## HOUSE OF REPRESENTATIVES

147th GENERAL ASSEMBLY

HOUSE BILL NO. 346
AS AMENDED BY
HOUSE AMENDMENT NO. 1
AND
SENATE AMENDMENT NO. 1

AN ACT TO AMEND TITLE 16 OF THE DELAWARE CODE RELATING TO THE COMMITMENT OF THE MENTALLY ILL.

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF DELAWARE:

Section 1. Amend Chapter 50, Title 16 of the Delaware Code by making deletions as shown by strike through and insertions as shown by underline as follows and redesignating accordingly:

§ 5001 Definitions.

Except where the context indicates otherwise, as used in this chapter:

- (1) "Credentialed mental health screener" means an individual who is:
  - a. A psychiatrist; or
- b. A licensed mental health professional who is credentialed by the Department to provide emergency screening services and evaluation of the need for involuntary observation and treatment for a mental condition; or
- c. An unlicensed mental health professional who works under the direct supervision of a psychiatrist and who is credentialed by the Department to provide emergency screening services and evaluation of the need for involuntary observation and treatment for a mental condition; or
- d. A physician with a valid State of Delaware license to practice medicine and who is credentialed by the Department to provide emergency screening services and evaluation of the need for involuntary observation and treatment for a mental condition.
- (1)(2) "Court" means the Superior Court or the Family Court of the State, both of which courts shall have jurisdiction and responsibility for the implementation of this chapter

Page 1 of 33

HD : KL : TEH:1031470373 LC : MJC : RAY:4801470199 (3) "Dangerous to others" means that by reason of mental condition there is a substantial likelihood that the person

will inflict serious bodily harm upon another person within the immediate future. This determination shall take into account

a person's history, recent behavior and any recent act or threat.

(4) "Dangerous to self" means that by reason of mental condition there is a substantial likelihood that the person

will imminently sustain serious bodily harm to oneself. This determination shall take into account a person's history, recent

behavior, and any recent act or threat.

(5) "Department" means the State of Delaware Department of Health and Social Services. "Department" shall also

mean the Department of Services to Children, Youth, and their Families for individuals under the age of 18 or otherwise are

in custody of the Department of Services to Children, Youth, and their Families or receiving financial assistance from the

Department of Services to Children, Youth, and their Families.

(6) "Designated psychiatric treatment facilities" means all facilities designated by the Secretary to provide

psychiatric emergency care for individuals believed to have a mental condition and whose behavior is believed to be

dangerous to self or dangerous to others; such facilities include psychiatric hospitals operated by the State of Delaware,

privately operated psychiatric hospitals, any psychiatric emergency receiving facilities that provide mental health

screenings, evaluations, treatment, and referral services, or other facilities as may be designated by the Department by

regulation.

(2)(7) "Designated transport personnel" means such personnel as designated by the Secretary of the Department of

Health and Social Services to transport persons with mental conditions to and from the hospital and public treatment

facilities needed healthcare services provided in hospitals and designated psychiatric treatment facilities, pursuant to this

Chapter; these personnel include peace officers, private ambulance staff, state employees and contracted transportation staff

as approved by the Department. Any peace officer involved may mandate the manner and method of transportation of

persons who require such transport when required to ensure public safety.

(3) "Him," "his" and all other terms used in the masculine gender shall also include and be equally applicable to

the corresponding terms used in the feminine gender.

(8) "Emergency detention" and "emergently detained" means the process whereby an adult who appears to have a

mental condition, and whose mental condition causes the person to be dangerous to self or dangerous to others, and who is

unwilling to be admitted to a facility voluntarily for assessment or care, is involuntarily detained for such evaluation and

treatment for 24 hours in a designated psychiatric facility because other less restrictive, more community integrated services

are not appropriate or available to meet the person's current mental health care needs. Emergency detention shall also mean

the process whereby a minor who appears to have a mental condition, and whose mental condition causes the person to be

dangerous to self or dangerous to others, and who is unwilling to be admitted to a facility voluntarily for assessment or

care, is involuntarily detained for such evaluation and treatment for 24 hours unless the parent or legal guardian is

unavailable to the Department during that 24 hour period; in such instances the time period may be extended to 72 hours.

(4)(9) "Hospital" and "mental hospital" means the Delaware Psychiatric Center, and any hospital in this State

which is certified by the Secretary of the Department of Health and Social Services as being an appropriate facility for the

diagnosis, care and treatment of persons with mental conditions 18 years of age or older. "Hospital" and "mental hospital"

shall also mean any hospital in this State which is certified by the Secretary of the Department of Services for Children,

Youth and Their Families as being an appropriate facility for the diagnosis, care and treatment of persons with mental

conditions under 18 years of age.

(5)(10) "Involuntary patient" means a person admitted involuntarily to the custody of the hospital for observation,

diagnosis, care and treatment. pursuant to emergency detention, provisional admission, a complaint for involuntary civil

commitment, a probable cause hearing or an involuntary inpatient commitment hearing to the custody of a designated

psychiatric treatment facility or hospital for observation, diagnosis, care and treatment.

(11) "Juvenile mental health screener" means a person authorized by the Department of Services for Children,

Youth and Their Families to assess individuals under the age of 18 for emergency detention. Juvenile mental health

screeners shall have the same duties, authority, rights, and protections, including the immunity provisions of this chapter, as

"credentialed mental health screeners" when the term "credentialed mental health screeners" is utilized throughout this

chapter. The Department of Services for Children, Youth and Their Families is authorized to establish regulations

concerning the credentialing process and criteria for juvenile mental health screeners.

(12) "Licensed independent practitioner" means to employees of designated psychiatric treatment facilities, in

addition to psychiatrists, who hold credentials and privileges to admit persons into care and write orders to treat said

persons in that facility. Licensed independent practitioners can include but are not limited to staff that hold licenses as

psychologists, advanced practices nurses, and physician assistants or such other healthcare providers as may be designated

to work independently pursuant to the regulations of the Department.

(13) "Mental condition" means a current, substantial disturbance of thought, mood, perception or orientation which

significantly impairs judgment, capacity to control behavior, or capacity to recognize reality. Unless it results in the severity

of impairment described herein, "mental condition" does not mean simple alcohol intoxication, transitory reaction to drug

ingestion, dementia due to various nontraumatic etiologies or other general medical conditions, Alzheimer's disease, or

intellectual disability. The term "mental condition" is not limited to "psychosis" or "active psychosis," but shall include all

conditions that result in the severity of impairment described herein.

(6)(14) "Peace officer" means any public officer authorized by law to make arrests in a criminal case.

(7) "Person with a mental condition" means a person suffering from a mental disease or condition which requires

such person to be observed and treated at a mental hospital for the person's own welfare and which both (i) renders such

person unable to make responsible decisions with respect to the person's hospitalization, and (ii) poses a real and present

threat, based upon manifest indications, that such person is likely to commit or suffer serious harm to that person's own self

or others or to property if not given immediate hospital care and treatment.

(8) "Psychiatrist" means:

a. A physician licensed to practice medicine in this State specializing in the field of psychiatry, or a

physician employed by the Delaware Psychiatric Center, registered with the Medical Council of Delaware and

certified by the Delaware Psychiatric Center Medical Director to the Medical Council of Delaware as being

qualified in the diagnosis and treatment of persons with mental conditions; or

b. Any physician employed by the United States government within the State in the capacity of

psychiatrist and certified by the Delaware Psychiatric Center Medical Director to the Medical Council of Delaware

as qualified in the diagnosis and treatment of persons with mental conditions.

(15) "Psychiatrist" means an individual who possesses a valid State of Delaware license to practice medicine and

has completed a residency training program approved by the Accreditation Council for Graduate Medical Education in

psychiatry.

(16) "Secretary" means the Secretary of the State of Delaware Department of Health and Social Services.

"Secretary" shall also mean the Secretary of the Department of Services to Children, Youth, and their Families for

individuals under the age of 18 or otherwise are in custody of the Department of Services to Children, Youth, and their

Families or receiving financial assistance from the Department of Services to Children, Youth, and their Families.

(17) "Serious bodily harm" means physical injury which creates a substantial risk of death, significant and

prolonged disfigurement, significant impairment of health, or significant impairment of the function of any bodily organ.

(18) "Voluntary patient" means a person who voluntarily seeks treatment at, and is admitted to, a designated

psychiatric treatment facility or hospital for inpatient treatment of a mental condition.

(9)(19) "Working day" means all days any day other than a Saturday, Sunday and legal holidays; and "day" means

a calendar day.

§ 5002 Determination of mental condition and of procedural compliance as prerequisites to involuntary

hospitalization.

Subject to §§ 5121-5123 of this title, no No person shall be involuntarily admitted to or confined as a an

involuntary patient at a designated psychiatric treatment or the hospital, and no designated psychiatric treatment facility or

the hospital shall not involuntarily admit or confine as an involuntary patient any person, unless such person is determined

to be a person with a mental condition and found to be dangerous to self or dangerous to others in accordance with the

procedures prescribed by this chapter, and unless the procedural requirements of this chapter are complied with. A person

may not be admitted to or confined as an involuntary patient at a designated psychiatric treatment facility or hospital unless

it is determined that such placement is the least restrictive intervention reasonably available and the person has declined

voluntary treatment. No person shall be deemed "involuntarily committed" for any legal purpose until the court deems the

person an "involuntarily committed" person at the conclusion of a probable cause hearing held pursuant to this chapter.

§ 5003. Voluntary admission procedure.

(a) The Department may establish, under the direction and supervision of the Delaware Psychiatric Center, criteria

for voluntary admissions to designated psychiatric treatment facilities and hospitals that differ from the criteria for

involuntary admissions to designated psychiatric treatment facilities and hospitals.

(b) A psychiatrist or licensed independent practitioner who is credentialed and authorized by the Division of

Substance Abuse and Mental Health may admit to a designated psychiatric treatment facility or hospital for observation,

diagnosis, care and treatment any individual who is a person with an apparent mental condition or who has symptoms of a

mental condition and who requests admission subject to the payment of charges for care, maintenance and support as

provided in § 5020 of this chapter.

(c) Prior to admitting a person on a voluntary basis, the designated psychiatric treatment facility or hospital must

notify the person verbally and in writing of the legal consequences of voluntary admission in language that is

understandable to the person, and reasonably believe that the person comprehends such consequences, including but not

limited to:

(1) The person will not to be allowed to leave the hospital grounds without permission of the treating

psychiatrist;

(2) If the person seeks discharge prior to the discharge recommended by the person's treatment team, the

person's treating psychiatrist may initiate the involuntary inpatient commitment process if the psychiatrist

believes the individual presents a danger to self or danger to others; and

(3) Unless the involuntary commitment process is initiated, the person will not have the hospitalization

reviewed by the Court.

(d) The attending psychiatrist shall discharge a voluntary patient when in-patient treatment is no longer clinically

indicated.

(e) A voluntary patient may make a written request to the attending psychiatrist to be discharged at any time.

Upon the receipt of such request, the attending psychiatrist shall discharge the person within 72 hours from the receipt of

the request, except if a psychiatrist or licensed independent practitioner certifies that the voluntary patient is currently

demonstrating behaviors believed to be dangerous to self or dangerous to others and these behaviors are documented in the

medical record, an emergency detention may be initiated for the person. No person may be involuntarily hospitalized unless

in compliance with the emergency detention procedures set forth in § 5004.

(f) If any applicant is under the age of 18 years old, the following provisions shall apply:

(1) In the case of voluntary admission to a designated psychiatric treatment facility or hospital, consent to

treatment shall be given only by a parent or legal guardian. The request for admission to the designated

psychiatric treatment facility or hospital shall be signed by either the applicant's parent or legal guardian.

(2) A voluntary patient or the voluntary patient's parent or legal guardian may make a written request to

the attending psychiatrist to be discharged at any time.

(A) The provisions of § 5003(e) shall apply in such instances, except that the voluntary patient's

discharge may be conditioned upon the consent of the voluntary patient's parent or legal

guardian.

(B) If the parent or legal guardian of a voluntary patient requests the patient's discharge from a

treatment facility against the advice of the treatment team and administrator of the facility, the

facility may initiate involuntary treatment procedures as provided for under this chapter. The

provisions of this paragraph shall apply as if the patient had made the request.

(3) Voluntary Outpatient Treatment. A person between 14 and 18 years of age, who is in need of mental

health treatment, may request voluntary outpatient treatment from a [licensed treatment facility or

community provider]. If the individual in need of treatment is a minor under 14 years of age, a parent,

legal custodian, or legal guardian shall make the request for voluntary outpatient mental health treatment

and give written consent for treatment.

Page 6 of 33

(A) If a minor is 14 years of age or over, then either the minor, or a parent, legal custodian, or

legal guardian may give written consent to a [treatment facility or community provider] for

voluntary, outpatient treatment.

(B) Consent so given by a minor 14 years of age or over shall, notwithstanding the minor's

minority, be valid and fully effective for all purposes and shall be binding upon such minor, the

minor's parents, custodian, and legal guardian as effectively as if the minor were of full legal age

at the time of giving such written consent. The consent of no other person or court shall be

necessary for the treatment rendered such minor.

(C) A minor's consent is not necessary when a parent, legal custodian, or legal guardian of an

individual less than 18 years of age provides consent to voluntary outpatient mental health

treatment on behalf of the minor.

(D) A minor, including those age 14 and older, may not abrogate consent provided by a parent,

legal custodian, or legal guardian on the minor's behalf. Nor may a parent, legal custodian, or

legal guardian abrogate consent given by a minor age 14 and older on his or her own behalf.

(E) This section does not authorize a minor to receive psychotropic drugs without the consent of

the minor's parent, legal custodian, or legal guardian. Only a parent, legal guardian, or legal

custodian may provide consent for the administration of such medication.

(4) A psychiatrist designated by the Secretary of the Department of Services for Children, Youth and

Their Families may conduct an independent review to determine whether an applicant who receives

financial assistance from such Department or who is in the custody of such Department is appropriate for

voluntary hospitalization.

(g) Notwithstanding any other section of the Delaware Code, the Medical Director of the Department's Division of

Substance Abuse and Mental Health shall have the independent authority to discharge persons at the Delaware Psychiatric

Center.

(h) The Department will pay for a voluntary admission of a patient to a designated psychiatric treatment facility or

hospital pursuant to the same Departmental criteria as an involuntary admission or community placement.

§5004. Emergency detention of a person with a mental condition; justification; procedure.

(a) Any person who believes that another person's behavior is both the product of a mental condition and is

dangerous to self or dangerous to others may notify a peace officer or a credentialed mental health screener or juvenile

mental health screener and request assistance for said person. Upon the observation by a peace officer or a credentialed

mental health screener or juvenile mental health screener that such individual with an apparent mental condition likely

constitutes a danger to self or danger to others, such person with an apparent mental condition shall be promptly taken into

custody for the purpose of an emergency detention by any peace officer in the State without the necessity of a warrant. Any

such observation shall be described in writing and shall include a description of the behavior and symptoms which led the

peace officer or credentialed mental health screener or juvenile mental health screener to such conclusion. The

documentation required herein shall set forth any known relationship between the person making the complaint and any

other connection to the person with an apparent mental condition and, if known, the name of the nearest known relative.

(b) An emergency detention may only be initiated by a credentialed mental health screener or, if the individual is

under the age of 18, by a juvenile mental health screener. An individual may be held on an emergency detention if it

reasonably appears to a credentialed mental health screener or juvenile mental health screener that the person is acting in a

manner that appears to be dangerous to self or dangerous to others. The credentialed mental health screener or juvenile

mental health screener shall verify this finding in writing and complete the Department-approved emergency detention

form; this documentation shall include the credentialed mental health screener or juvenile mental health screener's rationale

for the detention, including specific information regarding the alleged mental condition and dangerous behaviors observed.

Once the emergency detention form is completed, designated transportation personnel shall be directed by the Department

to transport the person to a designated psychiatric treatment facility to for an evaluation. The emergency detention does not

start until the person is presented to a designated psychiatric treatment facility.

(c) An emergency detention will result in admission to a designated psychiatric treatment facility for psychiatric

observation, assessment, acute treatment, and any recommendations for referral for other services. Any referral for an

emergency detention shall include a review of any advance health care directive as set forth in this title or any other similar

agreement relating to the person's wishes regarding potential hospitalization, care, treatment, and notifications to others if

known to the credentialed mental health screener and available for review at the time of such referral.

(d) Individuals under the age of 18 may be emergently detained when the minor's parent or legal guardian is

unwilling to consent to the individual being admitted to a facility voluntarily for assessment or care, or whose parent or

legal guardian cannot be identified and located. A psychiatrist designated by the Secretary of the Department of Services

for Children, Youth and Their Families may conduct an independent review of a determination that a person under 18 years

of age admitted to a designated psychiatric treatment facility or hospital pursuant to an emergency detention is dangerous to

self or dangerous to others.

Page 8 of 33

(e) Once an individual is emergently detained in a designated psychiatric treatment facility pursuant to subsection

(c) of this section, a psychiatrist shall review all documentation, conduct an examination of the individual, and document

the findings of examination within the emergency detention time period both in the person's medical record and the

emergency detention findings form. If the examining psychiatrist finds that the individual with an apparent mental

condition is not dangerous to self and is not dangerous to others the psychiatrist shall certify these specific findings in

writing and the individual who has been emergently detained shall be discharged from custody forthwith. All

documentation required by this section will be recorded and retained in the medical record of that individual and reported to

the Delaware Division of Substance Abuse and Mental Health, or if the individual is a minor to the Division of Prevention

and Behavioral Health Services, upon the discharge of the individual.

(f) If, at any time, an individual who is emergently detained agrees to go to a designated psychiatric treatment

facility for further observation, a voluntary admission will be sought to fulfill the needed evaluation and the emergency

detention order will become void. If a physician affiliated with an emergency department has completed an emergency

medicine health assessment, as determined solely by such physician, and refers the patient to a credentialed mental health

screener or juvenile mental health screener, with or without consultation with a psychiatrist, such a referral constitutes an

appropriate discharge plan and after such discharge the physician affiliated with an emergency department will have no

further responsibility for the evaluation and disposition of the patient.

(g) In the event that the psychiatrist at a designated psychiatric treatment facility determines that the person who

has been emergently detained meets the criteria for further care and treatment and that such required care cannot be

provided in an available, less restrictive, more community-integrated setting, such psychiatrist shall immediately initiate the

provisional admission process as set forth in § 5005 of this chapter. Any such determination must be based upon observed

and evaluated behavior and, if available, reliable information provided by other sources regarding the person's mental

condition. Any involuntary commitment of said person shall be only to a hospital designated by the Secretary to provide

such care and treatment.

(h) A designated psychiatric treatment facility that receives a minor on an emergency detention shall promptly

make a reasonable and good-faith effort to contact that person's parent or legal guardian.

(i) All professional personnel employed by the State or private providers are mandated to disclose any potential or

apparent conflicts of interest regarding their participation in the emergency detention of any individual with an apparent

mental condition to any psychiatric facility. Such conflicts of interest shall be disclosed on the emergency detention form

and may include, but are not limited to, employment by a privately operated psychiatric facility, a personal relationship

with the individual being detained or committed involuntarily, a relationship with family or significant others of the

individual being detained or committed involuntarily, or being the victim of a crime by the person being detained or

committed involuntarily.

(j) No person will be detained or otherwise involuntarily committed to a designated psychiatric treatment facility

unless a credentialed mental health screener or juvenile mental health screener determines that such detention or

commitment is the least restrictive and most community-integrated means to adequately treat the person that is immediately

available.

(k) The Department is authorized to establish regulations consistent with this subchapter. These regulations shall

include rules regarding the disclosure by credentialed mental health screeners and juvenile mental health screeners of

potential conflicts of interest.

§ 5003 5005 Provisional hospitalization by psychiatrist's certification.

(a) No person shall-will be involuntarily admitted to the-a hospital as a patient until the person is detained for

observation pursuant to the procedure set forth in § 5004 of this chapter. At the completion of the emergency detention

period, the person shall not be admitted to a hospital except pursuant to the written certification of a psychiatrist that based

upon the psychiatrist's examination of such person; such person suffers from a disease or condition which requires the

person to be observed and treated at a mental hospital for the person's own welfare and which either renders such person

unable to make responsible decisions with respect to the person's hospitalization, or poses a present threat, based upon

manifest indications, that such person is likely to commit or suffer serious harm to that person's own self or others or to

property, if not given immediate hospital care and treatment.

(1) Appears to be a person with a mental condition;

(2) The person has been offered voluntary inpatient treatment and has declined such care and treatment or

lacks the capacity to knowingly and voluntarily consent to such care and treatment;

(3) As a result of the person's apparent mental condition, the person poses a present threat, based upon

manifest indications, of being dangerous to self or dangerous to others; and

(4) Less restrictive alternatives have been considered and determined to be clinically inappropriate at the

present time.

(b) The psychiatrist's certificate shall state with particularity the behavior and symptoms upon which the

psychiatrist's opinion is based, shall include (where available) the name and address of the spouse or other nearest relative

or person of close relationship to the alleged person with a mental condition, and shall state that such person is not willing

Page 10 of 33

to accept hospital care and treatment on a voluntary basis or that the person is incapable of voluntarily consenting to such

care and treatment. The certificate shall also set forth the date of the psychiatrist's determination. The hospital shall

thereupon advise the involuntary patient of the patient's rights under this Chapter in language that is understandable to the

individual. Upon completion of the psychiatrist's certificate, the individual shall be detained for an additional 48 hour

period.

(c) If the examining psychiatrist at the hospital determines that the involuntary patient no longer meets the criteria

for provisional admission, the psychiatrist shall so certify in writing and the hospital shall immediately discharge the

person. Prior to such discharge, the hospital shall provide the person with a copy of the certificate stating that the person

was not involuntarily committed for any legal purpose.

(d) If the person seeks voluntary care and treatment after being provisionally admitted under this subsection, the

provisional admission will terminate and the person shall be voluntarily admitted to a hospital without delay.

(e) The 48 hour observation period prescribed in this section shall be referred to as "provisional admission." An

individual who is provisionally admitted pursuant to this chapter shall not be considered "involuntarily committed" for any

legal purpose.

§ 5004 Legal effect of psychiatrist's certificate.

Where the psychiatric examination occurs at a place other than the hospital, the certificate of the examining

psychiatrist shall constitute legal authorization for the alleged person with a mental condition to be transported (together

with the examining psychiatrist's certificate) to the hospital by a peace officer or, in the sole discretion of the examining

physician, by designated transport personnel. Receipt by the hospital of the certificate of the examining psychiatrist shall

authorize the hospital provisionally to admit the alleged person with a mental condition as a patient. No peace officer or

medical doctor shall be subject to civil damages or criminal penalties for any harm to the person with a mental condition

resulting from the performance of the officer's or doctor's own functions under this section or under § 5003 of this title

unless such harm was the result of negligent, reckless, wilful, wanton and/or intentional misconduct on the officer's or

doctor's own part.

§ 50055006 Duties of hospital upon provisional admission.

Upon the provisional admission of the alleged person with a mental condition as an involuntary patient: During the

48 hour period of provisional admission:

Page 11 of 33

(1) The hospital shall cause the involuntary patient to be physically and mentally examined, and may treat the

involuntary patient if the examining psychiatrist certifies that treatment is necessary pending judicial proceedings under this

chapter;

(2) Where the certification of the involuntary patient as a person with a mental condition was by a psychiatrist

other than an employee or agent of the hospital, the hospital shall, within 2 working days from the date of admission,

independently determine whether or not the involuntary patient is a person with a mental condition. If the hospital

examining psychiatrist determines that the involuntary patient is not a person with a mental condition, such psychiatrist

shall so certify in writing and the hospital shall discharge the involuntary patient forthwith. If the hospital examining

psychiatrist independently determines that the involuntary patient is a person with a mental condition, such psychiatrist

shall so certify in writing. The certificate shall contain the information required by § 5003 of this title and shall also set

forth the date of the hospital's determination. The hospital shall thereupon advise the involuntary patient of the patient's

rights under this chapter;

(1) The hospital shall try to evaluate the involuntary patient to assess the person's psychological and physical

needs, and may provide treatment to the involuntary patient as clinically appropriate and consistent with the State's Mental

Health Patients' Bill of Rights pending the involuntary patient's probable cause hearing;

(3)-(2) A psychiatrist designated by the Secretary of the Department of Services for Children, Youth and Their

Families may, at any time prior to the commencement of judicial proceedings to determine the mental condition of a person

under 18 years of age a minor or an individual over the age of 18 who is receiving financial assistance or is in the custody

of the Department, conduct an independent review of a determination that such a person is a person with a mental

condition. If the psychiatrist determines that such person is not a person with a mental condition, the Department may

withhold financial assistance for the diagnosis, care or treatment of such person;

(4) A psychiatrist designated by the Secretary of the Department of Health and Social Services may, at any time

prior to the commencement of judicial proceedings to determine the mental condition of a person 18 years of age or older,

conduct an independent review of a determination that such person is a person with a mental condition. If the psychiatrist

determines that such person is not a person with a mental condition, the Department may withhold financial assistance for

the diagnosis, care or treatment of such person;

(5)(3) The hospital shall investigate document in the patient's medical record whether or not the involuntary

patient can afford counsel and to engage an independent psychiatrist or other qualified medical expert at patient's own

expense-licensed mental health professional to serve as an expert witness on the individual's behalf.

§ 50065007 Procedural rights of involuntary patients.

A person whom the hospital has determined to be a person with a mental condition shall be entitled When a

designated treatment facility, hospital or outpatient treatment provider seeks to require an individual to be involuntarily

hospitalized pursuant to a probable cause hearing or an involuntary inpatient commitment hearing, or seeks to have the

individual placed on involuntary outpatient treatment over objection, or engage in a specific mode of treatment without the

individual's consent, the individual shall be entitled:

(1) To notice, including a written statement, of the factual grounds upon which the proposed hospitalization,

outpatient treatment over objection, or treatment without consent is predicated and the reasons for the necessity of

confinement such course of action.

(2) To hearings before the court and to judicial determinations of (i) whether the involuntary patient's confinement

is based upon probable cause and (ii) whether or not the involuntary patient is a person with a mental conditionwhether or

not the individual satisfies the requirements for a probable cause hearing, involuntary inpatient commitment, outpatient

treatment over objection, or treatment without consent pursuant to the criteria set out in the relevant sections of this chapter.

Such hearings shall be without jury and not open to the public, shall be preceded by adequate-written notice to the

involuntary patient individual, and the involuntary patient individual shall be entitled to be present at all such hearings.

(3) To be represented by counsel at all judicial proceedings, such counsel to be court appointed if the involuntary

patient individual cannot afford to retain counsel; and to be examined by an independent psychiatrist or other qualified

medical expert and to have such psychiatrist or other expert testify as a witness-in on the patient's-individual's behalf, such

witness to be court appointed if the involuntary patient cannot afford to retain such witness.

(4) To conduct discovery, to summon and cross-examine witnesses, to present evidence on the person's own

behalf and to avail the person's individual's own self of all other procedural rights afforded litigants in civil causes. The

privilege against self-incrimination shall be applicable to all proceedings under this chapter.

(5) To have a full record made of the proceedings, including findings adequate for review. All records and

pleadings shall remain confidential unless the court for good cause orders otherwise.

(6) To be notified in writing of the right to appeal a decision made by the court pursuant to § 5014 of this chapter.

§ 5007 Judicial proceedings 5008 Probable cause complaint.

(a) Forthwith, but not more than 2 working days from the date of provisional admission If an involuntary patient

has not been discharged by the hospital by the end of the 48 hour provisional admission period, the hospital shall file a

verified complaint for involuntary civil commitment in the Superior Court or in the Family Court if the involuntary patient

would otherwise be amenable to Family Court jurisdiction under other provisions of law. The complaint shall aver set forth

in detail facts to show that the hospital, as petitioner, reasonably and in good faith believes that the involuntary patient (who

shall be named as respondent) is a person with a mental condition who meets the standard for involuntary inpatient

commitment set forth in § 5011 of this chapter, and who should be continued as a patient at the hospital pursuant to this

chapter until the patient is determined no longer to be a person with a mental condition meet the criteria for involuntary

inpatient hospitalization. The complaint shall also aver that the involuntary patient has been advised of the patient's rights

under this chapter. Copies of all certificates by examining psychiatrists the Emergency Detention Certificate and the

Provisional Admission Certificate shall be attached to the complaint. A notarized affidavit indicating that a hospital official

has reviewed each complaint shall be filed, with the original copy sent to the court to be maintained in the patient's file.

(b) Nothing in this section shall preclude the involuntary patient or another person acting on the involuntary

patient's behalf from filing a complaint with the court for a judicial determination of the involuntary patient's mental status,

in which complaint the hospital shall be named as respondent. In such event, the hospital shall appear as respondent and

shall attach to its answer copies of certificates by the examining psychiatrist, and the hospital shall be excused from

compliance with subsection (a) of this section.

(c) (b) The hospital's investigation affidavit filed with the complaint shall indicate whether the involuntary patient

is able to afford counsel and an independent psychiatric witness within 4 working days of provisional admission-whether

the patient requested an independent psychiatric witness.

§ 5008 Appointment of counsel; determination of probable cause. § 5009 Probable cause hearing.

Upon the filing of the probable cause complaint the court shall forthwith:

(1) Schedule a <u>probable cause</u> hearing to determine whether probable cause exists for the involuntary patient's

confinement, and, where necessary, appoint counsel to represent the involuntary patient. Such probable cause hearing shall

be held as soon as practicable, but no later than 8 working days from the filing of the complaint. Hearings may be

conducted using electronic means, such as videoconferencing.

(2) Direct that notice of the probable cause hearing and copies of the pleadings be supplied to the involuntary

patient, the patient's counsel and to the involuntary patient's spouse, nearest relative or person of close relationship to the

patient as in the court's opinion would best represent the involuntary patient's interest other relative, close personal friend of

the patient or any other person identified by the patient, provided that the patient is given the opportunity to agree, prohibit,

Page 14 of 33

or restrict the disclosure.

LC: MJC: RAY:4801470199

(3) Enter such other orders as may be appropriate, including an order authorizing the continued provisional

confinement of the involuntary patient until further order of the court.

(4) If, pursuant to the probable cause hearing, the court determines that probable cause does not exist for

involuntary inpatient commitment, the involuntary patient shall be immediately discharged. If the court determines that

probable cause does exist for involuntary inpatient commitment, it shall schedule an involuntary inpatient commitment

hearing, pursuant to § 5011, for the earliest practicable date, and no later than eight working days after the probable cause

hearing a hearing to determine whether or not the involuntary patient is a person with a mental condition; and where

necessary, it shall appoint an independent psychiatrist or other qualified medical expert to examine the involuntary patient

and act as an expert witness on the involuntary patient's behalf. Notice of the hearing shall be given to the involuntary

patient and the patient's counsel.

(5) If the court determines that probable cause does not exist for involuntary inpatient commitment, but finds that

an individual meets the criteria for outpatient treatment over objection, the court may order that an individual be placed on

outpatient treatment over objection, pursuant to § 5013 of this chapter, and the next hearing shall be scheduled for 3 months

after the probable cause hearing. The court may only place an individual on outpatient treatment over objection at a

probable cause hearing if the issue has been appropriately noticed.

(5)–(6) For good cause shown, the court may order that judicial proceedings under this chapter take place in the

Superior Court court in and for a county other than the county in which the action was initiated.

(7) For purposes of this chapter and for any other legal purpose, no person shall be considered "involuntarily

committed" until the court so orders following a probable cause hearing held pursuant to the requirements of this chapter.

§ 50095010 Discharge by the hospital.

Notwithstanding the pendency of the action or any order previously entered by the court, if at any time after the

complaint is filed the hospital determines that the involuntary patient is no longer a person with a mental condition no

longer meets the criteria for provisional admission or involuntary inpatient commitment, the hospital shall so certify in

writing and immediately discharge the patient forthwith, person and shall immediately advise the court of its determination

and the discharge, and Upon receipt of such certification, the court shall-thereupon dismiss the action. A person

involuntarily hospitalized pursuant to the emergency detention, provisional admission or involuntary commitment sections

of this chapter may be discharged pursuant to this subsection without further order of the court.

§ 5010 Hearing to determine mental condition.

As a result of the hearing to determine mental condition, the court shall make specific findings:

(1) That the involuntary patient is not a person with a mental condition, in which case the court shall order that the

involuntary patient be discharged and released forthwith; or

(2) That based upon clear and convincing evidence, the involuntary patient is a person with a mental condition in

which case the court shall enter an order of disposition, which disposition shall be effective for a period not to exceed 3

months. In determining the disposition of the involuntary patient the court shall consider all available alternatives, including

inpatient confinement at the hospital, and shall order such disposition as imposes the least restraint upon the involuntary

patient's liberty and dignity consistent both with affording mental health treatment and care with protecting the safety of the

involuntary patient and the public.

§5011 Involuntary inpatient commitment hearing and procedure.

(a) An individual shall be involuntarily committed for inpatient treatment only if all of the following criteria are

met by clear and convincing evidence:

(1) The individual is a person with a mental condition;

(2) Based upon manifest indications, the individual is: (i) dangerous to self; or (ii) dangerous to others;

(3) All less restrictive alternatives have been considered and determined to be clinically inappropriate at

the time of the hearing; and

(4) The individual has declined voluntarily inpatient treatment, or lacks the capacity to knowingly and

voluntarily consent to inpatient treatment. When evaluating capacity, the court shall consider an

individual's ability to understand the significant consequences, benefits, risks, and alternatives that result

from the individual's decision to voluntarily request or decline inpatient treatment.

(b) The court shall set out specific findings of facts and conclusions of law which address each of the required

criteria for involuntary commitment and which support its decision to involuntarily commit or discharge the individual.

(c) If the court determines that an individual meets the criteria for involuntary commitment, the court shall enter an

order of disposition which shall not exceed 3 months based upon the court's individualized assessment of the facts and

circumstances at the time of the hearing.

(d) Upon the expiration of the court order pursuant to § 5011(c), if the individual has not been discharged by the

hospital, and the hospital believes that the individual continues to require involuntary commitment, the court shall schedule

a subsequent hearing which will be held in compliance with § 5007 and this section. The individual shall be entitled to at

least 14 working days' notice of any subsequent hearings. As long as an individual receives involuntary inpatient treatment,

the court must convene a hearing in compliance with § 5007 and this section at least once every 3 months to review

whether continued involuntary inpatient treatment is necessary.

(e) An individual, if represented by counsel, may waive, orally or in writing, any hearing under this section. The

waiver must be submitted in writing to the court or be orally presented in open court.

§ 5012 Hospitalization.

(a) Duties of hospital upon involuntary patient's admission. Upon the involuntary patient's admission to the

hospital pursuant to court order, the hospital shall for a period not to exceed 3 months render treatment to the involuntary

patient in accordance with professional standards. If by the expiration of 3 months the involuntary patient has not been

discharged by the hospital, and if in the opinion of the hospital the involuntary patient is still a person with a mental

condition, the hospital shall so notify the court; and the court shall order a hearing to be held within 14 working days of

such notice. If the court continues the involuntary confinement upon the expiration of an additional 6 months, and the

involuntary patient has not been discharged by the hospital, and if in the opinion of the hospital the patient is still a person

with a mental condition, the hospital shall so notify the court; and the court shall order a hearing to be held within 14

working days of such notice.

(b) Further hearing. — In any further hearing the procedural requirements of § 5006 of this title shall govern, and

the court may make such findings and orders as are permitted by § 5010 of this title; provided, that the court may order that

the involuntary patient's admission to the hospital shall be continued for an indefinite period, in which case the hospital

shall report to the court at intervals not more than 6 months as to the continued need for involuntary hospitalization, and the

court shall review the involuntary patient's status at such 6-month intervals and be required to hold hearings, at such

intervals, until such time as the involuntary patient is discharged.

(c) Waiver of hearing. An involuntary patient, if represented by counsel, may waive, orally or in writing, any

hearing under this section. The waiver must be submitted in writing to the court or be orally presented in open court.

§-5011 5012 Waiver of rights; voluntary hospitalization.

(a) An involuntary patient may waive any of the rights provided by this chapter if (i) the court determines that

such waiver is voluntary and with the involuntary patient's knowing and intelligent consent, or if (ii) where the involuntary

patient is incapable of knowingly and intelligently consenting, the court, upon application by counsel and after appropriate

inquiry and finding of facts, approves such waiver for good cause shown. If the hearing provided for in §-5010 5011 of this

title is waived, the court shall enter an order of disposition in accordance with subdivision (2) of § 5010 § 5011(c) of this

title.

Page 17 of 33

(b) If prior to any hearing the court determines that the involuntary patient has knowingly and voluntarily applied

for, and has been accepted for hospitalization pursuant to §-51235003 of this title, the action shall be dismissed, and §

51235003 shall govern.

(c) A legal guardian may not waive any right of an adult, including any right related to admission and judicial

review, under this chapter.

§ 5013 Involuntary outpatient treatment over objection.

(a) A person shall be involuntarily committed by the court for outpatient treatment over objection only if all of the

following criteria are satisfied by clear and convincing evidence:

(1) The person is 18 years of age or older.

(2) The person has a documented mental condition.

(3) The person is reasonably expected to become dangerous to self or dangerous to others or otherwise

unlikely to survive safely in the community without treatment for the person's mental condition.

(4) The person is currently refusing to voluntarily participate in the treatment plan recommended by the

person's mental health treatment provider or lacks the capacity to determine whether such treatment is

necessary.

(5) The person has a documented history of lack of adherence with recommended treatment for the

mental condition, or poses an extreme threat of danger to self or danger to others based upon recent

actions, that has either:

(i) Resulted in a deterioration of functioning that was observed to be dangerous to the

individual's personal health and safety; or

(ii) Resulted in a deterioration of functioning that was observed to be imminently dangerous to

self or dangerous to others, including but not limited to suicidal ideation, violent threats, or

violence towards others.

(6) All less restrictive treatment options have been considered and have either been determined to be

clinically inappropriate at this time or evidence is offered to show that the person is not likely to adhere to

such options.

(b) The court shall set out specific findings of facts and conclusions of law which address each of the required

criteria for involuntary outpatient treatment over objection and which support its decision to involuntarily commit or

discharge the individual.

Page 18 of 33

(c) If the court determines that an individual meets the criteria for involuntary outpatient treatment over objection,

the court shall enter an order of disposition which shall not exceed 3 months based upon the court's individualized

assessment of the facts and circumstances at the time of the hearing.

(d) The Department is responsible for ensuring the provision of all necessary services and supports to fully

implement the court order, or for informing the court as quickly as possible if such services are not available and providing

the Court with an explanation of why such services are not available and when they are anticipated to become available.

(e) Notwithstanding an order entered by the court pursuant to this section, an individual may be discharged by the

individual's treating psychiatrist at any time if the treating psychiatrist determines that the individual no longer meets the

clinical criteria for involuntary outpatient commitment. Upon such determination the psychiatrist shall so certify in writing

and advise the court of its determination and the discharge. Upon the receipt of such certification, the court shall dismiss

the action.

(f) An individual or the individual's counsel may waive, orally or in writing, any hearing under this section. The

waiver must be submitted in writing to the court or be orally presented in open court.

(g) Should an individual committed by the court to involuntary outpatient treatment over objection engage in

behavior in the community that is dangerous to self or dangerous to others, an emergency detention, consistent with § 5004,

may be initiated. No individual may be involuntarily hospitalized unless the individual is initially emergently detained and

is given the due process protections provided for in this chapter.

§-5013 5014 Appeal; habeas corpus; rules of procedure.

(a) Appeal of order of disposition. —Any party to the proceedings may appeal an order of disposition issued by a

Commissioner to either a Superior Court Judge or Family Court Judge as appropriate within 10 days of the entry of such

order. The appeal shall not operate as a stay of the order of disposition unless the Commissioner or Judge so directs. A

decision by a Superior Court Judge or a Family Court Judge may be appealed Any party to the proceedings may appeal an

order of disposition to the Supreme Court within 30 days of the entry of such order. The appeal shall not operate as a stay

of the order of disposition unless the court or the Supreme Court so directs.

(b) Habeas corpus. —After any order of disposition becomes final, the involuntary patient shall be entitled to

petition the court for a writ of habeas corpus for release on the grounds:

(1) That the proceeding which led to the patient's commitment was illegal; provided, that that issue has

not been previously determined; or

(2) That although the original confinement was legal, continued confinement is not warranted.

Page 19 of 33

(c) Court rules. — The Superior Court and the Family Court shall adopt such rules of procedure as may be

required to implement the procedural requirements of this chapter.

§ 5014-5015 Enlargement of time.

Notwithstanding §§ 5001-5013 of this title, the The court may enlarge the time for the performance of acts by the

hospital or respondent's attorney pursuant to this chapter, and of scheduling hearings thereunder, for good cause shown, for

a reasonable period, consistent with the rights of the respondent.

§ 5015 Costs of transportation and medical services-5016 Payment of transportation and medical costs.

(a) The State Treasurer shall pay-police officers, constables, sheriffs and deputy sheriffs for service as peace

officers under this section at the rate of \$0.31 for each mile necessarily traveled as well as a custody fee of \$100 when

transporting a person with a mental condition from 1 county to another county peace officers or other transportation

providers under contract with the Department of Health and Social Services for transportation services under this

subchapter at an agreed upon rate, including a custody fee and mileage traveled.

(b) The State Treasurer shall pay third-party medical and dental providers at a contractually agreed upon rate for

services rendered for the medically necessary treatment of persons receiving mental health treatment and services pursuant

to this chapter.

§ 5017 Immunity.

(a) Initial Assessment - No peace officer, medical doctor, credentialed mental health screener, juvenile mental

health screener, or facility in which a medical doctor or credentialed mental health screener or juvenile mental health

screener practices shall be subject to civil damages or criminal penalties for any harm resulting from the performance of

their functions under this section unless such harm was intentional or the result of willful or wanton misconduct on their

part. This immunity is limited to the mental health assessment, resulting clinical decision, and involuntary hold necessary

until the person is presented to a designated psychiatric treatment facility that is able to provide such psychiatric healthcare

services for the emergency detention described in paragraph § 5001(8) of this chapter.

(b) Emergency Detention - After the person presents to the designated psychiatric treatment facility and during the

emergency detention period described in paragraph § 5001(8) of this chapter, no medical doctor or designated psychiatric

treatment facility shall be subject to civil damages or criminal penalties for any harm to the person with a mental condition

resulting from the performance of functions under § 5004(e) of this chapter unless such harm was the result of negligent,

reckless, willful, wanton and/or intentional misconduct.

(c) Subsequent Care - After the person is voluntarily admitted, provisionally admitted or involuntarily committed,

no peace officer or medical doctor shall be subject to civil damages or criminal penalties for any harm to the person with a

mental condition resulting from the performance of the officer's or doctor's own functions of this title unless such harm was

the result of negligent, reckless, willful, wanton and/or intentional misconduct on the officer's or doctor's own part.

(d) Nothing in this section is intended to waive the State's sovereign immunity or the privileges and immunities set

forth at Chapter 40 of Title 10.

§ 5018 Discharge of patients from hospitals.

(a) Hospitals shall examine every involuntary patient and voluntary patient present in its facility as frequently as

practicable, but not less often than every 3 months. If pursuant to such examination a person's treating psychiatrist

determines that a person no longer satisfies the criteria for involuntary hospitalization pursuant to the emergency detention,

provisional admission or involuntary court commitment sections of this chapter, or as established for voluntary treatment

under § 5003(a), the patient shall be discharged. A person involuntarily hospitalized pursuant to the emergency detention,

provisional admission or involuntary court commitment sections of this chapter may be discharged pursuant to this

subsection without further order of the court.

(b) The certificate of discharge shall state the basis for the discharge. Prior to discharge, the hospital shall prepare

a written continuing care plan developed in consultation with interdisciplinary staff, identified post-discharge community

mental health providers and the patient, and, if the patient is a minor, with the patient's parent or legal guardian. At a

minimum, community-based services staff shall be consulted prior to the discharge of patients in hospitals. The continuing

care plan shall be consistent with the discharge planning requirements set out in 16 Del. C. § 5161, the Mental Health

Patients' Bill of Rights. The continuing care plan shall include: a realistic assessment of the patient's post-discharge social,

financial, vocational, housing and treatment needs; identification of available support services and provider linkages

necessary to meet the assessed needs; and identification and a timetable of discrete, predischarge activities necessary to

promote the patient's successful transition to the community-based services system or to another appropriate post-discharge

setting.

§ 5019 Liability for maintenance of patient; collection remedies.

(a) Any adult committed to or placed in a designated psychiatric treatment facility or hospital shall be liable for the

cost of care, treatment, or both to the extent authorized by § 7940 of Title 29. If a minor is committed to or placed in a

designated psychiatric treatment facility or hospital, liability for costs of care, treatment, or both shall conform to § 9019 of

Title 29.

Page 21 of 33

(b) The Department of Health and Social Services and Department of Services for Children, Youth and Their

Families shall keep an account of the cost of care, treatment, or both and credit against the account all moneys received

from the patient or other persons on the patient's behalf.

(c) In the event of nonpayment, the Department of Health and Social Services and Department of Services for

Children, Youth and Their Families may pursue collection remedies authorized by §§ 7940 and 9019, respectively, of Title

<u> 29.</u>

§ 5020 Expenses of examination and removal of indigent patients.

The expenses of the examination of an indigent person alleged to be suffering from a mental condition and the

transportation of such person, by a peace officer or credentialed mental health screener or juvenile mental health screener to

a designated psychiatric treatment facility or hospital able to provide further evaluation or care and treatment, shall be paid

by the State Treasurer.

§ 5021 Veterans Administration hospitals.

The provisions in the Delaware Code pertaining to the admission, commitment, care and discharge of persons

diagnosed with a mental condition at state institutions shall apply with the same force and effect to persons entitled to the

services of hospitals for people with a mental condition operated by the Veterans Administration. Persons so entitled may

be transferred from state institutions to such Veterans Administration hospitals subject to the statutory provisions affording

interested parties the right to have the status of the person with a mental condition determined as provided by law.

§ 5022 Return of patients; order; notice; custody.

(a) If an inpatient of a state-operated hospital escapes or is on unauthorized leave, its director may issue an order

for the patient's immediate rehospitalization. The director or the director's designee may notify such patient of the existence

of a rehospitalization order by any reasonable means of communication open to the director. Such an order, irrespective of

the patient's actual receipt, shall authorize any peace officer to take the patient into custody for rehospitalization.

(b) If an involuntarily committed inpatient or a person detained involuntarily under this chapter from a non-state-

operated hospital certified under § 5026 or § 5027 of this title escapes or is on unauthorized leave, that hospital's director

shall immediately notify the Director of the Division of Substance Abuse and Mental Health or the Director's designee if

the patient is 18 years of age or older or the Division of Prevention and Behavioral Health Services if the patient is under 18

years of age. Upon receipt of such notification, the Division Director or the Director's designee may issue notice and a

rehospitalization order in conformity with subsection (a) of this section. Such an order, irrespective of the patient's actual

receipt, shall authorize any peace officer to take the patient into custody for rehospitalization.

Page 22 of 33

§ 5023 Unwarranted hospitalization in Delaware Psychiatric Center or denial of rights; penalties.

(a) Any person who willfully causes, or conspires with or assists another to cause:

(1) The unwarranted hospitalization of any individual in the Delaware Psychiatric Center under this

chapter; or

(2) The denial to any individual of any of the rights accorded to said individual under this chapter shall be

punished by a fine not exceeding \$500 or imprisonment not exceeding 1 year, or both.

(b) The Superior Court shall have jurisdiction of offenses under this section.

§ 5024 Examinations of persons relative to parole, pardon or commutation of sentence in case of certain crimes.

Whenever the Director of the Division of Substance Abuse and Mental Health or the Director of the Division of

Developmental Disabilities Services receives a request from the Commissioner of the Department of Correction, relative to

parole, pursuant to § 4353 of Title 11, or relative to pardon or commutation of sentence, pursuant to § 4362 of Title 11, for

psychiatric examination and psychological clinical studies, and a report containing an opinion of the prisoner's condition

and of the probability of the prisoner's again committing crimes similar to the 1 for which the prisoner was incarcerated, or

other crimes, the Director shall cause such examination and studies to be made at the correctional institution or the

Delaware Psychiatric Center, and copies of the report shall be delivered to each member of the Parole Board or the Board

of Pardons, as the case may be; and in cases of pardons and commutations of sentence, a copy to the Governor.

§ 5025 Minors.

(a) Except as otherwise provided, the provisions of this chapter pertaining to the care and release of persons age 18

and older shall apply with the same force and effect to persons under 18 years of age admitted to a designated psychiatric

treatment facility or hospital, certified by the Secretary of the Department of Services for Children, Youth and Their

Families as being appropriate for the diagnosis, care, and treatment of persons with mental illness under 18 years of age.

(b) All substantive and procedural rights provided to individuals pursuant to this Chapter shall automatically

transfer to the individual's parents or legal guardian if the individual is a minor, unless specifically stated otherwise in this

chapter. Even when such a transfer of rights occurs, all reasonable efforts shall be made to ensure the relevant rights and

procedures are explained to the minor in language understandable to the minor.

(c) A psychiatrist or Emergency Detention of Juveniles Review Board designated by the Secretary of the

Department of Services for Children, Youth and Their Families may conduct an independent review of a determination that

a person under 18 years of age admitted to a designated psychiatric treatment facility or hospital pursuant to an emergency

detention on the basis of the appearance of a mental condition, and whose mental condition causes the individual to be

dangerous to self or dangerous to others. Such review may include an examination of the determinations made by juvenile

mental health screeners in individual cases or in aggregate. The Department for Children, Youth and Their Families is

authorized to establish regulations concerning the process and criteria for such determinations.

§ 5026 Additional facilities for adults.

The Secretary of the Department of Health and Social Services, upon voluntary application of a private or public

hospital, may certify such hospital as an appropriate facility for the detention, diagnosis, care and treatment of adults with a

mental condition under this chapter. If so certified, on a case-by-case basis, any such hospital shall be authorized to serve in

addition to the Delaware Psychiatric Center under this chapter.

Section 2. Amend Chapter 51, Title 16 of the Delaware Code by making deletions as shown by strike through and

insertions as shown by underline as follows:

§ 5122 Emergency detention of a person with a mental condition; justification; procedure.

(a) As used in this subchapter, unless the context clearly indicates otherwise, the following words or phrases shall

have the following meanings:

(1) "Credentialed mental health screener" is an individual who either:

a. Possesses a valid State of Delaware license to practice as a psychiatrist; or

b. Is a licensed mental health professional who is credentialed by the Department to provide

emergency screening services and evaluation of the need for involuntary observation and

treatment for a mental condition; or

e. Is an unlicensed mental health professional who works under the direct supervision of a

psychiatrist and who is credentialed by the Department to provide emergency screening services

and evaluation of the need for involuntary observation and treatment for a mental condition; or

d. Is a physician with a valid State of Delaware license to practice medicine and who is

eredentialed by the Department to provide emergency screening services and evaluation of the

need for involuntary observation and treatment for a mental condition.

(2) "Dangerous to others" means that by reason of mental condition there is a substantial likelihood that

the person will inflict serious bodily harm upon another person within the immediate future. This

determination shall take into account a person's history, recent behavior and any recent act or threat.

(3) "Dangerous to self" means that by reason of mental condition the person is likely to cause injury to

oneself and to require immediate care, treatment, or detention.

(4) "Department" shall refer to the State of Delaware Department of Health and Social Services.

(5) "Designated psychiatric treatment facilities" includes all facilities designated by the Secretary to

provide psychiatric emergency care for individuals believed to have a mental condition and whose

behavior is believed to be dangerous to self or others due to that mental condition; such facilities include

psychiatric hospitals operated by the State of Delaware, privately operated psychiatric hospitals, any

psychiatric emergency receiving facilities that provide mental health screenings, evaluations, treatment,

and referral services, or other facilities as may be designated by the Department by regulation.

(6) "Designated transport personnel" means such personnel as designated by the Secretary to transport

persons who require 24 hour detention to or from needed healthcare services provided in hospitals and

public treatment facilities; these personnel include police officers, peace officers and constables with

arrest power as well as private ambulance, state employees and contracted transportation staff as

approved by the Department. Any peace officer involved may mandate the manner and method of

transportation of persons who require 24-hour detention when required to ensure public safety.

(7) "Involuntary detention" refers to the legally sanctioned use of this subchapter that allows a qualified

professional who meets criteria to be a credentialed mental health screener to determine that an individual

is behaving in a manner that is dangerous to self or others due to a mental condition that requires keeping

that individual in a medical facility against the individual's will for up to 24 hours for an evaluation to

determine what treatment needs are required to keep the person or the public safe. Involuntary detention

requires written documentation reflecting the credentialed mental health screener's clinical decision

process and must be signed either by the licensed credentialed mental health screener or by the

supervising psychiatrist of an unlicensed credentialed mental health screener, at the time of the

determination that a 24-hour detention is warranted. The 24-hour timeframe does not start until the person

is presented to a designated facility that is able to provide such psychiatric healthcare services.

(8) "Licensed independent practitioner" as set forth in this subchapter refers to employees of designated

psychiatric treatment facilities, in addition to psychiatrists, who hold credentials and privileges to admit

persons into care and write orders to treat said persons in that facility. Licensed independent practitioners

can include but are not limited to staff that hold licenses as psychologists, nurse practitioners, and

physician assistants or such other healthcare providers as may be designated to work independently

pursuant to the regulations of the Department.

(9) "Mental condition" means a current, substantial disturbance of thought, mood, perception or

orientation which significantly impairs judgment, capacity to control behavior or capacity to recognize

reality. Unless it results in the severity of impairment described herein, "mental condition" does not mean

simple alcohol intoxication, transitory reaction to drug ingestion, dementia due to various nontraumatic

etiologies or other general medical conditions, Alzheimer's disease, or intellectual disability. The term

"mental condition" is not limited to "psychosis" or "active psychosis," but shall include all conditions that

result in the severity of impairment described herein.

(10) "Peace officer" means any public officer authorized by law to make arrests, including police officers

and constables.

(11) "Secretary" shall refer to the Secretary of the State of Delaware Department of Health and Social

Services

(12) "24-hour detention" refers to the process as set forth herein whereby an adult who appears to have a

mental condition, and whose mental condition causes the person to be dangerous to self or dangerous to

others, and who is unwilling to be admitted to a facility voluntarily for assessment or care, is involuntarily

detained for such evaluation and treatment for 24 hours in a designated psychiatric facility because other

less restrictive, more community integrated services are not appropriate or available to meet the person's

mental health care needs.

(b) Any person who believes that another person's behavior is both the product of a mental condition and may

result in danger to that person or others, may notify a peace officer, a credentialed mental health screener, or Departmental

erisis services and request assistance for said person. Upon the observation by a peace officer, a credentialed mental health

screener, or Departmental crisis services that such individual with an alleged mental condition likely constitutes a danger to

self or others and is in need of emergency psychiatric evaluation, such person with an alleged mental condition shall be

promptly taken into custody by any peace officer, credentialed mental health screener, or Departmental crisis services in the

State without the necessity of a warrant. Any such observation shall be described in writing and shall include a description

of the behavior and symptoms which led the peace officer, credentialed mental health screener or Departmental crisis

services to such conclusion. The documentation required herein shall set forth any known relationship between the person

making the complaint and any other connection to the alleged person with a mental condition and, if known, the name of

Page 26 of 33

the spouse or nearest known relative.

HD: KL: TEH:1031470373

(c) Such person with an alleged mental condition, who is demonstrating behaviors believed dangerous to self or

others, shall be taken by a peace officer, a credentialed mental health screener, or Departmental crisis services with all

reasonable promptness to:

(1) A designated psychiatric treatment facility for emergency screening services by a credentialed mental

health screener; or

(2) A credentialed mental health screener; or

(3) Any hospital as defined by § 5101 of this title so long as any resulting order for 24-hour detention

relating to said person is entered by a credentialed mental health screener.

(d) If it reasonably appears to the credentialed mental health screener that the person is acting in a manner that

appears to be dangerous to self or others and this behavior is the result of a mental condition, the credentialed mental health

screener shall verify this finding in writing and complete the Departmentally approved 24-hour detention form; this

documentation shall include that screener's rationale for the detention including specific information regarding the alleged

mental condition and dangerous behaviors observed. Once the 24-hour detention form is completed, designated

transportation personnel shall be directed by the Department to transport the person under detention to a designated

psychiatric treatment facility to provide such a 24-hour evaluation. If, at any time, an individual who has been determined

to meet the standard in paragraph (a)(12) of this section agrees to go to a facility for further observation, a voluntary

admission will be sought to fulfill the needed evaluation and the 24-hour detention order will become void. The Department

will pay for voluntary admissions pursuant to the same criteria as involuntary admissions or community placement. If a

hospital-based physician has completed an emergency medicine health assessment, as determined solely by such physician,

and refers the patient to a credentialed mental health screener, with or without consultation with a psychiatrist, such a

referral constitutes an appropriate discharge plan and after such discharge the hospital-based physician will have no further

responsibility for the evaluation and disposition of the patient.

(e) A 24-hour detention will result in admission to a designated psychiatric treatment facility for psychiatric

observation, assessment, acute treatment, and any recommendations for referral for other services within the 24-hour period

of time. Any referral for a 24-hour detention shall include a review of any advance health care directive as set forth in this

chapter or any other similar agreement relating to the person's wishes regarding potential hospitalization, care, treatment,

and notifications to others if known to the credentialed mental health screener and available for review at the time of such

referral.

HD: KL: TEH:1031470373 LC: MJC: RAY:4801470199 (f) Once an individual is detained in a designated psychiatric treatment facility pursuant to subsection (d) of this

section, a psychiatrist shall review all documentation, conduct an examination of the individual, and document the findings

of examination within 24 hours both in the person's medical record and the 24-hour detention findings form. If the

examining psychiatrist finds that the individual with an apparent mental condition is not dangerous to self or others or is not

in need of involuntary inpatient commitment, the psychiatrist shall certify these specific findings in writing and the

individual who was detained shall be discharged from custody forthwith. All documentation required by this section will be

recorded and retained in the medical record of that individual and reported to the Delaware Division of Substance Abuse

and Mental Health's Eligibility and Enrollment Unit upon the release of the individual.

(g) In the event that the psychiatrist at a designated psychiatric treatment facility determines that the person who

has been detained under the 24-hour detention law meets the criteria for further care and treatment and that such required

care cannot be provided in an available, less restrictive, more community-integrated setting, such psychiatrist shall

immediately implement the involuntary commitment processes as set forth in Chapter 50 of this title. Any such

determination must be based upon observed and evaluated behavior which is the result of a mental condition that is

reasonably believed to be dangerous to self or others. Any involuntary commitment of said person shall be only to an

inpatient psychiatric facility designated by the Secretary to provide such care and treatment. If, at any time, the person at

risk of being involuntarily committed voluntarily seeks care and treatment for his or her mental condition or behaviors, any

pending request for involuntary commitment pursuant to Chapter 50 of this title will terminate and the person shall be

voluntarily admitted to a designated psychiatric treatment facility without delay.

(h) The 24-hour detention period referred to herein shall be 72 hours for minors admitted in conformity with §

5135 of this title. If it appears that the nearest known relative of the minor has not received prior notice of the proceedings,

the facility administrator or designee shall, if reasonably possible, promptly give such notice. A psychiatrist designated by

the Secretary of the Department of Services for Children, Youth and Their Families may conduct an independent review of

a determination that a person under 18 years of age admitted to any mental health facility pursuant to this chapter is a

person deemed to be dangerous as a result of a mental condition.

(i) The State Treasurer shall pay peace officers, including police officers and constables, for transportation

services as peace officers under this subchapter at an agreed upon rate, including a custody fee and mileage traveled.

(i)(1) No peace officer, medical doctor, credentialed mental health screener, or facility in which a

medical doctor or credentialed mental health screener practices shall be subject to civil damages or

eriminal penalties for any harm resulting from the performance of their functions under this section unless

such harm was intentional or the result of wilful or wanton misconduct on their part. This immunity is

limited to the mental health assessment, resulting clinical decision, and involuntary hold necessary until

the person is presented to a designated psychiatric treatment facility that is able to provide such

psychiatric healthcare services for the 24-hour detention described in paragraph (a)(7) of this section.

(2) After the person presents to the designated psychiatric treatment facility and during the 24-hour

involuntary detention period described in paragraph (a)(12) of this section, no medical doctor or

designated psychiatric treatment facility shall be subject to civil damages or criminal penalties for any

harm to the person with a mental condition resulting from the performance of functions under subsection

(f) of this section unless such harm was the result of negligent, reckless, wilful, wanton and/or intentional

misconduct.

(3) Nothing in this section is intended to waive the State's sovereign immunity or the privileges and

immunities set forth at Chapter 40 of Title 10.

(k) All professional personnel employed by the State or private providers are mandated to disclose any conflicts

of interest regarding their participation in the 24-hour detention of any individual with an apparent mental condition to any

psychiatric facility. Such conflicts of interest shall be disclosed on the 24-hour detention form and may include, but are not

limited to, employment by a privately operated psychiatric facility, a personal relationship with the individual being

detained or committed involuntarily, a relationship with family or significant others of the individual being detained or

committed involuntarily, or being the victim of a crime by the person being detained or committed involuntarily.

(1) Notwithstanding any other section of the Delaware Code, no person shall be detained or otherwise

involuntarily committed to a designated psychiatric treatment facility unless a psychiatrist or credentialed mental health

screener determines that such detention or commitment is the least restrictive and most community integrated means to

adequately treat the person that is immediately available.

(m) The Department is hereby authorized to establish regulations consistent with this subchapter. These

regulations shall include rules regarding the disclosure by credentialed mental health screeners of potential conflicts of

interest.

(n) The Department shall form an expert panel for the purposes of advising the Department on the content of the

regulations. The expert panel shall be chaired by the Director of the Division of Substance Abuse and Mental Health or his

or her designees, and shall include, but not be limited to, representatives from the following: the Director of the Division of

Professional Regulations, or his or her designee; 2 representatives from the physician community, to be appointed by the

Medical Society of Delaware; 2 representatives from the Delaware Chapter of the American College of Emergency

Physicians, to be appointed by the chair of the expert panel; 3 representatives from general hospitals, appointed by the

Delaware Healthcare Association; 3 representatives from the designated psychiatric facilities, to be appointed by the chair

of the expert panel; 1 psychiatrist appointed by the Psychiatric Society of Delaware; 2 community providers, to be

appointed by the chair of the expert panel; 1 representative of the Mental Health Association in Delaware, to be appointed

by the chair of the expert panel; 1 representative of the National Alliance on Mental Illness in Delaware, to be appointed by

the chair of the expert panel; and 1 or more members of the public, to be appointed by the chair of the expert panel, who

shall represent the interests of patients.

§ 5127 Liability for maintenance of patient; collection remedies.

(a) Any adult committed to or placed in a designated psychiatric treatment facility or mental hospital shall be

liable for the cost of care, treatment, or both to the extent authorized by § 7940 of Title 29. If a child is committed to or

placed in a designated psychiatric treatment facility or mental hospital, liability for costs of care, treatment, or both shall

conform to § 9019 of Title 29.

(b) The Department of Health and Social Services and Department of Services for Children, Youth and Their

Families shall keep an account of the cost of care, treatment, or both and credit against the account all moneys received

from the patient or other persons on the patient's behalf.

(c) In the event of nonpayment, the Department of Health and Social Services and Department of Services for

Children, Youth and Their Families may pursue collection remedies authorized by §§ 7940 and 9019, respectively, of Title

29.

§ 5128 Expenses of examination and removal of indigent patients.

The expenses of the examination of an indigent person alleged to be suffering from a mental condition and the

transportation of such person, if found to be suffering from a mental condition, by a peace officer or credentialed mental

health screener to a designated psychiatric facility able to provide further evaluation or care and treatment, shall be paid by

the State Treasurer.

§ 5130 Veterans Administration hospitals.

The provisions in the Delaware Code pertaining to the admission, commitment, care and release of persons

diagnosed with a mental condition at state institutions shall apply with the same force and effect to persons entitled to the

services of hospitals for people with a mental condition operated by the Veterans Administration. Persons so entitled may

be transferred from state institutions to such Veterans Administration hospitals subject to the statutory provisions affording

interested parties the right to have the status of the person with a mental condition determined as provided by law.

§ 5131 Discharge of patients at Delaware Psychiatric Center; release on convalescent status; continued

responsibility; review of convalescent status.

(a) The Hospital Director of the Delaware Psychiatric Center shall as frequently as practicable, but not less often

than every 3 months, examine or cause to be examined every hospitalized patient admitted under § 5003 of this title, and

whenever the Hospital Director, in consultation with a psychiatrist, determines that any patient is not a person with a mental

condition, as that term is defined in § 5001 of this title, or whenever the Hospital Director, in consultation with a

psychiatrist, determines that otherwise, the care, treatment and supervision of the Psychiatric Center are no longer

necessary, the patient shall be discharged. The certificate of discharge shall state the basis for the discharge. Prior to

discharge, the facility shall prepare a written continuing care plan developed in consultation with interdisciplinary staff,

anticipated post discharge providers and the patient, and, if the patient is a minor, with the patient's parents or legal

guardian. At a minimum, Departmental community-based services staff shall be consulted for adult patients in

Departmental facilities. The continuing care plan shall include: a realistic assessment of the patient's post-discharge social,

financial, vocational, housing and treatment needs; identification of available support services and provider linkages

necessary to meet the assessed needs; and identification and a timetable of discrete, predischarge activities necessary to

promote the patient's successful transition to the community-based services system or to another appropriate post-discharge

setting.

(b) The Hospital Director of the Delaware Psychiatric Center may release an improved patient who was admitted

under § 5003 of this title on convalescent status when the Hospital Director, in consultation with a psychiatrist, believes

that such release is in the best interests of the patient.

(c) Release on convalescent status shall include provisions for continuing responsibility to and by the Psychiatric

Center, including a plan of treatment on an outpatient or nonhospital patient basis.

(d) Prior to the end of a year on convalescent status, and not less frequently than annually thereafter, the Hospital

Director shall examine the facts relating to the condition of the patient on convalescent status and whenever the Hospital

Director, in consultation with a psychiatrist, determines that the patient is not a person with a mental condition, as that term

is defined in § 5001 of this title, or whenever the Hospital Director, in consultation with a psychiatrist, determines that

otherwise, the care, treatment and supervision of the Psychiatric Center are no longer necessary, the patient shall be

discharged. The certificate of discharge shall state the basis for the discharge.

Page 31 of 33

§ 5132 Return of patients; order; notice; custody.

(a) If an inpatient of a state-operated mental hospital escapes or is on unauthorized leave, its director may issue an

order for the patient's immediate rehospitalization. The director or the director's designee may notify such patient of the

existence of a rehospitalization order by any reasonable means of communication open to the director. Such an order,

irrespective of the patient's actual receipt, shall authorize any peace officer to take the patient into custody for

rehospitalization.

(b) If an involuntarily committed inpatient or a person detained involuntarily under this chapter from a non-state-

operated hospital certified under § 5135 or § 5136 of this title escapes or is on unauthorized leave, that hospital's director

shall immediately notify the Director of the Division of Substance Abuse and Mental Health or the Director's designee if

the patient is 18 years of age or older or the Division of Prevention and Behavioral Health Services if the patient is under 18

years of age. Upon receipt of such notification, the Division Director or the Director's designee may issue notice and a

rehospitalization order in conformity with subsection (a) of this section. Such an order, irrespective of the patient's actual

receipt, shall authorize any peace officer to take the patient into custody for rehospitalization.

§ 5133 Unwarranted hospitalization in Delaware Psychiatric Center or denial of rights; penalties.

(a) Any person who wilfully causes, or conspires with or assists another to cause:

(1) The unwarranted hospitalization of any individual in the Delaware Psychiatric Center under this

chapter; or

(2) The denial to any individual of any of the rights accorded to said individual under this chapter shall

be punished by a fine not exceeding \$500 or imprisonment not exceeding 1 year, or both.

(b) The Superior Court shall have jurisdiction of offenses under this section.

§ 5134 Examinations of persons relative to parole, pardon or commutation of sentence in case of certain crimes.

Whenever the Director of the Division of Substance Abuse and Mental Health or the Director of the Division of

Developmental Disabilities Services receives a request from the Commissioner of the Department of Correction, relative to

parole, pursuant to § 4353 of Title 11, or relative to pardon or commutation of sentence, pursuant to § 4362 of Title 11, for

psychiatric examination and psychological clinical studies, and a report containing an opinion of the prisoner's condition

and of the probability of the prisoner's again committing crimes similar to the 1 for which the prisoner was incarcerated, or

other crimes, the Director shall cause such examination and studies to be made at the correctional institution or the

Delaware Psychiatric Center, and copies of the report shall be delivered to each member of the Parole Board or the Board

of Pardons, as the case may be; and in cases of pardons and commutations of sentence, a copy to the Governor.

§ 5135 Minors.

(a) Any person under 18 years of age admitted pursuant to this chapter shall not be admitted to the Delaware

Psychiatric Center but to a hospital certified by the Secretary of the Department of Services for Children, Youth and Their

Families as being appropriate for the diagnosis, care and treatment of persons with a mental condition under 18 years of

age.

(b) The provisions of this chapter pertaining to the care and release of persons with mental conditions at the

Delaware Psychiatric Center shall apply with the same force and effect to persons admitted to a hospital or other location as

defined in § 5101(2) of this title.

§ 5136 Additional facilities for adults.

The Secretary of the Department of Health and Social Services, upon voluntary application of a private or public

hospital, may certify such hospital as an appropriate facility for the detention, diagnosis, care and treatment of adults with a

mental condition under this chapter. If so certified, on a case-by-case basis, any such hospital shall be authorized to serve in

addition to the Delaware Psychiatric Center under this chapter.
