All agencies receiving an Energy appropriation in Section 1 of this Act must work through Department of Natural Resources and Environmental Control and the Office of Management and Budget to attain any contract(s) dealing with the retail wheeling of natural gas or electricity. This includes agencies 01 through 95 with the exception of the University of Delaware.

During the current fiscal year, all energy use systems for new facilities and/or rental/leasing changes must be coordinated with the Division of Climate, Coastal, and Energy within the Department of Natural Resources and Environmental Control and with the Office of Management and Budget.

Any internal program unit/budget unit having energy funding (electricity, natural or propane gas and heating oils) for the purpose of reimbursing a host internal program unit/budget unit must release the remaining sums to the host internal program unit/budget unit in the event that the tenant internal program unit/budget unit vacates the premises. It is the responsibility of the host internal program unit/budget unit to initiate the transfer request. Those agencies which are budgeted energy as a result of occupying a portion of a host facility's property, and do not directly pay energy bills, may not transfer energy funds other than to the host agency.

Section 14. Notwithstanding any other provision of the Delaware Code or this Act to the contrary, the Office of Management and Budget, subject to the approval of the Controller General, is authorized to make technical adjustments to the personnel complement of any agency as appropriated in Section 1 of this Act in those situations where, due to the rounding of split-funded positions, such an adjustment is necessary so that an agency may establish its authorized complement.

1 Section 15. Notwithstanding Merit Rules 4.4.2 and 4.4.3, approval of a rate higher than 80 percent of the 2 midpoint which results in a need for leveling-up to address pay compression or pay equity, as defined by a criteria 3 established by the Secretary of the Department of Human Resources, shall only occur with the concurrence of the 4 Secretary of the Department of Human Resources, the Director of the Office of Management and Budget and the 5 Controller General, provided that sufficient funds exist within the agency's base budget to fund such actions. 6 Notwithstanding any provisions of this Act or the Delaware Code to the contrary, no provision of Chapter 4.0 of the 7 Merit Rules shall be considered compensation for the purposes of collective bargaining under 19 Del. C. § 1311A or 8 for Merit Employees organized under 19 Del. C. c. 16. The Secretary of the Department of Human Resources, the 9 Director of the Office of Management and Budget and the Controller General, with the concurrence of the Co-10 Chairs of the Joint Finance Committee, shall promulgate policies and procedures to implement this section. 11 Section 16. In an effort to reduce the financial impact of workers' compensation and property losses to the 12 State, agencies and school districts shall work with the Insurance Coverage Office to implement safety and return to 13 work policies. Any employee who has been on workers' compensation shall be a preferential hire for any position 14 for which the employee is qualified. In accordance with state law, the employee shall receive a salary supplement 15 based on that employee's prior earnings in the event the new salary is less than their current salary. 16 Section 17. In accordance with the provisions of 29 Del. C. § 5106, effective for all fiscal years 17 commencing after June 30, 2003, exceptions to the standard practice of paycheck deductions shall be made for 18 employees paying dues to the Delaware State Education Association (DSEA). All employees designating that DSEA 19 membership dues be deducted from their bi-weekly paycheck shall have those dues deducted from the 22 pay 20 periods occurring within the 10 month school year. This change will facilitate the maintenance of the state payroll 21 system, as well as establish a consistent process for managing the collection of dues from members of DSEA. 22 Section 18. Notwithstanding Chapter 10.0 and Chapter 19.0 of the Merit Rules, upon approval by the 23 Secretary of the Department of Human Resources, the Director of the Office of Management and Budget and the 24 Controller General, temporary appointees may be assigned to the same position as that already assigned to a 25 permanent employee.

Section 19. Employees of the State of Delaware who are enrolled in a health insurance benefit plan must actively participate in the open enrollment process each year by selecting a health plan or waiving coverage. Should such employee(s) neglect to enroll in a plan of their choice during the open enrollment period or waive coverage,

- (d) The provisions of 75 Del. Laws, c. 243, § 1(b) shall be construed to include electricity, gas and other sources of fuel and energy procured on both retail and wholesale energy markets.

1 Section 24. (a) For the purposes of meeting the public notice and advertising requirements of 29 Del. C. c. 2 69, the announcement of bid solicitations and associated notices for the required duration on 3 www.bids.delaware.gov a single site accessible to the public and administered by the Section shall satisfy the public 4 notice and advertisement requirements under this chapter. 5 (b) The Office of Management and Budget, Department of Education, local school districts and the Data 6 Service Center shall continue to meet, at least quarterly, to identify and implement purchasing opportunities that will 7 increase cost savings, improve efficiencies and maximize flexibility. Where two or more districts procure items 8 materials and services of similar nature, districts shall aggregate these purchasing efforts through the Office of 9 Management and Budget. 10 Section 25. Notwithstanding the provisions of the Administrative Procedures Act, 29 Del. C. c. 101 or any 11 other laws to the contrary, the State Employee Benefits Committee is authorized to amend the rules for Employees 12 Eligible to Participate in the State Group Health Insurance Program and the State Disability Insurance Program by 13 approving such amendments and causing the amendments to be published in the Register of Regulations with such 14 amendments to be effective as of the date of such publication unless otherwise specified by the State Employee Benefits Committee. 15 16 Section 26. Section 1 of this Act makes appropriations to the Department of Transportation, and the 20 Department of Natural Resources and Environmental Control, the Department of Health and Social Services, the 21 Department of State, and the Department of Human Resources. In an effort to best utilize resources available to the 22 State, including federal funding, to the State's benefit and, notwithstanding 29 Del. C. c. 69 or any other statutory 23 provision to the contrary, the General Assembly hereby permits the departments, within the limits of funding 24 provided to support research and education efforts, to enter into agreements directly with the University of 25 Delaware, Delaware State University and Delaware Technical Community College. This authorization is limited to 26 conducting basic or applied research; transferring knowledge regarding scientific and technological advancements; 27 providing practical training to the state and local governments in the application of science or technology; and 28 healthcare professionals education/training, and encourages these departments to consider these three institutions as

the resource of first resort in meeting any of their research and/or educational needs.

internal program unit on June 30 of the fiscal year in which the expense was incurred, will require the requesting agency or school district to reimburse the Prior Years' Obligations appropriation by the amount equal to the excess requested. An appropriation reversion sum does not negate the necessity of encumbering sufficient funds to cover known expenses; proof of circumstances beyond an agency's ability to encumber must be documented on the request for transfer to be excluded from the reimbursement clause. Except for Personnel Costs obligations, all requests for prior year funds to complete the payment of one-time items will require a reimbursement to the Prior Years'

 - (1) The per gallon price used to calculate the fuel allowance shall be based on the state contract bid price for fuel plus \$0.07 per gallon for districts and plus \$0.31 per gallon for contractors. For districts and contractors north of the Chesapeake and Delaware Canal, the per gallon price shall be based on delivery to a large-sized tank (5,000 or more gallons). In the case of contractors located south of the Chesapeake and Delaware Canal, the per gallon price shall be based on delivery to a small-sized tank (275 1,900 gallons). Upon determination by the Department of Education that a contractor located north of the Chesapeake and Delaware Canal and operating five or fewer buses does not have existing storage capacity in the large tank range, the per gallon price shall be based on the smaller tank size.

The initial fuel rates shall be based on the state contract bid price as of June 1 of the preceding fiscal year. Funding adjustment will be made when the annual average price increases or decreases by at least \$0.05 per gallon. The first review will be based on the annual averages through December 31 of each year and additional reviews will be conducted each month thereafter until April 30. Any bus produced on or after January 1, 2023 2024, must meet the current federal emissions requirements in order to receive a capital allowance. Any bus produced and placed in service after January 1, 2023 2024 shall be entitled to an allowance based on the 2023 2024 state bid price.

A used bus placed in service shall utilize the allowance schedule which would have been allowed had the bus been placed in service when new based on its production date. The bus shall receive the remaining years of capital allowance. The Department of Education shall continue to utilize the procedures developed in Fiscal Year 1989 for determining the allowable cost for any size bus that it did not bid in Fiscal Year 2023 2024. In addition to the procedure for establishing the allowable cost of a new bus specified above, the Department of Education is requested to structure its bids for buses in Fiscal Year 2024 2025 in such a manner that public school bus contractors will be permitted to purchase buses from the successful lower bidder at the same price as the State of Delaware. If a contractor elects to purchase a bus at the bid price, the lowest base bid of an awarded contract minus 2 percent for salvage value will be the allowable cost in subsequent reimbursements to the contractor;

(3) For the current fiscal year, the school bus contractor insurance allowance shall remain the same;
(4)(3) For the current fiscal year, the fixed cost allowance for district and contractor buses shall include funding for the provision of emergency communication devices.
