C. § 6404 by inserting a new subsection (i) to read as follows: 17 "(i) All state agencies and departments that own land shall inform the Director of the Office of 18 Management and Budget, the Controller General, and the General Assembly, quarterly, as to any and all 19 developments relating to the possible new use, lease or sale, of any portion of said land. This section 20 shall not apply to lands owned by the Department of Transportation that are intended for transportation 21 purposes except as provided in 17 Del. C. § 137." 22 Section 14. With the exception of the custodial work associated with Legislative Hall and the 23 Governor's Office, the Office of Management and Budget may not hire any permanent, full-time custodial 24 employees in any fiscal year without the concurrence of the Controller General. 25 Section 15. Chapters 4.0 and 5.0 of the Merit Rules notwithstanding, the Director of the Office of 26 Management and Budget and the Controller General shall have the authority to designate and approve 27 pilot projects within specified agencies. Such pilot projects shall accrue to the mutual benefit of the State 28 as an employer and its affected employees in the Department of Health and Social Services, the

1 Department of Services for Children, Youth and Their Families, the Department of Correction, and the 2 Department of Transportation. These pilot projects may include employee incentives which have the 3 impact of reducing overtime usage in these departments, and are designed to achieve a net reduction in 4 costs to the State. Such projects may include elimination of preemployment testing for certain 5 classifications, eliminating the cap on vacation carryover, gain sharing, and the substitution of certain 6 fixed state holidays by floating holidays. Such pilot projects shall not exceed a period of two years 7 duration, subject to renewal on a six-month basis, and shall include a written assessment to the Director of 8 the Office of Management and Budget and the Controller General of their effectiveness at the end of each 9 period. To the extent or where employees participating in pilot projects pursuant to this section are 10 covered by a collective bargaining agreement pursuant to 19 Del. C. § 1311A, any such pilot project shall 11 not include employee incentives or compensation contrary to that provided in the negotiated collective 12 bargaining agreement. 13 Section 16. For the fiscal year, the provisions of 29 Del. C. § 6502(a), shall be waived for school 14 districts. In its place, school districts shall be required to provide to the Director of the Office of 15 Management and Budget and the Controller General a signed copy of its approved district budget. 16 Section 17. All agencies receiving an Energy appropriation in Section 1 of this Act must work 17 through Department of Natural Resources and Environmental Control and the Executive Department, 18 Office of Management and Budget to attain any contract(s) dealing with the retail wheeling of natural gas 19 or electricity. This includes agencies 01 through 95 with the exception of the University of Delaware. 20 During the current fiscal year, all energy use systems for new facilities, rental/leasing changes, 21 and/or renovations to energy use systems must be coordinated with the Energy Office within the 22 Department of Natural Resources and Environmental Control and with the Executive Department, Office 23 of Management and Budget. 24 Any internal program unit/budget unit having energy funding (electricity, natural or propane gas 25 and heating oils) for the purpose of reimbursing a host internal program unit/budget unit must release the 26 remaining sums to the host internal program unit/budget unit in the event that the tenant internal program 27 unit/budget unit vacates the premises. It is the responsibility of the host internal program unit/budget unit 28 to initiate the transfer request. Those agencies which are budgeted energy as a result of occupying a

portion of a host facility's property, and do not directly pay energy bills, may not transfer energy funds
 other than to the host agency.

3 Section 18. (a) Increased use of videophones and related technologies by agencies comprising 4 the criminal justice system is beginning to have a positive impact on the operations of these agencies. 5 One such positive impact is the reduction in the number of trips Department of Correction personnel need 6 to make to transport offenders from the secure facilities in the prisons to the courts for various hearings 7 and other procedural matters. To help quantify these positive impacts, agencies with videophones 8 obtained through the Videophone Committee of the Criminal Justice Council shall submit to the Director 9 of the Office of Management and Budget and the Controller General a report on their use of their 10 videophone(s) by December 1 of each year. This report shall be based on a period from July 1 through 11 June 30 and shall contain information such as, but not limited to, 1) the number of videophones used; 2) 12 the types of activities for which the videophone(s) is/are used; 3) the number of times the videophone(s) 13 was/were used for each activity; 4) any savings or deferred costs resulting from the use of the 14 videophone(s); 5) any costs directly associated with the use of the videophone(s); and 6) future plans for 15 the use of the videophone(s). 16 (b) The Department of Correction shall submit a report of videophone usage to the Director of

17 the Office of Management and Budget, Controller General and members of the Joint Finance Committee 18 by December 1 of each year. This report shall be based on a period from July 1 through June 30 and shall 19 include a detailed description of the actual savings, deferred costs and previously anticipated savings and 20 deferrals that were not realized.

Section 19. Notwithstanding any other provision of the Delaware Code or this Act to the contrary, the Office of Management and Budget, subject to the approval of the Controller General, is authorized to make technical adjustments to the personnel complement of any agency as appropriated in Section 1 of this Act in those situations where, due to the rounding of split-funded positions, such an adjustment is necessary so that an agency may establish its authorized complement.

<u>Section 20.</u> Notwithstanding Merit Rules 4.4.2 and 4.4.3, an agency that requests approval of a
 starting rate higher than 85 percent of the midpoint, or that requests that incumbents be leveled up to a
 newly-hired employee, shall provide documentation showing that sufficient funds exist within the

1 agency's base budget to fund such actions. An agency that requests approval of a starting rate higher than 2 85 percent of midpoint shall also indicate if the approval of such starting rate will result in a request to 3 level up the salary of the existing employees, and shall indicate if sufficient funds exist within the 4 agency's base budget to fund such a leveling-up action. Notwithstanding any provisions of this Act or the 5 Delaware Code to the contrary, no provision of Merit Rule 4.0 shall be considered compensation for the 6 purposes of collective bargaining and leveling up can only occur with the concurrence of the Director of 7 the Office of Management and Budget and the Controller General. The Director of the Office of 8 Management and Budget and Controller General, with the concurrence of the co-chairs of the Joint 9 Finance Committee shall promulgate policies and procedures to implement this section. 10 Section 21. Amend 29 Del. C. § 5202 by striking section (g) in its entirety and substituting in 11 lieu thereof the following: "(g) Salary reductions voluntarily taken pursuant to subsection (e) of this 12 section shall not affect the compensation used in the calculation of pension benefits under any state 13 pension plan and shall be made on a pretax basis, provided that employees who had designated employee 14 deductions on a posttax basis as of July 1, 2000 shall continue to have the right to make those deductions 15 on a posttax basis as long as the employee remains in a benefit program or the employee makes a change 16 to pretax employee benefit deductions."

17 Section 22. In an effort to reduce the financial impact of worker's compensation and property 18 losses to the State, the agencies and school districts shall work with the Insurance Coverage Office to 19 implement safety and return to work policies. Any employee who has been on Worker's Compensation 20 shall be a preferential hire for any position for which the employee is qualified. In accordance with State 21 law, the employee shall receive a salary supplement based on that employee's prior earnings in the event 22 the new salary is less than their current salary.

23 Section 23. In accordance with the provisions of 29 Del. C. § 5106, effective for all fiscal years 24 commencing after June 30, 2003, exceptions to the standard practice of paycheck deductions shall be 25 made for employees paying dues to the Delaware State Education Association (DSEA). For all 26 employees designating that DSEA membership dues be deducted from their bi-weekly paycheck shall 27 have those dues deducted from the 22 pay periods occurring within the 10 month school year. This

1 change will facilitate the maintenance of the state payroll system as well as establish a consistent process 2 for managing the collection of dues from members of the Delaware State Education Association. 3 Section 24. Notwithstanding Chapter 10.0 and Chapter 19.0 of the Merit Rules, upon approval by 4 the Director of the Office of Management and Budget and the Controller General, temporary appointees 5 may be assigned to the same position as that already assigned to a permanent employee in order to 6 complete a special project. 7 Section 25. Employees of the State of Delaware who are enrolled in a health insurance benefit 8 plan must re-enroll in a plan of their choice during the open enrollment period as determined by the State 9 Employee Benefits Committee. Should such employee(s) neglect to re-enroll in the allotted time, said 10 employee(s) and any spouse or dependents shall be automatically re-enrolled in their previous plan as 11 long as verification of employment is provided by the employee and the Office of Management and 12 Budget. 13 Section 26. Notwithstanding any provision of the Delaware Code to the contrary, 29 Del. C. 14 § 5207 shall not apply to individuals employed in accordance with 29 Del. C. § 5903(17). 15 Section 27. Notwithstanding any provision of the Delaware Code to the contrary, the State 16 Employee Benefits Committee is authorized to form a subcommittee for the purpose of exploring 17 employee health benefit design and program eligibility options which, if implemented, would reduce the 18 State of Delaware's future payment obligation of retiree health benefits. The subcommittee shall submit a 19 report outlining these options to the Governor, the Co-Chairs of the Joint Finance Committee, and the 20 State Employee Benefits Committee by April 15, 2009. 21 Section 28. Notwithstanding the provisions of any other law, any non-state organizations 22 identified in 29 Del. C. § 5209 and not participating in the State Group Health Insurance Program as of 23 June 30, 2008, shall be prohibited from participation for the fiscal year ending June 30, 2009. 24 Section 29. Notwithstanding any provision in the Delaware Code to the contrary, for the 25 purposes of developing and implementing the Enterprise Resource Planning (ERP) Financial 26 Reengineering Project's PeopleSoft Financials application, necessary adjustments to existing state 27 accounting, budgeting and financial reporting processes and practices may be implemented during Fiscal

Year 2009 with the written approval of the Director of the Office of Management and Budget, Controller
 General, Secretary of Finance and Chief Information Officer.

3

<u>Section 30.</u> The responsibilities and authorities established by 75 Del. Laws, c. 243 shall remain
in effect through Fiscal Year 2009 or until a bill codifying energy procurement is signed into law. The
following provisions shall apply:

(a) The Director of the Office of Management and Budget shall provide the Controller General
with a detailed description of any significant change in energy procurement strategy and procedures
previously approved by the Controller General. The detailed description shall be provided to the
Controller General at least two weeks prior to the execution of an energy supply contract that incorporate
the changes.

(b) The Director of the Office of Management and Budget shall have the authority to enter into
wholesale or retail supply contracts for natural gas and other types of fuel and energy in accordance with
the responsibilities and authorities established for the purchase of electricity as per 75 Del. Laws, c. 243.

(c) Aggregation partner, as defined in 75 Del. Laws, c. 243, shall also be construed to mean
public libraries, corporations and authorities established by the General Assembly including, but not
limited to the Delaware Riverfront Development Corporation, Delaware River and Bay Authority and
Diamond State Port Corporation upon approval of the Director of the Office of Management and Budget
and the Controller General.

20 (d) The provisions of 75 Del. Laws, c. 243, Section (b) shall be construed to include electricity,
21 gas and other sources of fuel and energy procured on both retail and wholesale energy markets.

22 Section 31. The Delaware Governmental Accountability Act enacted by the 138th General 23 Assembly requires performance measures for each Internal Program Unit within state government to 24 allow the General Assembly to make better informed policy decisions on the allocation and utilization of 25 state resources. In keeping with the principles of the Delaware Governmental Accountability Act, Section 26 1 of this Act includes the reallocation of pass through appropriations supporting various health programs; 27 services for the aging, family and youth services; fire safety; and education to the Grants-In-Aid Act for 28 Fiscal Year 2009. This reallocation is intended to subject the various non-state agency programs 29 supported by these appropriations to the rigorous, annual review process of Grants-In-Aid. For Fiscal

- 1 Year 2009, it is the intent of the General Assembly and Administration that these appropriations receive
- 2 at least the same level of funding as appropriated in the Fiscal Year 2008 Budget Act.
- 3 <u>Section 32.</u> (a) For the fiscal year ending June 30, 2008, any sums in the following accounts
- 4 shall remain as continuing appropriations and shall not be subject to a reversion until June 30, 2009. Any
- 5 appropriation listed below that has a balance of zero on June 30, 2008 shall not continue:

The 23 bus shall receive the remaining years of capital allowance. The Department of Education 24 shall continue to utilize the procedures developed in Fiscal Year 1989 for determining the 25 allowable cost for any size bus that it did not bid in Fiscal Year 2008. 4	allowable cost in subsequent reimbursements to the contractor.
5	(4) In Fiscal Year 2009, the school bus contractor insurance allowance shall be increased
