(29) "Movie theater" shall mean an indoor facility used to host showings of motion pictures and that has a capacity of at least 500 patrons for any single movie showing or for showing of multiple movies in separate theaters at the same time. In order for a facility to be licensed as a movie theater, the facility shall host a minimum of 250 movie showings in any calendar year and shall be open at least 5 days a week.

Section 2. Amend § 512, Title 4 of the Delaware Code by making deletions as shown by strike through and insertions as shown by underline as follows:

Section 3. Amend § 554, Title 4 of the Delaware Code by making deletions as shown by strike through and insertions as shown by underline as follows:

26 the objectives and provisions of this section as the Commissioner may deem necessary. No movie theater may apply for a
27 license to keep and sell alcoholic liquor until such rules and regulations are promulgated.

SYNOPSIS

This legislation would allow for the sale and consumption of beer, wine and liquor at movie theaters, including consumption within the theater during a movie showing, something that is allowed in at least 30 states including Maryland, New Jersey, New York and Virginia. The bill defines a movie theater as one with at least 500 seats in a single theater or combination of theaters, open at least 5 days a week with at least 250 movie showings in a year. It sets the biennial fee for a movie theater license at \$1,500, the same as the concert hall category created by the General Assembly in 2012, and requires movie theaters to contribute to a Division of Alcohol and Tobacco Enforcement investigation fund, the same as other venues. The Alcoholic Beverage and Control Commissioner is required to promulgate regulations to prevent the consumption of alcohol in theaters by those not of legal age, and no licenses can be applied for until such regulations are finalized.
