12 individual or otherwise to discriminate against any individual with respect to compensation, terms, conditions, or privileges  
13 of employment because of a reproductive health decision by the individual, the individual's spouse, or any dependent of the  
14 individual.

15 Section 3. This bill shall take effect 6 months after the date of its enactment.

SYNOPSIS

This bill prohibits discrimination in employment based upon an individual's reproductive health decisions. Delaware laws currently prohibit discrimination on the basis of sex or pregnancy; however, this legislation makes it clear that an employer is expressly prohibited from taking adverse employment action against an individual based on his or her reproductive health care decisions. This bill does not create any new obligations or change any existing obligations related to insurance coverage of reproductive health care. This bill seeks to ensure that all workers should be judged on their performance at work, as opposed to their personal reproductive health care decisions.
