“CHAPTER 43. NOTARIES PUBLIC

Subchapter I. Office and Duties

§ 4301. Appointment of notaries in general; qualifications; revocation.

The Governor may delegate such duties relative to the appointment of notaries to the Secretary of State as the Governor may decide is necessary and proper. For purposes of this title, ‘Secretary’ shall mean the Secretary of State. Any person who acts as a notary under Delaware law shall register and be commissioned and otherwise be in compliance with the provisions of this title.

(b) Any person who desires to become a notary shall be at least 18 years of age and shall provide such evidence as the Secretary may require to show:

(1) Good character and reputation;

(2) A reasonable need for a notary commission; and

(3) Legal residence including street address of the notary within the State.

(c) The Governor may also appoint, as notaries public for notarial acts other than electronic notarial acts, nonresidents of this State who otherwise meet the requirements of subsections (b)(1) and (2) of this section, provided that such individuals maintain an office or regular place of employment in Delaware. Nonresidents seeking appointment as notaries public shall include with their application an affidavit containing a residential and a Delaware employment address. Those appointed as notaries shall also file an affidavit for each change of address.

Service of process, subpoenas and other documents upon nonresident notaries may be made personally or by leaving them with any person of suitable age and discretion at the Delaware place of employment. Substituted service shall be effectual if served upon the Secretary of State, under the guideline of § 376(b) of Title 8 in the event that the office has been closed or such individual ceases to be regularly employed at the filed Delaware employment address. The Secretary of State shall then forward such documents to the filed residential address.

(d) The Governor, or as permitted, the Secretary may revoke any notary commission for cause.

(e) The Secretary may promulgate regulations governing applications, registrations, and guidelines for all notaries public.

§ 4302. Appointment of electronic notaries; term.

(a) The Governor may appoint as many electronic notaries as the Governor may decide is necessary and proper. The Governor may delegate such duties relative to the appointment of electronic notaries to the Secretary of State as the Governor may decide is necessary and proper. Section 2. This amendment shall take effect on February 1, 2009.

SYNOPSIS

Section 1. This Act implements a key recommendation of the Delaware Information Assurance Task Force by modernizing Delaware’s notary public laws. Eighteen states have enacted electronic notarization statutes and the National Association of Secretaries of State has approved national standards and procedures for electronic notarization of documents. Adoption of an electronic notarization statute in Delaware will facilitate electronic commerce and the creation of a trusted, secure and legally enforceable exchange of legal documents designed to protect the public and businesses from fraud and forgery.

The Act allows the Governor to appoint resident and non-resident electronic notaries who maintain offices or a regular place of employment in Delaware. The Act allows the Governor to appoint non-resident attorneys at law and non-resident employees of financial services companies licensed in the United States that have demonstrated a reasonable need for permitting their employees to become electronic notaries under Delaware law. This unique feature may, in time, allow for the wide-scale adoption and use of Delaware law for electronic notarization. The Act permits the Secretary of State to adopt a schedule of fees for each electronic notarial act or service – thereby creating a potential revenue source for the State.

The Act further updates the State’s notary laws by clarifying the identification requirements for persons whose presence and signature is being certified by a notary, clarifying that notaries must affix a photographically reproducible image of the official seal on every document, and increasing the two-year notary commissioning fee from a net \$53 to \$60 and the four-year commissioning fee from a net \$78 to \$90.

Section 2. The Act takes effect on February 1, 2009 in order to provide the Secretary of State with sufficient time to provide appropriate training to existing Delaware notaries and to establish guidelines, standards and rules effecting electronic notaries.
