contract as defined in §6952 of this title.

82 (3) 'Protected cell' means a separate and distinct account established and maintained by or on behalf of  
83 a sponsored captive insurance company in which assets, including assets invested pursuant to §6937 of this title, are  
84 accounted for and recorded for 1 or more participants in accordance with the terms of 1 or more participant contracts to  
85 fund the liability of the sponsored captive insurance company assumed on behalf of the participants as set forth in the  
86 participant contracts.

87 (4) 'Sponsor' means a person qualifying as a sponsor under §6935 of this title.

88 (5) 'Sponsored captive insurance company' means a captive insurance company, including a special

- 92 b. that is licensed under the provisions of this chapter;
- 93 c. that insures the risks of its participants only, through separate participant contracts; and
- 94 d. that funds its liability to each participant through 1 or more protected cells and segregates the
- 95 assets of each protected cell from the assets of other protected cells and from the assets of the
- 96 sponsored captive insurance company's general account."

97 Section 13. Amend §6937, Title 18 of the Delaware Code by deleting §6937 and by substituting in lieu thereof the  
98 following:

99 "§6937. Investments by sponsored captive insurance companies.

100 (a) Notwithstanding the provisions of §6934 of this title, a sponsored captive insurance company may combine  
101 the assets of 2 or more protected cells for purposes of investing those assets. Such a combination of assets may not be  
102 construed as defeating the segregation of assets for purposes of §§6934 and 6938 of this title, or for accounting or other  
103 purposes. Sponsored captive insurance companies must comply with:

- 104 (1) the investment requirements contained in Chapter 13 of this title, as applicable; or
- 105 (2) investment requirements as may be approved by the Commissioner upon application by a
- 106 sponsored captive insurance company; or

109 (b) Compliance with the investment requirements set forth in paragraphs (1) and (2) of section (a) of this section  
110 must be waived for sponsored captive insurance companies to the extent that credit for reinsurance ceded to reinsurers is

111 allowed pursuant to §6911 of this chapter or to the extent otherwise considered reasonable and appropriate by the  
112 Commissioner.".

113 Section 14. Amend Title 18 of the Delaware Code by redesignating Subchapter III thereof as Subchapter IV and  
114 by renumbering §§6961, 6962, and 6963 as §§6971, 6972, and 6973 respectively.

115 Section 15. Amend Title 18 of the Delaware Code by inserting a new subchapter to read:

116 "Subchapter III. Special Purpose Financial Captive Insurance Companies  
117 §6951. Purpose.

118 This subchapter provides for the authorization of special purpose financial captive insurance companies  
119 empowered to issue securities and otherwise access financial markets and alternative sources of capital through  
120 securitizations and other transactions. The intent of this subchapter is to provide for an authorization process for special  
121 purpose financial captive insurance companies that is both thorough and swift, and for the ongoing regulation of such  
122 companies that recognizes and accommodates the special purpose nature of such entities.

123 §6952. Definitions.

124 As used in this subchapter, unless the context requires otherwise:

125 (1) 'Counterparty' means a person, other than a natural person, which may but need not be the parent or an  
126 affiliate of the special purpose financial captive insurance company, that enters into an SPFC contract with a special  
127 purpose financial captive insurance company.

128 (2) 'Insolvency' or 'insolvent' means:

129 a. a person's inability to pay its obligations when they are due, unless those obligations are the  
130 subject of a bona fide dispute; or

131 b. the liabilities of a person exceed the value of all of the assets of the person. In the case of a  
132 special purpose financial captive insurance company, liabilities and assets are determined under  
133 the method of accounting used by the special purpose financial captive insurance company in  
134 accordance with §6962 of this title.

135 (3) 'Organizational document' means the certificate of incorporation, articles of organization, bylaws, limited  
136 liability company agreement, or other documents pursuant to which a special purpose financial captive insurance company  
137 or a special purpose financial captive insurance company applicant, as the case may be, is formed.

138 (4) 'Permitted investments' means those investments that meet the qualifications set forth in §6910(b) of this  
139 chapter.

140 (5) 'Securities' has the same meaning as defined in 6 Del. C. §7302(17), and also includes any form of debt  
141 obligation, equity, surplus certificate, surplus note, funding agreement, derivative, or other financial instrument that the  
142 Commissioner designates, by rule or order, as 'securities' for purposes of this subchapter.

143 (6) a. 'Special purpose financing transaction' means:

144 1. a transaction or a group of related transactions, which may include but are not limited to  
145 capital market offerings and securitizations, by which:

146 (i) proceeds are obtained by a special purpose financial captive insurance company  
147 through the issuance of securities by the special purpose financial captive  
148 insurance company or by any other person, and all or any part of such proceeds  
149 are used to fund the special purpose financial captive insurance company's  
150 obligations under one or more SPFC contracts; or

151 (ii) a person provides one or more letters of credit or other assets to or for the benefit  
152 of the special purpose financial captive insurance company, which the  
153 Commissioner authorizes the special purpose financial captive insurance  
154 company to treat as admitted assets for purposes of the special purpose financial  
155 captive insurance company's annual report, and all or any part of those letters of  
156 credit or other assets, as applicable, are used to fund the special purpose financial  
157 captive insurance company's obligations under one or more SPFC contracts; or

158 2. other financing arrangements as the Commissioner may approve.

159 b. 'Special purpose financing transaction' does not include the issuance of a letter of credit to satisfy all  
160 or part of the special purpose financial captive's minimum capital and surplus requirements under §6905 of this chapter.

161 (7) 'Special purpose financial captive insurance company' means a captive insurance company that is granted a  
162 certificate of authority under this subchapter.

163 (8) 'SPFC contract' means a contract or group of related contracts between a special purpose financial captive  
164 insurance company and a counterparty or counterparties pursuant to which insurance risk is transferred by the counterparty  
165 or counterparties to the special purpose financial captive insurance company. An SPFC contract may include one or more  
166 other parties.

167 (9) 'Surplus note' means an unsecured subordinated debt obligation treated as surplus and not debt in  
168 accordance with §6956 of this subchapter.

169 §6953. Application of subchapter.

170 (a) Except as otherwise provided, Subchapters I, II, and IV apply under this subchapter to special purpose  
171 financial captive insurance companies.

172 (b) The Commissioner, by rule or order, at the Commissioner's discretion and on a case-by-case basis, may  
173 exempt a special purpose financial captive insurance company, or one or more protected cells of a special purpose financial  
174 captive insurance company that is also a sponsored captive insurance company, from one or more of the provisions of this  
175 chapter.

176 (c) This subchapter is not intended to limit the transactions in which a captive insurance company other than a  
177 special purpose financial captive insurance company may engage, and this subchapter does not apply to any such other  
178 captive insurance company.

179 §6954. Application requirements.

180 (a) In addition to the items required under §6903 and, as applicable, under §6933, a special purpose financial  
181 captive insurance company's plan of operation must include the following:

182 (1) a description of the contemplated special purpose financing transaction and the SPFC contract;  
183 (2) copies, or, at the discretion of the Commissioner, a written summary, of all material agreements,  
184 instruments, or documents, including, without limitation, opinions of Delaware legal counsel regarding compliance of the  
185 SPFC contract and the special purpose financing transaction with the requirements of this chapter, that are to be entered  
186 into or required to effectuate the SPFC contract and the special purpose financing transaction, which must include:

187 (a) the name of the counterparty;  
188 (b) the nature of the risks being assumed;  
189 (c) the proposed use of protected cells, if any; and  
190 (d) the amounts, purpose, nature, and interrelationships of the various transactions required to  
191 effectuate the SPFC contract and the special purpose financing transaction;

192 (3) the proposed investment policy of the special purpose financial captive insurance company and a  
193 description of its proposed investment strategy;

194 (4) a description of the underwriting, reporting, and claims payment methods by which losses covered  
195 by the SPFC contract are to be reported, accounted for, and settled; and

196 (5) pro forma balance sheets, income statements, and other financial projections demonstrating the  
197 performance of the special purpose financial captive insurance company pursuant to the SPFC contract under such stress  
198 case scenarios as may be required by the Commissioner.

199 §6955. Certificate of authority and order.

200 (a) Upon a determination by the Commissioner that the requirements in §6954 have been met, the  
201 Commissioner may grant a certificate of authority and, at the discretion of the Commissioner, an order imposing the  
202 conditions, limitations, or other terms that the Commissioner considers appropriate.

203 (b) As soon as reasonably practicable after the closing of each SPFC contract or special purpose financing  
204 transaction, and, in any event, within thirty days after such closing, the special purpose financial captive insurance company  
205 shall provide to the Commissioner a final executed copy of all material agreements, instruments, or documents, including,  
206 without limitation, opinions of Delaware legal counsel regarding compliance of the SPFC contract and the special purpose  
207 financing transaction with the requirements of this chapter, that have been entered into or that have been required to  
208 effectuate the SPFC contract or the special purpose financing transaction.

209 (c) Any material change of the special purpose financial captive insurance company's plan of operation  
210 requires prior approval of the Commissioner. The following are not considered material changes:

211 (1) If approved in the plan of operation, securities subsequently issued or entered into to continue the  
212 activities of the special purpose financial captive insurance company either before or after expiration, redemption, or  
213 satisfaction of part or all of the securities issued or entered into pursuant to the initial special purpose financing transaction;  
214 and

215 (2) If a swap transaction has been approved in the plan of operation, a change or substitution of a  
216 swap counterparty, if, at the time of the change or substitution, the replacement swap counterparty carries the same or a  
217 higher rating than its predecessor from two or more nationally recognized rating agencies.

218 (d) Upon termination or cancellation of all of the SPFC contracts and all related special purpose financing  
219 transactions set forth in a plan of operation, unless otherwise approved by the Commissioner, the certificate of authority  
220 granted by the Commissioner terminates, and the special purpose financial captive insurance company may not enter into  
221 any further or additional SPFC contracts or special purpose financing transactions.

222 (e) In the case of a special purpose financial captive insurance company organized as a sponsored captive  
223 insurance company, upon termination or cancellation of all of the SPFC contracts and all related special purpose financing  
224 transactions set forth in the plan of operation with respect to a protected cell, unless otherwise approved by the  
225 Commissioner, the authority granted by the Commissioner with respect to that particular cell terminates, and the protected  
226 cell may not enter into any further or additional SPFC contracts or special purpose financing transactions.

227 (f) A special purpose financial captive insurance company that is organized as a sponsored captive insurance  
228 company may add or eliminate one or more protected cells under a single certificate of authority upon approval by the  
229 Commissioner of a plan of operation specific to the protected cells.

230 (g) At the request of a special purpose financial captive insurance company, a certificate of authority or an  
231 order granted under this section, or both, may be amended by the Commissioner.

232 §6956. Securities of special purpose financial captive insurance companies.

233 (a) A special purpose financial captive insurance company may:

234 (1) subject to the approval of the Commissioner, account for the proceeds of surplus notes issued by  
235 the special purpose financial captive insurance company as surplus and not as debt for purposes of statutory accounting;  
236 and

237 (2) submit to the Commissioner periodic written requests for the advance approval by the  
238 Commissioner of the special purpose financial captive insurance company's making payments of interest on and  
239 repayments of principal of surplus notes.

240 (b) The Commissioner may approve, in advance, ongoing interest payments or principal repayments, or both,  
241 by the special purpose financial captive insurance company, provided that the interest payments or principal repayments, or  
242 both, are made in accordance with the plan of operation and formulas contained in the plan of operation.

243 (c) Notwithstanding the provisions of subsection (b) of this section, payment of interest or repayment of  
244 principal may not be made without the approval of the Commissioner if the operation or financial condition of the special  
245 purpose financial captive insurance company deviates from the formula approved by the Commissioner pursuant to  
246 subsection (b) of this section or if the payment of interest or repayment of principal threatens the solvency or liquidity of  
247 the special purpose financial captive insurance company.

248 (d) A security issued by a special purpose financial captive insurance company is not subject to regulation as  
249 an insurance contract. An investor in these securities or a holder of these securities is not considered to be transacting the  
250 business of insurance in this State solely by reason of having an interest in these securities. The underwriter's placement or  
251 selling agents and their partners, commissioners, officers, members, managers, employees, agents, representatives, and  
252 advisors involved in a special purpose financing transaction by a special purpose financial captive insurance company are  
253 not considered to be insurance producers or to be conducting business as an insurance company or as an insurance agency,  
254 brokerage, intermediary, advisory, or consulting business solely by virtue of their underwriting activities in connection with  
255 the special purpose financing transaction.

256 §6957. Authorized contracts and activities.

257 (a) A special purpose financial captive insurance company may insure only the risks of a counterparty. A  
258 special purpose financial captive insurance company may cede risks assumed through an SPFC contract to third party  
259 reinsurers through the purchase of reinsurance or retrocession protection as set forth in the plan of operation.

260 (b) A special purpose financial captive insurance company may enter into agreements with affiliated  
261 companies and third parties and conduct other commercial activities related or incidental to, or necessary to fulfill, the  
262 purposes of an SPFC contract and special purpose financing transaction contemplated by the plan of operation approved by  
263 the Commissioner. The agreements may include management and administrative services agreements and other allocation,  
264 including tax allocation, and cost-sharing agreements.

265 (c) A special purpose financial captive insurance company may enter into asset management agreements as  
266 provided for in a plan of operation. These agreements may include, but are not limited to, swap agreements, hedge  
267 agreements, guarantee agreements, guaranteed investment contracts, or other investment contracts.

268 (d) An SPFC contract must:

269 (1) obligate the special purpose financial captive insurance company to indemnify the counterparty for  
270 losses or otherwise to make payments to the counterparty with respect to the insurance risk transferred thereunder; and

271 (2) make provision satisfactory to the Commissioner for payment of obligations of the special purpose  
272 financial captive insurance company under the SPFC contract.

273 (e) Without limiting the means by which the requirements of subsection (d)(2) of this section may be satisfied,  
274 an SPFC contract is considered to satisfy those requirements if it:

275 (1) requires the special purpose financial captive insurance company to:

276 a. to enter into a trust agreement that meets the criteria set forth in this section and in any  
277 regulations issued by the Commissioner applicable to this subsection and that specifies  
278 the recoverables or reserves, or both, to be covered; and

279 b. to establish a trust account for the benefit of the counterparty;

280 (2) stipulates that assets deposited in the trust account are valued according to their current fair value  
281 and consist only of permitted investments;

282 (3) requires the special purpose financial captive insurance company, before depositing assets with the  
283 trustee, to execute assignments or endorsements in blank, or both, or to transfer legal title to the trustee of all shares,  
284 obligations, or any other assets requiring assignments, in order that the counterparty, or the trustee upon the direction of the

285 counterparty, may transfer the assets whenever necessary without consent or signature from the special purpose financial  
286 captive insurance company or another entity;

287 (4) requires that all settlements of account between the counterparty and the special purpose financial  
288 captive insurance company, unless otherwise approved by the Commissioner, be made in cash or its equivalent; and

289 (5) stipulates that the special purpose financial captive insurance company and the counterparty agree  
290 that the assets in the trust account, established pursuant to the provisions of the SPFC contract:

291 a. may be withdrawn by the counterparty at any time, notwithstanding any other provisions  
292 in the SPFC contract; and

293 b. must be used and applied by the counterparty or any successor by operation of law of the  
294 counterparty, including any liquidator, rehabilitator, receiver, or conservator of the  
295 counterparty, without diminution because of insolvency on the part of the counterparty or  
296 the special purpose financial captive insurance company, only for the following purposes:

297 1. to transfer all of the assets into one or more trust accounts for the benefit of the  
298 counterparty pursuant to and in accordance with the terms of the SPFC contract  
299 and in compliance with the provisions of this title; and

300 2. to pay any other incurred and paid amounts that the counterparty claims are due  
301 pursuant to and under the terms of the SPFC contract and in compliance with this  
302 title.

303 (f) An SPFC contract may allow the special purpose financial captive insurance company to seek approval  
304 from the counterparty to withdraw all or part of the assets supporting payment of obligations of the special purpose  
305 financial captive insurance company under the SPFC contract, or income from them, and to transfer the assets to the special  
306 purpose financial captive insurance company; provided, that,

307 (1) at the time of the withdrawal, the special purpose financial captive insurance company replaces the  
308 withdrawn assets, excluding any income withdrawn, with other permitted investments having a fair value equal to the fair  
309 value of the assets withdrawn;

310 (2) after giving effect to the withdrawal and replacement, the fair value of the assets supporting  
311 payment of obligations of the special purpose financial captive insurance company under the SPFC contract satisfies the  
312 requirements of subsection (d)(2) of this section; and

313 (3) the approval of the counterparty is received, which approval may not be unreasonably or arbitrarily  
314 withheld.

315 (g) The assets of a special purpose financial captive insurance company must be preserved and administered by  
316 or on behalf of the special purpose financial captive insurance company to satisfy the liabilities and obligations of the  
317 special purpose financial captive insurance company incident to the SPFC contract and the special purpose financing  
318 transaction.

319 (h) Unless otherwise permitted by this subchapter or approved by the Commissioner, a special purpose  
320 financial captive insurance company may not:

321 (1) issue or administer primary insurance policies;

322 (2) enter into an SPFC contract with a counterparty that is an insurer if the insurer is required to be,  
323 but is not, licensed or otherwise authorized to transact the business of insurance or reinsurance in at least its state or country  
324 of domicile;

325 (3) assume or retain exposure to insurance or reinsurance losses for its own account that is not funded  
326 or to be funded, in whole or in part, by proceeds from a special purpose financing transaction that complies with the  
327 provisions of this subchapter;

328 (4) have any direct obligation to policyholders or reinsureds of a counterparty; or

329 (5) lend to, receive a capital contribution from, invest, or place in custody, trust, or under management

Section 15 adds new subchapter III to provide for special purpose financial captive insurance companies as part of the chapter. Special purpose financial captive insurance companies are specialized captive insurers typically designed to act as special reinsurance vehicles for life or property and casualty insurers whereby insurance business transferred to such special purpose captive insurance companies can be funded through capital markets offerings. Significant growth in the number of these captive insurance companies has occurred in other jurisdictions; however, Delaware's position as the domicile of choice for business entities makes Delaware an ideal domicile for special purpose financial captive insurance

companies. Delaware corporate entity law has been used as the basis for forming many of the special purpose financial captive insurance companies in these other jurisdictions. This is a key consideration for the market participants because the agreements are written for terms up to 30 years. This legislation will permit the transfer of insurance risk and associated premium to a special purpose captive insurance company, which will be authorized to fund its obligations with respect to such risk by means of appropriately structured capital markets transactions. This legislation will further provide a detailed description of the requirements for application and approval for a special purpose financial captive insurance company and will provide certainty as to the treatment for accounting and regulatory purposes of certain assets involved in the special purpose captive insurance company's insurance securitization transaction. Accordingly, this legislation will enhance Delaware's position as a captive insurance domicile by aligning its existing financial services capabilities to meet insurance market needs while providing appropriate regulatory oversight.
