HOUSE OF REPRESENTATIVES
147th GENERAL ASSEMBLY

HOUSE CONCURRENT RESOLUTION NO. 34

RECOGNIZING JULY 2013 AS LYME DISEASE AWARENESS MONTH IN DELAWARE.

1 WHEREAS, Lyme disease is a bacterial infection caused by the bacterium *Borrelia burgdorferi* and is commonly
2 accompanied by flu-like symptoms that can affect any organ of the body, including the brain and nervous system, muscles
3 and joints, and the heart; and

4 WHEREAS, the most common contraction of Lyme disease is through the bite of a tick; and

5 WHEREAS, Delaware has the highest incidence of Lyme disease per 100,000 people in the United States; and

6 WHEREAS, approximately ten to twenty percent of patients treated for Lyme disease with a recommended course
7 of antibiotics will have lingering symptoms of fatigue, pain, or joint and muscle aches, in some cases lasting for months or
8 years after treatment.

9 NOW, THEREFORE:

10 BE IT RESOLVED by the House of Representatives of the 147th General Assembly of the State of Delaware, the
11 Senate concurring therein, that that we encourage the Department of Public Health to keep Delaware residents properly
12 informed on how to prevent, recognize and treat Lyme disease.

13 BE IT FURTHER RESOLVED that we affirm the importance of Lyme disease awareness and prevention, and
14 hereby designate July 2013 as Lyme Disease Awareness Month in Delaware.

SYNOPSIS
